

Walled Lake Consolidated Schools

Commerce Elementary

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Perform kitchen equipment upgrades
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Dublin Elementary

2013 Bond Program – Proposed Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Replace temperature control and building automation system
- Perform kitchen equipment upgrades
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Glengary Elementary

2013 Bond Program – Proposed Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace fire alarm and public address systems
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Replace temperature control and building automation system
- Perform kitchen equipment upgrades
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Guest Elementary

2013 Bond Program – Proposed Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Replace temperature control and building automation system
- Perform kitchen equipment upgrades
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Hickory Woods Elementary

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace emergency backup generator
- Add emergency lighting
- Perform kitchen equipment upgrades
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Keith Elementary

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Loon Lake Elementary

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Perform kitchen equipment upgrades
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Meadowbrook Elementary

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Install keyless card access system on interior doors
- Replace fire alarm and public address systems
- Add emergency lighting
- Replace temperature control and building automation system
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Oakley Park Elementary

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Replace temperature control and building automation system
- Perform kitchen equipment upgrades
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Pleasant Lake Elementary

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace emergency backup generator
- Add emergency lighting
- Replace temperature control and building automation system
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Walled Lake Elementary

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Replace temperature control and building automation system
- Perform kitchen equipment upgrades
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Wixom Elementary

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Perform kitchen equipment upgrades
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Sarah Banks Middle School

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Install keyless card access system on interior doors
- Replace fire alarm and public address systems
- Add emergency lighting
- Replace temperature control and building automation system
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

James Geisler Middle School

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Install emergency backup generator
- Add emergency lighting
- Replace temperature control and building automation system
- Replace deteriorated roofs
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

C.H. Smart Middle School

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Replace temperature control and building automation system
- Remove dividing gym door and replace with curtain
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Walnut Creek Middle School

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Install keyless card access system on interior doors
- Replace fire alarm and public address systems
- Add emergency lighting
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Walled Lake Central High School

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace master clock system
- Add emergency lighting
- Replace temperature control and building automation system
- Perform Kitchen equipment upgrades
- Install automatic pool cover
- Replace stadium grandstands and press box
- Replace deteriorated roofs
- Replace deteriorated parking lots
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Walled Lake Northern High School

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access on interior doors
- Replace fire alarm and public address systems
- Replace master clock system
- Add emergency lighting
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Walled Lake Western High School

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Replace interior doors and equip with card access
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Replace temperature control and building automation system
- Replace deteriorated roofs
- Replace deteriorated parking lots
- Repurpose former auto shop into instructional space
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Community Education Center

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Replace temperature control and building automation system
- Perform kitchen equipment upgrades
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Educational Services Center

2013 Bond Program – Project List

- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Replace interior doors and equip with card access
- Replace emergency backup generator
- Add emergency lighting
- Replace deteriorated parking lots
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Operations Facility

2013 Bond Program – Project List

- Install video surveillance system inside and outside
- Install emergency responder signage
- Reconfigure main entrance for security purposes
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors and gates
- Install keyless card access system on interior doors
- Replace emergency backup generator
- Add emergency lighting
- Replace deteriorated parking lots
- Replace bus wash system
- Replace fuel dispensing and monitoring system
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Outdoor Education Center

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Install keyless card access system on interior doors
- Replace fire alarm and public address systems
- Install emergency backup generator
- Add emergency lighting
- Perform kitchen equipment upgrades
- Replace document imaging and copier devices
- Replace furnishings and equipment

Walled Lake Consolidated Schools

Twin Sun Facility

2013 Bond Program – Project List

- Install standardized instructional classroom technology
- Install video surveillance system inside and outside
- Reconfigure main entrance for security purposes
- Install emergency responder signage
- Upgrade fiber network infrastructure
- Install VOIP digital phone system
- Replace building security alarm system
- Install keyless card access system on exterior doors
- Replace interior doors and equip with card access
- Replace fire alarm and public address systems
- Replace master clock system
- Install emergency backup generator
- Add emergency lighting
- Replace temperature control and building automation system
- Replace document imaging and copier devices
- Replace furnishings and equipment
