

September 22, 2014

Dear Walled Lake Consolidated School District Board of Education and Superintendent Gutman:

*The West Bloomfield Chamber of Commerce supports the Walled Lake Consolidated School District Millage Renewal of 18 mill non-homestead and 3.9 mill hold harmless – Both operating millage. We understand this millage is **not** an increase.*

The West Bloomfield Chamber of Commerce discussed this at its Thursday, September 18, Board meeting, and we are in support of this important operating millage renewal for Walled Lake Schools.

We realize this is \$30 million of the Walled Lake Schools' \$154 million budget, or 20 percent of the district's total budget, which makes this election critical.

We encourage our businesses to vote in support of the Walled Lake Schools operating millage renewal on Tuesday, Nov. 4, 2014.

Sincerely,

Carla Schwartz

WB Chamber of Commerce President
