August 19, 2014

Dear Walled Lake Consolidated School District Board of Education
and Superintendent Gutman:

The Lakes Area Chamber of Commerce is in full support of the upcoming
Millage Renewal of 18 mill non-homestead and 3.9 mill hold harmless –
Both operating millage. We understand this millage is **not** an increase.

We fully support the 18 mill non-homestead millage that represents \$23
million and the 3.9 mill hold harmless renewal millage represents \$7
million of the district's budget. We realize this is \$30 million of the
district's \$154 million budget, or 20 percent of the district's total budget,
which makes this election critical.

We will communicate to our Chamber members the importance of this
election on Tuesday, November 4, 2014 in our newsletter and in a
member email.

All the best to you as you seek approval for this important funding for
Walled Lake Schools.

Sincerely,

Jo Alley
Executive Director
