**SUBJECT:** Fiscal Year 2021/22, 2nd Interim Report

## **INTRODUCTION**

School Districts are required to file two reports during the fiscal year (interim reports) on the status of the District's financial health. The 2nd interim report is due on March 15th for the period ending January 31st within the fiscal year.

This report takes into account updated revenue and expenditure assumptions inclusive of updates to: Average Daily Attendance and Enrollment, the Local Control Funding Formula, Salaries and Benefits, Revenues and Expenditures, Cash Balances, and District Reserves.

A Summary of Bellevue Union School District's updated budgetary assumptions at 2nd Interim are as follows:

## **ENROLLMENT & ATTENDANCE PROJECTIONS**

At this time, although the District continues to project a moderate decline in enrollment (CY = 1508 vs. CY+1 = 1473) based on an analysis of students' grade level progression at our Schools, the District is noting that month to month enrollment trends are increasing which leads us to believe that families may be re-enrolling their children back into the District as COVID case numbers continue to decrease. That being said, the local control funding formula (LCFF) which makes up the majority of the District's funding is in turn greatly influenced by the District's student attendance numbers (ADA), and is in turn funded by the higher of

the current and the prior academic year. For 2nd Interim reporting, the District has presented two ADA projections. The first projection assumes the expiration of the State’s “hold harmless” provision which drops funded ADA down from 1535 to 1431, reflecting the actual drop in enrollment and corresponding ADA numbers of the prior years. The second projection takes into account the Governor’s Budget Proposal which extends and expands the “hold harmless” provision allowing Districts to utilize the average of the prior three years of ADA; this paradigm would shelter the District’s funded ADA at 1500 for the next fiscal year. These two projection scenarios have been subsequently carried forward throughout this 2nd Interim report for the Board’s consideration.

### **COST OF LIVING ADJUSTMENTS AND NEGOTIATED INCREASES TO COMPENSATION**

As of 2nd Interim reporting, the District has integrated into its projections (via the Base Grant Formula in the LCFF) a 5.07% cost of living (COLA) increase in the current fiscal year, and the Governor’s *proposed* 5.33% COLA in the following fiscal year (FY 2022/23). Since Interim Reports project out two fiscal years following the current year, FY 2023/24 LCFF revenue assumptions have also been budgeted with a 3.61% COLA as projected by School Service’s of California’s Financial Projection Dartboard. The final COLA for FY 2022/23 will be determined following the Governor’s May Revise to the State Budget in the coming months.

The District’s budgeted salary and benefits expenditures have also been updated for the current and subsequent two fiscal years, taking into consideration step and column progressions on salary schedules, a 4% increase to salaries and \$233 / month increase in health benefits contributions in the current year, followed by a projected 5.33% increase to salaries in FY 2022/23 (per the District’s agreement with the Bellevue Education Association).

### **REVENUE PROJECTIONS**

The Local Control Funding Formula was prepared using the most recent calculator (v.22.2b) and takes into account the aforementioned updated enrollment and attendance projections, updated cost of living adjustments, and updated property tax revenue projections to determine LCFF revenue projections for the 2021/22 and subsequent two Fiscal Years.

---

---

The most substantive updates to the District's Budgeted Revenue following the District's budget for adoption (presented with the 1st Interim Report in December) included: (1) \$670,275 in additional and ongoing Concentration Grant Funding into the LCFF; (2) \$1,606,931 in additional and ongoing Expanded Learning Opportunity Program Funding to Restricted State Revenue; and (3) various one time Special Education and personnel grants totalling \$311,127. These additional appropriations join the \$2,358,417 in additional one time State and Federal funding (i.e. ELO, ESSER, GEER) that was integrated into the District's budget for adoption.

At 2nd Interim, the District has further adjusted its revenue assumptions to include \$144,857 in Universal Pre-K grant funding, and an increase to the Expanded Learning Opportunities Program Funding in the following two fiscal years from the aforementioned \$1.6 Million to \$3.2 Million each year. The programmatic implications of these funding increases will be discussed in future presentations by the District's educational leadership team.

In total, taking into account adjustments to Local (property tax) Revenue, overall budgeted Revenue in FY 2021/22 has been increased from \$25,087,748 as of the District's Budget for Adoption to \$28,330,554 as of 2nd Interim projections.

Since the largest component of the District's revenue is based on LCFF (and by association, ADA), the District is providing two Revenue projections for the following two fiscal years. The first future revenue model – without the hold harmless provision – projects a minor total increase in revenue from \$28,330,554 to \$28,479,604 in FY 2022/23, followed by a subsequent increase in total revenue to \$30,831,552 in FY 2023/24. The second future revenue model - including the hold harmless provision – projects a larger total increase in revenues from \$28,330,554 to \$29,364,240 in FY 2022/23, followed by a larger subsequent increase in total revenue to \$32,146,832 in FY 2023/24.

It is important to note that much of the funding associated with the aforementioned revenue increases are programmatically restricted, and that much of the additional revenue budgeted as of 2nd Interim – over that budgeted for during the District's Budget for Adoption – is offset by projected spending into the District's educational programs. In other words, the increases in the District's budgeted revenue are offset by corresponding increases the District's operating budgets.

## **EXPENDITURE PROJECTIONS**

---

---

Expenditure projections in the FY 2021/22 Budget and following two fiscal years have been adjusted for movement on the salary schedules for each employee (Step and Column), negotiated salary and benefits increases, projected increases to statutory and employee health benefits, and inclusion of new positions outlined in the District's Local Control and Accountability Plan (LCAP). These projected expenditures have been further adjusted as of 2nd Interim to reflect actual expenditures as of February 2022 and updated encumbrances for the remainder of the fiscal year.

Overall Salary and Benefits expenses for the District is budgeted at \$16,651,171, accounting for a 4% increase to salaries in FY 2021/22, increase to the District's contribution to employee health benefits, and hiring of additional student support positions (i.e. Counselors and Literacy Paraprofessionals) as outlined in the District's LCAP for the current fiscal year. Salary and Benefits make up around 60% of the District's overall budget (\$27,775,423).

Salary and Benefits expenditures are subsequently budgeted to increase in the following two Fiscal Years, accounting for continued movement up Step and Column in addition to the projected 5.33% COLA adjustment noted in the prior section of this report. Supplies, Services and Operating expenditures continue to be budgeted in alignment with the District's Local Control and Accountability Plan (LCAP), are correspondingly adjusted based on the base, supplemental, and one time funding availability projected for each fiscal year, and take into account inflationary factors as outlined in the Multi Year Projection (MYP) summary included in this report.

As was noted in the Revenue section above, it is equally important to note that the increase in expenditures budgeted for in the current and subsequent two fiscal years are associated with and offset by the aforementioned revenue increases that are restricted and/or one time in nature.

### **MULTI-YEAR PROJECTIONS & RESERVES**

In summary, taking into account the current revenue and expenditure assumptions outlined in the prior sections of this report, the District is currently projecting at 2nd Interim an operating surplus of \$555,131 in FY 2021/22 with a projected year end unrestricted reserve of 15.8%. The funding scenario where the hold harmless provision expires would result in an operating deficit of \$1,265,326 in FY 2022/23 leading to a decline in the District's unrestricted reserve to 13.5%. The operating deficit would continue in this model into FY 2023/24 with an operating deficit of \$1,289,768 in FY 2023/24 leading to a further decline in the

---

---

District's unrestricted reserve to 10.9%. Alternatively, the funding scenario where the hold harmless provision is approved as part of the State's Budget may result in a smaller operating deficit of \$380,690 in FY 2022/23, followed by a minor operating surplus of \$25,512 in FY 2023/24. In this more favorable model, corresponding unrestricted reserves would increase as a proportion of operating budgets to 16.5% in FY 2022/23 and further increase to 17.8% in FY 2023/24.

### **CASH PROJECTIONS**

In FY 2020/21, the State of California deferred cash apportionments to School Districts to offset projected (at that time) deficits in the State's budget. Although the State's projected deficit due to COVID operations never materialized and in lieu flipped into a \$75 billion surplus, cash apportionments to School Districts continued as planned. For the Bellevue Union School District, total cash apportionments in FY 2020/21 were estimated at \$2,374,764 and scheduled to be returned to the District in the 2021/22 Fiscal Year. At this point in time, all cash deferrals have been returned to the District – and in conjunction to the various one time grants and learning loss mitigation funding received in the current fiscal year – the District projects a healthy cash balance of \$6,796,840 as of February 2022 with a projected ending cash balance of \$5,482,583 by June 30, 2022.

### **CHILD DEVELOPMENT PROGRAM**

Fund 12 accounts for the State of California Preschool Grant that the District utilizes to reimburse the North Bay Children's Center to provide preschool programs within the District. At this time, there have been no substantive changes to the District's contractual agreement with the State of California in the amount of \$1,317,978. Based on prior year(s) actual activity, the District continues to anticipate that there will be several contractual amendments throughout the fiscal year, increasing the Pre-School Grant, especially in light of the additional funding being allocated to early childhood education efforts at the State and Federal levels. The entirety of the Pre-School grant with the exception of an Indirect Cost Recovery rate will be "passed-through" to the North Bay Children's Center.

### **CHILD NUTRITION PROGRAM**

Fund 13 accounts for the activities involved in running the Child Nutrition program at the District. The accounts have been reviewed and the budgets have been adjusted for FY 2021-22 to account for the District's Provision 2 program and Seamless

---

---

Summer program which allows the District to establish claiming percentages and to serve all meals at no charge to our students for a 4 year period. That said, in FY 2020/21, under the provisions of Executive Order N-26-20 (Governor Gavin Newsom), the District provided free school meals for all children younger than 18 years of age, regardless of enrollment in the District, during the entire 2020-2021 school year through June 20, 2021. Additionally, employees of the District being charged off to the Child Nutrition program remained on District payroll, without the offsetting reimbursement of costs that normally accompanied the program in normal operating years. The fiscal impact of this scenario is that the District's general fund contributed \$250,000 in funding to the Child Nutrition program in FY 2020/21 to close the books with a positive cash balance. The full accounting on this inter-fund transfer was outlined in the District's FY 2020/21 Unaudited Actuals report. As of 2nd Interim reporting, the District currently projects a balanced budget reflecting a net ending fund balance of just under \$250,000 (corresponding with the cash transfer completed in FY 2020/21).

### **GENERAL OBLIGATION BONDS**

Fund 21 is used to account for the District's Bond Fund Balances. An election was held on March 3, 2020, for the purpose of submitting Measure C to the qualified electors of the District, authorizing the issuance of general obligation bonds in the aggregate principal amount of \$28,000,000. The requisite fifty-five percent of the votes cast were in favor of the issuance of the Bonds and Resolution 16 was subsequently passed by the BUSD Board of Trustees on April 21, 2020, which authorized the issuance of \$9 million (\$8,855,000 after service fees) of the Bond to accomplish Measure C projects. The bonds were subsequently underwritten in full by the investment banking firm of Raymond James and were transferred into Fund 21 in May 2020.

Following the District's Budget for Adoption, on November 18, 2021, the District pursued and closed on an additional \$8,330,000 (after services fees) in Series B funding associated with the aforementioned Measure C General Obligation Bond in anticipation of additional costs associated with the Kawana Springs Elementary School modernization project.

As of 2nd Interim, the District has budgeted for \$4,645,000 in current year expenditures with a projected ending fund balance of \$13,288,118. That being said, as additional building projects are encumbered against this fund, budgeted expenditures will likewise be adjusted which will in turn influence the District's projected ending fund balance. These changes and future adjustments will be made in alignment with the next Facilities and Bond Projects presentation by the District's Director of Maintenance and Operations and Project Management Firm (RGMK and Associates).

---

---

## **DEVELOPER FEES**

Fund 25, the Capital Facilities Fund, accounts for the residential and commercial developer fee revenue that the District receives from Housing Development activity within its geographic service area. Over the past several years, the District has benefited from substantially increased housing development leading to a subsequent increase in developer fee revenue received. Specifically, developer fee revenue has increased from \$433,957 received in FY 2018/19 up to a projected \$1,010,000 in the current fiscal year (as of 2nd Interim). These increases have occurred in conjunction with the District's successful General Obligation Bond campaigns which in turn has resulted in a stepped increase in the Fund Balance due to under-utilization. Although it remains to be seen as to whether the building trend will continue into subsequent years, the District remains hopeful that the additional residential square footage in its service area will result in "downstream" increases to student enrollment into the future.

## **CONCLUSION**

In summary, it is apparent that the District's financial position has been strengthened between its Budget for Adoption and 2nd Interim projections due to continued monetary investment into public education by both the State and Federal Governments. It should be again noted however that much of the funding that has been and will be received by the District are either one time or restricted in nature, meaning that the District must carefully consider future inflationary, statutory, and negotiated cost increases with an eye towards sustainability. At this time, the most sizable impact to the District's financial projections will be whether the State of California passes the Governor's Budget proposal inclusive of the hold harmless provision.

## Criteria and Standards

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).

Deviations from the standards must be explained and may affect the interim certification.

## CRITERIA AND STANDARDS

### 1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since first interim projections.

District's ADA Standard Percentage Range: **-2.0% to +2.0%**

#### 1A. Calculating the District's ADA Variances

DATA ENTRY: First Interim data that exist will be extracted into the first column, otherwise, enter data for all fiscal years. Second Interim Projected Year Totals data that exist for the current year will be extracted; otherwise, enter data for all fiscal years. Enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for all fiscal years.

### S3. Temporary Interfund Borrowings

- 1a. Does your district have projected temporary borrowings between funds?  
(Refer to Education Code Section 42603)

No

- 1b. If Yes, identify the interfund borrowings:

## S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

### S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

- Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

No

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

- If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

## SSC School District and Charter School Financial Projection Dartboard 2022-23 Governor's Budget

This version of School Services of California Inc.'s (SSC) Financial Projection Dartboard is based on the 2022-23 Governor's Budget proposal. We have updated the cost-of-living adjustment (COLA), Consumer Price Index (CPI), and ten-year T-bill planning factors per the latest economic forecasts. We have also updated the Local Control Funding Formula (LCFF) factors. We rely on various state agencies and outside sources in developing these factors, but we assume responsibility for them with the understanding that they are general guidelines.
