

ARP-ESSER Application: Part 2 - ARP ActIntroduction/Instructions - Summary & Background

Summary & Background

GLEN COVE CITY SD

280100010000

SUMMARY & BACKGROUND

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#).

Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

ARP-ESSER Application – Part 1: The first step was for each LEA to submit signed assurances to NYSED by May 24, 2021. Upon receipt of signed LEA assurances, NYSED provided an email notice to the LEA of substantially approvable application status. Upon receipt of such notice, LEAs were able to begin obligating their allocation of 90% base ARP-ESSER funds.

ARP-ESSER Application – Part 2: The second step will be the submission of a full application and budget by the LEA. NYSED will issue a Grant Award Notice (GAN) to the LEA after the LEA's application is fully reviewed and approved by NYSED. Part 2 will address several of the plan-related assurances an LEA must provide in Part 1 of the application process.

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#).

Project Period

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024.

Project Number

The project number stem for the program is:

ESSER: 5880 - 21 - XXXX

This number should be used on the appropriate FS-10 budget form.

Submission Deadline

Completed applications are due by **August 31, 2021** (with extensions by request), and will be reviewed on a rolling basis.

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

ARP-ESSER Application: Part 2 - ARP Act

Introduction/Instructions - Summary & Background

APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS

The federal ARP statute requires SEAs to reserve:

not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the [SED Monitoring and Vendor Reporting System](#). This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

ARP-ESSER Application: Part 2 - ARP Act

Introduction/Instructions - Submission Instructions

Submission Instructions

GLEN COVE CITY SD

280100010000

Directions for Submitting the Application:

The online application may only be submitted/certified by the chief school officer of the applicant LEA. The designated superintendent (public school LEAs), and the chief executive officer, board of trustees president, or school employee designated by the board of trustees (charter school LEAs) are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.

LEAs ARE NOT REQUIRED to send hard copies of general application materials to the Department.

LEAs ARE REQUIRED to send signed originals and two hard copies of each FS-10 Budget Form to:

Office of ESSA-Funded Programs - Rm 320 EB

RE: ARP-ESSER Application – Part 2

New York State Education Department

89 Washington Avenue

Albany, NY 12234.

Deadline for Submitting the Applications:

The ARP-ESSER Application – Part 2 is due by August 31, 2021.

ARP-ESSER LEA Base 90% Allocation - Plan Development and Dissemination

GLEN COVE CITY SD

280100010000

Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below.

NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

- 1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.**

Our Superintendent of Schools convened meetings with students, families, school and district administrators (including special education administrators), teachers, principals, school leaders, school staff, and their unions to gather their feedback about district needs. BOE Workshop presentations open to the public were held on August 25 and on September 8 on the possible use of ARP funding to gather more feedback and exchange information. Additionally, a presentation about the ARP application was held as part of a BOE Public Meeting on September 22 to provide more information to the public, which once again included stakeholders such as students, parents, school and district administrators (including special education administrators), teachers, principals, school staff, community members and union representatives in attendance. The presentation which was also live streamed afforded the public an opportunity to review anticipated expenditures and projects that are slated for ARP funding. At the time of the presentation, community input and questions were addressed by the Superintendent and Assistant Superintendent for Business. The superintendent will continue to engage stakeholders in meaningful consultation and collaboration with all of the stakeholders listed above throughout the implementation of the plan.

- 2. In the space provided below, please provide the URL for the website(s) where the LEA ARP-ESSER Plan is/will be publicly posted. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

Website: https://glencoveschools.org/Assets/District_Documents/STIMULUS_MONIES_including_ARP_BOE_meeting_9_22_21.pdf?t=637679912129930000

This plan was also disseminated to the public through the Glen Cove School District APP.

Printed copies will be available upon request.

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

ARP-ESSER LEA Base 90% Allocation - Program Information

3. **In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.**

The Glen Cove City School District's mission rests on providing equitable opportunities and programs that support the learning, health and safety for all students and staff. The ARP funds will enable us to construct additional instructional space (four classrooms). This is important as it will enhance health and safety (prevention and mitigation strategies) by allowing for smaller class enrollment and more space providing greater physical distance in each room. The CDC guidelines along with the NYS guidelines have helped to steer decision making for our school community. The additional instructional space of the four classrooms will enhance the teaching and learning process for all of our students and allow us to expand services for ELL and special education students, including co-teaching and small group support.

- Creating more instructional space/ 4 classrooms of regulation size will be added
- Elevator for ADA compliance in a building that was built in 1932

4. **In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.**

The district has planned, developed and implemented a K-8 Summer Academic Program which is focused on providing additional support for our students at-risk, including, but not limited to our students living in poverty, English Language learners and special education students. The Glen Cove City School District utilizes STAR Renaissance, the Fountas and Pinnell Benchmark Assessments, local benchmarks, and local surveys to track the progression of our students. These diagnostic tests, along with NYS assessments are used by teachers and administrators to monitor student progress and redirect the teacher's focus to reinforce teaching and learning. It is also used to identify student needs and plan interventions/ supports.

This past summer we had an enrollment of 381 students, of those students 156 were ELL (42.26%), 156 were IEP students (28%) and 290 were low income (76%). In September, we reviewed the data to compare student growth between the students who participated in the summer academic program and those that did not. On the F & P the district growth average was .3679; students who did not attend the summer academy had an average growth rate of .3551, while students who attended the summer academy had an average growth rate of .4011. Similarly, on the Renaissance Star assessments, the district average was 581.44. Students who did not attend the summer academy had an average of 559.21 while students who did attend the summer academy had an average rate of 659.81. As evidenced by this data, our summer academic program has helped to begin to close the achievement gaps for our most vulnerable students. It is our belief that continued implementation of this program over the next two years will continue to close the gap.

5. **In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.**

The Glen Cove City School District is a diverse community in relation to demographics and socioeconomic status. Our mission rests on providing equitable opportunities and programs that support the learning for all of our students.

Summer Academic Program: The focus of this program will be to provide support for our K-8 students in English Language Arts and Mathematics, as a result of academic regression exacerbated by the pandemic. The program ran this summer and will continue to run for the next two summers. The targeted population will be students who are performing one year or more below grade level in ELA and/or Mathematics. All students (ELL, classified and AIS who demonstrate weaknesses in these areas will be included in the program. The program will run for 5 weeks each summer and operate 4 (four) days per week.

The program will include, teachers, teaching assistants, nurse, security and a clerical. All of these positions are vital to the success of the program. Our district coordinators in collaboration with the Assistant Superintendent for Curriculum and Instruction have worked on a program that will not only address the weaknesses but will also focus on bringing students up to speed for the reopening of the school year. The program highlights our ongoing school year efforts to support our struggling readers, writers through the use of Columbia Teachers College Reading Writing Program. The mathematics program will use Tang Math which gives our students a virtual and visual math program that reflects generalized concepts, manipulatives and strategies.

The district will also focus on the mental health and well being of our students. During the past year so many have been impacted by the pandemic. The district has hired two (2) new social workers at the elementary level to provide social emotional support. This initiative will provide a dedicated social worker in each of our elementary buildings.

ARP-ESSER Application: Part 2 - ARP ActLEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

- 6. In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.**

An elevator will be installed in the building, built in 1932, to make the school ADA compliant/handicapped accessible for disabled students, faculty/staff and parents. Additionally, we will use the ARP funding to hire additional social workers for the district to address mental health issues and support our students, including, but not limited to those living in poverty, English Language learners and special education students.

- 7. In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.**

The K-8 Summer Academic Program will provide ongoing support for our students, including, but not limited to those living in poverty, English Language learners and special education students. This past summer we had an enrollment of 381 students, of those students 156 were ELL (42.26%), 156 were IEP students (28%) and 290 were low income (76%). This summer program will help close the achievement gaps for our students. In September, the Glen Cove City School District will continue to utilize STAR Renaissance, the Fountas and Pinnell Benchmark Assessment System, local benchmarks, and local surveys to track the progression of our striving readers, writers and mathematicians. Classroom teachers and Tier 3 service providers run progress monitoring assessments at least every six weeks to analyze the growth of our students. Teachers also use the reports to redirect the focus and skills they are using to guide conferences, reading lessons, and the reteaching of particular literacy-based and or mathematical skills.

In September, the district will have onboard two (2) new social workers. Their focus will be to help students, including, but not limited to those living in poverty, English Language learners and special education students and their families to help offset the social emotional problems facing them. Social Workers are vital in the school setting to support students/families that are faced with many issues including food insecurity, homelessness, social withdrawal, behavioral issues as a result of emotional or economic problems.

ARP-ESSER Application: Part 2 - ARP ActLEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

ARP-ESSER Return to In-Person Instruction

GLEN COVE CITY SD

280100010000

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment).

The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services.

LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).

- 1. In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

Website: https://glencoveschools.org/Assets/District_Documents/REOPENING_PLAN_2021.pdf?t=637679245933770000

The Glen Cove School District Reopening Plan was also disseminated to the public through the Glen Cove School District APP.

Printed copies will be available upon request.

ARP-ESSER Application: Part 2 - ARP ActLEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

2. An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.

In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) it's plan for in-person instruction, including a description of how public comment will be collected.

Our Glen Cove School District Reopening Plan is posted on our school district website and has been disseminated through our Glen Cove School District APP. COVID updates and protocols have been provided periodically to the public at our monthly school district Board of Education meetings and at the school level by building principals. Revisions to the Reopening Plan have been made based upon guidelines from the Centers for Disease Control (CDC), New York State Department of Health as well as our local Nassau County Department of Health to address each of the aspects of safety currently recommended. Input and feedback from the public is taken into account through public comment at BOE meetings and through discussions with school faculty, staff and administration. Our district will continue to review and update our Reopening Plan for in person instruction, as needed (at least every six months though September 30, 2023) and elicit public comment at school BOE meetings.

PLEASE NOTE:

The Office of Facilities Planning, in collaboration with NYSED’s Chief Financial Officer and the Office of ESSA-Funded Programs, is developing guidance regarding capital construction projects based on the United States Department of Education (USDE) recently issued FAQs for this federal program. The Use of Funds FAQ (released May 26, 2021) may be of particular interest, since it discusses construction and combination of funds. Links to the federal program website are below:

https://oese.ed.gov/offices/american-rescue-plan/american-rescue-plan-elementary-and-secondary-school-emergency-relief/ESSER.GEER_FAQs_5.26.21_745AM_FINALb0cd6833f6f46e03ba2d97d30aff953260028045f9ef3b18ea602db4b32b1d99

Local Educational Agencies (LEAs) which intend to do federally funded work using ARP-ESSER funds must first file FS-10s and other documents as required by the Office of ESSA-Funded Programs. If a project would normally require a building permit if supported by state/local funds, it must also have a building permit if supported by federal funds (or a combination of funding streams). Facilities Planning forms are under development at this time.

1. What is the amount of funds that the LEA plans to use for construction related projects?

4,078,228

2. In the space provided below, please described the planned construction activities and costs.

• Landing Elementary School built in 1932. This building has had little to no improvements. While many districts over the past 10 years have had decreased enrollment, Glen Cove has increased enrollment. The building is not ADA compliant and the classroom square footage is much smaller than the regulation of 770 square feet. This year has been a difficult year for all and has made the district realize that this grant will help to fund capital projects that will benefit students for years to come. The additional instructional space will allow the district to ensure that students are social distanced in the event that another COVID-19 closure or pandemic should require social distancing. The target for these funds will provide for four (4) additional instructional spaces and to install an elevator to ensure ADA compliance. The proposed funding for this project will be approximately \$4,349,255 and the district will use ARP funding in the amount of \$4,078,228. The remainder of the project will be funded by the increased Foundation aide, General Fund balance and Capital reserve Funds to create a healthy and safe environment for students and staff.

3. Will the planned construction impact and/or effect any district, site, building, structure, or object that is: Included in the National Register of Historic Places; or Eligible under criteria established by the Secretary of Interior for inclusion in the National Register of Historic Places?

No, the planned construction will not impact and/or effect any district, site, building, structure, or object that is: Included in the National Register of Historic Places; or Eligible under criteria established by the Secretary of Interior for inclusion in the National Register of Historic Places.

ARP-ESSER - Construction-Related ASSURANCES

4. The LEA assures it will have or obtain a full title or other interest in the site, including right of access, that is sufficient to insure the grantee's undisturbed use and possession of the facilities for 50 years or the useful life of the facilities, whichever is longer. § 75.603 (Authority: 20 U.S.C. 1221e-3 and 3474)

YES, the LEA provides the above assurance.

5. The LEA assures it will ensure that sufficient funds are available to meet any non-Federal share of the cost of constructing the facility. § 75.604

YES, the LEA provides the above assurance.

6. The LEA assures work will begin on construction within a reasonable time after the grant for the construction is made. § 75.605 (Authority: 20 U.S.C. 1221e-3 and 3474)

YES, the LEA provides the above assurance.

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Construction-Related Costs

7. **The LEA assures the construction will be completed within a reasonable time and the LEA shall complete the construction in accordance with the application and approved drawings and specifications. § 75.606**
 YES, the LEA provides the above assurance.
8. **The LEA assures that the construction is functional; economical; and not elaborate in design or extravagant in the use of materials, compared with facilities of a similar type constructed in the State or other applicable geographic area. § 75.607. Further, the LEA assures that it shall, in developing plans for the facilities, consider excellence of architecture and design and inclusion of works of art. The grantee may not spend more than one percent of the cost of the project on inclusion of works of art. § 75.607 Authority: 20 U.S.C. 1221e-3 and 3474)**
 YES, the LEA provides the above assurance.
9. **In planning for and designing facilities, the LEA assures it shall observe the standards under the Occupational Safety and Health Act of 1970 (Pub. L. 91-576) (See 36 CFR part 1910); and State and local codes, to the extent that they are more stringent. § 75.609 Further, the LEA assures it will submit an application for a Building Permit to NYSED Office of Facilities Planning for review and approval prior to construction.**
 YES, the LEA provides the above assurance.
10. **The LEA assures that it shall comply with the Federal regulations on access by the handicapped that apply to construction and alteration of facilities. These regulations are:**
• **For residential facilities - 24 CFR part 40; and**
• **For non-residential facilities - 41 CFR subpart 101-19.6. § 75.610**
 YES, the LEA provides the above assurance.
11. **The LEA assures that, in planning the construction, the LEA shall, in accordance with the provisions of Executive Order 11988 of February 10, 1978 (43 FR 6030) and rules and regulations that may be issued by the Secretary to carry out those provisions: Evaluate flood hazards in connection with the construction; and as far as practicable, avoid uneconomic, hazardous, or unnecessary use of flood plains in connection with the construction. § 75.611**
 YES, the LEA provides the above assurance.
12. **The LEA assures that it shall maintain competent architectural engineering supervision and inspection at the construction site to insure that the work conforms to the approved drawings and specifications. § 75.612**
 YES, the LEA provides the above assurance.
13. **The LEA assures that it will comply with the regulations on relocation assistance and real property acquisition in 34 CFR part 15. § 75.613**
 YES, the LEA provides the above assurance.
14. **The LEA assures that, when construction is completed, sufficient funds will be available for effective operation and maintenance of the facilities. § 75.614**
 YES, the LEA provides the above assurance.
15. **The LEA assures that it shall operate and maintain the facilities in accordance with applicable Federal, State, and local requirements. § 75.615**
 YES, the LEA provides the above assurance.

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Construction-Related Costs

16. The LEA assures that, to the extent feasible, it shall design and construct facilities to maximize the efficient use of energy. § 75.616 Further, the LEA shall comply with ASHRAE standards in designing and constructing facilities built with project funds. § 75.616 The following standards of the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE) are incorporated by reference in this section:

- ASHRAE-90 A-1980 (Sections 1-9).
- ASHRAE-90 B-1975 (Sections 10-11).
- ASHRAE-90 C-1977 (Section 12)

Incorporation by reference of these provisions has been approved by the Director of the Office of the Federal Register pursuant to the Director's authority under 5 U.S.C. 552 (a) and 1 CFR part 51. The incorporated document is on file at the Department of Education, Grants and Contracts Service, rm. 3636 ROB-3, 400 Maryland Avenue, SW., Washington, DC 20202-4700 or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to:

http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html. These standards may be obtained from the publication sales department at the American Society of Heating, Refrigerating, and Air Conditioning Engineers, Inc., 1791 Tullie Circle, NE., Atlanta, Georgia 30329. § 75.616

YES, the LEA provides the above assurance.

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Allocation - Budget

ARP-ESSER LEA Base 90% Allocation - Budget

PLEASE NOTE - the FS-10 and Budget Narrative are used to provide NYSED with a specific itemization of proposed project expenditures and to provide NYSED and the Office of the State Comptroller with the necessary documentation upon which payments can be based. FS-10s with missing quantities or unit costs, or with terms such "*TBD*" or "*Varies*" cannot be accepted on the FS-10 or Budget Narrative forms.

Please note: LEAs that have been allocated funds from the mandated SEA-Level Reserves in the 2021-22 enacted state budget will apply for those funds via a separate application process. NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the SED Monitoring and Vendor Reporting System. The sections below are only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

- 1. Please upload a completed and signed copy of the FS-10 Budget for the ARP-ESSER LEA Base 90% Funds.**

FS 10 ARP Revised 122021.pdf

- 2. Please upload a completed copy of the Budget Narrative for the ARP-ESSER LEA Base 90% Funds.**

Budget Narrative ARP ESSER REVISED 122021.pdf

- 3. Please complete the following table by providing total proposed expenditures by budget code for funding in relation to the ARP-ESSER Application – Part 2. This information should match the Budget Summary page of the FS-10 budget form.**

	Total Funds (\$)
15 - Professional Salaries	938,880
16 - Support Staff Salaries	88,622
40 - Purchased Services	4,318,228
45 - Supplies and Materials	24,598
46 - Travel Expenses	0
80 - Employee Benefits	0
90 - Indirect Cost	0
49 - BOCES Services	0
30 - Minor Remodeling	0
20 - Equipment	0
Totals:	5,370,328
