A word from the Superintendent

In the opinion of many older people, high school days are the happiest period of life. They sigh gustily with Omar Khayyam,

*"Yet Ah, that Spring should vanish with the Rose!
"That Youth's sweet-scented manuscript should close!"*

They nod wise agreement with Herrick's,

*"That age is best which is the first,
"When youth and blood are warmer;
"But being spent the worse and worst
"Times still succeed the former."*

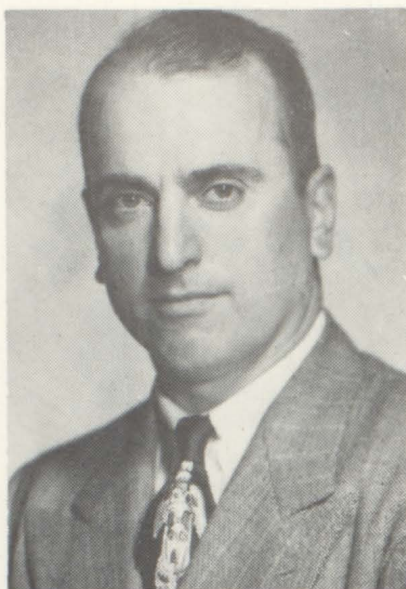

Young people almost unanimously disagree. They can hardly wait to get "out of school life into life's school." Life will really begin, they feel, the day after Commencement.

It will be a sad day if the time ever comes when young people cease to believe that the happiest days still lie ahead. The visions of youth are not always realized—probably are never fully realized; but these visions have been responsible for much of man's progress.

It would be sad, too, if older people should somehow lose their nostalgic longing for the days "when you and I were young, Maggie." Out of it come sympathy and understanding, an urge to help young people to realize some of those golden dreams. Out of it come the very real sacrifices of time and energy and money which are willingly made by many older people in the best interests of the younger generation.

To the young men and women of the classes of 1952 and 1953, congratulations and every good wish for the realization of your particular version of the Great American Dream! I hope that this latest edition of the **Forester** has come close to your hopes and ambitions to make it the best ever, for that would be a hopeful augury of the success of other even more important projects. In any event, I know that it will mean more to you in years to come than it does now. May it bring back happy memories of days you will then concede to have been, let us not say the happiest, but next to the happiest days of your lives.

Miss Nelva De Groodt reads Macbeth to one of her senior English classes. Besides teaching junior and senior English, Miss De Groodt also heads and directs all speech activities.

FACULTY

Fred Schreiber, our librarian, has a big job. Along with supervising the student librarians he also teaches Latin and English.

MEMBERS

Violet Hanson stimulates the interest of her English students when she reads poetry to them. Under her guidance students realize abilities they never realized they had.

Floyd Cohoes, principal, in addition to his administrative duties teaches senior social science.

A newcomer to our school this year, **Mrs. Joan Dick** is well liked by her history classes and the members of the high school choir which she directs.

Acting as counselor to high school students, but officially designated as assistant principal is **Erwin Davis**, who also teaches social science and English.

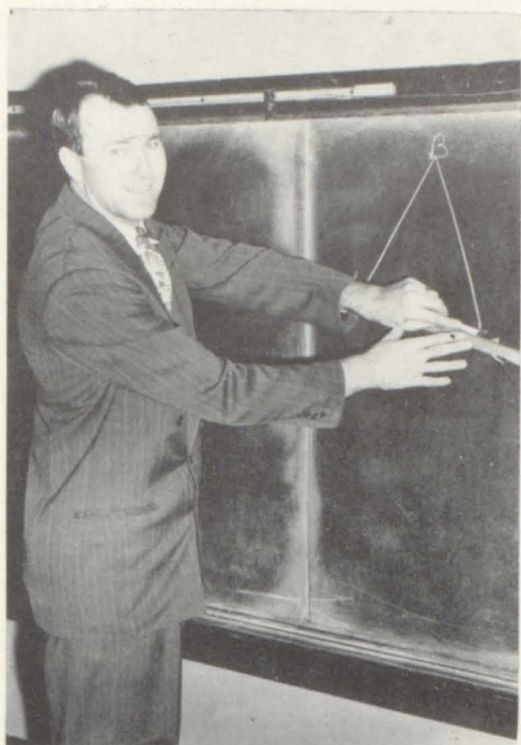

A newcomer this year, **Forrest Ray** teaches driver training and industrial arts. He is also an adviser to the senior class.

Under the supervision of **Russel Hammond**, many fine articles are turned out by the students in his shop classes.

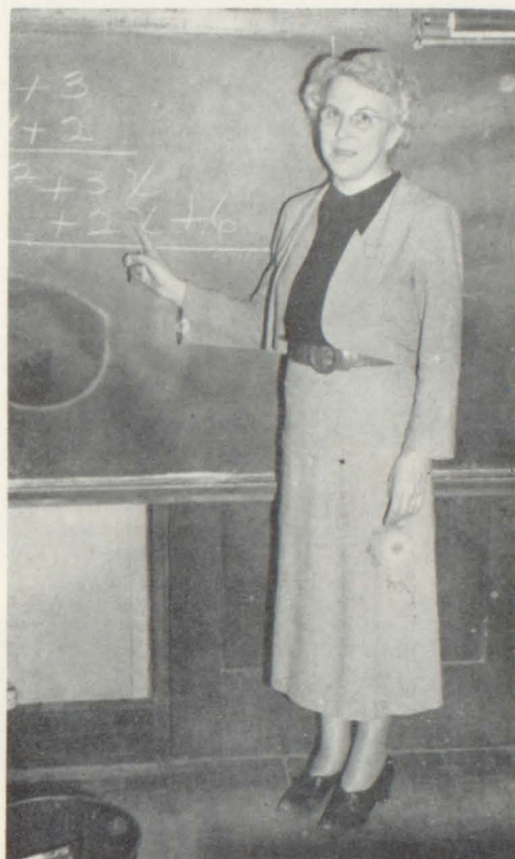

New at Forest Lake this year is **Colleen Medinnus**. An instructor in seventh grade English and ninth grade math, she has helped with the makeup in the senior class play and in the operetta.

Another math instructor is **Robert Gray**. He is shown here, constructing a triangle for plane geometry.

As dean of girls, **Miss Lois Hanly** is well known by many students. Along with teaching math and supervising activities she is student council adviser.

Keith Markuson is readily becoming well known around Forest Lake. A teacher in general science and biology, he also has taught many of the boys to operate the audio-visual aid machines.

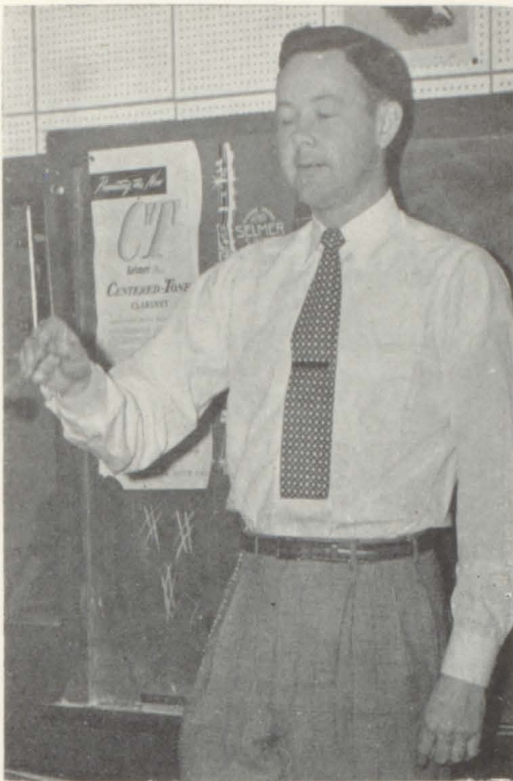

A familiar face is that of **Mrs. Solveig Hammond**. She has taught many of the juniors and seniors in her business relations class.

Instructing future stenographers and typists is the job of Mr. **Fred Bujold**, commercial teacher.

He knows what he's doing so it shouldn't blow up. **Harold Manley** is shown demonstrating an experiment to his chemistry class. He also teaches higher algebra.

An active personality around our school is **Rollin Nelson**. Along with teaching history, Mr. Nelson also directs FLHS's snappy band.

Things are always humming in the ag room when **Lee Sandager** is teaching. Sold on the idea of intelligent farming, Mr. Sandager passes on his knowledge to future farmers.

Peter Roman is a busy man as adviser to the BREEZE and FOR-ESTER. Besides these tasks he teaches economic geography and English.

Fortunate indeed are the girls of FLHS to have **Miss Ellen Keefe** teach them sewing and the important phases of homemaking.

An athlete teaching what she knows to others is **Mrs. Iva Keacher**. Along with teaching girls' physical ed she supervises GAA, tumbling, and cheerleading.

James "Pinky" Boyd spends a full day in the halls of FLHS where he teaches boys' physical ed classes and coaches football, baseball and basketball.

PTA

Taking an important part in school activities is the Parent-Teacher Association. Intended to bring the school and the community closer together, the PTA sponsors various activities at FLHS, the biggest being the annual Hallowe'en party.

One of the big projects of the group this year was to help promote school district reorganization. Their efforts were worth while and FLHS now has a bigger school district.

At left above, J. A. Hughes explains some of the advantages or reorganization to the membership. Above right, Roy Prentis, of the Bureau of Field Studies and Surveys, University of Minnesota, also speaks on reorganization. At the lower right, Forrest Ray, teacher, pays a fine at the Hallowe'en party's kangaroo court while gleeful youngsters look on.

STUDENT COUNCIL

The governing and legislative body of Forest Lake High School is the Student Council. Members are elected by their fellow classmates and try to help set up a co-operative school program that all may profit by. It sponsors homecoming, supervises student court, and operates the pop stand. Glen Shodahl is president and Miss Hanly, Mr. Davis and Mr. Manley are advisers.

THE LADS AND LASSES THAT CHECK YOUR PASSES

Pictured above are the hall monitors to whom you have given at least one pass slip during class time. Left to right, they are: Rosella Radtke, Frank Kinneman, Belinda McLean, Bruce Smith, Rita Landgraver, Windfield Olson, Carol Fulks, Vivian Anderson, Muriel Nygren, Rosalie Holl, Joyce Solem, and Leone Nygren.

Interested in a good book?

Also aiding the student body are the student librarians. Left to right are: Irene Ancke, Helen Goodine, Evadne Anderson, Judy Andersen, Audrey Simmons, Carol Belland, Jacqueline Rosengren, Diane Lindgren, Thomas Houle, and Thelma Anderson.

Everyone knows Melba Sahlin, Mr. Cohoes' secretary. Except when she's handing out duplicate make up blanks, Melba can be counted on for a cheery smile which helps you start the day right.

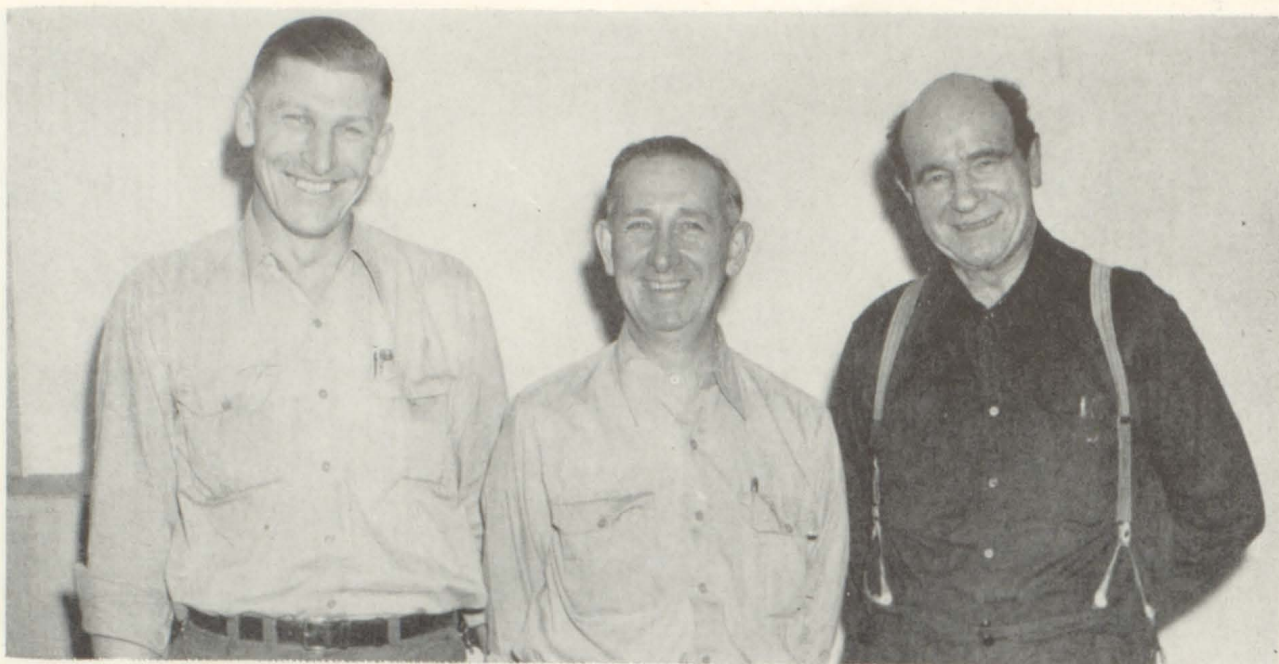

Too numerous to mention are the multiple duties of Grace Stephenson. Let it suffice to say that she is secretary to Mr. Hughes, and that with a boss as busy as he is, Grace's working day is always full.

We couldn't get along without 'em

Left to right, Mrs. Roskes, Mrs. Inga Schmidt, and Mrs. Collins dish out the noonday meal.

Our favorite janitors are, left to right, Ray Erickson, Lloyd Bohler and Al Lellman.

Neither rain nor sleet nor snow nor mud keeps these wizards of the wheel from making their rounds twice daily, transporting out-of-town students to school.

Shown from left to right are Paul Scherer, Hector Sivigny, George Landgraver, Donald Johnson, Walter Houle, Clem Dupre, foreman, Stanley Tolberg, Stephen Quigley, Harold Anderson, Mike Holtz-bauer, George Harguth, and Clarence Johnson.

GRADUATES

Leaders of the Senior class are its officers. Left to right, they are James Leroux, president; Jon Barrott, vice president; Linnea Johnson, secretary; Helen Strecker, treasurer.

Graduates of 1952

Senior class advisers and student council representatives are: Erwin Davis, Miss Ellen Keefe, Forrest Ray, Mary Jo McGrath, Glen Shodahl, and Marlys Swenson.

With Miss Lois Hanly and Mr. Keith Markuson their advisers leading them on, the 1952 graduating class of Forest Lake entered its hallowed hall as an enthusiastic freshman group in the fall of 1948.

As sophomores in 1950 this same group began to enter into many school activities.

Being upperclassmen in their junior year was a real accomplishment, but the biggest accomplishment of all came in 1952 when as seniors they marched into the auditorium for commencement exercises.

On the pages following are pictured the graduates of 1952 and 1953.

• **BARBARA MARY ABRESS**

Blue-green eyes, peaches and cream complexion, and a sparkling smile framed by jet black hair describe this hustling 5'1" senior. Steno is her favorite subject and office work will be her immediate career. Once you really get her laughing, she'll end up in tears.

• **EVADNE ANDERSON**

This dill pickle fiend loves stenography which she will use in the business field after attending Minnesota Bible College this fall. If she can't go on a camping trip or roller skating you will find her at home reading or sewing. In her senior year she was an active member of BREEZE.

• **IRENE ANCKE**

A former enthusiastic Latin student declares that "Go For Broke" was her favorite movie, and that hot fudge sundaes are tops. This blue-eyed blonde comes from Scandia and plans in the future to become a nurse.

• **LOIS ANDERSON**

After twelve years of Forest Lake school, Lois still thinks it's tops. Her favorite movie was "Mrs. Mike". Lois, a small blonde with twinkling hazel eyes has been in 4-H for seven years and thinks this experience with people will aid her in her future bookkeeping career.

• **CAROL ANN ANDERSON**

You are sure to find Carol eating chow mein or collecting stamps if she is not on the trail astride her favorite horse, Pepper. Her friendly personality will be an asset to her as she seeks her fortune as a receptionist.

• **JON CHARLES BARROTT**

An active student council member, Jon says physics and Mr. Manley are his favorite subject and teacher, and that eighth grade was his best school year. Jon's wisecracks should live as long as his hunting and fishing tales. After completing his term as vice president of the senior class, he will enter college and probably study to become an engineer.

• **DORIS MAY ANDERSON**

Doris' attractive appearance and pretty red hair will cause many an admiring glance as this shy young lady continues in the secretarial field. Shy or no, the twinkle in the eye of this member of the "twelve years at Forest Lake club" lets you know that she's really full of fun. Her favorite out of school activities are ice skating and movie going.

• **CAROL BELLAND**

As she plans to attend a medical college, it is easy to see why biology was Carol's favorite subject. Carol, who likes to collect letters from friends, is active in 4-H club work. This retiring young miss says that her sophomore year was her best school year.

• **MARGARET BEZEK**

Another newcomer to FLHS in her senior year is Maggie who transferred here from Edison in Minneapolis. This brown-eyed, brunette, 5'4" miss has done well here because of her friendly smile and disposition. Interested in all sports, she especially enjoys swimming and skating if it is followed by a meal of chicken chow mein.

• **JAMES COLLEN**

Don't ever dare this fellow, he loves to take a dare. An enthusiastic discussion leader, he does his best in that subject. If 6'5" isn't dribbling a basketball around the gym floor, you will find him reading a book. We will remember Jim's FFA lamb as a mascot on our sophomore float.

• **CLEITUS CHARLES BRACHT**

Cleitus, who believes Uncle Sam will take care of his future plans immediately after graduation, now divides his time between helping his father on their Stacy farm and hunting. His senior year and "Showboat" are tops with this fellow who becomes one year older every September 10.

• **MARION DORN**

Wherever there is dance music you are likely to find a light-footed and graceful homecoming Queen candidate who will answer to the name of Marion. Dancing is her favorite pastime, and after graduation she would like to be a dancing instructor, but Marion still finds time for a much quieter hobby—a scrapbook. Along with the rhythm from dancing comes a knack for writing rhymes.

• **JOHN JERRY BRISSON**

This popular senior was elected Homecoming king by his fellow football players and is well known by all in school, having participated in all four school sports besides playing hockey for Soderville. Any sports magazine or sports book will hold his interest, as his job choice of coaching will in the future. In addition to sports, Jay has held class offices in two former years and shop rates high with him now.

• **JEANETTE DUNCAN**

Jeanette's chuckle and vivacious personality enabled her to twice play the part of a southern gal in our two productions, "Oh Doctor" and "You Can't Take It With You". Her hobby is sewing, and she spends much time reading or writing letters. After graduation she may go to school to become an occupational therapist.

• **JACK BUSKE**

Auto magazines seem to Jack the best way to spend an idle moment if he has one when he is not hunting for anything from small game to a sleek deer. His hobby is taking care of guns and fixing up engines, while tuning in to cowboy or folk tunes on the radio. All his knowledge on cars and guns will undoubtedly be of aid to him when he becomes a mechanic.

• **ANNA MAE DUPRE**

A future dentist's assistant, Anna Mae will probably use her shorthand ability and agreeable personality to great advantage. Her favorite pastime, she says, are dates, a good show, or a lively dance. Writing letters is her most interesting hobby.

• **LLOYD DURAINÉ**

Lloyd, one of the few seniors on the 1951-52 football team, declares his hobby is milking cows, which gives you a good idea of his sense of humor. The Twin City Speedway races would lose a regular fan if some Sunday he should eat too much pineapple up-side-down cake. His plans for the future include animal husbandry.

• **DAVID PETER ENSRUD**

"Dave" who will be remembered as Ed, the glockenspiel player and mad printer in the class play, plays first clarinet in the school band and the German Band. One of the four who took the FFA trip to Kansas City last fall, he says that he likes movies, but that swimming and loafing are his favorite pastimes. Shop is his best liked class. Senior year has been his best, and the future will find him as a member of the Navy.

• **RICHARD EKBLAD**

Dick, a fellow with a quiet sense of humor, once you get to know him, will always keep you laughing. Dick's grin and his bright blue eyes are popular in most science and mathematics classes. This boy state representative from the senior class plays trombone in the school band and spends the rest of his time daydreaming and eating.

• **DONALD PAUL ENSRUD**

"Don" loves music and can often be found bolstering the choir's bass section, or at home practicing on his accordion. If by then you still haven't found him, he is playing somewhere with the German Band. An active FFA member Don was one of the boys to win a trip to Kansas City last fall. If he isn't in the Armed Forces after graduation, you surely will find him some place in the music world.

• **GLADYS ELLIOTT**

This dark haired girl with twinkling blue eyes is an avid roller skating, dancing, ice skating, and swimming fan. Always full of fun, and with plenty of good ideas, this former student council member, has been active on most decoration and food committees.

• **ROBERT FRENNING**

Math highlights Bob's high school schedule and he enjoys shop classes, too, either of which may help him in his future career as a surveyor or construction worker. This squirrel hunter and fisherman furthers his interest in music by singing in the choir.

• **THOMAS ENGQUIST**

Tommy, another busy senior, excels in the field of music by being student director of both band and choir, playing in the German band, dance band, clarinet ensemble, and singing in three choirs. Acting in the class operetta, class play, and one act play enabled him to become a two star member of the Thespians. The future will find him teaching music some place.

• **CAROL FULKS**

It is easy to see where this little gal acquires the nickname of "Squirt" or "Imp" since she is a mere 4'11½" tall. A session of roller skating, eating chow mein, and listening to the tune "Slowpoke" is an ideal setup for Carol. Her interest and ability in shorthand should aid her considerably in her future work in the secretarial field.

● **RAYMOND GATZOW**

"That was a whopper" is what Ray's friends say when Ray finishes telling them a story which may be about anything dealing with hunting or fishing or what his imaginary relatives did in Timbaktu. Ray continued his clowning as Donald, the negro house boy in the class play and brings with him his sense of humor and keen interest to social class.

● **SHIRLEY HUSNIK**

"Shirl" can't keep her feet still, because whenever there is music playing; she has to be dancing. Being the youngest member of her class has been no handicap to her, and she plans to work as a clerk or typist after graduation. Maybe her favorite subject stenography will come in handy.

● **RONALD ARTHUR GENZ**

A lot of people wouldn't be heard if it wasn't for this boy's abilities in running the loud-speaker. He also takes charge of the juke box, runs the movie projector, and acts as assistant manager on the track team. Ronnie has taken sciences and math all the way through high school to help him in his future career the field of engineering.

● **HARRIET JENSEN**

Harriet displays her pep by being a member of Pep club and GAA. "King Solomon's Mines" was her favorite show and roller skating remains her favorite pastime. Planning to work after graduation, she will probably grab a quick chop suey lunch which is her favorite food.

● **CHARLES HOLTZBAUER**

Ice cream, any shape or form, at any time, will always interest Chuck, who can become engrossed in a good movie or TV program any time. Managing the basket ball team and industrial arts keep Chuck busy around school and after graduation he plans to enter some branch of the military service.

● **LINNEA IRENE JOHNSON**

Linnea, who dislikes being called "Red" will usually answer to the name, like it or not. An avid fan of any type of history, she likes to read and go to the movies of which she declares "Showboat" is tops. Beside portraying the role of Alice in the senior class play, Linnea has acted as secretary to both band and the senior class.

● **JOYCE HUMBLE**

Joyce's favorite subject, stenography, will definitely aid this attractive Stacy-ite in finding a job as an office worker after graduation. Evenings might find this gal either dancing or enjoying a leisurely supper of chow mein. Experience for the future was gained assisting in the high school office, and being a room captain in the subscription drive.

● **VERNON CARL JOHNSON**

This jazzy trumpet player is one of the outstanding seniors in several different lines. First, he is an active president of FFA and choir. Secondly, we find him in the German band, dance band, school band, and many trumpet ensembles. A two star member of Thespians, Vern, a blond, acquired gray hair for the part of Mr. Kirby in "You Can't Take It With You."

• **RAYMOND KRECK**

After seeing him as Grandpa in the class play, when Ray finishes his navy career we know he will some day become a distinguished looking grandfather. People who argue are his pet peeves probably because they upset him so he can't enjoy his favorite food, pie. "It's No Sin" is his top song and his philosophy of life is to have a lot of fun while you are young.

• **MARILYN JEAN LONG**

School would be very quiet if Marilyn, always full of life, should suddenly leave to go riding horseback which is her favorite hobby. Also, the library would lose one of its habitues, as reading is her favorite pastime. Marilyn sings in choir and at present is taking voice lessons at MacPhail School of Music.

• **DEAN KUNSHIER**

Small and dark, Dean smiles as he gives his height as 5'2" and a wicked gleam comes into his eye when he declares driving around in a car is his favorite pastime. Shop is his best liked subject, and the future will find him building houses.

• **DENNIS LUTZ**

Talk about model airplanes and you'll find a willing listener in Dennis. Probably they are laying a groundwork for mechanics, his future vocation. With skiing his favorite pastime, Dennis' favorite class is shop. When he goes to a movie, he'd rather see army-type pictures than any other.

• **MARVEL JEAN LARSON**

"Lars", a 5'5" blue-eyed blonde from Scandia will long be remembered as the homecoming queen finalist with the black eye. If she isn't reading or sleeping you will probably find her eating Coney Islands with loads of raw onions. Fashion wise, this snappy looking hall monitor looks as if she just stepped out of *Mademoiselle*.

• **VIRGINIA MADISON**

Transferring to Forest Lake in her senior year, "Chee Chee," as she is often called, likes to play the piano in her spare time. Her appreciation of music explains why she is a member of choir and why she chose as her favorite show "American in Paris". In the future she would like to attend the Minneapolis School of Art and later go into the field of commercial art.

• **THOMAS LICHTSCHEIDL**

This fellow with the cheerful grin probably has developed his keen interest for dramatic movies from watching television shows, but outside of that he is strictly an outdoor man who likes hunting, skiing, skating, and fishing. After high school, Tom plans to be a mechanic.

• **EILEEN MATHESON**

Yea, Team! Watching a fast moving basketball or hockey game just can't be topped in Eileen's book. She is the only girl in the senior class that has been in both band and choir three years. A capable student in all her classes, she declares that American history was her favorite. This attractive girl with the pretty, long hair and sweet disposition plans to go on to Bible college.

• **LEO MATHESON**

A lot of fun sometimes comes in little packages. This describes Leo, who is seventeen and 5'5" with brown hair and blue eyes, who plans to farm after graduation. Remember when Jerry Johnson, alumnus, was outsmarted by Leo when he tried to use him as a dummy in one of his ventriloquist acts?

• **JAMES MOODY**

Jim who loves to tinker with an old jalopy declares "Excuse My Dust" was his favorite movie. In his car, this is his favorite expression, too. Sleeping being his favorite pastime explains why he never gets into mischief in Scandia where he hails from. (Ahem!)

• **NEIL JOHN MATTSON**

"Digger" divides his interest into two main channels, which include sciences, dominated by radio building and science courses. His other interest is music, which explains his favorite pastime, listening to records and his active interest in band and German Band. A future Gustavus Adolphus student, Neil says, "King Solomon's Mines", and chicken and rice can't be beat.

• **HELEN JANE NICHOLAS**

Helen transferred here in her junior year and helped in the direction of the senior class play. Her other school activities include band and choir. Helen, who lives on a farm near Hugo, says that riding horseback is her favorite pastime, while collecting statues of horses is her favorite hobby.

• **MARY JOAN McGRATH**

This amiable Girls' State representative has made herself well-known in school since she first transferred here in her freshman year from St. Joseph's Academy. Mary Jo, a homecoming queen attendant and peppy cheerleader, likes English and spends a good share of her time talking and trying to keep out of trouble.

• **ANN NYGREN**

When asked her future plans, Ann replied that she was planning on being a housewife. Although she was probably scared to death, she really enjoyed the movie, "The Thing" and will long remember it as she will also remember any heart touching story about animals. A choir member at school, she spends some of her after school hours working at Russell's Dairy.

• **JOYCE MILES**

Blonde, blue eyed Joyce is well-known around school as she was a Homecoming queen attendant and also participates in many other activities. Among these are tumbling and pep club, and she also had a major part in the senior class play. People that always complain, beware, because this is Joyce's pet peeve.

• **MURIEL NYGREN**

Muriel who likes to raise flowers, embroider, and bake cherry pies, asserts that home ec is her favorite subject and plans to further these interests by attending the home economic school at the University of Minnesota. Her talents in art are always in demand for decorating committees, bulletin board displays, and she usually captures first prize in most poster contests.

• **DANFORD OLSON**

A former junior class president, Danny says Math and Mr. Manley are tops in his school life. Danny served as a home room captain in the magazine drive and plans to go to the University of Minnesota after graduation. This Coon Laker always adds a note of humor to any class.

• **AUDREY JOAN SIMMONS**

"I'm sure you will like this book," Audrey will add with a smile after each book she checks out in her future career as a librarian. She enjoys seeing books she has read made into movies and enjoys embroidery but ask her to do dishes and she will say "Oh, no."

• **MURIEL PETERSON**

Dark brown hair, mischievous brown eyes, 5'5½" typify Muriel as she serves us from behind the counter of the Russell's Dairy Bar. She enjoyed being a junior but is having just as much fun being a senior. With home economics and Mrs. Houle as her favorites in the school world, outside of school you will find her either sewing, roller skating, or eating French fries.

• **DELORES ELIZABETH SMITH**

Delores, student director of the senior class play shows a keen interest in dramatics. Last year she excelled in her humorous selection in declam by winning first place in the school contest. Her favorite subject, bookkeeping, explains her ambition to attend business college.

• **DONALD RIECK**

This former sophomore president, who played the romantic Tony in the senior class play, loves to hunt and fish, and says Jerry Lewis is good for a laugh any time. Don comes from Stacy and claims ice cream as his favorite food and shop as his favorite class.

• **VIVIAN FREY**

This goodnatured Scandia-ite says cooking is her favorite hobby, and the seniors know her potato salad is tops, having served it at their class parties. A future typist, Vivian, likes to read and write letters, has been active in 4-H and at the present time is president of her local club.

• **RITA MAE SCHMIDT**

Quiet and dependable, Rita is in her element when she is working in the library, because one of her first loves is books. Rita, who acted as one of the twelve room captains in FOR-ESTER subscription sales, plans to go to Washington State Teachers college after graduation.

• **RICHARD SPRY**

"Dick's" hobby is making radios, so that is probably why physics is the subject in which he excels. He is an honor student in his other classes also. He was a transfer student in his junior year from Mankato and after college he plans to enter the business world.

• **HELEN ADELINE STRECKER**

This vigorous 5'2" Homecoming queen tosses her naturally curly brown locks and flashes her brown eyes as she captains the cheerleading squad and tumbles on the tumbling team. Besides taking steno and bookkeeping, two favorite subjects of hers, she is class treasurer and spends her spare time writing letters. Listening to "Because of You" and eating a chicken dinner with that favorite somebody would be perfect.

• **MARLYS SWENSON**

Totaling up the most points in the merit award system in her junior year, Marlys excelled in her senior year as an active student council member and student financial secretary plus committee chairman for Homecoming. This pert blonde from Scandia, being an accomplished pianist, likes music and dramatized the role of Penny, an artist and playwright in the senior class play.

• **FRED WEBB**

A car of almost any description, a joke or a sly pun, a friendly laugh, and a guy that staunchly declares he'll some day sail the seven seas, in the uniform of a U. S. sailor, all make up the friendly personality of a friendly guy who has haunted the halls of FL for twelve years. A baritone player in the band, Fred is also an FFA member and well known for his artistic ability.

• **WARREN WESTLUND**

Hailing from Stacy, this brown haired fellow shows a keen interest in westerns, both in book fiction and in movies. Other high spots on his list of interests are bowling, eating cookies, and shop class. His future plans are not definite but he may go into the farming business.

• **JERRY WINNICK**

A fellow that will not let himself be pushed around but yet has a deep respect for other people's feelings, is Jerry. Always full of pep and with a new story to tell, he has no definite plans for the future and says he doesn't have any interest at the present, but with a friendly way he shows an interest in all his different friends. His classmates find him a good fellow to know.

• **MELVIN WINNICK**

It's a riot when Mel affects his vacant expression, but engage him in a lively conversation and you'll soon learn how sharp he really is. He'll never be forgotten as Mr. DePinna, a discus throwing inventor, in "You Can't Take It With You." Mel is also quite a scrappy football player.

• **GLENDON SHODAHL**

Born just in time to insure a birthday every year (his birthday is February 28) was Glen, another hunting enthusiast. Besides hunting he says a favorite pastime of his is sleeping and also states emphatically that his pet peeve is giggling girls. Interested in sports, Glen participates in football, basketball, baseball, and track. He also played the part of Paul in the senior class play.

Camera

• **JAMES ANDREW LEROUX**

An outstanding FFA member, Jim showed early signs of his leadership ability by being freshman class president. He now climaxes his high school career by being senior class president. Being in the Marine reserve probably explains his liking the picture "Sands of Iwo Jima." While algebra is his favorite subject, hunting and fishing can't be topped as hobbies, he says.

Shy

• **JACK ERICKSON**

Possessor of two occupations is Jack, who besides working at a full eight hour job, also takes a full school program at FLHS. Jack says he has the most fun in English class, but likes geometry with Mr. Manley best. His hobby is cars and his future plans include taking a business course at Macalester college.

Seniors

Left to right: Bernie Elliott, president, Dean Lindgren, Marlene Johnson, Nancy Lakamp.

Graduates of 1953

Left to right: Nelva DeGroodt, adviser, student council representatives Windfield Olson, June LaBelle, Bernie Elliott, and Ray Daninger. At extreme right is James Boyd, adviser.

● JUDITH ANDERSEN

Maybe the reason Judy's top song is "Detour" is because she likes to visit new places. Her list of activities include associate editor of the BREEZE, FORESTER, GAA, student librarian, and choir. She is also GAA vice president and cultivates the hobby of photography. Like many other girls, she dislikes doing dishes. After attending the U of M, she plans on teaching either English or History.

● JEROME BLUMHOEFER

If Jerome's wish to visit Rome is realized he will probably bring back with him many pictures of Roman architecture or anything else he decided to snap with his camera. When he isn't busy working on FFA committees or helping his dad farm, he spends his time listening to the radio or reading the newspaper so he will be up on the current events in his favorite class, history.

● RICHARD ANDERSON

An odd combination of eating ice cream, making model airplanes, and just driving around top the list of favorites in Richard's activities. Maybe his airplanes have something to do with his interest in shop, his favorite class. Blond haired and blue-eyed, this six foot one gentleman would like to be a telegrapher after graduation.

● ROSEMARY BOEHM

Pounding out the bass drum, we find a television enthusiast. Rosemary, who also loves to bowl, play softball and basketball, all part of her GAA activities. Her freshman year really was a lot of fun and she will settle for fried chicken and French fries any time. Her interests in the future will fall in one of two fields, nursing or teaching physical education.

● GAYLE RAE BARTUSCH

Transferring from Wilson high in 51, Gayle got into the swing of things quickly at F.L.H.S. A state-wide known twirler, she is a drum-major-ette for the school band. Since tap dancing is one of her favorite hobbies, it is easy to see why after graduation she would like to operate her own dance studio.

● JOAN BRISSON

Hailing from Hugo, this 5'2", brown-eyed, brownette says that an invigorating session of either roller skating or dancing is her favorite pastime. Joan can always enjoy a plate of French fries, her favorite food. Plans for the future are in some phase of the clerical field.

● DOROTHY BELLAND

"Dottie," always willing to help out when there is a poster to be made, says her favorite subject is typing. This should come in handy when she begins work in an office. The Rustic Inn makes a fortune on her craving for fried chicken.

● CARROLL BROADBENT

Dark brown hair, and mischievous green eyes describe this 5'9" football player who hails from Coon Lake. Once his shy exterior is pierced, Bucky is a lot of fun and was elected secretary of FFA by his fellow Future Farmers. After a trip to Texas to see the ranches, he will probably come back to Minnesota and farm, as he has won many awards in agriculture.

● **PATRICIA LOU BROADBENT**

Pat, as she is known to everyone, is the proud possessor of dark brown naturally curly hair. A favorite hobby of hers is going to Doris's or Rita's house and while there she is probably treated to a meal of oysters. This former sophomore class secretary would like to travel after she finishes high school.

● **PAUL FURRER**

Sitting around doing nothing, best school year—first grade, playing basketball or football could only explain one person—Paul Furrer. Blond, with blue eyes and 6' 1", this lad likes to eat apple pie while listening to Patti Paige sing or Danny Thomas tell jokes. His enjoyment of sports may explain why Paul wants to become a coach.

● **RAYMOND DANINGER**

Ray, a guy who has friends of all ages, is willing to listen to any one's troubles and offer some usually good advice. Lending his manly 6' 2" to the basketball team and representing his class on student council for the past three years probably explain why Ray is so well known. Bowling a game with the fellows will get his interest any time.

● **DUANE GARRISON**

A GOOD sirloin steak supplies this boy with energy for any of his interests. Swimming, hunting, fishing, attending the stock car races, or going to Jerry Lewis and Dean Martin movies. His spare time is spent working on cars and he plans to attend Dunwoody and become a mechanic if he does not farm.

● **MARY BERNADETTE ELLIOTT**

Bernie, junior class president, represents her class on student council, edits the BREEZE, sings in choir, is associate editor of the FORESTER, and still maintains a "B" average. In addition, she finds time to play the piano, sing, read, write letters, and still be a gal who has a lot of fun and a lot of friends. Being versatile in her abilities, she should succeed in math, English, or some phase of music.

● **ANDREW GOIFFON**

An active FFA member, Andy divides his interest between ag and shop classes both of which will be assets to him when he begins to farm. An exciting baseball game, fruit salad, and Jerry Lewis' comedy, "That's My Boy" all interest Andy who is a lot of fun at school dances. A motor trip through the scenic mountains of the western states would some day prove an interesting trip for him.

● **ELIZABETH GRACE ENGQUIST**

Betty, or "Dimples," as she is sometimes called, is 1½ inches taller than the traditional 5 foot 2 with eyes of blue. An evening of roller skating topped off with a meal of steak and chocolate ice cream would be ideal in Betty's book. She would like to become a teacher when she finishes college.

● **HELEN GOODINE**

A future candidate for the nursing profession is this pert blue-eyed blonde whose favorite hobby is working with animals. She also enjoys any kind of sport, and when Helen has extra time to pass, she likes to look at good magazines, listen to the radio, or practice her typing. Typing, incidentally, was her favorite subject in school.

• **EUGENE HALLBERG**

Whoever said girls like to gossip hadn't met Gene, a friendly good looking fellow that blows a wicked first trumpet in the high school band. How his pet peeve and also hobby can both be girls is beyond me, but that is what he declares along with his favorite food, ice cream and the song "I Get Ideas". After attending a business college, Gene plans to work with his father.

• **ROSALIE GERTRUDE HOLL**

Pasting in her scrapbooks, listening to the radio, writing letters, and making and eating tuna fish salad picture Rosalie's home life. This sparkling little blonde loved geometry class and is always full of life whether she is tumbling with the tumbling team, singing with the choir, or just being your friend. A future nurse or teacher, we now find her after school hours working at the drugstore.

• **KENNETH HENNAGER**

Kenny hops in the car, turns on the radio to Bob Crosby's Club 15, and afterward goes to a movie, probably starring either Gary Cooper or Jane Russell. Hamburgers and French fries put the finishing touches on the above evening and the next day we find him in bookkeeping, the field in which he plans to major in business school.

• **BEATRICE HOLTZBAUER**

Beatrice likes fried chicken, reading, and enjoys listening to the radio while she is writing letters—her hobby. "Beats" who has light brown hair and blue eyes is 5'5" and secretly dreams of owning and operating a big cattle ranch in the West.

• **PATRICIA HERMES**

This quiet young lady with light brown hair and blue eyes whose favorite pastime is reading, states that "Champions Choice" is her favorite book. Patsy, who likes English and bowling and is presently a GAA member and Future Homemaker. Maybe some day she will kill the old hen and cook her favorite dinner, chicken.

• **RICHARD HOULE**

Rich is always ready to volunteer for any committee, works hard on it, and enjoys it as much as he enjoys going to school and his mother's home cooking. A basketball player, his interest is keenly aroused by history and his secret ambition is to go to Russia and analyze the situation there. Presently spending his spare time tinkering with radios, St. Thomas or the U will claim him after he graduates.

• **IVAN HODGES**

This future sailor is a little bit up in the air over model airplanes which are his favorite pastime. Ivan likes world history and probably plans to see the world while in the Navy. He also likes Mr. Hammond's shop class along with some other high points in his interests like the movie "Three Little Words", the book "White Python" and the song "Bermuda".

• **THOMAS DUANE HOULE**

Sleeping, eating, and talking seem to be this sports writer's favorite pastimes. Like many other boys, he found "Home of the Brave" his best liked movie and afterwards like many others, he probably enjoyed a lunch of steak and French fries. Tom, whose pet peeve is people who talk behind your back, plans to attend the U of M and major in radio and speech.

● **MARLIN HUGHES**

Marlin's favorite pastime is training for a sport and this occupies most of his time, but he takes an active part in them all. His hobby is camping, and Dean Martin and Jerry Lewis keep him supplied with laughs. Shop, his favorite subject, may equip him somewhat for his future plans for working with airplanes.

● **RICHARD JOHNSON**

Known as "Emil" to his teasing friends, Dick (another name) states that chemistry is his favorite class and knowledge on this subject may be of aid in a future career of electrical engineering. Tops in the musical field with Dick are playing his trumpet, "Showboat", and singers Johnnie Ray and Dinah Shore. He says his favorite food is lemon meringue pie and a pet peeve of his is women!

● **WHITNEY HULLEMAN**

Transferring here from a twin city school in his junior year, Whit made friends easily with his twinkling eyes and friendly smile. Working at Erickson's station outside of school hours and getting settled in Forest Lake took up all of his spare time.

● **TEODORS KAULS**

If you meet a tall fellow with a cute little dimple walking down the hall on his way to algebra, his favorite class, listen close and you will probably hear one of his friends say "Hi Tedi!" A transfer here from Latvia in his freshman year, he likes Forest Lake and has quickly adapted himself to Forest Lake basketball and track, and American TV, his favorite pastime.

● **JAMES ORLO HURSH**

This smooth looking junior's plans are undecided but you may be sure they will include a lot of hunting and fishing at his favorite retreat. As far as school subjects go, industrial arts seem to strike a high note in his interests. Jim always has something up his sleeve which adds a spark of interest to class.

● **CAROLE JOANNE KINNEMAN**

An active member of GAA, Carole is always willing to give a hand in any other project, too. Although listening to the First Piano Quartet is her favorite pastime a profession of nursing and maybe eventually becoming a doctor are her plans for the future.

● **LO ANN JOY JANSSEN**

LoAnn, the well known writer of the BREEZE column **Rustling Leaves**, likes reading and English, both of which provide her with material and ability to write her column. This willing worker, who staunchly declares she is an isolationist, but proves otherwise by her capable work on committees and other class activities.

● **JUNE KAY LABELLE**

One of the busier girls in the junior class is this attractive blonde with the dark brown eye brows and lashes. Among the things that occupy her time are cheerleading, being student council representative, choir member and officer, band member, and BREEZE and FORESTER proof reader. June also keeps up her studies so she is almost a straight "A" honor roll student.

● **NANCY LAKAMP**

This treasurer of the junior class transferred from Chisago City in her sophomore year and has brought her interests of skating, swimming, reading, and listening to the radio right along with her. Nancy is a member of choir and will probably some day be singing in a nurse's choir if she follows this profession.

● **LEO LUNZER**

"Squirt" as he is known to many people is probably the shortest boy in the junior class, standing 5'3" tall. With light brown hair and dark brown eyes, he is fun to have in class because of his clever little jokes that everyone, save himself, thinks are funny. Squirt, who is always active on class committees, plans to attend Dunwoody Institute and become a barber.

● **RITA LANDGRAVER**

In 1953, Rita will have ended twelve full years at Forest Lake. In these years, she says that her sophomore year was her best. Her like for Stuart Granger maybe explains why she enjoyed "King Solomon's Mines". In the future she, like her two comrades, Pat and Doris, wants to travel.

● **LELAND MATHESON**

Lee's pet peeve is seeing anybody smoke, and he spends his spare time driving around in a car. His current favorite is "Down Yonder." A future Dunwoody student, he then plans to become either a mechanic or drive a truck if he doesn't pursue a career of farming.

● **DEAN LINDGREN**

Dean, who would like to play professional hockey some day is an active FFA member and spends all his spare time in Scandia hunting and fishing. Study is his favorite class, but Dean captured the vote of the junior class, anyway, and was elected vice president. He insists that nothing bothers him more than women drivers.

● **BELINDA MARY McLEAN**

Wide blue eyes with dark blond hair, and probably the longest hair in high school partially describes "Bunnie". Collecting knick-knacks is a favorite hobby of hers. At present she is a member of the tumbling squad and she also enjoys swimming. Guess why she would like to become a physical education teacher?

● **DIANE LINDGREN**

Being a twin is lots of fun says "Lindy" who plans to go to Gustavus Adolphus and take nurses' training and maybe some day become an airline stewardess. If ever snowed in at Scandia and unable to attend her favorite classes, English and Chemistry, she would probably resort to reading a favorite book "Pride and Prejudice". Diane, GAA bowling captain, has worked on many home room project committees and will probably enjoy her hobby of photography if she ever visits the Hawaiian Islands.

● **BARBARA McMILLAN**

This striking black haired, brown eyed miss transferred to FLHS from West high at the beginning of her junior year. Her favorite pastime, she states, is going to movies, of which her favorite was "Enchantment", and afterwards a small lunch of either steak or fried chicken. After graduating she would like to attend the U and become a secretary.

• **THOMAS JOSEPH MITCHELL**

Although he is a consistent "A" honor roll student, "Mitch" finds time for other things besides books. The time spent after school is usually in training for football, basketball, track, or baseball. Majoring in math and science throughout high school, Mitch plans to go on to college and continue in this field.

• **HARRIET OLSON**

Collecting curios, an interesting and educational hobby, provides Harriet with many a tale and with which to entertain her friends. Her shining brown hair and pretty green eyes combined with her sweet smile will make Harriet well liked in any office she decides to work in as a typist or stenographer.

• **JANET MOODY**

Playing her accordion, collecting foreign knick-knacks, and listening to records by Guy Mitchell and Doris Day, keep Janet occupied most of her extra time. However in case she tires of this, she resorts to eating her favorite food strawberry shortcake. In the future, she has plans of attending the Lutheran Bible Institute and later become either a secretary or missionary.

• **WINDFIELD OLSON**

This popular fellow has been elected by his classmates for the past three years to serve on student council and if his future dreams come true, he will some day become a coach and train other young fellows to excel in football, basketball, and baseball like he himself has. Windy declares his hobby is just looking at pretty girls!

• **LEONE NYGREN**

This active GAA president also plays tenor saxophone in band and sings in the soprano section of the choir, so it is easy to see why both music instructors rate high on her list. Since first grade, Leone has participated in many class activities. She spent last summer working at the local dairy, and in her spare time enjoys reading and watching television.

• **DONALD ONSAGER**

With shop as his favorite subject and class, it is quite easy to see why Don wants to attend Dunwoody and become either a mechanic or furniture maker. As far as pastimes go, he is strictly an outdoor man enjoying such sports as swimming, skiing, and skating. His favorite tune he gives as "Down Yonder" which may explain why he'd like to travel to Kentucky in the future.

• **EUGENE OLSON**

After interviewing Gene and finding out cooking was his hobby and frog legs, his favorite food, we now wonder if he catches his own frogs! Our spirited student football manager's favorite pastime is roller skating and while shop is his favorite subject, if he doesn't don a chef's white cap in the future he plans on farming.

• **DORIS JANE PALMER**

Going to Pat or Rita's house is her favorite hobby, and while there they all three probably do plenty of eating which is Doris' most enjoyable pastime. Her sophomore year, phy ed, and "Pinky" Boyd are included in this girl's school favorites. After her twelve years at FLHS are over she has dreams of traveling . . . anywhere.

● **ROSELLA ROSE RADTKE**

"Sally" as she prefers being called is about 5'2", has light brown hair and blue eyes. Though she has no special hobby, roller skating is definitely her favorite pastime and typing her favorite subject. One of the eight talented tumblers, Sal plans to work in an office after completing high school.

● **ROBERT SCHMIDT**

Little Bob with his quick smile says shop can't be beat and enjoys it so much that his hobby is woodwork. In the future he plans to pursue this career in a vocational trade school. After enjoying a big piece of lemon pie, Bob likes to settle down to reading a good book.

● **JULIETTE REGNIER**

Natural curly hair is a prize possession of Juliette's, which, along with her twinkling eyes, will make her a sparkling secretary or file clerk. "Royal Wedding" can't be beat in her choice of shows at it contained a lot of dancing which is her favorite pastime.

● **BRUCE SMITH**

Don't let that expression fool you! Behind those blue eyes there is sure to be a joke in the mind of this former class president. Maybe his chief dictionary for all these jokes is his favorite comedian, Jerry Lewis. Sports are his chief interest although he takes out time to sing in the school choir.

● **SHIRLEY RYDEEN**

This 5'7" blonde, blue eyed girl from Scandia intends joining the WACS after she graduates from FLHS which she has attended since she was a freshman. Gossipy people, beware of Shirl because this is her pet peeve. She enjoys bookkeeping class, the song "Slowpoke", the show "That's My Boy", and a big plate full of chow mein. Shirl would like to travel to Cuba, or some place where it is nice and warm all year round.

● **JOYCE SOLEM**

A future nurse, blond, blue-eyed, Joyce spends much of her time collecting picture postcards and roller skating, when she isn't browsing through a good book. Science ranks tops among her subjects while GAA takes up her extra-curricular time.

● **YVONNE SAN CARTIER**

An enthusiastic stock car racing fan, Yvonne also can settle down to a calmer pastime, watching television. She names Vaughn Monroe and Jo Stafford as tops among popular singers. Typing was her favorite subject and it will probably aid her a great deal in becoming a secretary.

● **JULIE ANN SWENSEN**

"There is music in the air" when Julie bakes or cooks and she is probably trilling some of the lyrics from choir tunes. This mischievous gal also enjoys a good book and an entertaining movie. Her jolly disposition and quick smile will definitely be assets after she attends business college to become a medical secretary.

• **LOIS THOMPSON**

Blond hair, blue eyes, and literally bubbling over with vitality partially describe Lois. Ice skating in the winter and reading at other times dominate much of her spare time. When she finishes high school she plans to become either a stenographer or a civil service worker.

• **HARRIET TRUE**

This high note soprano enjoys a last game of badminton or a refreshing swim so it is easy to see why she is a GAA member. Musicals are really top notch in Harriet's opinion of Hollywood productions. While world history was tops among her school subjects, she plans on becoming a stenographer.

• **PAUL TYLER**

Full of fun almost any time is this versatile hunting and fishing enthusiast from Coon Lake. Attending FLHS since his freshman year, Paul has taken an active part in football, basketball, baseball, and track. After graduation he plans on entering the Marines for six years, providing "she" approves.

• **NEIL WEBERG**

Neil is another sportsman from Scandia who enjoys hunting and fishing and in addition loves eating watermelon and steak. The natural curly blond hair and snappy blue eyes of this fellow are well known in baseball and track. After attending college, Neil hopes to become a medical doctor.

• **MARLENE JOHNSON**

This music enthusiast spends her spare time either playing the piano or listening to music on the radio. With all this music in the air it is easy to see why rudiments and musicals with Dan Dailey, Doris Day, or Mario Lanza capture her interest. Experience gained from being secretary of her class and her friendly smile will make any employer who hires her as a secretary well pleased.

• **DELORE HAWKINSON**

A tall blonde hunting and fishing enthusiast and hockey player who answers to the name of Hawkeye dislikes conceited people and always gets a laugh out of Jerry Lewis. Shop, western stories, and the movie "My Favorite Spy" are some of the top ranking interests of this future navyman.

CAMERA SHY JUNIORS

• **BRUCE DAHLBERG**

Girls beware! Bruce states emphatically that his pet peeve is girls! Shop and ag courses taken here may some day be broadened at the University of Minnesota. Planning on becoming a farmer some day.

• **ALVIN DAMMANN**

Living on a farm, Alvin is learning how to improve farm methods by being an FFA member and participating in many of these activities. He adorns his room with many of the model airplanes which he builds himself, so it is easy to see why shop is his favorite subject and why he holds Russell Hammond in highest esteem.

• **KENNETH EKVALL**

Curly haired Ken is a bit on the retiring side, but his ready smile helps him make friends easily. Ken is also a diligent worker in shop, and the papers fly in study hall when he's working on his blueprint reading.

• **HANS LINDEN**

Hans is spending this year with us as an exchange student from Germany, studying hard in ag classes so he can tell of American ways when he returns to Germany.

• **FRANK KINNEMAN**

Hailing from the Coon Lake district, and to be more specific, the Game Farm, is Frank. Since his freshman year here, he has become quite well known as an outstanding member of the football team.

• **EDWIN MANN**

If you aren't well informed on a subject please don't argue with Ed because he hates to have anyone argue with him when they don't know what they are talking about.

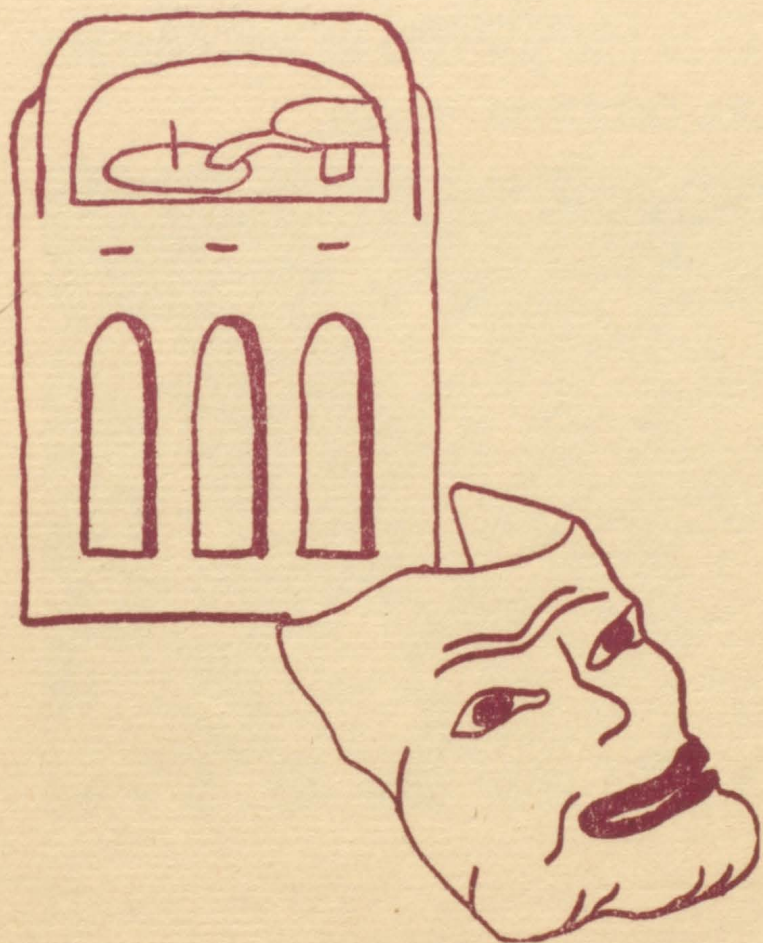

• **CLAIR NELSON**

Airplanes probably decorate the room of Clair seeing as this is his favorite hobby, one which makes it hard for him to concentrate on his English and higher algebra, his top subjects. Planning on taking a course in carpentry at a trade school maps his future plans.

• **JOHN OLSON**

As airplanes fly over our heads in the future we might expect one of them to be piloted by John if he makes a career of the air force as he plans. Right now he enjoys loafing and the class he looks forward to the most he says is vacation. When he turns the radio on with Guy Mitchell and Peggy Lee singing, loafing is perfect.

Eddy Engquist, Charles Rhodes, David Ensrud, and Tom Engquist get together to entertain the PTA.

One of the largest organizations in Forest Lake High is its snappy band. Mr. Rollin Nelson the director has spent many endless hours to help each individual student so as to produce not only a fine musical group but also an outstanding marching unit. New hats with plumes made this flashy outfit even flashier.

The band attended all major football and basketball games besides marching in the homecoming parade. They also marched at Anoka and Columbia Heights where two trophies were won. Shelbe Sahlin, drum majorette, and her high stepping companions, Connie Ostrom, Marlene Palmer, Amarylis Coloumbe, Glenna Case, Donna Christianson, and Gayle Bartusch lead the marching band.

Joan Dick directs a massed choir at the MEA convention in the Minneapolis auditorium. The Forest Lake choir is in the center of the group.

Sing Me a Happy Song

Forest Lake High School's active choir took part in many music festivals throughout the year. One of these was at the MEA convention in Minneapolis as the above picture indicates. They also put on an operetta under the direction of Mrs. Joan Dick. The operetta was H.M.S. Pinafore.

Shown at the right singing a solo is Barnie Elliott, accompanied by June LaBelle.

"O Little Town of Bethlehem", sings the choir as a background to the Christmas tableau.

Publications

Forest Lake's two major publications are well known to the student body. Members of the Forest Breeze newspaper staff, and of the biannual staff, work long hours not only during study periods, but after school, too.

Extracurricular activities, the Breeze and Forester carry no school credit, yet the budding journalists getting their first taste of meeting deadlines often put more time into their writing and editing than they do into a regular class.

More than likely that is the reason the Breeze recently won its twelfth All-American award for high school newspapers from the National Scholastic Press Association.

You've guessed it! The picture above shows the backbone of the Breeze staff working late one Monday night rushing to meet Tuesday morning's deadline. Left to right are editor Bernie Elliott, Sophomore editor and staff photographer Paul Wahlquist, copyreader June LaBelle, associate editor Judy Andersen, and columnist Lo Ann Janssen. At the extreme right is Gayle Rae Bartusch who was inveigled into retyping some copy that might have been difficult to read by the Times' linotypist.

It was difficult to get all the busy reporting, proofreading, and editing staff away from their varied jobs, but here they are pausing between editions.

Row 1: Amarylis Coulombe, Judith Johnson, Karen Hursh, Jean Schmitt, James Banta. Row 2: Gloria Wenzel, Karen Anderson. Row 3: Bernie Elliott, Evadne Anderson, Judy Andersen, LoAnn Jansen, June LaBelle, Ida Mae Peterson, Thelma Anderson, Carol Anderson, Betty Quale. FOREST LAKE FFA CHAPTER

The FFA Chapter, an organization for boys enrolled in vocational agriculture classes, has a membership of 72 boys. The activities of this active group are of a great variety. Most emphasis is on activities to assist members in learning better farming methods. Other activities train for citizenship, leadership, cooperation and community service.

Boys have participated in livestock, crops, soils, poultry, and horticulture teams in district and state competition. A parliamentary procedure team and a public speaking contest have offered members leadership activity.

Weekly business meetings are held to plan and discuss the many activities. Recreation meetings are held every other week while social parties are held jointly with the FHA once a month.

Climaxing the year's activities is the Annual Parent and Son Banquet held each spring when over 200 boys, parents and friends meet for an awards program and dinner.

Another highlight of the year is the State FFA convention held at the University Farm in May in which members take part.

1951-52 officers heading the FFA are: Jim Le-roux, president; Jack McGrath, vice president; Carroll Broadbent, secretary; Bob Olson, reporter; Dick Olson, treasurer, and Lee D. Sandager, adviser.

With "Timber-r-r" as their war cry, the Forest Lakers attempted to wrest victory from the North Branch eleven in the 1951 Homecoming game.

Festivities began with the daytime parade, followed by the outdoor pepfest. "Mr. Football" was revealed to be Vernon Johnson — as if everyone didn't already know.

Helen Strecker, popular cheerleader, was chosen queen over the festivities, and was crowned between halves of the night game.

The Rangers lost the game, but that couldn't diminish the excitement and gayety of Homecoming.

Above, Homecoming King Jay Brisson crowns the new queen.

At right, one of the colorful floats in the daytime parade.

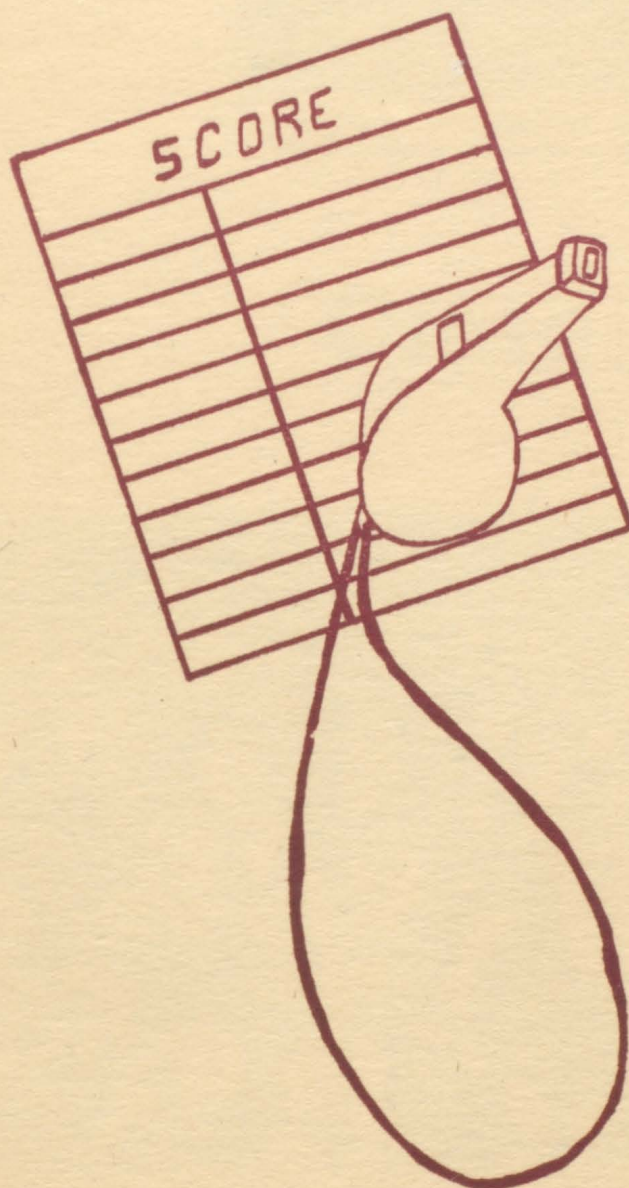

Coach Boyd officiates at a mock wedding skit presented at the junior pepfest preceding the North Branch basketball game. (The Rangers won, by the way.)

It's "Do-si-do" as the eighth graders swing their partners in a rhythm class. Some of the boys look a little uncertain about the whole thing, but just wait until they're seniors!

The high school students got a bang out of the Ambassador Quartet pictured at left. In a lyceum program, they sang, clowned, and played the Swiss bells for an appreciative audience.

SPORTS

Shown rendering Hep Hep are cheerleaders Helen Strecker, captain, Jun LaBelle, Mary Jo McGrath, and Connie Ostrom.

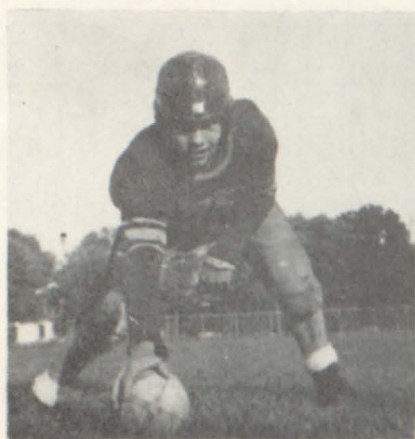

On to Victory

Faithful followers of the teams whether in victory or defeat were Forest Lake's peppy cheerleaders. The ever agile four, Helen Strecker, senior, June LaBelle, junior, Mary Jo McGrath, senior, and Connie Ostrom, freshmen, went wherever the team was playing, regardless of weather or means of transportation.

Their eye catching uniforms were gold sweaters and maroon culottes, made by the girls themselves.

The reason why the cheerleaders were always smiling was that good sportsmanship and fighting spirit were always shown by all of FLHS's teams throughout the entire year. On the following pages are pictured Forest Lake's athletic heroes.

The Vikings spoiled Homecoming by defeating the Rangers 14-6. The Vikings led at the half 7-0, but the Rangers came back with a fiery attack and Winnick carried the pigskin around left end for a touchdown. North Branch scored another touchdown in the fourth quarter to clinch the victory and hand the Rangers their fifth loss of the season.

BASKETBALL

It was 16 straight games for the Rangers in the 1951-52 season as they rolled over all competition in conference and sub-district play.

With Paul Furrer leading the scoring, they entered the district finals with high hopes which were dashed by a heartbreaking loss to Chisago City 71-70.

Winning the conference and sub district titles was a splendid achievement for the Forest Lake bucketeteers, however, and a tribute to the never-say-die spirit of the team and their confidence in coach James Boyd.

At left, Ray Daninger goes up high for two more points.

Shown above is hard-driving Ranger guard Glen Shodahl going up for a basket. Glen played regular guard along with Vern Johnson. Both are seniors and played on the first five for two years.

At the right is Paul Furrer going up for a jump ball along with a North Branch player. Waiting for the tip is Jim Colleen, senior center, who was second high scorer on the team. Colleen also had the high total for one game, 33 against Chisago City, in the district.

BASEBALL

The Ranger baseball team had a mediocre season finishing up with a record of 5 wins and 4 losses. The team was young though, and should have a good year in 1952. Only three lettermen have graduated, and of the three, only one was a regular.

Forest Lake started off the season strong by winning their first two games. The Rangers took the measure of Pine City behind the pitching of Alan Solem. Jack Erickson pitched a good game to beat Rush City 4-1. Then Pine City turned back the Rangers 11-7.

Coach Boyd used Reick and Olson on the mound, but neither of them could halt the Oregons. Weberg had a big day at the plate by getting 3 hits in 4 trips.

Chisago City came to town and

humiliated the Rangers 19-1. It wasn't until the seventh inning that the Rangers managed to push across a run. The Rangers then got knocked off by Rush City, but beat the Indians at Chisago behind Solem's pitching. The Rangers beat North Branch and Lindstrom after school was out to gain a berth in the district. Hinckley drubbed the Rangers and went on to win the district.

Because a group picture was not taken, the following lettermen are not pictured: Jack Trudeau, Dick Volkmann, and Jack McGrath.

TRACK

Track had a good turnout in mid-April and Coach Manley had the squad run down Broadway to Lunzers and later to the end of Broadway.

In May, the trackmen traveled to Anoka for a meet with Anoka high. Forest Lake made a good showing but couldn't match the depth of Anoka.

A quadrangular meet was held at North Branch with Forest Lake, North Branch, Rush City, and Lindstrom. Forest Lake took second while North Branch took first place. The district was held on May 28 at North Branch. The Rangers took fourth place with 43 points. Pine City took first, North Branch second, and Moose Lake third. Those who placed in the district were Patterson in the high hurdles and high jump, Solem in the shot put, discus, and high jump, Kolbow in the 100 and 200 yard dashes, Kauls in the broad jump, and the relay team composed of Jay Brisson, Vern Johnson, Ted Kauls, and Ron Kolbow.

Coach Manley is hoping for a good year this season. A lot of young talent was out last year and should be back this year.

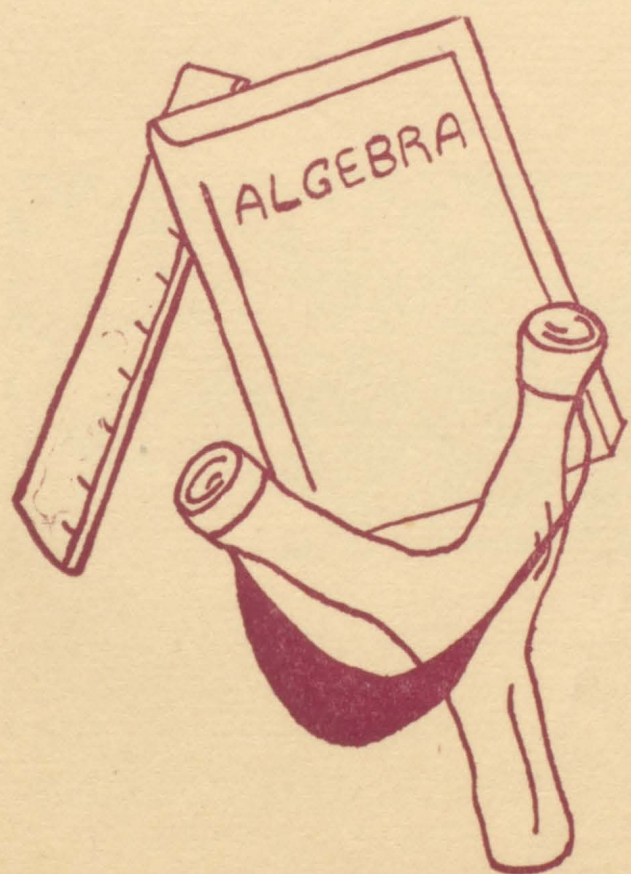

Pictured above is the FLHS tumbling team. The girls are, from left to right, Row 1: Gretchen Olson, Joyce Miles, Mary Jo McGrath, Rosalie Holl. Row 2: Sally Radtke, Belinda McLean, Doris Palmer and Helen Strecker.

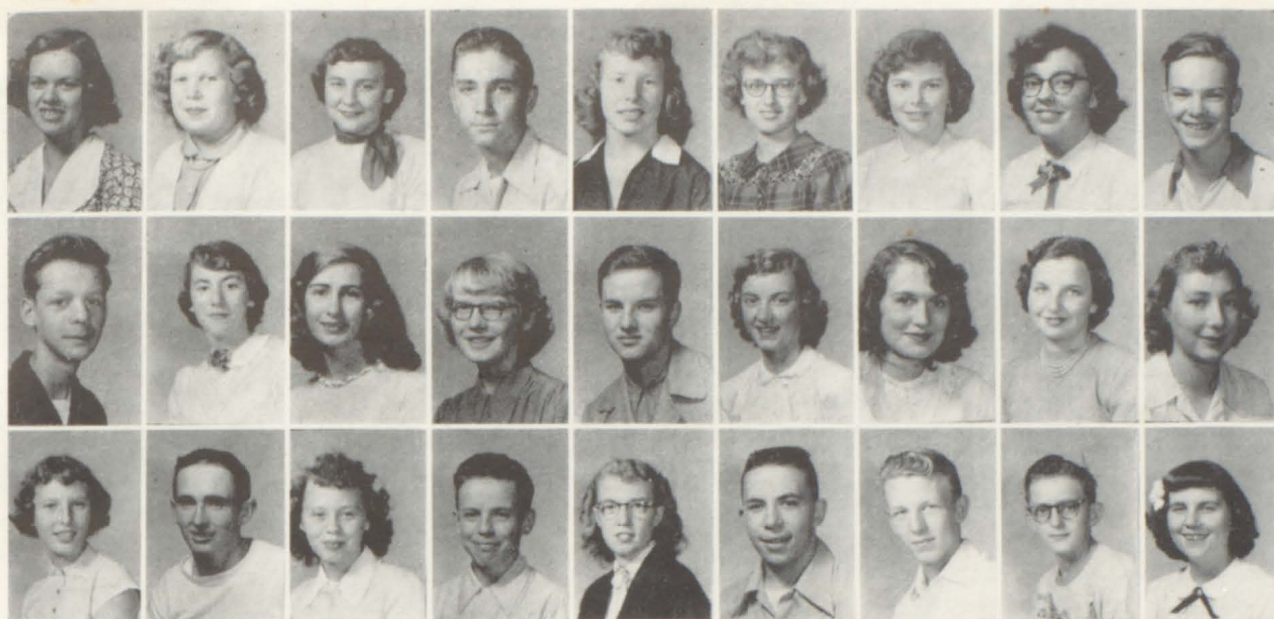

Girls' Tumbling

Although there are only eight girls on the tumbling team there are many who would like to be. It requires ability, grace and balance to do the necessary cartwheels, rolls, flips, backbends, and headstands, etc. Mrs. Iva Keacher directs the girls, who have performed at different school activities throughout the year.
