

1. It is the policy of the School Board to educate young people in the democratic tradition, to foster a recognition of individual freedom and social responsibility, to inspire meaningful awareness of and respect for the Constitution of the United States and the Bill of Rights, and to instill appreciation of the values of individual personality. It is recognized that these democratic values can best be transmitted in an atmosphere which is free from censorship and artificial restraints upon free inquiry and learning, and in which academic freedom for teacher and student is encouraged.
2. Academic freedom shall be provided to all teachers. No special limitations shall be placed upon study, investigation, presenting and interpreting facts and ideas concerning man, human society, and physical and biological work and other branches of learning, providing that all viewpoints of controversial issues are presented.
