SUBJECT:

Fiscal Year 2020-21 1st Interim Report

Introduction

School Districts are required to file two reports during a fiscal year (interim reports) on the status of the District's financial health. The first interim report is due on December 15th for the period ending October 31st within the fiscal year.

This report takes into account updated revenue and expenditure assumptions inclusive of updates to: Average Daily Attendance and Enrollment, the Local Control Funding Formula, Salaries and Benefits, Revenues and Expenditures, Facilities Maintenance, Deficit Spending, Fund and Cash Balances, and District Reserves.

A Summary of Bellevue Union School District's updated budgetary assumptions at 1st Interim are as follows:

Enrollment and Attendance Projections

The September Budget Revision projected total enrollment in FY 2020/21 of 1530 by Census Day, which is 69 less students than were enrolled in the prior academic year. Based on an evaluation of grade level cohorts across sites, the District projected a continued decline of 40 students down to 1490 in FY 2021/22, and a subsequent decline of 32 students down to 1458 in FY 2022/23.

Actual Enrollment on Census Day exceeded projections at 1539 (+9) Students. Furthermore, a review of enrollment data on a month to month basis indicates a gradual recovery with total enrollment in December 2020 of 1545 students. That said, the Second Principal Apportionment of Funding (P-2), is based on the second period data that LEAs report to CDE in April and May. P-2 supersedes the P-1 Apportionment calculations and is the final state aid payment for the fiscal year ending in June.

Based on a historical trend of declining enrollment between P-1 and P-2 in any given year, the District will continue Budgeting for enrollment based on 1530 students, with an adjustment to current and future projected enrollment to be made following April 15, 2020.

Revenue Projections

The September Budget Revision projected total Revenue in FY 2020/21 of \$24,451,802, which includes one time Revenue from the Learning Loss Mitigation Fund (LLMF). Key Adjustments to General Fund Revenue projections at 1st Interim includes the one time transfer of unrestricted funds from the dissolved charter (Stony Point Academy), and an adjustment to projected property tax revenue based on P-1 as advised by the Sonoma County Office of Education on November 16, 2020. Total adjustments to Budgeted Revenue between the September Revision and 1st Interim thereby projects a current year increase to Revenue of 2% or \$395,663.

Of the Total \$24,847,465 in Revenue budgeted at 1st Interim, \$2,552,607 is via the Learning Loss Mitigation Fund (LLMF) which is one time nature. These funds are allocated through the CARES Act (Coronavirus Relief Fund), the Elementary and Secondary School Emergency Relief Act, the Governor's Emergency Education Relief Act, and one time funding through the State General Fund.

Of these aforementioned 4 sources of one time funding associated with the LLMF, \$1,881,957 has been encumbered and expensed as of the date of this report. These funds have been utilized to provide additional academic services for pupils, additional instructional material, devices and connectivity for the provision of in-classroom and distance learning, and personal protective equipment for our school sites. The remaining \$670,650 in LLMF funding may be utilized to continue the above supports, in addition to

providing additional academic services to pupils or by taking any other action that increases the amount of instructional time or services provided to pupils based on their learning needs.

Looking forward, total projected Revenue in FY 2021/22 drops by 8% to \$22,374,308 due to the removal of the aforementioned one-time LLMF funding. Revenue from the Local Control Funding Formula (LCFF) continues to stay relatively stable, despite the decrease in student enrollment due to the protections against enrollment declines afforded by the State's "Hold Harmless" provision during COVID operations.

Total projected in FY 2022/23 continues to be of concern with a projected decline in LCFF revenue of 5% down to \$21,206,047 over the prior fiscal year. This \$1.16 Million drop in projected LCFF revenue is due on one hand to the forecasted removal of the aforementioned "Hold Harmless" provision amidst continued declines in student enrollment. In addition to this decline in revenue, the State of California has budgeted a 0% Cost of Living Adjustment (COLA) over the current and subsequent two fiscal years. As will be articulated in the following sections, this lack of COLA further stresses the District's operations as an increasing cost of statutory benefits, step and column (salary increases), and inflationary factors continue unmitigated (Reference Appendix 1).

Expenditure Projections

The September Budget Revision projected total budgeted expenditures for FY 2020/21 at \$25,436,406, which considered a negotiated cumulative 8% increase to Employee Salaries, scheduled increases to Salary Step and Column, increased District contribution to Health and Wellness Benefits, and increases to statutory benefits. At 1st Interim, the expenditure budget has been increased by \$253,343 to \$25,689,750 to account for additional one time spending funded by the Learning Loss Mitigation Fund. The majority of these cost increases over the Budget for Adoption include the funding of 8 additional cool school classrooms and additional wifi hotspots to support distance learning.

Deficit Spending

When combined, budgeted expenditures continue to exceed budgeted revenue at 1st Interim by \$842,285.

This planned deficit spending continues into the next fiscal year (FY 2021/22) due to continued statutory increases in employee salaries and benefits. Even while holding the cost of books, supplies, and services static (minus the removal of one-time expenditures associated with the LLMF), and adjusting funded positions (elaborated in the following section) in response to declining student enrollment, the District continues to project an operating deficit of \$1.18 Million in FY 2021/22.

The margin between Revenue and Expenses continues to widen in FY 2022/23 due to a \$2.07 million drop in projected LCFF Revenue over the prior year. This precipitous drop in LCFF Revenue is due to the forecasted removal of the aforementioned "Hold Harmless" provision amidst continued declines in student enrollment as outlined in the enrollment section above. Adding further stress to the District's budget is the continued absence of a Cost of Living Adjustment (COLA) by the State of California while the District continues to realize salary increase (Step and Column), and increases to statutory benefits.

Staffing Reductions

The September Budget Revision included in the multi-year projection — correlating to the projected decline in student enrollment — a planned reduction of \$220,000 in positions in FY 2021/22 followed by an additional \$460,000 reduction in positions in FY 2022/23. The District's multi year projection continues to necessitate this reduction in staffing over the following two fiscal years in response to a projected decline of 141 students between the end of FY 2019/20 and the beginning of FY 2022/23.

Reserves

At 1st Interim the District projects a total <u>BUDGETED</u> ending unrestricted reserve in FY 2020/21 of \$3,408,250. This equates to a total unrestricted reserve percentage as proportion to operating expenditures of 13.2%. This is down from the 19.2% reserve the District started the fiscal year with.

Based on a projected continued deficit spending, the District's unrestricted reserves are projected to further decline to \$2,457,828 (10.6%) in FY 2021/22, and down further to \$777,824 (3.4%) in FY 2022/23.

The District continues to be required by law to keep a minimum of 3% of its Unrestricted Funds set aside as a percentage of total operating expenditures.

Cash Deferrals and Cash Flow Projections

The September Budget Revision noted that cash apportionment deferrals from the State of California would begin in February 2021 and expend through the remainder of the fiscal year. At 1st Interim, the District continues to estimate a \$2.93 Million deferral of cash in the current fiscal year, composed of a 53% deferral of apportionment funding in February, 82% deferral in March, 82% in April, 82% in May, and a 100% deferral of funds in June (Reference Appendix 2). This means that the District is responsible for ensuring that there is enough cash in the County Treasury in order to meet its payroll and vendor payment obligations.

At this time, the District expects to utilize all but \$248,000 of its cash reserves by June 30, 2020. In the event that the District cannot meet its financial obligations using its general fund cash reserves, the District is authorized to borrow 85% of Developer Fee Funds (Fund 25), which at this point in time is estimated to be around \$481,000. If the District must borrow additional funds to meet its financial obligations, the District would need to file for a Tax Revenue Anticipation Note (TRANS), which is a short-term financing tool allowing the District to borrow against future property tax revenues.

CHILD DEVELOPMENT (FUND 12)

Fund 12 accounts for the State of California's Preschool Grant that the District utilizes to reimburse North Bay Children's Center to provide preschool programs within the District. The current Memorandum of Understanding with the North Bay Children's Center covers the period between July 1, 2020 through June 30, 2021 and is set to renew on an annual basis. The rate of reimbursement for the current fiscal year is \$50.60 per child per day. The minimum amount of child days of enrollment required to earn the grant is 26,047, with a minimum of 245 operating days. That said, the total contract amount for FY 2020/21 at 1st Interim is \$1,317,978, of which the District projects all but 3.76% (the indirect cost recovery portion to be withheld by the District) to be invoiced by NBCC as a passthrough cost.

The District's 2nd Interim report will provide a more in depth analysis of the contract reflective of adjustments to the Preschool Grant driven by COVID operations.

CHILD NUTRITION (FUND 13)

Fund 13 accounts for the activities involved in running the Child Nutrition program at the District. The funds have been reviewed and we continue to account for the District's re-admittance to the State Provision 2 program which allows the District to establish claiming percentages and to serve all meals at no charge for a 4 year period. That being said, this year has been unconventional in terms of the District's nutrition operations. Specifically, the District has shifted from a traditional on-site meal operation to a "grab and go" model to meet the needs of distance education. All meals are now being provided by Santa Rosa City Schools facilities, delivered to our sites, and distributed on a weekly basis. As a service to our community, and in partnership with our neighboring Districts, the Bellevue Union School District shifted into a meal distribution model that allowed students who are not enrolled in our District to receive meals through our sites.

The District's 2nd Interim report will provide a more in depth analysis of the impact of the aforementioned changes to the Child Nutrition program on its reserves.

BOND (FUND 21)

Fund 21 is used to account for the District's Facilities Bond Revenue and Expenditures. On April 21, 2020, the Board of Trustees signed Resolution 16, which authorized the District to issue and sell general obligation bonds in the amount of \$9,000,000. After accounting for \$145,000 in service fees (the Cost of Issuance), the District received \$8,855,000 (Series A Funding) on May 21, 2020. This influx of cash boosted the District's Facilities Fund Balance to \$12,042,885 at the beginning of FY 2020/21. At this point in time, the District has budgeted \$3,000,000 of the fund balance for Capital Facilities projects.

The District's 2nd Interim report will provide a more in depth analysis and update to the District's Facilities Fund following the next update by the Director of Maintenance and Operations on current and pending projects throughout our Sites.

DEVELOPER FEES (FUND 25)

Fund 25 accounts for the Developer Fee revenue that the District receives from Housing Developing within its geographic service area. The District currently projects an ending fund balance of around \$630,000, of which 85% of said funds may be borrowed against to account for possible cash deficits in the general fund due to the State's deferral of principal apportionment funding.

Section 4:

Criteria and Standards

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).

Deviations from the standards must be explained and may affect the interim certification.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since budget adoption.

District's ADA Standard Percentage Range: -2.0% to +2.0%

1A. Calculating the District's ADA Variances

DATA ENTRY: Budget Adoption data that exist for the current year will be extracted; otherwise, enter data into the first column for all fiscal years. First Interim Projected Year Totals data that exist for the current year will be extracted; otherwise, enter data for all fiscal years. Enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for all fiscal years.

1B. Comparison of District ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Funded ADA has not changed since budget adoption by more than two percent in any of the current year or two subsequent fiscal years.

Explanation: (required if NOT met) Current 1st Interim Funded ADA projections will carry over into the 1st subsequent year (FY 2021-22) due to the ADA Prior Year Guarantee. Funded ADA however drops off precipitously in the 2nd subsequest year (FY2022-23) due to the drop off in the prior year guarantee. In other words, the District is sheltered from the large drop in enrollment due to distance learning (COVID) next year, but that protection drops off and impacts the District in full in FY 2022-23.

2. CRITERION; Enrollment

STANDARD: Projected enrollment for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since budget adoption.

District's Enrollment Standard Percentage Range: -2.0% to +2.0%

2A. Calculating the District's Enrollment Variances

DATA ENTRY: Budget Adoption data that exist will be extracted; otherwise, enter data into the first column for all fiscal years. Enter data in the second column for all fiscal years. Enter district regular enrollment and charter school enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

2B. Comparison of District Enrollment to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Enrollment projections have changed since budget adoption by more than two percent in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard, a description of the methods and assumptions used in projecting enrollment, and what changes will be made to improve the accuracy of projections in this area.

Explanation: (required if NOT met) Current enrollment estimates at 1st Interim assume a continued decline of 40 students in the 1st subsequent year, followed by an additional 32 students lost in the 2nd subsequest year. This is based on a grade level evaluation of current enrolled students and projected new enrollments based on prior year averages.

3. CRITERION: ADA to Enrollment

STANDARD: Projected second period (P-2) average daily attendance (ADA) to enrollment ratio for any of the current fiscal year or two subsequent fiscal years has not increased from the historical average ratio from the three prior fiscal years by more than one half of one percent (0.5%).

3A. Calculating the District's ADA to Enrollment Standard

DATA ENTRY: Unaudited Actuals data that exist will be extracted into the P-2 ADA column for the First Prior Year; otherwise, enter First Prior Year data. P-2 ADA for the second and third prior years are preloaded. Budget Adoption data that exist will be extracted into the Enrollment column; otherwise, enter Enrollment data for all fiscal years. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

3B. Calculating the District's Projected Ratio of ADA to Enrollment

DATA ENTRY: Estimated P-2 ADA will be extracted into the first column for the Current Year; enter data in the first column for the subsequent fiscal years. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years. All other data are extracted.

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected P-2 ADA to enrollment ratio exceeds the standard in any of the current year or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation: (required if NOT met) For the current year, actual enrollment as we approach P2 appears to be higher than anticipated in the budget for adoption. Hopefully this trend continues as we extract ourselves from suppressing affects of COVID. For the 1st Subsequent Year, as noted in the explanation section of Criterion 3, the District's funded ADA is sheltered from the realized decline in enrollment due to it's ability to reference the higher of two academic year enrollments. The 2nd subsequent year projections were adjustsed on the aforementioned analysis by grade cohorts.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

F. ASSUMPTIONS

Please provide below or on a separate attachment, the assumptions used to determine the projections for the first and second subsequent fiscal years. Further, please include an explanation for any significant expenditure adjustments projected in lines B1d, B2d, and B10. For additional information, please refer to the Budget Assumptions section of the SACS Financial Reporting Software User Guide.
