PUBLISHED BY THE CLASSES
OF 1950 AND 1951 AT FLHS,
FOREST LAKE, MINNESOTA

● EDITED BY RICHARD ENGQUIST

BUSINESS AND EDITORIAL ADVISER,
RAY HANSON.

Once upon a time . . .

There was a very small school nestled in one corner of the quaint little village of Forest Lake, Minnesota. This small school was in beautiful surroundings and everybody loved him so he should have been quite happy. BUT . . . there just were not enough children to make his halls gay with laughter as he wanted them to be.

All the students were scattered so far apart that even though they really wanted to come and make the little school happy, only a very few who lived close could come.

Then one day, quite suddenly, a wonderful idea popped into the attic of the tiny school — so wonderful in fact, that observers say he fairly leaped into the air off his foundation.

Swiftly a meeting of the school board was called to ponder the idea and after much deliberation, it was unanimously accepted. Wheezer, the little train destined to puff along his winding track and bring all the children to the now happy little school, was born.

Today the small little school is a big little school as it has fairly swelled with pride. So

All aboard . . .

For a trip through our school...

Now let's all clamber aboard Wheezer and take a brief journey through the past, as we review our years at FLHS. May it be a pleasant trip and may all our memories be happy ones.

The train chugs merrily along, reminding us once again of the many exciting events, the classmates, the teachers that we learned to know so well. Here the games and contests pass in colorful panorama before our eyes. The victories are thrilling, but now and then a defeat makes our loyal little train puff in despair. Other extra-curricular activities, make

school life a constant buzz of excitement and unusual happenings, plays and athletics provide diversion for students with interest in these fields.

A glimpse of homecoming brings back the suspense of the queen's election and the hilarity of the parades. That was indeed a happy day for Wheezer and his passengers.

What can be next on our sight-seeing tour? Oh, yes — the lowly under classmen! What fun we had with them! And now we are coming in sight of that last great day — Commencement. The door to the future lies wide open before us. What does it hold in store? We shall see. . . .

"HERE TO THERE IN FOUR VERY SHORT YEARS"

FLOYD COHOES

ERWIN DAVIS

B. C. KUEFLER

GRACE JOHNSTONE

Division Managers

Superintendent B. C. Kuefler is, for the twentieth consecutive year, assuming the duties of Superintendent of Forest Lake School. Always a hard worker, he is more than qualified to hold this position, and he consistently performs his many duties with the conscientiousness that is one of his finest characteristics. Mr. Kuefler has helped greatly during his years at Forest Lake to

make this school the fine one it is today.

Principal F. W. Cohoes, succeeding Kenneth Von Wald, has proved to be an excellent choice for the position of principal of FLHS. Known for his honesty and high ideals, Mr. Cohoes is a favorite among students and parents alike. He is always fair-minded and his opinion is valued highly by all.

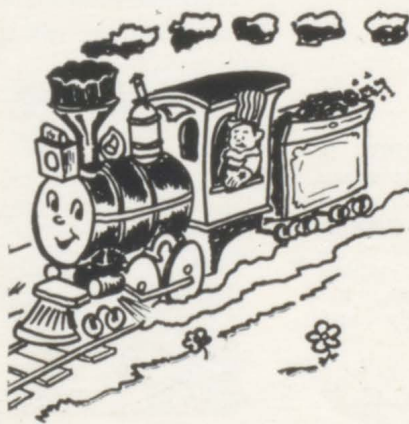

Assistant principal Erwin Davis, although quite young and relatively new to FLHS, has earned the administrative position of assistant principal, which he richly deserves. Mr. Davis is the driving force behind many student activities. He is always willing to lend a hand to any who ask him.

Grade School Principal Grace Johnstone is again returning as principal to add another year of service to the many she already

has to her credit. She is the sincere friend and confidant of the younger pupils at Forest Lake School. Miss Johnstone takes interest not only in their scholastic problems, but also in their personal and social lives.

Board of Education

Forest Lake is well known as a town which is vitally interested in the dealings of its Board of Education. The townspeople display this interest by turning out in large numbers for the elections through which Board members are named. The members are obviously conscious of the responsibility placed upon them, and do their work with sincerity and conviction of purpose, trying to do their best to serve the interest of the community.

Engineers On The Mainline

KEITH MARKUSON

HAROLD MANLEY

ETHEL BERGWELL

IVA KEACHER

HERBERT HARPER

ROLLIN NELSON

JEAN PETERSON

EILEEN OPATZ

LES SWAN

● **IVA KEACHER**, a skilled athlete and health enthusiast, made it obvious that she was a person who knew her business. The girl's physical education classes appreciate her personal interest in her subject.

● **ETHEL BERGWELL**, vivacious young teacher with a wealth of knowledge at her command opened many new avenues of thought to her English classes, who never failed to be impressed by her superior intellect.

● **HAROLD MANLEY** is a man with a variety of talents. Besides being a fine teacher of mathematics and science, he is a track coach and a trainer of young drivers, well liked by all his classes.

● **KEITH MARKUSON** has a jolly disposition that can't be restrained but that didn't prevent him from having discipline in his classes. Good natured and intelligent, he's a favorite.

● **ROLLIN NELSON** a man whom you like and respect at the same time proved again that he is equally adept with a baton, book, or basketball. He's a "swell guy".

● **EILEEN OPATZ**, quiet and tidy, has an undeniable charm which nicely rounds out a sensible and sensitive personality. She is held in esteem by all who know her.

● **JEAN PETERSON**, guided by her own burning interest in speech activities led the newly organized speech class through a highly successful year. Her other classes were equally well handled.

● **LES SWAN** has a sensational sense of humor and he doesn't try to hide it. This makes his classes popular and profitable. He will be remembered as a "pal" of every student.

● **HERBERT HARPER** is perhaps one of the more enthusiastic teachers in FLHS and just as conscientious. Firmly believes in his subject matter which is biology and runs his classes methodically and thoroughly.

And On All The Branchlines

DICK FUREY

ROBERT GRAY

S. HAMMOND

J. GUSTAFSON

RAY HANSON

BETTY HOULE

JEAN SPELTZ

TOM JANSA

R. HAMMOND

● **DICK FUREY** was a source of encouragement to our teams, as well as giving them careful instruction and valuable advice.

● **ROBERT GRAY** distinguished himself with an attitude of dignity and calm that was almost impossible to disrupt. His teaching was as unobtrusive as it was effective.

● **JEANETTE GUSTAFSON** made home economics classes interesting and informative for girls who studied under her instruction.

● **RUSSEL HAMMOND** guided students through study in wood work and other phases of the field of industrial arts.

● **SOLVEIG HAMMOND** impressed her classes with her sense of humor and un-failing ability to teach. When she spoke her pupils listened, learned—and loved it.

● **LOIS HANLY** is a lady who is quiet, sophisticated and serene. Her intelligence and integrity have made her the favorite teacher of many students. Not pictured by request.

● **RAY HANSON** is actually very good-natured, yet strives diligently to appear hard boiled. The twinkle that lurks behind the glare in his eyes makes him a popular teacher.

● **BETTY HOULE'S** sparkling personality is only one of the things that made her classes enjoyable. The students found that they learned Latin much more easily because they liked this teacher.

● **TOM JANSA** stepped into the difficult position as agriculture instructor and he handled it with skill and aplomb.

● **JEAN SPELTZ** has long been a favorite of students in commercial classes. She seems to have a way of making people like her, without being obvious about it.

Publications of Forest Lake High School

BREEZE

Throughout the year, the Breeze staff works to present to

the public an accurate picture of just what goes on in FLHS. Published weekly, the Breeze covers all interesting phases of

school life including class and faculty activities, individual achievements, and various anecdotes about daily happenings.

Under the supervision of Mr. Hanson, the Breeze room hums with activity as potential newspapermen and women try their hands at news, feature, and editorial writing. Climaxing the year is the Breeze Banquet held to reward the staff members for their time and effort.

FORESTER

Perseverance and hard work were combined by FORESTER staff members to bring students of FLHS a yearbook designed to cover two years of busy school life.

Cramming two hectic, brimful years between covers is at best a stupendous task, yet cooperation of faculty and students, besides that of the town business men has helped to present what the staff sincerely hopes is an accurate resume of a never-to-be-forgotten period.

Despite resolutions to complete the majority of work before school started in the fall, there was still the usual amount of frantic last minute bustling. Pictures to be taken, people to be interviewed, layout changes—everything to add to the general uproar.

Now that it is all over, many are in a state of complete exhaustion and look forward to placing their cameras, pens, pencils, notebooks, and layout sheets away for a loooooooong rest.

● Every bit of the printer's skill goes into solid bits of type—it is thus that they bring to life your high school publications. Theirs is a real job—that of a photographic expert, artist, printer, student, physicist and writer. Our tribute goes to the staff of the Forest Lake Times for their cooperation in many matters, academic as well as in craftsmanship.

Initial passengers . . .

ON THE WHEELER RAILROAD

● First members of the school to meet and select the themes and content of the Wheeler line June Voelker, Erwin Hughes, Ron Davis, Richard Engquist, Larry Patlak, Mr. Hanson, adviser.

Janice Novak, Mildred Leroux, Corrine Ekegren, JoAnn Salie, Marlys Olson, Lorraine Brown, Bob Smith, Katherine Lindberg, Janis Rae Berggren, Charlotte Waldo.

Dorothy Anderson, Joyce Hillsdale, Kathleen Gessner, Ruth Knipe, Jeanne Iverson, Sonia Lind, Shirley Triplett, Barbara Houle, Jean Swenson.

Breaking into the year's work with much enthusiasm the annual staff went to work with a will and in a few weeks found that they had a real railroading job with little Wheeler.

Few were to realize the fraction of themselves they were to leave with this volume and even fewer knew how much of their sanity might go with the production of a biennial publication.

But let fall the chips where they may, the staff and its many friends about the community finally finished and here it is — your Forester for 1950-51.

And running accounts of our progress

● Bob Smith is greatly outnumbered by the feminine members of the FORESTER'S hard-working photographic staff as they mull over the multitude of the pictures to be considered. Busily engaged in doing this are Jeanne Iverson, Evelyn Johnson, Barbara Houle, Marguerite Holl, Marion Engquist, June Voelker, and, of course, Bob Smith.

● Complete roster of the 1950 - 51 Breeze staff included in the bottom photo: Ray Hanson, adviser, staff members, Bob Smith, Richard Engquist, Janis Rae Berggren, Mary Jo McGrath, Darlene Robinson, Joyce Nygren, Judy Anderson, LoAnn Janssen, Bob Schroeder, Gene Hallberg. ● Editor Shirley Larson, Junior Editor Barbara Houle, Sophomore Editor Linnea Johnson, Jeanne Iverson, Darlene Houle, Delores Hauer, Jean Swenson, Bruce Smith. ● Marjorie Iverson, Rosalie Holl, Rosella Radtke, Rita Landgraver, Betty Engquist, Bernie Elliot and Ruth Anderson. Not pictured is Denny Tizard.

All-American Headlines and Bylines . . .

"Burning the midnight oil" is a familiar phrase to the BREEZE editors and Adviser Ray Hanson, especially on Monday nights when the paper is put to bed.

Each Monday morning Ray Hanson and Editor Shirley Larson, Junior Editor Barbara Houle, Sophomore Editor Linnea Johnson met with the staff of reporters to hand out assignments and collect stories due. Instruction in journalism was given to interested students at this time.

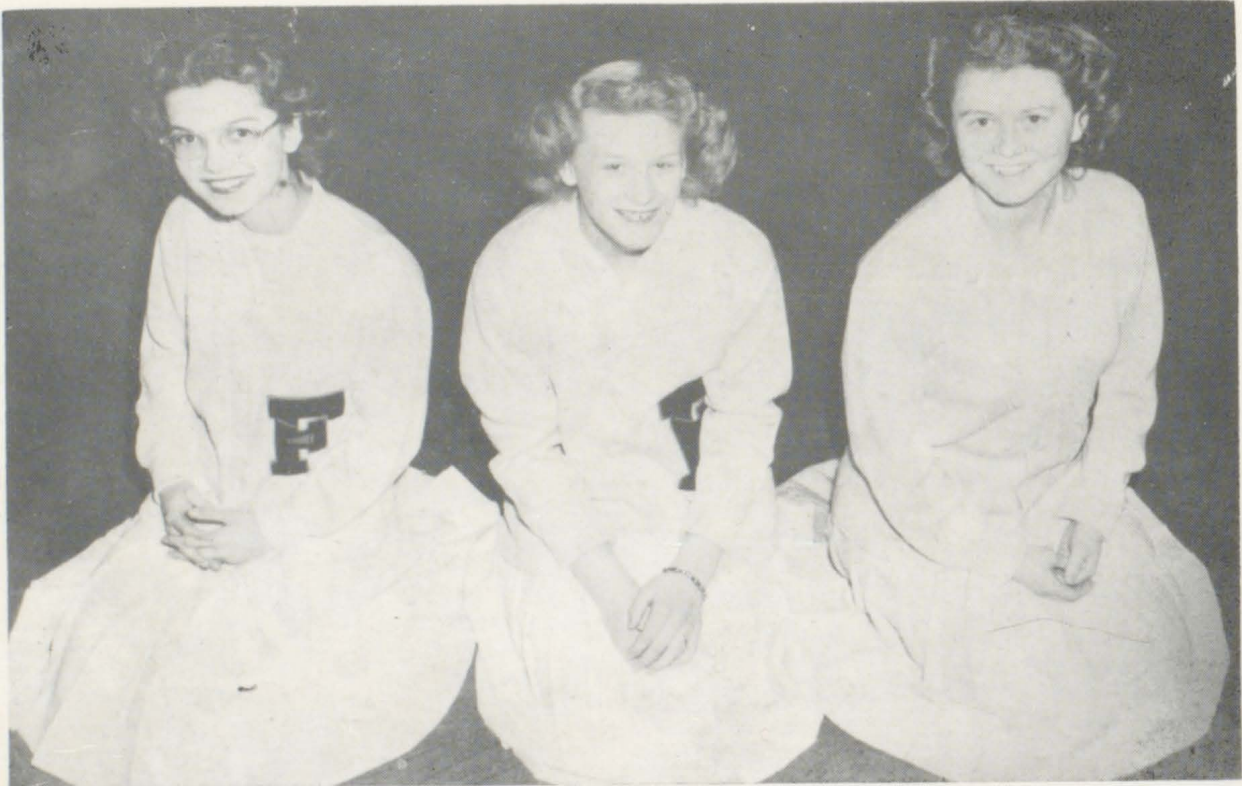

● Three members of our staff are the core of the BREEZE, school paper for FLHS. And these three pictured at right are Linnea Johnson, sophomore editor; Shirley Larson, editor-in-chief; and Barbara Houle, junior editor.

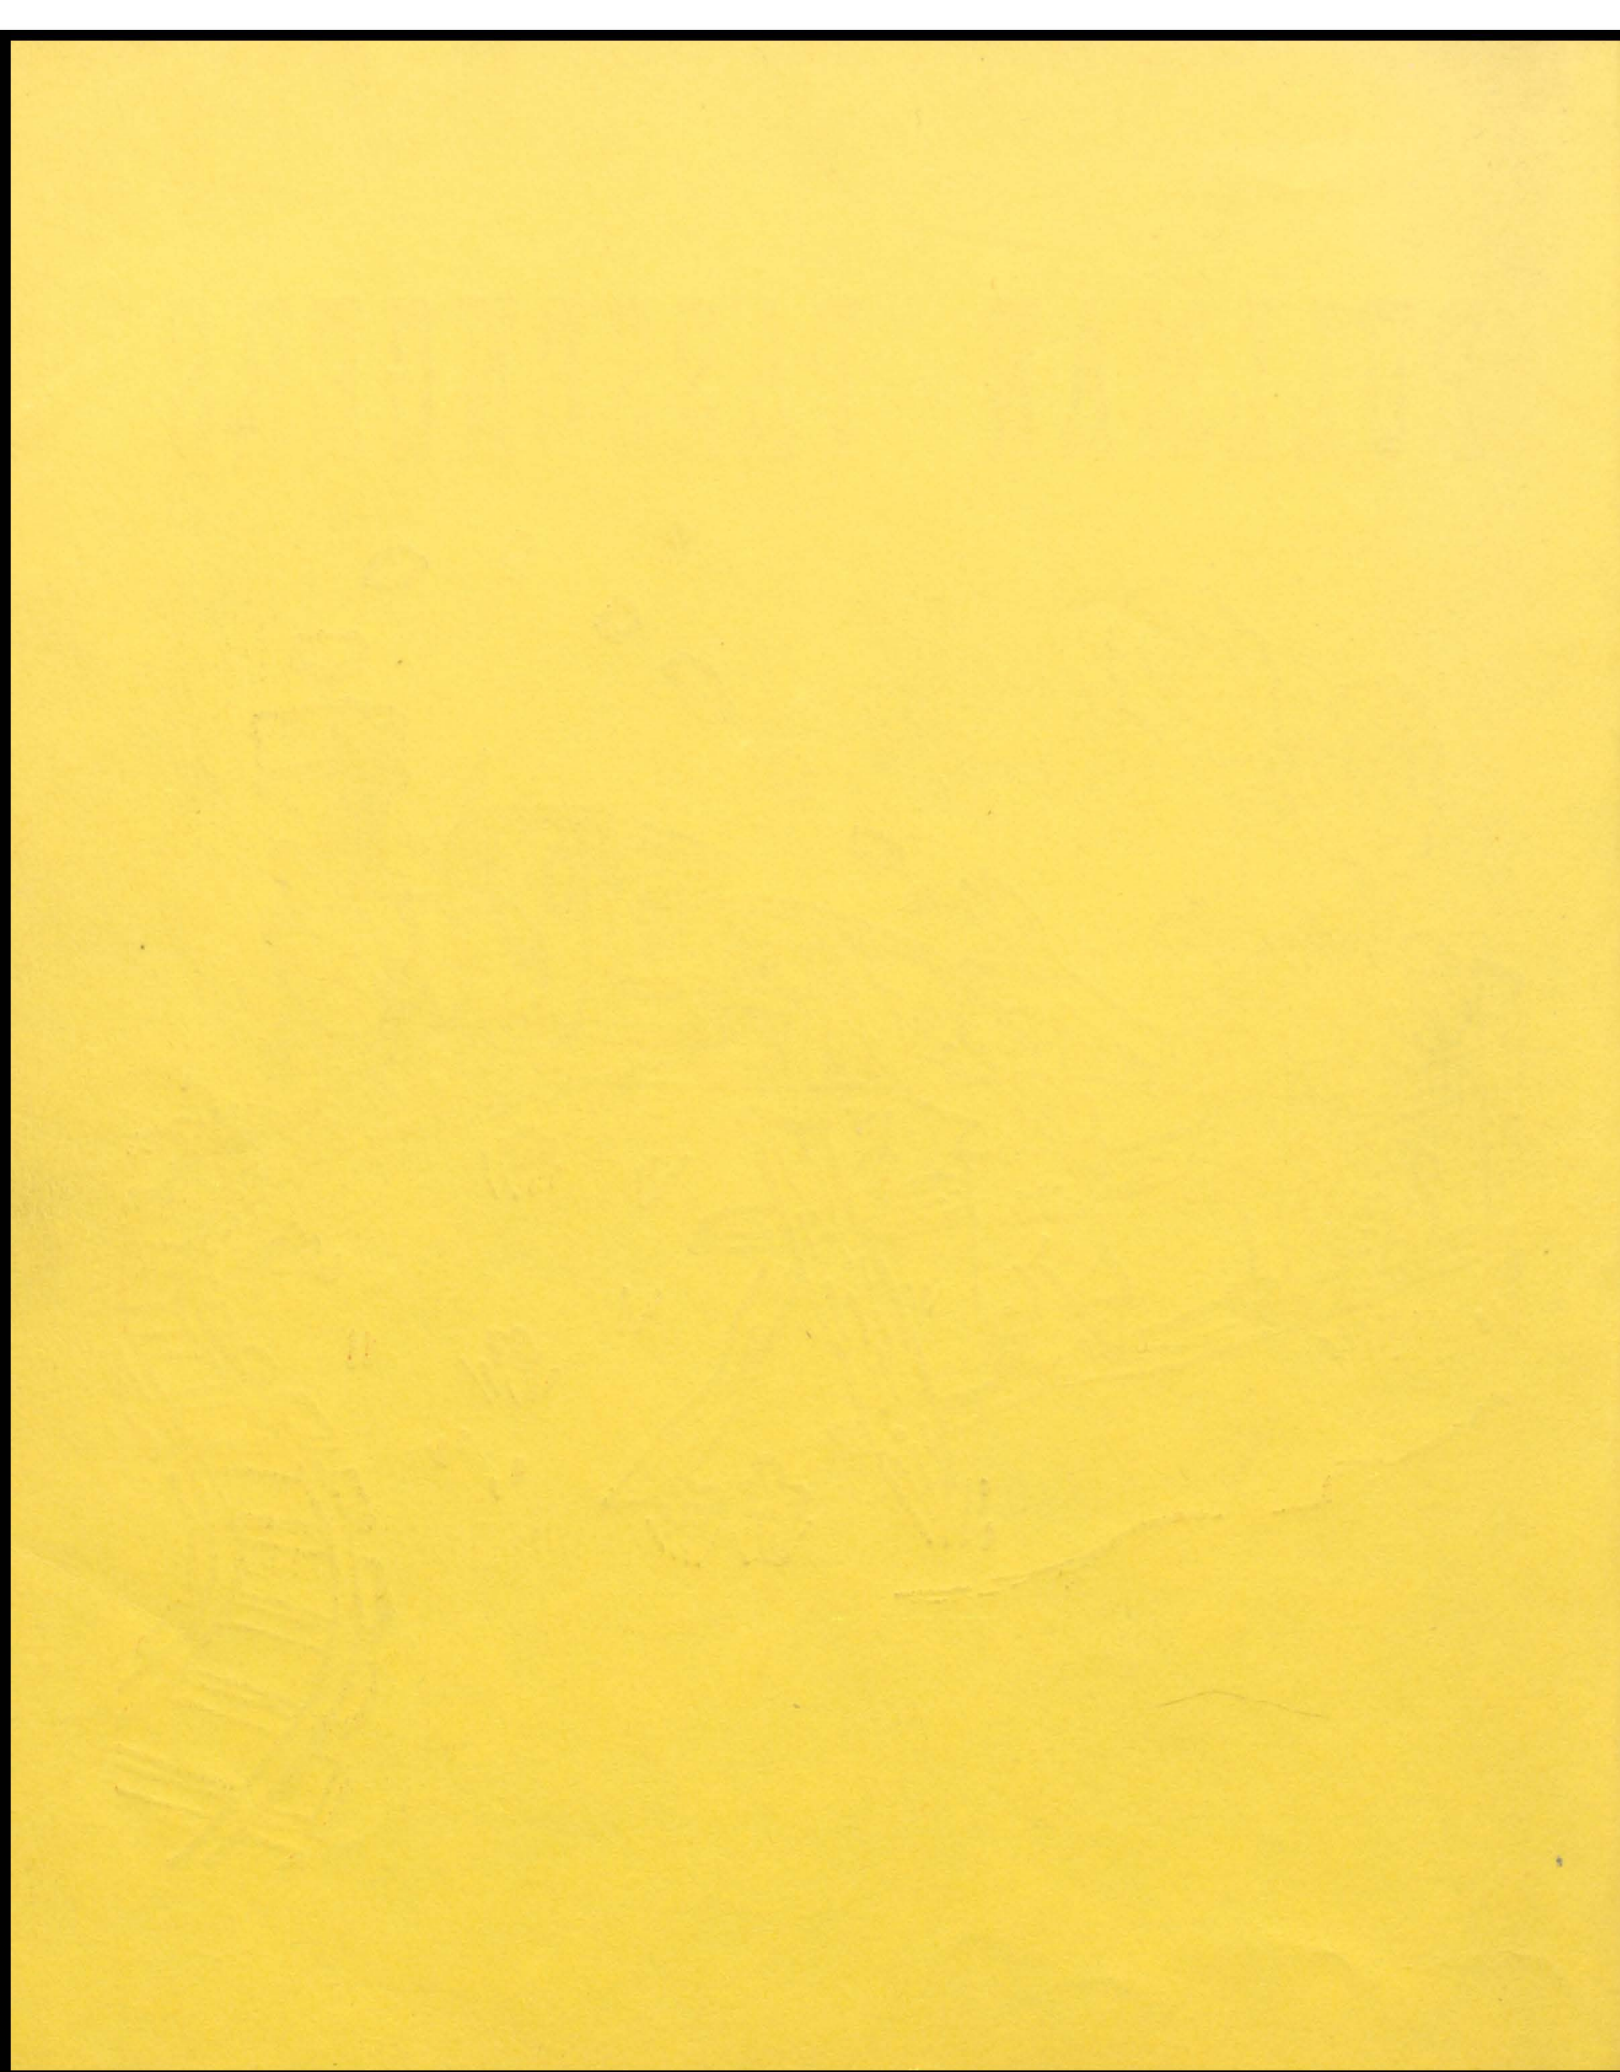

● "The show must go on" but taking time out from the Junior Class Play for a bit of monkey business as is obvious from the gleams in their eyes are June Voelker, "Rosie" Ruggles, Shirley Triplett, and Mary Lou Handrum.

● Keeping WHEEZER full of pep and energy to carry the school on to new high achievements are Darlene Houle, Margie Iverson and Mary Lou Handrum.

Ups and Downs on the Wheezer Branch Lines

Baseball

● Resurgence of interest in baseball in 1949 came after a very successful season carried to its full conclusion the preceding year. With the resignation of Coach Page the school hired former St. Thomas athlete Dick Furey who filled the shoes of baseball coach very capably, trekking with his nine to the regional tournament at Duluth where at Wrigley stadium the Ranger squad won success against Chisholm. After a two hour period allowed for rest they again met the enemy—this time Eveleth. Hurd pitched 13 innings that day with only one short relief—this offered by Jim Anderson.

● First game under Coach Furey was won from North Branch by a big margin under a beaming sun which practically melted the players on both teams. A game with the twin city champions was lost by a few points after being called on account of darkness. Players chuckle when they think of Pat-tak's intended homer which missed only by the width of one telephone post in the North Branch outfield. Memories recall the Taylors Falls field where center fielding was done down in a hole, the Lindstrom-Center City game with rough hard turf. Joe Brisson's search for a blond friend in Duluth led to humorous results. A decisive defeat of Pine City led the Rangers to the regionals.

Football

● 1949's Football season was certainly not the most impressive in the history of Forest Lake high school, but it was one of the hardest fought in all time with the squad continually improving. Best result of all was the building which was done for coming years. If this article could but have been written one year later, we could have insisted that the squad was the best in the district. At any rate we are able to report to Wheezer fans that the team coached by Dick Furey won second place in the district and that was a well earned spot.

● Thirteen promising baseball players are set for the Forest Lake diamond this spring when Coach Furey issues his first call for baseball drills.

Baseball

Baseball has made great strides in FLHS during recent years, until it has become one of our most popular sports. The "Great American Game" still creates an electric current of excitement among the fans and players, and the Ranger team never lets its backers down, but always gives its best to the struggle at hand. The thrill of winning makes up for the disappointment of loss.

● 'Pringle' Johnson, Jerry Mitchell, Jerry Brisson and Lyle Hurd check over their gear before a game.

Athletic Facilities

How many people would have envisioned ten years ago that Forest Lake would some day have the large, modern, well-lighted, attractive athletic field that we have today? There may have been a few at that time who realized that the facilities for sports events would have to be enlarged, but Wheezer's passengers probably did not even dare to hope for the fine advancement that has been made.

The great increase in the number of students has, in part, made the enlargement necessary. The athletic department of the school, though involving only a relative few in actual participation, has proved to be a real force in obtaining the cooperation of many students and in inspiring the school and community spirit of competition. The expanded facilities have made sports more streamlined and enjoyable.

● Biggest winter events in the memories of nearly forty participants in the ice show production of 1949 were the various skating events.

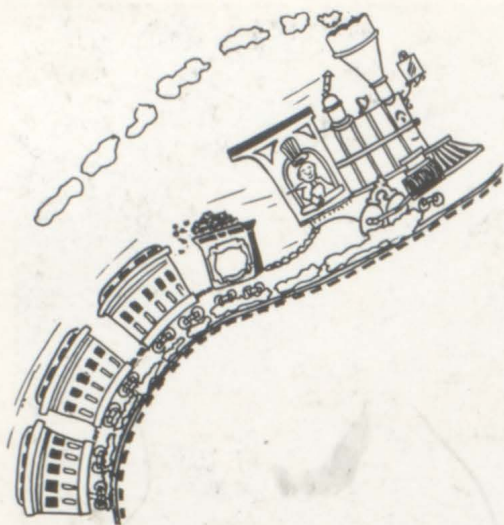

Football

● Coaches Dick Furey and Russ Hammond worked nightly to bring to the fans of Forest Lake a well organized eleven under the lights each Friday game night. Working the pigskin over the goal lines was the ambition of every player of the team which was shot through by graduation the previous year and the unexpected transfer of several of our best players.

● In the future the outlook according to the downtown quarterbacks and the alumni, will be on the up and up. Plans are being laid now by the coaches to increase the pace of training and the workouts to hand their opponents a real setback in 1951.

● Gene Guttisen, Mel Winnick, Carroll Anderson and Duane Olson and Jay Brisson get the feel of the old pigskin here.

● 1950's Ranger cage squad included these stalwarts: Erwin Hughes, Bernie Von Wald, Jay Brisson, Jerry Mitchell, Paul Furrer, Danny Bever, Vernon Johnson, Tom Brisson, Alan Solem, Jim Miles and Coach Dick Furey.

Basketball

● With over thirty candidates out for spots on the FLHS hardwood squad, Coach Dick Furey was hard put to select from the largest turnout in school history. Final selection was held up until long after the season was under way with various combinations being attempted. But as the season progressed a winning combination was devised which became better with experience. One thing can be said, the trials and tribulations of Wheezer during this basketball season, were varied and spectacular.

CAGERS

● Fans could hardly allow themselves to dwell on what might have happened in the next minute's time. The faithful scorekeeper's clock first gave Wheeler the lead and sometimes made him puff with dismay as he trailed by a point or two.

● And fully in harmony with the crowd, Wheeler wailed and moaned as the public sought seating space in our somewhat inadequate gym. Better days are ahead for the rolling, according to members of the schoolboard and a new headquarters for the Wheeler basketball crowd will possibly be in the air soon.

And when it does come about, there is a crowd of freshmen whom we predict will burn the rails of the Wheeler and Forest Lake line. They're on their way and we're on the way with them for a better tomorrow.

Volunteer Coach Kenny Houle from St. Thomas College and former FLHS athlete moved n to his stride this year with some of the most promising future basketball players ever to be enrolled in the high school.

By his own admission and that of others in the community, it is definitely stated that the players pictured below will rise to championship caliber within the next two years.

When Wheeler's successor comes about in the next two years, we'll look forward to putting their names in banner headlines.

TRACK

Under the tutelage of Track Coach Nelson the Ranger squad went to several meets during the 1949 season, among them being meets at North Branch, Columbia Heights, St. John's College, the University of Minnesota and St. Thomas college, Macalester college and others.

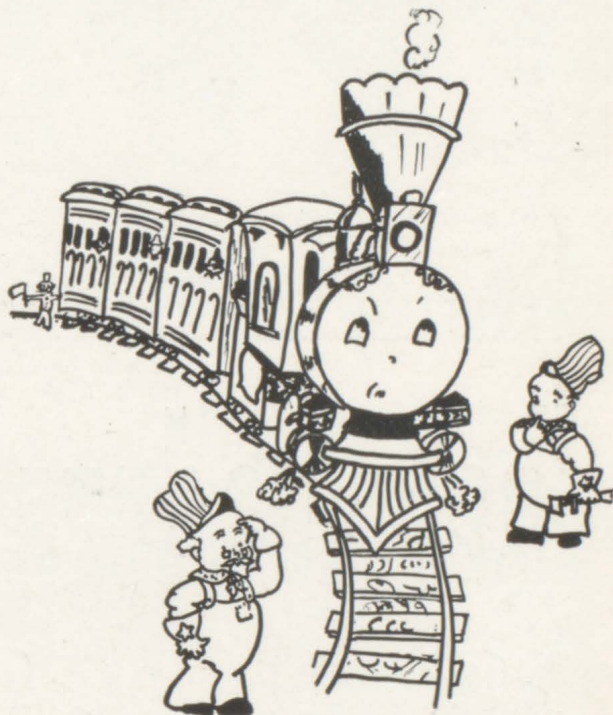

Lack of size in the embryo squad kept FLHS from winning any outstanding honors though individual honors went to a number of jumpers and runners from the school including Wayne Thompson, Wayne Hughes, Ronald Davis, Howard Ruggles and Tom Brisson.

Mr. Manley is back in harness again this year and between him and Mr. Nelson the coaching staff expects to produce a set of winners in the track division of the district 25 athletic setups. No definite commitments have been made for the season this spring yet. But cinder enthusiasts may rest assured that by the time this issue of the Forester is out there will be a considerable amount of the track season of 1950 under way and successfully, too.

Track and field work is a sport which sometimes takes a back seat in high schools because it cannot be viewed by mass crowds as basketball or football can. Nevertheless, the Ranger track team has been steadily gaining ground during the past few years, both in skill and popularity. As this sport becomes better publicized, it will undoubtedly gain favor with the public.

TRACK TEAMS FOR 1950

Participated in several meets—walking off with honors at St. Johns, St. Thomas, the University and others.

● 1949's top cheerleaders were Stuart Houle, Margie Iverson, Darlene Houle and Mary Lou Handrum. All are pictured at the Eveleth tourney.

● Four snappy pepsters are this years cheerleading squad. Shown are Darlene Houle, Mary Lou Handrum, June LaBelle and Helen Strecker.

Supervising the cheers of the Pep Club and the student body are FLHS's cheerleaders. Besides actual cheering, they also set an example of good sportsmanship for their fellow students. Junior cheerleading is available to Junior High pupils to prepare them for Senior cheerleading and also to lead at "B" team games. By their actions and attitude, the cheerleaders also serve to promote better relations between FLHS and other schools.

FLHS's cheerleaders are "a whole lot peppier" than those of the other schools in the district, at least that is the verdict of most local students. Sparked by novel yells and the leadership of the Pep Club, the ranger fans can really "stand up and make some noise" under the direction of the cheerleaders. Aided in many cases by the band, the leaders succeed in providing pep and spirit for the various athletic activities.

Pep Club

Newly organized this year, the aim of FLHS's Pep Club is to provide a loyal cheering section behind the athletic teams and to promote good sportmanship among spectators. If games are held away from Forest Lake, a bus is provided to take a portion of the club to them. Fans then have a chance to watch their team in action and to provide moral support and show their loyalty to the team, win or lose. One of the first official acts of the Pep Club was to purchase beanies to identify the school. Through the cooperation of students and teachers, an efficient and satisfactory system has been worked out, and a greater interest in sports and school spirit has been fostered.

● Typical of the many members of the pep club are Ramona Turnvall, Helen Strecker and Marion Dorn.

FORENSICS

During the recent year, the dramatic facilities of FLHS have been built up to a new high level under the direction of Miss Jean Peterson. Students now are given the opportunity to gain increased confidence in expressing themselves through the mediums of the drama, pantomime, comedy, and poetry.

A regular speech class has been installed in which students not only engage in actual acting, but also try their hands at writing, directing, and technical work as well. This course offers full credit towards graduation. In this, its first year, the class was open only to seniors because of remarkable interest shown and it has become increasingly active.

LOVE RIDES THE RAILS

"Love Rides the Rails", a traditional melodrama, presented as junior class play in the spring of 1949, proved a delight to both the youthful and adult members of the audience who saw it. The play, a tongue-in-cheek farce by Morland Cary, was refreshingly spontaneous and played "to the hilt" by a cast of twelve. Interspersing the 16 scenes were "entre acts" of a wide variety, giving almost a vaudevillian air to the production. Under the zestful direction of Mrs. Ethel Bergwell, "Love Rides the Rails" was perhaps one of the most enjoyed of class plays ever presented in FLHS.

Harmonizing at intermission were Lamotte Johnson and Margaret True.

Dance team: Ruth Knipe, Kathleen Gessner, Rodney Wilson, Gene Guttisen, Lorraine Lunzer, Gladys Iverson and Darlene Perrault.

● One of the largest casts in the history of FLHS took part in this play.

● Three leads in the play were carried by Richard Engquist, Jerry Johnson and Jane Crawford.

● Ron Davis and Mary Lou Handrum were also lead parts in the play.

THE MAN WHO CAME TO DINNER

A brilliant and satirical comedy was chosen by members of the class of '50 to be their senior class play. This choice, "The Man Who Came to Dinner" by Moss Hart and George S. Kaufman, proved to be a particularly fortunate one. The production, ably directed by Jean Peterson, drew lavish praise from even its most exacting viewers.

Twenty-one cast members presented the play on a stage ingeniously and tastefully decorated in a Christmas theme. The whole effect was one of professionalism and everyone concerned was roundly applauded for a skillful presentation of a memorable play.

● Back row: Nathalie Lindgren, Gloria Nelson, Bill Schmidt, Mary Ann Adamski, Dorothy Anderson, Shirley Vlasak,
 ● Middle row: Rosemary Boehm, Margaret True, Delora Dahlberg, Beatrice Anderson, Darlene Whitney,
 ● Front row: Kathryn Johnson, Delores Entner, Janet Leum, and Marilyn Long.

Student Librarians

One of the most important yet most unobtrusive departments of FLHS is the school library. Enabling it to function fulltime so that students have access to it at all periods are the student librarians who work under the direction of Mrs. Betty Houle. Besides checking books in and out, they maintain order in the card files and library shelves as well as making necessary repairs. By doing this, these volunteer workers gain valuable experience for themselves in addition to the service they render the school.

DIVISION DISPATCHERS

Hall Monitors

Stationed at important positions, on the balcony outside of the cloakrooms during and at the stairways between classes, are the hall monitors. During classes, their duties are to safeguard the students' property in the cloakroom and to check the presence of pupils in the halls. Between classes, they keep order on overcrowded stairways to prevent injury.

FFA

Forest Lake's Future Farmers of America are one of the more active farm groups in the community and from their first days have continued to grow until their present membership exceeds that of any group in the area.

Each boy strives to keep up with his ambitions and to merit the respect of his superiors and his friends by honest work, honest thought and honest dealing. They receive the best education possible under instructor Tom Jansa.

Choir

Forest Lake School's a-capella choir is one which is well-organized, skillful and popular. This is proved by the large number of students who attempt to become members when the group re-organizes each fall. Because there is room for only a limited number within the choir, only the most co-operative and eager are accepted.

Far from being a group which exists solely for its own enjoyment, the choir adds prestige to the entire school, and is rewarded with outstanding support from both the faculty and student body. The choir's concert appearances are always enthusiastically greeted and well attended.

● Back row: Howard Ruggles, Larry Patak, Ronald Davis, Leighton Natt, Richard Engquist, Don Christopherson, Gerald Johnson, Jerome Patterson, Tom Patterson, Don Holl, Lenore Lundquist, Helen Boehm, Eileen Matheson.

STUDENT COUNCIL

The Student Council undertook several new projects and carried them out with satisfactory success. As usual, the council operated a refreshment stand at all "home" football and basketball games, with all profits going to the Student Activity fund. Workers in the stand were volunteers and several students who weren't council members also gave valuable assistance.

A magazine subscription sale was also tried and netted a sizeable profit for the Activity fund. All students from 7th grade and up participated in this project, and council members acted as captains and managers.

Perhaps the most important innovation was the introduction of a student court to handle difficult cases of misbehaviour among the student body. Organized by Council President Dan Bever and several other members, and sparked by the encouragement of advisers Lois Hanly and Erwin Davis, the court gave the promise of being a real force in student government.

Although the Council does not have the final decision in any important issue, its opinion seems to have some influence on the working of school affairs. At any rate, a position on the Student Council is eagerly sought by most boys and girls.

● Playing an important part in guiding the school student policies is the student council pictured here. Back row. Lois Hanly and Erwin Davis, advisers, Lloyd Bohler, Dan Bever, Richard Engquist, Rollin Guertin, Ray Daninger, Bernie Elliott, June LaBelle, Barbara Houle.

DAN BEVER

● Most popular of all people in the school are these five ladies who prepare lunches for students at noon time. Pictured are Jane Noreen, supervisor, Mrs. Rosckes, Miss Erickson, Mrs. Berg and Mrs. Schmidt.

● Friends of all the students are Al Lellman, Lloyd Bohler, Reynold Erickson and Joe Fladland — school custodians.

● Grade school teachers shown are: Lois Reding, Laurine Klein, Mrs. Manley, Sadie Vollan, Mrs. Volkmann, Mary Jean Tiegs, Mrs. Anderson and Lenore Eicher. Seated are Laura Rice, Mrs. Swanson, Bernadine Schmidt, Marilyn Repo and Grace Johnston.

AND THE RIGHT KIND OF FOLKS

The way to a man's heart is said to be through his stomach. If this old saying is true it is a fact that these five women hold a very dear spot in the hearts of many school boys and girls. Their constant cheerfulness and good food have kept many of us happy.

Maintaining a school such as the Forest Lake system means that there is always plenty of work for the custodians. These four men have labored hard through the years, but found moments in which to aid students with their problems and their trials at various times.

We salute the whole quartette for their kindly and friendly services in the past four years.

● A most unusual study hall scene finds Evelyn Johnson and Shirley Triplett engrossed in shorthand so that they don't even notice our ever-present railroad photographer.

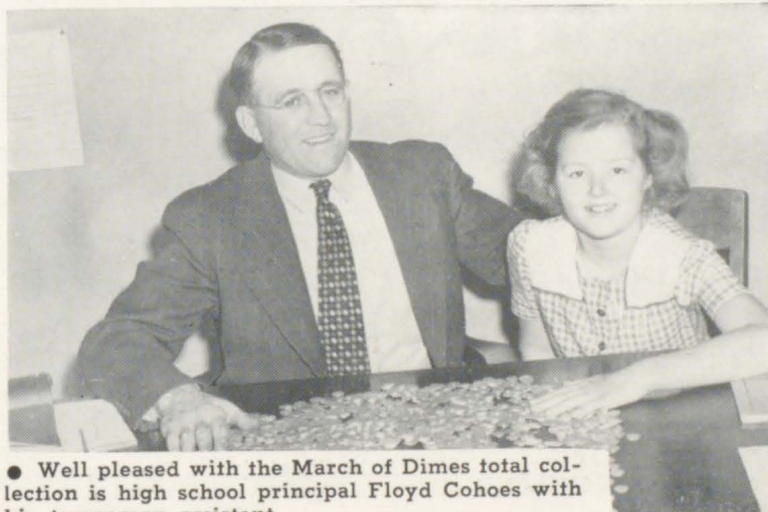

● Trying to figure out what to make of it are George Arthun and Jon Barrott while Joe Hursh peers over Glen Shodahl's shoulder to get a closer look.

● Rather dubious as to the validity of Alan Johnson's hall pass is Gordon Nelson, hall monitor.

WITH THE FOREST LAKE AGRICULTURE DEPARTMENT.

Tom Jansa

Forest Lake high school's growing agriculture program now has four full time instructors devoting their full time energy to the promotion of agricultural education in the school's high school classes, the veterans' agriculture classes, and in the co-ordination program for the setup.

Tom Jansa handles the high school classes which enroll 54 students all engaged in their own farming practices or in partnership with their fathers.

In the veterans' classes Joe Jamnik and Mike Duetsch present problems fitting the

Lowell Doebbert

veteran's needs throughout the entire area of the community.

Each has dozens of farm visits to handle through the week and during the summer and winter, carry on a considerable number of agriculture classes during the evenings.

Lowell Doebbert, already busy at various surveys and other projects keeps his hand in agriculture with his many young adult farmers classes which take care of those boys who have not had an opportunity to continue or finish their high school education.

The entire program has the enthusiastic support of the community and the results of the classes have shown up in various instances.

Comprehensive information obtained by the program is expected to benefit the school and the farmers and citizens of the area greatly.

From the outset of the government supported agriculture plan FLHS has always looked forward to the best in every field for its students.

Wheeler stands to gain a lot of rolling stock and business from these enterprising young men and boys.

They control the buses.....

Covering more miles per the state, the FLHS buses and their drivers are the epitomy of efficiency. With all vehi-cls state inspected and man-

aged by bus foreman Clem Dupre, the students in outlying districts are well trans-ported to the school through all sorts of weather, foul and

fair. With nearly three of each four students from rural areas, the school s entirely dependent on these faithful drivers, careful and cautious in all their driving.

Bus drivers: Ivan Proulx, Paul Scherer, Hector Sivigny, Palmer Lee, Don Johnson, Mike Holtzbauer, Charles Allison, Stanley Tolberg, Walter Houle, Everett Struble, Forman Clem Dupre and Harold Anderson.

to have had a hand in your 1950
Forester and Forest Breeze.

Congratulations . . .

To the student staffs of both for
hard work and a good job well
done.
