## A Word from the Editors

We'd like to introduce you to your '60 FORESTER. Within its pages you will recognize classmates and teachers, events of the year, and a new look at classroom activities, giving you a likeness of Forest Lake High School, 1960.

As you scan the pages of this book, you will notice a few new or different features. Color is the key word in the opening section. Since academic activities are such an important part of school life, we have attempted to focus attention on them by highlighting the Faculty and Academic section with a variety of classroom candida. With an increasing number of students to account for in the FORESTER, because of the expanding enrollment at FLHS and the increasing size of our annual, we found it necessary to include an index in back of our book to assist you in locating the activities and friends you wish to see.

In presenting this book, we want to say a sincere "thank you" to businessmen who purchased advertising space, school personnel who patiently endured the disturbances of their daily routine, David Bank Studios for the many candida which appear in our book, and a special "thank you" to Mr. Rafferty, our consultant and advisor.

# Dedication

T

HROUGHOUT our years at Forest Lake High we have recognized many people as our leaders, advisors, and friends. They have gained recognition by their immeasurable dependability and friendship.

But behind the school scenes — at home — lies the genuine guidance and understanding. The love and security we need has its roots here, growing, never failing, year by year.

Our parents are our guiding light — whose interests have been in the improvement of our lives — whose love and encouragement have been inspirational — and whose never-ending sacrifices have made possible these years of high school.

So to you, Mom and Dad, we respectfully dedicate this 1960 FORESTER.

# Experienced Men Guide F. L. Schools; Meet Problems As Numbers Soar

Without these leading administrators our school could not function. These are the men who make the final decisions concerning the operation of FLHS. Throughout nearly every day of the year, they are to be found confronted with many problems. The Board of Education members act in the capacity of policy-makers for this school district, as well as holding their regular jobs as private citizens. These men sacrifice a great deal of time, putting school duties before their own pleasure.

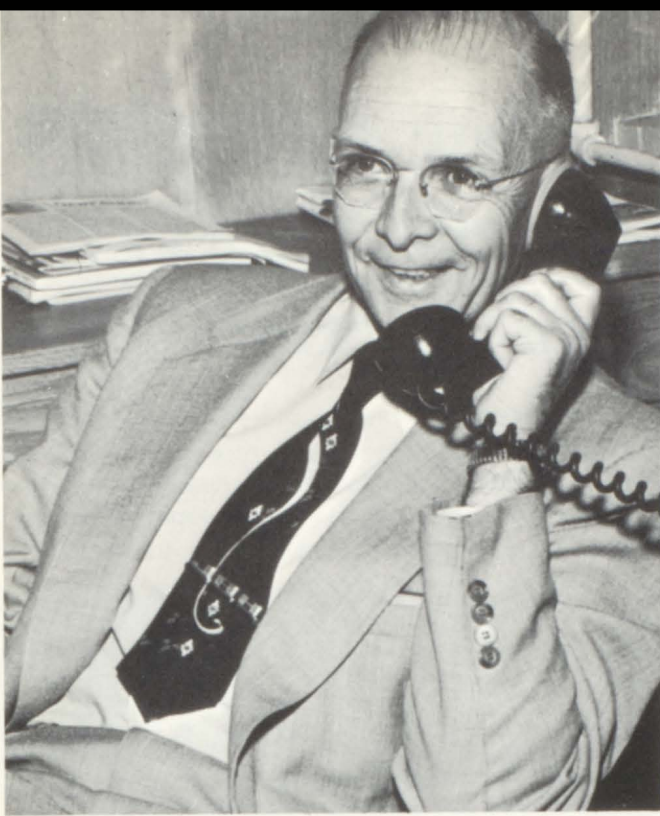

Deciding whether a bond issue should be brought to a vote, accepting bids for school services, from building

projects to hot lunch programs, and generally acting as the representatives of the people of the district are all part of their duties. The members of the school board have the authority to hire new teachers, create new departments as they are needed, and keep FLHS up-to-date and running efficiently. Elected by the people of the district, these board members represent many years of experience in the office of guiding our school. These school board members and administrators are dedicated to maintaining and improving the high standards of FLHS.

## New Facilities Serve Variety of Interests

When new demands are made on a curriculum, space must be provided to house that activity. New surroundings appeared all over school this year. With classes occupying the new chemistry laboratory dedicated last year, Mr. Fischer's art course found ample room in the old lab to carry on art projects such as sculpturing, mosaics, oil painting, and glass etching.

With 349 boys taking industrial arts courses this year, the two new wood shops were soon put to active use. Under the supervision of Mr. Reiman, junior high boys worked with plaster, braiding, fiber glass, and turned in such work as carved leather billfolds, quivers, and coin purses. In Mr. Hammond's shop, boys built stools, tables, and even a hamburger press; while in metal shop, Mr. Ray's classes worked intently on projects in art metal, welding, sheet metal, and lathing. Architectural drawing handled by Mr. Schumacher, built scale model houses and did other scale work. All building materials were purchased by the students from the school.

"Room to breathe" can easily describe the new band room, where the new look made another initial appearance. Acoustic paneling on the walls and ceiling soak up unwanted sound and contribute greatly to the tone of our band.

Down through the years our trophy case has been a symbol of athletic and scholastic accomplishment. Trophies, plaques, and memorials have found a permanent resting place, where they will always be looked upon with pride by students and alumni.

Is it level? wonders Robert McCarthy as he tests the surface of a wood block.

A class in solving jigsaw puzzles? No, this is a scene from a new addition to the curriculum, advanced art. These students, with their instructor, Roland Fischer, are deeply engrossed in creating pictures with mosaic tile.

Rewards and Mementos, ranging from trophies in sports and music to recognition of scholars, are displayed for all to see in the show case in the hall. FLHS takes pride in its achievements, and that the case is crowded with trophies is proof that FLHS has reason to be proud of its school.

A rarity in FLHS history is a deserted band room, which is usually humming with activity. Acoustic tile, roominess, storage space, and an extra special feature, a carpeted podium, seen in this picture, have been the dreams of Band Director Rollin Nelson for many years.

# New Courses, New Faces

**LOLA Z. ORMEROD**

Bachelor of Arts degree from the University of Washington, St. Louis, Missouri. English.

**ALICE WEGLEITNER**

Bachelor of Arts degree from St. Benedict College. English.

**THOMAS J. GALVIN**

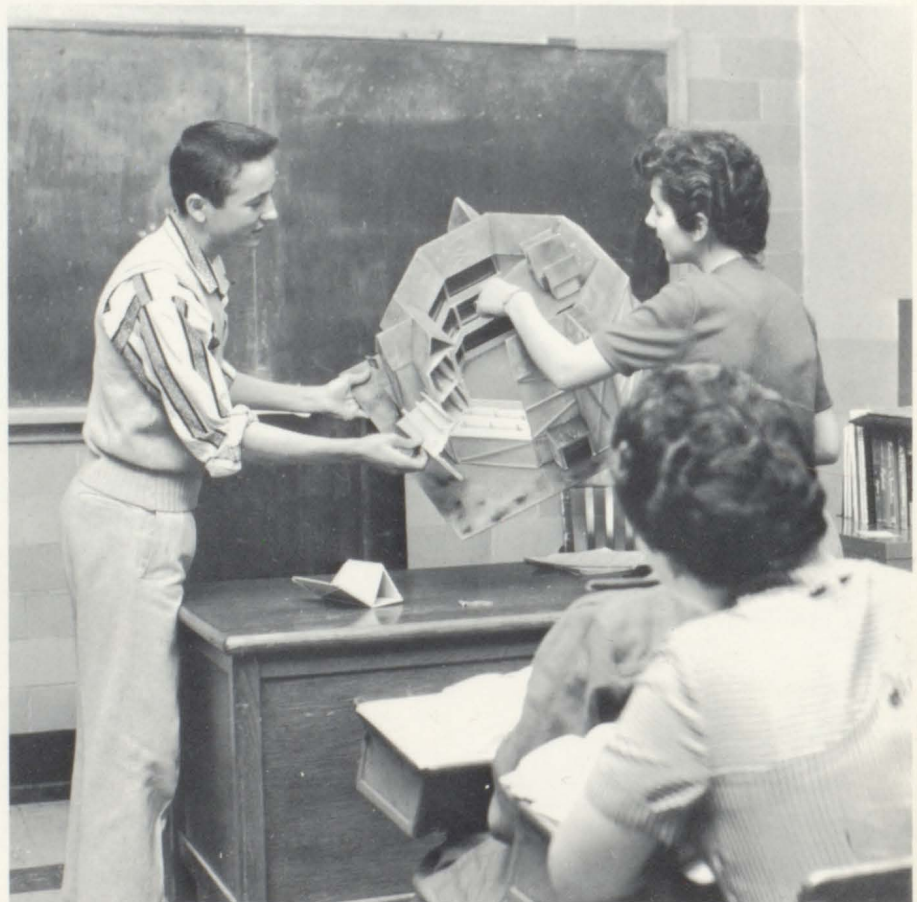

Bachelor of Arts degree from St. Thomas College. English.

While English is offered to all students in all years of high school, a special course for seniors, basically college preparatory in nature, accelerated English, offered for the first time this year, is designed to meet increasing demands upon students for critical and evaluative reading, and concise and understandable writing . . . The first semester was devoted to practical composition, with a considerable portion of time out of class given to selected reading. The second semester gave emphasis to a survey of English literature, while continuing the frequent composition exercises, and the daily vocabulary building work.

Speech includes not only the learning of speech skills, but also history and presentation of drama. Highlighting the speech course was the extension of the speech project which was more detailed, including a 20-page term paper with diagrams and a 30-minute lecture.

Journalism, taught by Mr. Rafferty, gives the student practice in the writing and mechanics of newspapers, and an understanding of the function of newspapers in modern society.

"THIS IS HOW IT WORKS" . . . explain Seniors Mike Trepanier and Carol Sandstrom to a group of ardent accelerated English students as they point out the various features of a model of The Globe Theater used by Shakespeare. In addition to a study of Shakespeare and other English authors, this newly-organized college preparatory course under the instruction of Mr. Rafferty, deals with composition writing.

# Add Zest to Language Arts

Expressing herself dramatically is Betty Ede as she presents a demonstration in Mr. Fischer's speech class. Proving that part of the role of a speech student is being a good listener are other members of the class as they give full attention to the speaker.

Deep in concentration are both students and teacher as they solve the eternal struggle of verbs, adjectives, and nouns in their junior high English class under the instruction of Miss Paoletti.

## ROLAND FISCHER

## JANICE PAOLETTI

## DELLA GEARTY

Bachelor of Science degree from the University of Minnesota. English.

Buenos Dias, "That's good morning, class," explains Mrs. Szabla as she instructs her Spanish 1 class.

Back for a second year, Mr. Rafferty's Latin II students concentrated primarily on translation of material pertaining to Caesar's Gallic wars and ancient Greece and Rome. Additional grammar and syntax, as well as vocabulary, provide a background for language courses offered to students in college.

"The new Spanish class offered this year proved to be a real success" stated instructor, Mrs. Szabla. A spicy Spanish dinner, held in The Boca Chica Broiler, served to acquaint students with Spanish food and customs. Besides learning to speak and be understood in Spanish, Mrs. Szabla's students acquired new concepts of Spanish-American culture. Spanish is similar to Latin in that it acts as a stepping stone to college courses.

# Wide Variety of Courses Offered in Business Field

Realizing that many students will enter the business world after graduation, FLHS has a large commercial department to prepare students for office jobs.

Typing is offered as a one-year course to any student in grades 9-12, with adult evening classes offered to members of the community, under the guidance of Mr. Buys. In these classes a student learns the basic skills of typewriting, with emphasis on speed and accuracy.

Office practices, which has typing as a pre-requisite, further develops a student's typewriting ability, while teaching him how to operate business machines such as the adding machine, mimeograph, and dictating machine. The course followed by an office practices' student represents the job of an office worker in the present business world.

Shorthand prepares a student for a position as a stenographer. In bookkeeping, a student is introduced to the bookkeeping processes of many businesses.

**JACK L. BUYS**

Bachelor of Arts and Bachelor of Theology degrees from Allegheny College, Meadville, Penn. Shorthand Office practices, Typing.

**GRETCHEN GOODMAN**

Bachelor of Science degree from University of Minnesota. General Business, Bookkeeping.

**LEROY STANG**

Bachelor of Science and Master of Science from St. Cloud State. General Business, Consumer Mathematics, Typing, Assistant Basketball Coach.

**Practice!** It takes practice, and plenty of it, to learn to handle office machines. Gary Nelson uses the model switchboard, Sharon Behm, the dictaphone, while Henrietta Gregoire practices on the electric typewriter as a part of an office practices assignment.

A **trial balance** comes in for close scrutiny by Mrs. Goodman as Sandra Rioux puzzles over the mechanics of bookkeeping in this senior high commercial course, where students examine materials and procedures of the modern business world.

Current events of the day interest even seventh graders as they earnestly read the *Junior Scholastic* magazine in their social studies class, taught by Mr. Dahl.

## Social Studies

Time for a test in Mr. Terry's eighth grade social studies class. This class concerns itself mainly with world geography.

**THOMAS MATTESON**

tory.

Keeping abreast of the times are students enrolled in junior and senior high social studies classes.

Seventh graders study American history and government, while the geography of the world is explored in eighth grade. Freshmen do not take social studies, but the course is picked up again with American history in the sophomore year.

Social studies is not required in eleventh grade, but many students enroll in World History and Affairs, an elective. Completely revised this year, the course, taught by Mr. Nelson, is now a two year subject, featuring current events. The students are responsible for spot quizzes on the big news stories of the day and current events tests.

All seniors are required to take social science which covers topics such as voting, communism, and political parties among others. A class dealing with people and social problems rather than history and geography, social studies requires a year's project of each student. The projects include poll taking, visitations, oral reports, term papers, and drawings.

THE CHANGING WORLD. Here Jeannette McPhail, Cynthia Franzen, and Arthur Kost observe the world's affairs in Mr. Nelson's advanced history course.

"HERE IT IS," says Howard Nielson as he points out a foreign land on the globe to Faith Radtke and Ken MacLean in Mr. Matteson's American History 10 class.

## Science, Math Are in National Spotlight

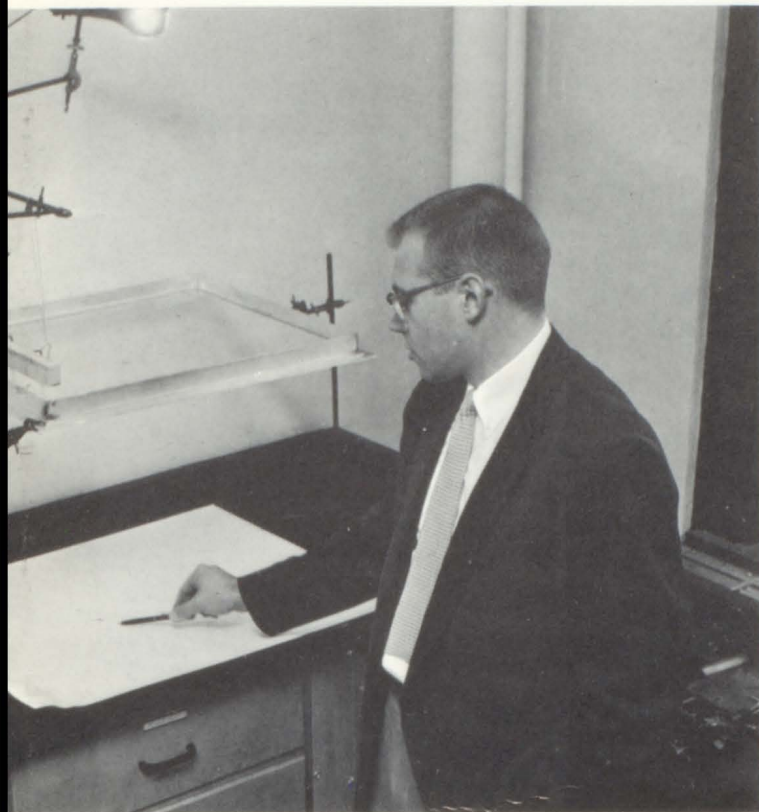

Keeping up with "sputnik" has produced even more modern, active, science and math departments for FLHS.

Students are taught basic mathematics and natural science, beginning in the seventh grade. In the ninth grade, math students may study algebra, as a preparation for higher algebra, an elective in senior high. Plane geometry, solid geometry, and trigonometry are also electives open to those interested in higher math.

Science-minded pupils may elect biology, chemistry, and physics as courses of study in senior high.

# New Course Is Offered

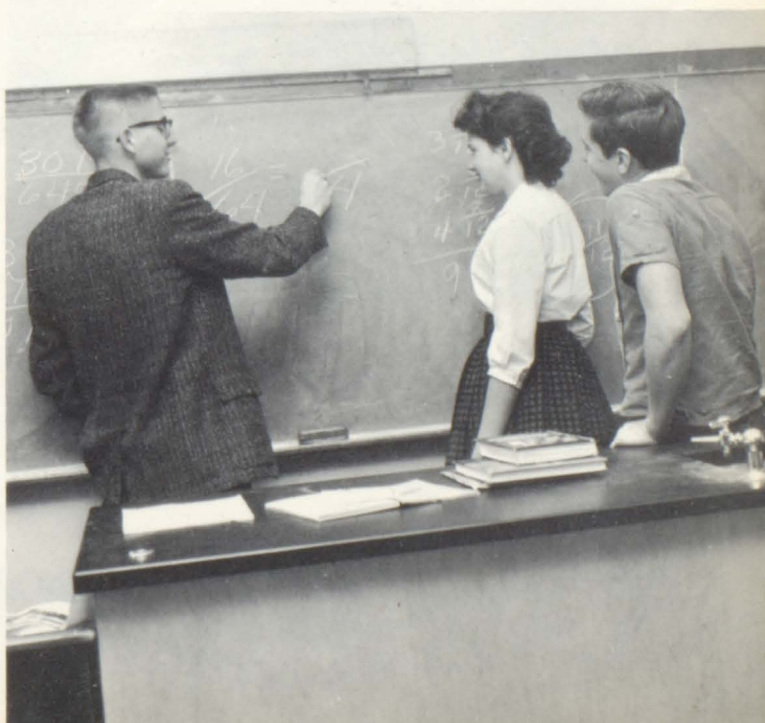

"Notice the wave pattern," points out Mr. Nyman to PSSC students, Rudy Olson and Earl Halley. This elaborate piece of equipment is a ripple tank, one of the additional pieces recommended for the physics course.

A change in the Science Department is the new PSSC theoretical physics course. As instructor, Mr. Nyman, stated, "This is a course in physics, and not technology or engineering." Aimed at teaching the student to understand the laws of physics, and thereby predict and control reactions, the course is being tested through-out the nation in many high schools, including FLHS.

Juniors and seniors experimented and studied in Mr. Nyman's two chemistry classes. Planned as a college preparatory course, it is a popular elective for students interested in engineering, medicine, or teaching.

Using the new chemistry laboratory and equipment, the students "learned by doing" in the form of experimentation.

"Now you try," might be the exclamation of Mr. Wettstein, junior high math teacher, to Jill Werner and Ernest Switzer as he illustrates one of the many problems occurring in their ninth grade math class.

Bachelor of Arts and Bachelor of Science degrees from University of Minnesota. Science.

**JOSEPH PERRIGO**

Bachelor of Science degree from the University of Minnesota. Science.

**E. A. RAYMOND**

Bachelor of Arts degree from the University of Minnesota. Mathematics.

In the biology department, activities such as field trips, and the fifth annual wildlife dinner were undertaken. A senior from Augsburg College was student

teacher at the beginning of the year. New equipment obtained this year included compound and dissecting microscopes and a human skeleton.

Intent on the microscopic view of leaf cells is Wendee Forsburg, biology student.

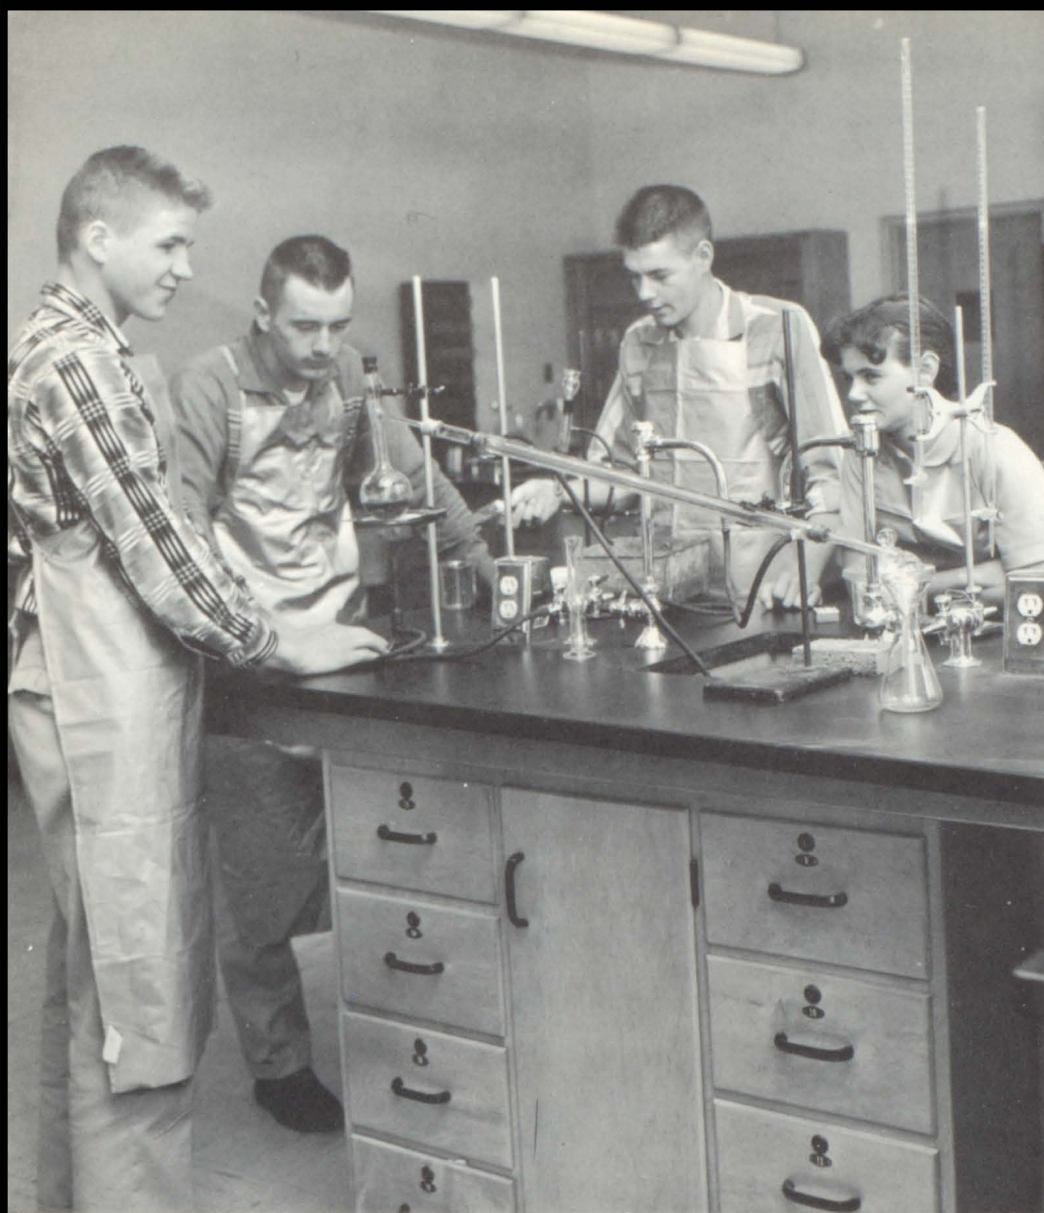

Crystals are in for close study under the bioscope by students in Mr. Cain's science class.

## Increasing Numbers of Students

**IN A DILEMMA** seem to be these four senior chemistry students, from left to right: Juris Kauls, Dave Stankeivcz, Ken Anderson, and Judy Alcock, as they contemplate a rather complicated experiment. Under the guidance of Mr. Nyman, chemistry pupils have opportunity to conduct a number of experiments throughout the year.

**GEORGE H. NYMAN**

Bachelor of Science degree from St. Cloud Teachers College. Chemistry, Physics, Solid Geometry, and Trigonometry.

**LOIS HANLY**

Bachelor of Science degree from University of Minnesota, Duluth Branch. Mathematics, and Dean of Girls.

**GEORGE E. PELTO**

## Taking Science Courses

from Mankato State Teachers  
College. Industrial Arts.

**RUSSELL HAMMOND**

Bachelor of Arts degree  
from Mankato State Teachers  
College. Industrial Arts.

Junior and senior high boys enrolled in shop courses total 349 this year. They construct projects ranging from letter openers in junior high to scale model "dream homes" in architectural drawing, or tables and cedar chests in wood shop.

Junior high boys in industrial arts for the first time are given primary background material in wood working, leather working, graphic arts, drawing, metal, and plastics. In ninth grade, students may choose between agriculture and industrial arts. Those choosing shop classes work in metals and elementary cabinet work as well as general woodworking.

Senior high shop students study general metals, which includes bench metal, sheet metal, welding, and lathe work, cabinet building, and architectural drawing.

The panel portrays student Dean Haynes and Mr. Ray processing a piece of sheet metal into a quart measure. Top to bottom, it shows squaring the sheet metal, slip forming of the metal, forming the burred edge with a burring machine, and soldering the finished product.

Senior high counselor, Mr. Rank, adds the finishing touches to the library bulletin board.

Receiving first aid from Miss Stokes for a minor injury is Kathy Weiss.

Junior high students, Terry Muellner, Bill Marlette, and Virginia Lund come in for counseling from Mr. Magnuson.

# Special Services Find Their Places

As a school grows, so also does the demand for special services within the school — services which complement the various types of training which communities have come to expect from their public education systems.

Long recognized and planned for, the counseling department, in its two brief years of formal operation, has developed into a full scale guidance program. Comprehensive testing programs are but one facet of the plan, for it is the evaluation of the various achievement and scholastic aptitude tests which provides the bases for the important counselor-student conferences which follow.

Another new service, added this year on a full time basis, is that of the school nurse. Miss Stokes' duties encompass such things as providing proper emergency first-aid care, arranging for vision and hearing tests for students, suggesting referral of various cases to proper medical or public health agencies.

Remedial reading classes, under the direction of Mrs. Volkmann, meet in FLHS, a need felt in virtually every high school throughout the land. Students with special problems in reading, may, by intensive study in these classes, be brought up to the reading levels of students their own ages, and thereby enjoy greater success in all of their subjects.

## Strength, Coordination Are Physical Ed. Bywords

A sound body and healthy mind. With this as a goal, the FLHS education classes started another year of exercise and sports activity. State-wide emphasis on physical fitness was carried through with a program of body conditioning exercises. Mrs. Stang again employed the

use of student teachers, using girls from upper classes who are interested in physical education as a career. Besides physical sports, a nine weeks' test is given to all students.

# Theory, Practice, Performance . . .

**RUSSELL M. ROSE**

Master of Music degree from Minneapolis College of Music. Choir and Music.

**ROLLIN NELSON**

Bachelor of Arts from the University of Minnesota. World History and Affairs, American History, Band and Music.

Now being taught with a specific curriculum are the seventh and eighth grade music classes. The courses are divided into three basic areas of subject matter: theory, singing, and a combination of music appreciation and music history. To further prepare for later musical work, a ninth grade boys' glee club, a girls' glee club, and a junior high band are offered . . . Members of the senior high choir are eligible to try out for ensemble and solo work, while band members have separate practice within each section and also do organized ensemble work . . . Rudiments of Music is offered to senior high students, giving them music theory, arrangement, and composition study. To those who have participated for three years in band or choir, this means an added credit for each.

*The Song's The Thing* at this moment with the saxophone section at a regular rehearsal of the sixty-piece FLHS band, directed by Mr. Nelson. Practicing three days a week, the band has filled a busy schedule this year.

"Now Let's Try It Again" says Mr. Rose, FLHS choir director, as he accompanies soloist Sharon DeLong. Besides working with his sixty-voice choir two days a week, Mr. Rose devotes much time to individual and sectional training each day.

# 15 Named to National Honor Society

**FIRST ROW:** Karen Johnson, Kathy Nickelson, Val Dupre, Kay Hallberg. **SECOND ROW:** Janean Eskra, Kathy Sullivan, Carolyn Banta, Gail Anderson, Sharon DeLong, Carolyn Booren, Nancy Petersen, Sharon Peterson. **THIRD ROW:** Richard Cohoes, David Larson, Steve Lindberg.

Ranking at the top of their classes are the fifteen juniors and seniors who have been named to the National Honor Society. In addition to their scholastic achievements, these students have been rated by all their teachers with regard to such attributes as cooperation, leadership, reliability, and service.

Existing solely as an honor rather than a service organization for students, the Society in Forest Lake is in its second year.

Membership is limited to no more than five juniors ranking in the upper ten percent of their class, and to no more than ten seniors in the upper fifteen percent of their class.

Juniors are considered probationary members, while seniors are active members who, upon graduation become honorary members.

Receiving helpful hints from last year's representatives to Girls' and Boys' State, Carolyn Banta and Ken Anderson (STANDING) are newly elected representatives Val Dupre and Bill Cruse.

## — '59 —

Amid a roll of drums, Ruth Anne Preiner, 1958 Homecoming Queen, chose Sharon DeLong and Ken Anderson to reign as 1959 Homecoming royalty. A new addition to Homecoming festivities was the coronation of the king and queen immediately preceding the parade.

The entire school was excused for the coronation ceremony in the gym and then went to the parade composed of floats decorated and entered by various classes and organizations, the FLHS marching band, and king and queen candidates enthroned in convertibles.

A specialty of the parade and game were Thespians dressed as clowns selling helium-filled balloons which were released at kick-off time.

Pre-homecoming activities included a bon-fire and pep rally, together with a week of suspense for the ten candidates.

The Rangers kept up the excited spirit as they "Krowned the Vikings" by a score of 42 to 13.

Before the game all alumni were invited to a "coffee hour."

Rounding out the activities was the dance held in the elementary gym bringing to an end the successful, though chilly, 1959 Homecoming.

## Demand Many Rehearsals

Out to the field to practice marching, down to the gym to rehearse the coronation ceremony, back to the studio to prepare pepfest music, and out to the field again for one more marching session.

This is exactly the schedule FLHS band members, under the direction of Mr. Nelson found themselves faced with in preparation for the 1960 Homecoming.

No sooner did they complete their Homecoming appearances than it was time to begin practice on their Christmas Concert, and marches for home basketball games.

After Christmas, band, soloists, and ensembles began choosing and preparing numbers for the district contest which again was held at Forest Lake.

As the bright spring weather arrived again at Forest Lake, the band could be seen marching up and down streets in preparation for another busy summer.

**ANY BAND** would strike up to the tune of these fine pretty majorettes and FL is no exception. In front is twirler Peggy Lehmann. From left to right are: Joyce Gulasch, Drum Major Val Dupre, Diane Warner, Roberta Anderson, and Debbie Tyler.

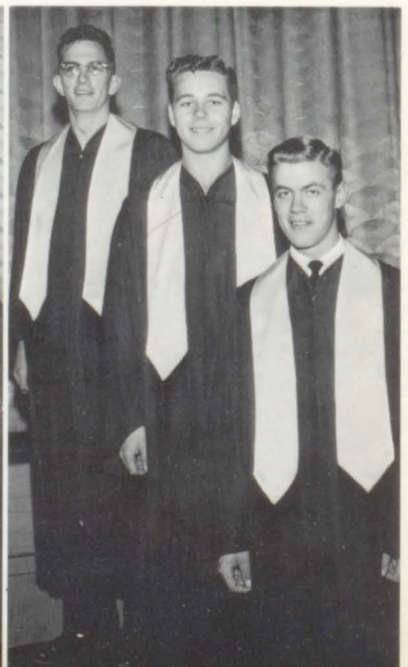

**FRONT ROW:** Mr. Rose, Barb Heisler, Janine West, Paula Berntson, Val Dupre, Yvonne Gustafson, Sharon DeLong, Mary Hermes, Kathy O'Brien, Audrey Engstrom. **SECOND ROW:** Sandra Cote, Sharon Perrault, Linda Switzer, Mary Ellen Hapka, Betty Nelson, Gene Waldock, Tim Robinson, Dennis Gustafson, Larry Rootes, Elroy Iverson. **THIRD ROW:** Marilyn Sterling, Jeanette Miron, Sharon Gunderson, Gerald Fingal, John Duncan, David Nickelson, Dennis Johnson, Leon Houle, Arlyn Tolzmann, Loren Friberg. **FOURTH ROW:** Mary Kay Brisson, Judy Schlavin, Ruth Luiten, Nancy Ohman, Marlys Peterson, Judy Istvanovich, Susan Anderson, Kathy Nickelson, Karen Johnson, Janet Marier.

## Includes Programs, Contests

FLHS's concert choir, directed by Mr. Rose, completed another busy year. Meeting two days a week, the 80 voice chorus prepared many numbers for public presentation. In cooperation with the band and Thespians, the choir appeared in the annual PTA-sponsored Christmas program. During the holiday season, the choir caroled and sang for several church groups.

With the coming of spring, the choir presented its annual spring concert, featuring tunes from hit shows such as "My Fair Lady." As before, the program was split into sacred and secular numbers with the choir robed for the sacred portion and in formal attire for the other.

A busy girl this year is senior Carolyn Banta in her role as choir secretary. She is pictured here with director Mr. Rose; her duties include such things as taking role every day, filing music, handing it out, and acting as a Girl Friday to Mr. Rose.

# A Big Year for Student Council

Giving students a voice in running our school is the primary function of the Student Council which consists of thirteen members elected from grades 7-12.

A new constitution proposed by sophomore social studies classes endeavored to redefine and clarify the roles of council members. Arranging the budget for the Student Activity fund, aiding Homecoming festivities, and organizing the Merit Program are a few of the council's many responsibilities.

"Granger the Ranger," a popular stuffed gopher, greatly increased the student activity ticket sales, thus adding \$500 to our Student Activity Fund. Granger is now proudly owned by the Freshman Class.

At Christmastime the council sponsored a school-wide toy drive for the Lake Owasso Children's Home and the Washington County Fund.

This year has been a dynamic year of changes and accomplishment for FLHS's Student Council under the expert guidance of Mr. Rank.

## Peter Pan

Flying four people through the air, staging realistic sword fights, and organizing a cast of 50 were but few of the problems juniors found themselves faced with last spring as they undertook their first class play, "Peter Pan."

Under the direction of Mr. Bunge, this classic fantasy about the little boy who refused to grow up, drew a total audience of 1600 during its two day run, the largest known to attend a class play at FLHS.

Portraying the happy-go-lucky Peter Pan was Nancy Petersen. Wendy, John, and Michael, the three children that accompanied him to Never-neverland, were Judy Alcock, Bob Enquist, and Tommy Grund, and the ferocious Captain Hook was Clyde Swenson.

### The Cast

Portraying the three Lewis sisters are Nancy Petersen as Evva, Judy Brine as Grace, and Sharon Peterson as Maude. Mrs. Howard V. Larue III played by Diane Warner, "Poison Eddy" Schellenbach played by Doug Rignell, and Howay played by Allen Reese. Others not pictured but supporting the major cast were Roberta Anderson as Carrie, Joyce Gulasch as Sybil, Steve Lindberg as Nelson, Sharon Bloom as the cook, Bob Moorhouse as Virgil the Waiter, Dave Larson as Dirty Joe, Michael Casey as Stinker. Completing the cast are Mrs. Schellenbach played by Karen Stokes, Mimi doublecast by Colleene and Kathleen Lawler, Policeman played by Arlyn Tolzman, Mrs. McThing "Beautiful Witch" played by Karen Marcott, and Mrs. McThing "Ugly Witch" played by Marline Jensen.

### The Crew . . .

Director Mr. Fischer, Tom Corbett, Donald Dow, Dean Haynes.

## MRS. McTHING

Seniors again turned to fantasy as they presented their Senior Class play, "Mrs. McThing," in November of this year.

This delightful comedy-fantasy, set in the early thirties, jumped from the home of an aristocratic widow to a ramshackle, pool hall-lunch room, where Mrs. Larue's son had been placed by a witch girl! The play revolved around this woman, Mrs. Howard V. Larue III (Diane Warner), her son, Howay Larue (Allen Reese), and the complications that occur when they meet such fantastic characters as the ungangsterly gangsters led by "Poison-Eddie" Schellenbach (Doug Rignell), or the three old maid sisters, the Lewis girls.

Realistic sets designed by new director, Mr. Fischer, were a main feature of the production, which drew large crowds at each performance.

The Thespian play, 'Dark Victory,' under the direction of Mr. Rolland Fischer and assistant Judy Brine, was the first major undertaking by the Thespians in some time and called for two settings; a modern, aristocratic Manhattan living room, and a rustic, Vermont sitting room. Cast members are, **FRONT ROW:** Clyde Swenson, Nancy Petersen, Sue Pepin. **SECOND ROW:** Tim Robinson, Nancy Ohman, Paul Anderson, Kay Hallberg. **THIRD ROW:** Sharon Peterson, Steve Lindberg, Carol Christensen, Joyce Gulasch, Ken Johnson, Doug Rignell.

## Thespian Troupe Tries 'Theatre' Technique

Thespian officers are, left to right: Diane Warner, secretary; Sharon Peterson, president; Nancy Petersen, vice-president; Judy Brine, treasurer; Roberta Anderson, clerk; and Advisor Mr. Rolland Fischer.

"Act well your part, there all the honor lies." Whether their part was building sets, selling tickets, or acting, the aspiring dramatists of Thespian Troupe 1026 had this motto always in view. With a full-length play as their ultimate goal, the group tried their hand at profits from balloon-selling and book-toting to candy-making and dances. Assisting with the Senior Class play, enacting a Christmas pageant, participating in speech festivals and contests, and finally turning the FLHS stage into a "little theatre" for their production of "Dark Victory," culminated a year's activity for the group. Climaxing the year will be the announcement, at their annual banquet, of the outstanding Thespian, recognition of honor and star Thespians, and initiation of pledges who have earned ten points through behind-the-scenes or onstage theatre work.

# Publications' Staffs Meet 'Biggest' Year

Typing copy, finding and writing news stories, copy-reading, counting words — all are a part of the tasks being undertaken in the journalism room. FORESTER editors putting the last touches on the annual work alongside BREEZE editors rushing to meet their weekly deadline.

Deadlines are nothing to BREEZE editors as they have been successfully meeting them every Tuesday throughout the year. Positive proof of the capability of the four editors, together with some twenty staff members, is shown by the NSPA ALL-American rating received by the BREEZE for the past 13 consecutive semesters.

Meeting their share of deadlines were the large staff of the '60 FORESTER. Identifying pictures, preparing copy, typing, and double-checking pages to be sent to the publishers are all part of the job of a yearbook editor.

## F. H. A. Hosts District Convention

More active and larger than ever, might well describe FL's growing FHA chapter which included junior and senior groups this year.

A highlight of the year for the local girls was being hostess chapter for the district convention in October. Judy Brine, district vice-president, planned and presided over the meeting attended by 350 girls from sixteen nearby schools.

Other activities for the year included a style revue and tea for the hospital benefit as a part of the Harvest Havoc celebration, and various recreational meetings.

Outgoing Judy Brine welcomes incoming Georganne Shaeffer from North St. Paul.

Junior High FHA Officers: Naomi Moody, Vice-President; Toni Kunshier, Historian; Mrs. Smith; Jenifer Langdon, Song Leader; Joan Petzka, Secretary; Bonnie Kendrick, Treasurer; Connie Carlson, President.

# F. F. A. Chapter Members Learn Practical Skills in Class, Lab, Farm

"Learning to do . . ." whether it's in a classroom, on the experimental farm, or even at home, the FFA boys live up to their motto. The members of the FL chapter have put their learning to good use by making their chapter one of the top three in Minnesota, and earning several gold and silver medals.

With a total of 75 members, grades 9-12, this organization is custom-made for boys interested in farming. Some of their activities throughout the year include: public speaking and parliamentary procedure contests, soil and land judging meets, their annual parent and son's banquet, and in a lighter vein, recreational meetings and parties with their sister organization, the FHA.

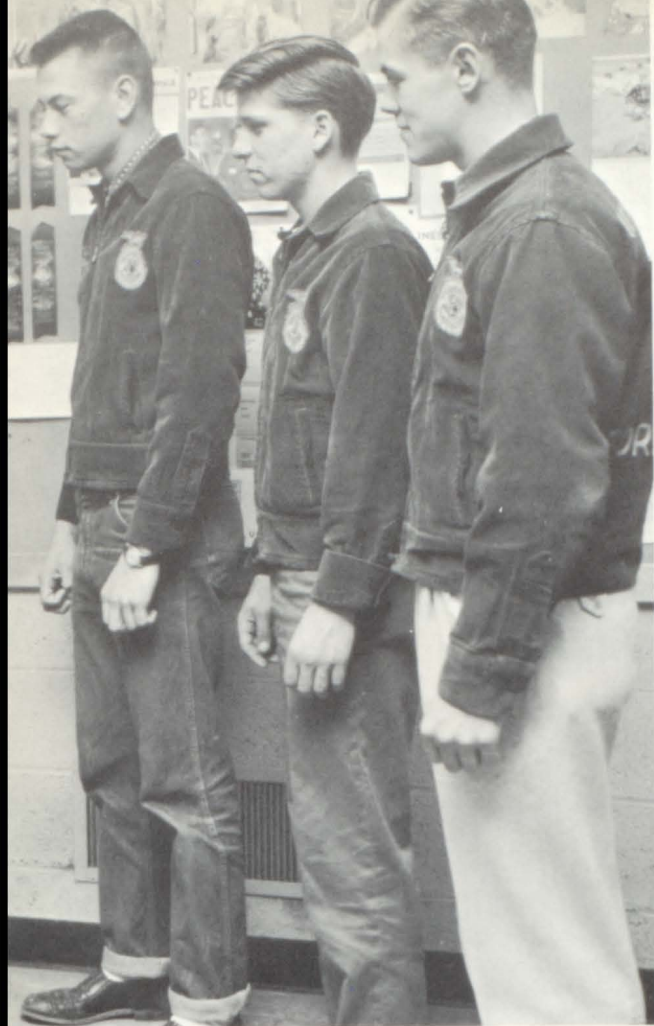

"Learning to do, doing to learn." Carrying out this part of the FFA motto in pictorial form are the members of the local chapter. Work is an important aspect of the club. Shown gathering tools in preparation for shop work are Robert Lindgren, Allen Klinefelter, Roland Stricklin, and Bernard Knauff.

Using their training, FFA boys test milk samples for purity and quality in the Ag. laboratory. Left to right they are: George Miron, Thomas Dahlberg, Bill Larson, and Virgil Springer.

Rewards of outstanding achievement the chapter has received during the past years are viewed by the members who went to the National FFA Convention in Kansas City. They are, from left to right, Alfred Miron, Allen Klinefelter, Mike Schroeder, John Fehrman, and Clyde Swenson.

Organization is essential to a large and active club. ## Gridders Clinch District Championship

Through battles with the bitter cold and defiant foes, John Schumacher and LeRoy Stang, assistant coaches, and head Coach Ken Hanson guided the team to the district championship.

Again this year Coach Hanson developed a powerful grid machine. This year he switched offense from a straight "T" to a winged "T" which proved very successful.

The season for the mighty Rangers started out rather bleakly with a 13-7 defeat at the hands of a powerful Braham club, but the following week the Rangers bounced back to defeat Spring Lake Park by a 26-13 margin.

After this the locals defeated in order the Chisago Indians 20-7, Lindstrom-Center City Bulldogs 27-7, and Taylors Falls Bluejays 20-0. The next win was Homecoming when the Rangers trounced the North Branch Vikings 41-13.

In their final conference tilt the Rangers ran away from a mighty Rush City team with a score of 26-0, giving the gridsters their fourth consecutive year in which they haven't lost a conference game.

In winning the conference title FL was qualified to meet Pine City in the district game played at Rush City. This game proved exciting as the Pine City Dragons were twice inside the ten-yard line in the first quarter, yet not able to move in for a touchdown as the Ranger defense dug in a goal line stand. Then in the second period FL came alive and scored 14 points to gain the lead which they kept, whipping the Dragons by a score of 14-6.

Once again now, and hit it this time! Several of the Rangers work out with the seven-man sled, designed to perfect blocking techniques and timing.

Ranger Jay Wright rushes to the aid of Darrell Thurnbeck who downs an Indian ball carrier. The Rangers went on to defeat Chicago City to the tune of 20-7.

"B" Team: **FIRST ROW:** Jim Fehrman, Greg Linnell, Donn Johnson, Winston Peterson, Peter Kauls, Gary Miller, Jerry Patrin, Andy Kauls, Myron Fladland, Don Morehead. **SECOND ROW:** Rodney Erickson, Ron Husnik, Ken Sahlin, John Simmons, Jim Taylor, Don Anderson, Jim Preiner, Dick Cruse, Jim Yale, Coach LeRoy Stang.

# Rangers Enjoy Big Season

Coach Jack Conley

With five returning lettermen around which to build a team, Coach Jack Conley, in his first year at FLHS guided the squad to a perfect regular season record and to FL's third District 25 crown.

A team with a deadly shooting eye and a sound man-to-man defense, the Rangers were hard to stop. With a 18-0 record for the second straight year, the Forest Lake Rangers became the undisputed rulers of the southern conference of District 25.

The '60 annual district tournament, which wound up with FL trouncing the Pine City Dragons 76-58, for its first district title in four years, began when the Rangers scored victories over Sandstone and Lindstrom by the scores of 77-57, and 73-53 respectively.

The Rangers, along with about one-half of the town's population, traveled to Hibbing to meet the District 28 champions, the Chisholm Blue Streaks. Chisholm's dominance of the boards and their distinct height advantage proved the difference when the Rangers simply could not get the shooting range. Forest Lake finally succumbed by the score of 64-52, unable to conquer the jinx of District 25 teams. In the past 20 years no "25" team has been able to advance to state.

The following evening, the FL Rangers engaged the Gilbert Buccaneers at Duluth for the Regional consolation title, which proved the outstanding game of the season. With 3½ minutes left in the game the Rangers were down by 10 points. Then they had their big rally, scoring 12 points to Gilberts 2, thus tying the game at 78-78. The cautiously played first overtime ended with the tally even at 83-83. In the final sudden death overtime with 20 seconds remaining, the Buccaneers made a bucket to give them the 85-83 victory.

According to FL's skipper, it was the "hustle and determination" to win that helped to pave the way for the 21 straight victories.

**KNEELING:** George Vedder, Dennis Booren, Rudy Olson, Mike Trepanier, Dean Gardner, and Student Manager Don Morehead. **STANDING:** Coach Jack Conley, Bernard Preiner, Mylo Shoberg, Juris Kauls, Ken Anderson, Dave Stankiewicz, Bill Morehead, Arlyn Tolzmann, and Athletic Director Ken Hanson. Juris Kauls, Bill Morehead, and Mike Trepanier succeeded in placing on the all-conference team. Coach Conley commented that he was very pleased we had placed so many on the team, especially since it is the Ranger's last season in the East Central Conference. Next year FL will be participating in the Skyline Conference.

Representing Forest Lake on the annual all-district tournament team selected by the coaches were Juris Kauls and Bill Morehead.

# Wrestling

A newly-formed conference provided opposition for FL's wrestling team in its second year. Finishing the season with a 6-2 conference record, both losses to conference champ Cambridge, the grapplers boasted a 7-2 overall tally. Returning varsity mattmen this year were Henry Gregoire, Bob Schlaeger, Chuck Avery, Wayne Gilbertson, and Jack Lightfoot.

The advantage enjoyed by FL last year was lessened by a change in state rulings which allows all members of all teams to compete in the regional meet if less than twelve teams comprise the region. The FL team placed last in regional play against Hibbing, Grand Rapids, Coleraine, Cloquet, and Chisholm.

FLHS's regional team consisted of: Chuck Avery (95 lb.), John Cournoyer (103 lb.), John Houle (112 lbs.), Henry Gregoire (120 lb.), Jim Houle (127 lb.), Stan Ciesielski (138 lb.), Jack Lightfoot (145 lb.), Tony Dubois (154 lb.), Wayne Gilbertson (165 lb.), Bob Schlaeger (175 lb.), and Jay Wright (heavy weight).

Forest Lake's golf team this year participated in the district Golf Tournament, held at Moose Lake. Team participants included Ken Anderson, Juris Kauls, Mike Trepanier, Tim Robinson, and Chuck Avery.

A newly-organized member of the sports department at FLHS is tennis. Due to inexperience the team did not fare too well in their fall meets, losing both to Elk River.

# Diamond Squad Posts 7-3 Record

Last year's Ranger baseball squad under the coaching of Mr. Stang had a good season with a 7-3 record in regular season play.

The Rangers started out well by piling up a record of 7 wins and 1 defeat in their first eight games. The FL squad then lost consecutive conference games to North Branch and Lindstrom to put them in a three way tie for first place with Rush City and North Branch.

In the playoff game, North Branch drew a bye, thus putting Rush City against Forest Lake who bowed to the Tigers 4-0 after defeating them 7-2 in regular season play. This ended all hopes for the FL Rangers in 1959.

They are, however, looking forward to a good season this year with 10 returning lettermen. They are: Seniors Ken Anderson, Leon Erickson, Warren Kunshier, Bill Morehead, Bob Schlaeger, and Mike Trepanier, and Juniors Dennis Booren, Rudy Olson, Mylo Shoberg, and George Vedder.

**FIRST ROW:** Leon Erickson, Carl Jensen, Duane Boyer, Warren Kunshier, Bob Witham, Jerry Gerlich. **SECOND ROW:** Mr. Stang, Bob Schlaeger, Bill Morehead, Dennis Mack, Jim Heisler, co-captain, Jerry Haselbauer, Mylo Shoberg, Mike Trepanier, Rudy Olson, Greg Pepin, co-captain, Dennis Booren, Jim Degendorfer, Ken Anderson.

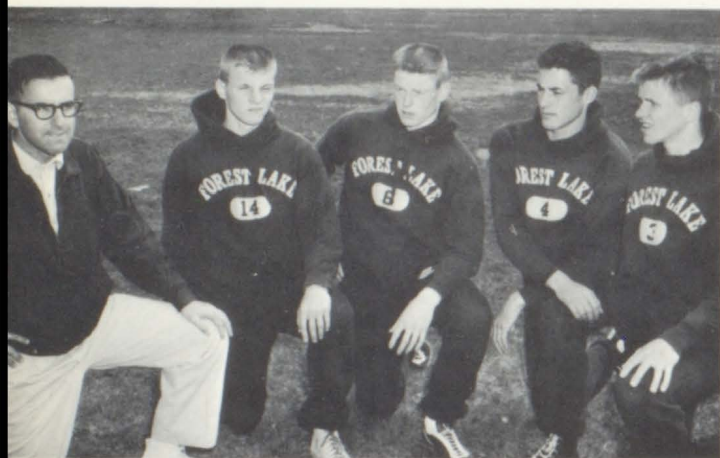

**FIRST ROW:** Dave Stankeivicz, Bob Morehouse, Ronnie Schatz, Gary Zak, Jack Lightfoot, Wayne Gilbertson, Dick Cohoes, Don Banta, Darrell Thurnbeck. **SECOND ROW:** Coach Engelhart, Bill Cruse, Juris Kauls, Ray Young, Gale Berggren, Zig Kauls, Paul Rassmussen, Tony Dubois, Assistant Coach Hanson.

## Rangers Win District 25 Title

Coach Engelhart, Zig Kauls, Gale Berggren, Ray Young, Juris Kauls make up the mile relay team which set three records last year.

After five years of near misses the Rangers won the District 25 Track Championship by piling up 63½ points. Much of the credit for the success of the squad can be given to Coach Kerwin Engelhart. The Rangers also won Pine City's Chengwatana Invitational, in which twenty-six schools from Minnesota and Wisconsin participated. Scoring for FL in the Region 7 meet, in which the Rangers placed third, were: Gale Berggren in the high and low hurdles; Bill Cruse in the 880 yd. run; Zig Kauls in the high jump and 440 yd. dash; Paul Rassmussen in the 100 yd. dash; the mile relay team including Gale Berggren, Juris Kauls, Zig Kauls, and Ray Young; and the half-mile relay, including Jerry Haselbauer, Greg Pepin, Paul Rassmussen, and Bob Witham. Zig Kauls qualified in the high jump and went on to represent FL in the State Track Meet.

The most outstanding performances of the year were put on by the mile relay team which set three records: St. John's Invitational, 3:43.5; Chengwatana Invitational, 3:43; and District 25 3:46.4. The mile relay team also set a new FLHS record with a time of 3:40 at the Region 7 Track Meet.

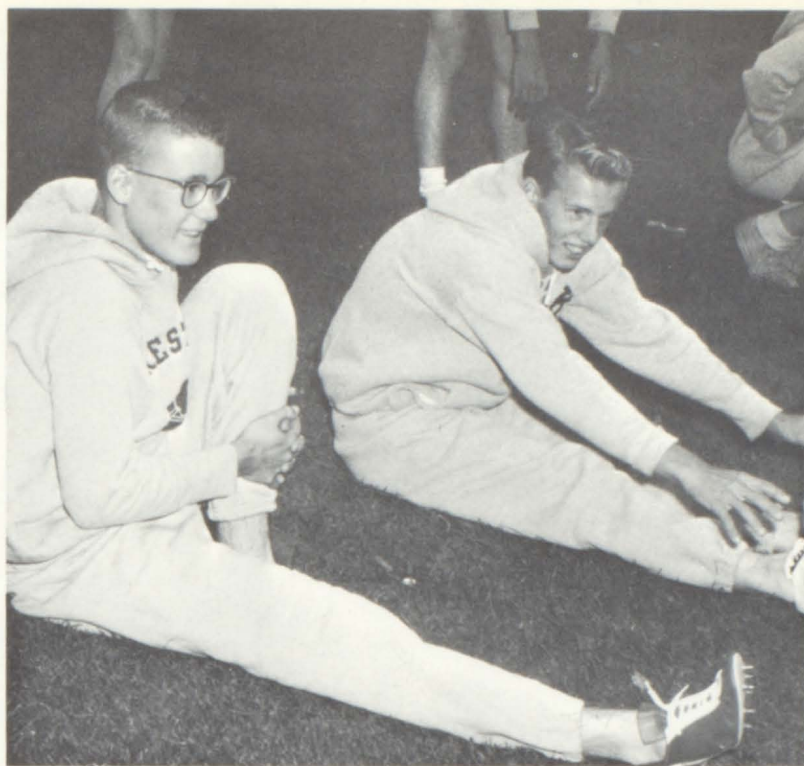

It takes grit and a lot of power contends '59 track man Zig Kauls as he makes a resounding high jump in which he represented FL in the State Track Meet.

# Ranger Harriers Capture District Crown

The FL harriers for the second year captured the District 25 crown at Finlayson. Under the guidance of Coach Arnold Palmer the boys accumulated a score of 39 with Pine City coming in with 67 points.

Bill Cruse, who fought to first place, went on to place seventh in the Regional, which won him a trip to the state meet at Lake Nokomis.

Bill Cruse and Leon Houle display pre-trial warm ups at one of the local track meets where Bill Cruse later took first place in the meet.

Left to right: Coach Palmer, Loren Nickelson, Arlyn Tolzmann, Gary Houle, Leon Houle, Bob Morehouse, Bill Cruse, Harvey Strecker, Leo Houle.
