"LET'S FACE IT"

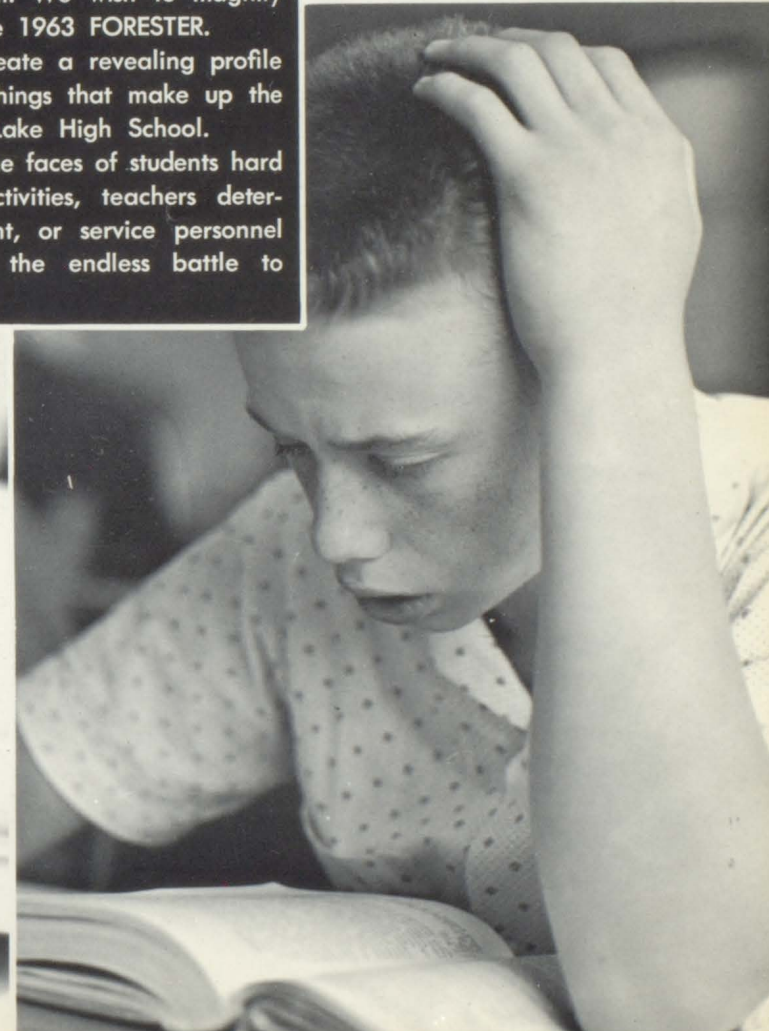

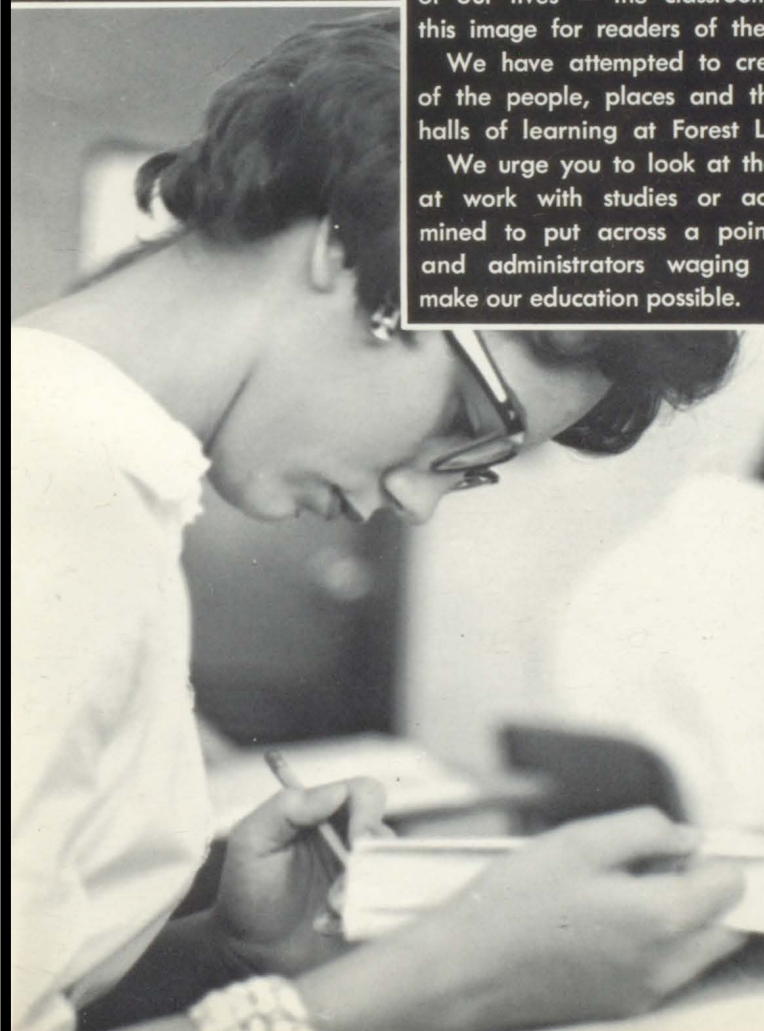

FOREWORD

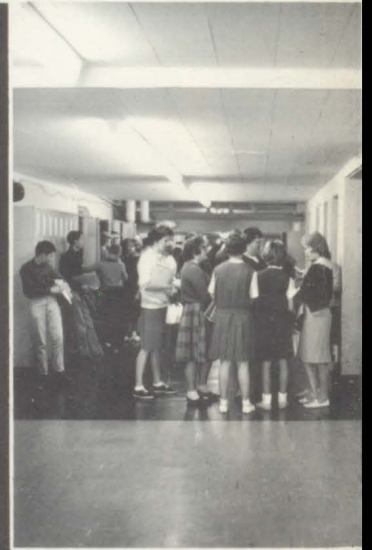

"Profile" has become a word much used by modern Americans today. We hear it in book titles and we learn that it is currently in vogue. It is also used in business, in psychology and many other fields.

To most of us, however, the word "profile" indicates a certain personal glimpse at one another; we see our fellow students as profiles in the very center of our lives — the classroom. We wish to magnify this image for readers of the 1963 FORESTER.

We have attempted to create a revealing profile of the people, places and things that make up the halls of learning at Forest Lake High School.

We urge you to look at the faces of students hard at work with studies or activities, teachers determined to put across a point, or service personnel and administrators waging the endless battle to make our education possible.

SUPERINTENDENT OF SCHOOLS — J. A. Hughes.

ASSISTANT ELEMENTARY PRINCIPAL — Paul DeWahl.

MEMBERS OF THE BOARD HAVE MANY PROBLEMS TO SOLVE. MANY TIMES, ONE MEETING A MONTH IS NOT ENOUGH. — SEATED around the table are: Dr. Purdie, Herbert Engquist, Harvey Westberg, John Randall, Henning Engstrom, Mr. Hughes. Not pictured: Mrs. Earl M. Lellman.

Elected by the people of District 831, the school board members demonstrate many years of experience in the guiding of our school. Acting as representatives of the people, the board members must cope with the problems of management in setting the school policy, improving the curriculum, hiring new teachers, and keeping the school up to date and running efficiently. Any final decisions concerning the Forest Lake High Area Schools rest with these members.

One new member, Mr. John Randall, has been elected to the board this past year. Newly named to the presidency of the board is veteran member Mr. Herbert Engquist.

While the school board members are the policy makers, the administrators are the executives who carry out the plans for the school operation. Without these leading administrators, our school could not function adequately.

As the number of students increases, so must the number of special services. The Guidance Department, only five years in operation, has expanded to a large scale counseling program. As secretary to the high school counselor, Elsie Houfer has the task of filing records, taking messages for the counselors, and performing numerous other tasks. This year a number of students have assisted in the guidance office.

Science, Math Emphasis

With the past year full of numerous world accomplishments, much emphasis is continuously being placed on the need for a complete science education in high schools. For this reason, one of the biggest changes this year at FLHS is the change in the seventh, eighth, and ninth grade general science courses. In past years, much of the same material was covered all through the three years, allowing no variation in material. Each course is still called a general science class, but each year the course is devoted to one particular area. Biology, chemistry, and physical science are the subjects covered in the seventh, eighth, and ninth grades, respectively, giving the student a well rounded education.

There was only one new addition to the chemistry lab this year. That is Miss Rosemary Eklund, the new chemistry

As in past years, math has continued to maintain a major part in the curriculum at FLHS. Because of close kinship between math and science several faculty members teach both math and some branch of the sciences.

Seventh and eighth grade students have a general math requirement, but as one enters the ninth grade, he has a choice between algebra and general math.

Those students in the tenth through twelfth grades have an elective course in plane geometry. Higher algebra is offered to juniors and seniors, while solid geometry and trigonometry are offered to seniors exclusively. A course in advanced consumer math is also offered to students in grades eleven and twelve.

Enables Students Concentrate Efforts

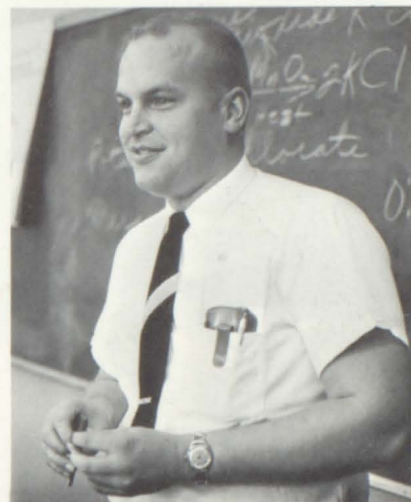

A continued interest prevailed in math and science fields this year. The importance of having qualified scientists for future years encouraged many students to avail themselves of the opportunities to acquaint themselves with this field.

To help students fulfill their requirements, many science courses are offered at FLHS. First of all, there is general science, which students have in the seventh grade through the ninth. Then as students enter tenth grade, biology is offered.

Chemistry, the study of the composition of matter and the changes it undergoes, incorporates the study of the periodic table, and the studies of various elements and their structures. It is offered to junior and senior students.

The modern, well-equipped laboratories give students the opportunity to experiment in many phases of science and to put their knowledge to a practical test.

Skills acquired during the four years of Ag education are many; in addition to these practical skills, courses include education in animal nutrition, farm management, and planning farm programs. Through required projects, students put to practical use the various areas of studies included in their curriculum for the year. Projects range from crop rotation to raising dairy cattle.

Most of the agricultural students are active members of the local FFA chapter, which participates in many farm activities.

Business Field Offers Variety

In office practices a student has the opportunity to get firsthand training similar to that used in an actual business office. They learn to operate office machines such as a mimeograph, dictating machine, calculator, and an adding machine.

Shorthand I and II are offered for those business-minded students who want to become stenographers and secretaries.

Bookkeeping is another course on the commercial curriculum at FLHS. Here students must complete a certain number of projects using their bookkeeping skills.

Communication in Speech or Writing Essential to All

Vast strides have been taken in the advancement of the curriculum in FLHS. In addition to the three Accelerated English courses last year, a tenth grade Accelerated English course was added to the curriculum.

These courses stress composition of all types. Designed for the student for college, these courses are of the enrichment type.

Although there are four Accelerated English courses through the twelfth grades, a student is not required to take them even though he may plan a college career.

In the regular English course, well rounded communication, composition, and literature are offered.

INDUSTRIAL ART STUDENTS UNDERTAKE VARIOUS PROJECTS DURING THE YEAR — Jeffrey Danks, Charles Andersor., Ronnie Webb, Delwyn Fingal.

Variety Is Key to High Interest in Industrial Arts

In addition to providing students with basic skills, the industrial arts courses prepare boys for the future by giving them training in fundamentals for vocations.

Seventh grade boys are required to take industrial arts, where they complete work in drawing, crafts, leather, metal tooling, and plastics. Students display their skill by making such items as pen holders, book markers of leather, letter openers, and key cases. Eighth grade students for the first time learn the fundamentals of electricity and its applications. The freshmen acquire

added skills in industrial arts by spending a third of the year learning how to work with machines properly. Another twelve weeks are spent on furthering the students' knowledge of electricity. The final third is given over to drawing.

Senior high students are offered a choice of various shops. They may study general metals, which includes lathe and bench metal work, or cabinet building, or architectural drawing.

PHYSICAL EDUCATION HELPS DEVELOP SELF-COORDINATION — Mr. Hanson and Phy. Ed. class.

Physical Education

President Kennedy's stress on a national physical fitness program has now led to a more complete and unique physical education program at FLHS.

Part of this fitness program was a national physical fitness test which was administered to all students enrolled in the course. The purpose of this test was to determine how much physical ability and vitality each individual student possessed. These results were then compared with those of students across the nation.

In order to help keep the body physically fit, to give the student more physical activity, and to develop self-coordination, this program is a required course for all students in grades 7—10. Much more emphasis is now being placed on individual conditioning instead of team sports.

Much of the course involves getting the student acquainted with the various sports and having him learn the rules and regulations of each. Sportsmanship and individual work make up a large portion of the student's grades.

Also this year, student teachers assisted with the course. The main purpose of this was to aid those extremely interested in athletics in deciding whether or not to make this a further vocation.

Social Studies Make Pupils Aware of World and Its People

AMERICAN HISTORY STUDENTS FIND THE SUBJECT ABSORBING. — Sharon Radtke, Bonnie Paul, Linda Martinson, Joan Larson, Mr. Matteson.

SEVENTH GRADERS KEEP UP TO THE TIMES IN CURRENT HAPPENINGS BY READING AND DISCUSSING THE NEWS IN JUNIOR SCHOLASTIC MAGAZINES, WHICH COME ONCE A WEEK — Mr. Matteson's seventh grade social studies class.

All grades with the exception of the ninth and eleventh grades, were required to enroll in the various phases of social studies (in order that they might gain a better understanding of the world around them.)

American history and government is studied by the seventh grade. Eighth graders start on a new phase of social studies by examining the geography of the world. Sophomores are required to delve again into American history.

Juniors have the opportunity to enroll in World History and Affairs I, and later, in their senior year, to take

the second half of this two-year course along with the required social science course, which deals with social problems and people rather than geography or history. Due to the increasing popularity of the World History and Affairs course, two classes of the first year course are now taught, in order to accommodate the enrollment.

Two teachers have been added this year. Mr. Edward Nelson and Mr. Neal Nelson teach social studies seven and social studies eight, ten and English, respectively.

TRAINING OF THE VOICE IS A STRENUOUS PROJECT. — Mr. Rose, Darlene Benson.

Music Department Increases Performances

Four instructors are engaged in music education at FLHS this year. Traditionally, the varsity band, under the direction of Mr. Rollin B. Nelson, prepared for and performed at many major activities. The vocal music was once again under the tutelage of Mr. Russell Rose. A second band has assumed, under the direction of Mr. Joseph Partington, a more ambitious role this year. Not only is this the apprentice bandsman's learning grounds, but these people have been given opportunity to perform for student functions as well. Junior high vocal activities were conducted by Mr. E. A. Raymond this year. Mr. Raymond also serves as accompanist for soloists.

DESIGN IS ONE OF THE MANY PRACTICAL AVENUES INTO WHICH STUDENTS MAY CHANNEL THEIR ART INTERESTS IN MISS WATSON'S ADVANCED CLASS — Judie Martz, Candy Proulx, Phyllis Amundson, Helen Knutson. BACK ROW — Terry Lawrence, Bob Thurnbeck.

Art Gives Students Chance for Expression

Increasing interest necessarily leads to staff expansion. In its second year as a full-fledged course of instruction, art at FLHS found enrollment so great that a second instructor was needed. Mrs. Sharlyn Russell divides her teaching duties between junior high English and art for seventh graders.

Miss Watson, in her second year at FL devotes full time to the art program, teaching seventh and eighth grade art and the comprehensive advanced course. A more ambitious program for advanced students allows them opportunity for more individual expression in a chosen medium while still surveying the broad spectrum of the art media, purposes, techniques, and history.

Adding to the basic educational program at FLHS, the special services have come to play an important role in student life. Each year added facilities and professional staffers have been made available by the Board of Education.

Today the program includes three guidance counselors, a school nurse, a remedial math and reading teacher, a speech and hearing consultant, and a special class teacher.

Mr. Wittig, Mr. Dahl, and Mr. Ratzlaff, conduct testing programs designed to help evaluate students' abilities, and achievements. Counseling is provided for students from grades seven through twelve, and special counseling services and testing programs are available in the elementary grades.

The topic up for debate this year is: Resolved, That the United States should promote a common market in the Western Hemisphere. The team consists of eight members, although they do not debate at the same meet. The members are Greg Boehm, Nick Ashbach, Dan Hair, Paul Havens, Matt Berven, Glen Tornell, Jack Fashbaugh, Craig Moen, and Gary Eisenhut.

GARY EISENHUT REHEARSES HIS EMPHASIS ON A POINT TO BE MADE IN THE NEXT DEBATE, ONE OF FL'S MANY ACTIVITIES, SOME OF WHICH ARE LISTED ABOVE.

Homecoming 1962

The 1962 Homecoming coronation this year was preceeded by a pep fest lifting everyone's spirits for the coming exciting moments. Mary Heisler was crowned queen with attendants Barb Glenn, Ann Jenuwine, Barb Balzart and Mary Osterbauer. The escorts were Donn Johnson, Jim Taylor, John Simmons, Duane Gustafson respectively, and the queen's escort, Gary Miller. At the ceremony, Julie Moxness, last year's queen, was our guest. Her escort was Captain Jim Yale.

On the previous night the sock-hop and bon-fire were well attended by the student body, making them a bigger success than in previous years.

Formerly a milestone of any Homecoming celebration, the parade this year was abandoned to make way for more closely-knit campus activities.

FLHS's spritely band built its half-time show around the presentation of the queen and her attendants. Three sparkling convertibles conveyed them around the field. Though the slogan was "Conquer the Cats," our hopes were dimmed by the end of the third quarter by a not-to-be-denied Spring Lake Park eleven.

Both the football game and the dance, held afterward in the all purpose room, attracted many alumni as well as students.

Projects Highlight FHA Year

All year around the girls keep busy in FHA with local and national projects, and bake sales. A booth at the state fair is an example of a money-making project which proved profitable. Two events high-light the year: the style show in April, and the mother-daughter banquet in May. Fun is sometimes shared in parties with the brother organization, the FFA.

Many girls in FLHS, wanting to be physically fit, joined GAA, pushing the enrollment to over one hundred participants.

Bowling, volleyball, basketball and softball were some of the activities offered to GAA girls.

For the first time a statewide convention was held this year. President Diane Daninger and Norma Danks were the two delegates to the convention from Forest Lake. New ways to improve enrollment and participation were discussed at this convention.

JACK FASHBAUGH, WHO HAS APPEARED IN VIRTUALLY ALL OF THE RECENT DRAMATIC PRESENTATIONS AT FLHS, HAS A MOMENT'S RESPITE AFTER A PERFORMANCE OF THE CHRISTMAS PLAY.

IMPORTANT PARTS IN THE PLAY "STAR SONG" WERE PORTRAYED BY ABLE ACTORS AND ACTRESSES. — Mike Hermes as Arad, Connie Carlson as Siti.

Under the direction of the dramatics coach, Mr. Fournier, the Thespians presented the "Star Song." Most of this play is set in an inn where Mary and Joseph take refuge. Greed of the people who stay at the inn, and their change of ideas upon the coming of the Christ child is deeply expressed in the play.

Taking the roles in this production were Irvin Harper and Chuck Dupont as two soldiers, Helen Kammerer as the owner of the inn, and Dianne Johnson as the slave girl. Jack Fashbaugh portrayed the trader, Linda Fahey as Octavia, and Connie Carlson and Mike Hermes as the travelers.

Heading the Thespians troop this year were Mary Jo Vadnais as president, Mary Heisler, vice president; Deirdre Lellman, clerk; Sue Stuard, secretary; and Candy Proulx, treasurer.

DISCUSSING IDEAS FOR THE NEXT RECREATIONAL MEETING ARE GLEN MILES, GAYLON SWENSON, JIM MORRISON, DENNIS SAUNDERS, AND PETE EDSTROM.

Local FFA Is Again Honored

For many years the Forest Lake F.F.A. Chapter has been an important activity of the many boys who have an interest in farming. They use the motto "Learning to do, doing to learn" in the classroom, in their homes, and in experimental farms. The chapter has taken an active part in teaching the boys through public and parliamentary speaking contests, soil and land judging meets, weekly meetings and conventions. They also plan their annual parents' and sons' banquet and recreational meetings with the Forest Lake F.H.A. Chapter.

Attending the national convention in Kansas City this year were Peter Edstrom, Darrel Benson, Glen Miles, John Miron, and Dave Knapp, and their advisor Mr. Sandager, who this year was honored by receiving the Honorary American Farmer Degree.

May we present this year's FFA Chapter Sweetheart, Kay Johnson. Every year during FFA Week, the members of the Chapter select a girl to represent them for the year. The decision is announced at the joint party which was a roller skating party this year. Kay was presented with the traditional white, personalized jacket by Gaylon Swenson, secretary of the Chapter.

This year's Sophomore royalty, Queen Dianne Johnson and King Dave DeLong were presented at the annual sophomore-sponsored dance named "Cupid's Holiday." The candidates are selected by the Sophomore Class but are voted upon by the entire student body.

"LET ME TRY THAT ARPEGGIO JUST ONCE MORE" — JoAnn Vogel, Cheryl Tennis, and Chuck Dale.

This past year the FLHS band has again established itself as one of the better bands in Minnesota.

Beginning their marching season with the Lion's Convention in Winnipeg, Canada, the band placed second out of the top bands of Minnesota. They also marched in the Cambridge parade where they placed first in competition. Marching in the annual Fourth of July Parade in Forest Lake has become a tradition for the band. They climaxed their summer appearances with the Minneapolis Aquatennial Parade where they placed second in their class.

With the resumption of school, the band began rehearsing for the coming school year events such as the all-important Homecoming festivities, the annual Christmas Concert, the Memorial Hospital Benefit Pop Concert and spring concert in addition to the many pep fests and games throughout the year. The band also takes part in a District Music Contest, which this year was held in Forest Lake where they have received an "A" rating for the past fifteen years.

THE JOB OF THE BUSINESS MANAGER IS CLOSELY TIED WITH THAT OF THE SUBSCRIPTION STAFF. — Deirdre Lellman, Carolyn Bowman, Deanna Booren.

The Forester staff is an important organization at FLHS. Their job usually goes unnoticed by the student, but it cannot be wholly forgotten because of the hard work put forth by the staff and their advisor meeting the various deadlines. The staff aids this years editors, Sandy Ashbach, Bernice Hartzi, and Cheryl Moody. Another important person on the staff is the business manager, Deirdre Lellman.

Beyond the confines of the actual editorial side, several important tasks are necessary for the production of the book. Most massive of these jobs are the sales of subscriptions and collection of payments. Soliciting the support of advertisers presents students with the opportunity to involve the community businesses and services with another of the functions of the school.

BUSINESS MANAGER, MARY MASLOWSKI, FINDS A QUIET PLACE IN THE LIBRARY TO COMPLETE HER RECORDS.

Continued reorganization of staff structure brought about adjustments in responsibility for Breeze editors and writers. Pre-deadline labors went on unabated on Monday nights in keeping with the tightened deadline.

A major share of activity in these busy periods fell to the editorial staff headed up by Judie Martz. Other members of the "working press" who reside — on Monday evenings — in the Breeze room include: Candy Proulx, assistant editor; Steve Anderson, news and sports editor; Mary Jo Vadnais, feature editor; Vince Monson, photo editor; Mary Maslowski, business manager.

Mr. Donald Arneson, who has been associated with the Breeze for the past few years, this year officially assumed the post of faculty adviser. This year the Breeze climbed back into its accustomed niche in the list of select school publications which merit the All-American rating from NSPA.

Preparation, Performance Routine for FLHS Choir

Ranging from informal caroling sessions to full-dress concert occasions, the FLHS choir this year engaged in an ambitious schedule. A part of the organization sang at the Forest Hills Country Club for the Bankers' Conference, which led to a second Christmas invitation to perform at the new Forest Lake State Bank. Later the choir caroled at the Linwood School.

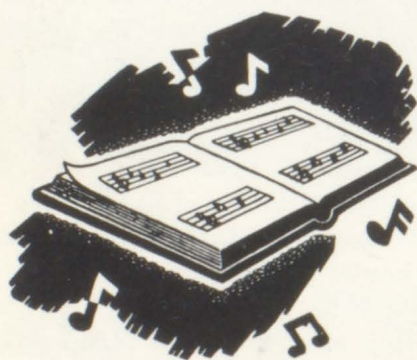

December 20 was the date for the annual Yale presentation for the PTA and the general public. This performance was a combined presentation with the drama personnel who enacted a seasonal tableau.

On January 19 the choir sang the "Flower Drum-Song" as a part of the Miss Forest Lake Pageant. A March 2 Pop Concert featured only light and popular music, and was given as a Memorial Hospital Benefit. Another formal occasion for busy choir members and their director, Mr. Russell Rose, was the Annual Spring Concert on May 10.

Council Strides Become Evident in Student Life

Under the leadership of President Craig Moen and advisor Mr. Wittig, the Student Council gives students a voice in running FLHS. The council consists of members elected from grades 7-12.

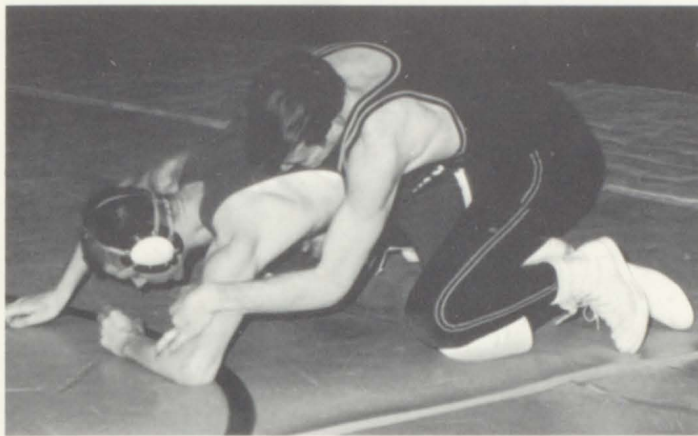

Slated for late spring is the annual convention at which the commissioners and officers are nominated by the student body for their respective offices.

Grid Rangers Post 5—4 Season Slate

After a debut debacle in Skyline Conference play, the Maroon and Gold boomed back, compiling a 5—4 season record in '62 that earned the team a fourth-place loop finish.

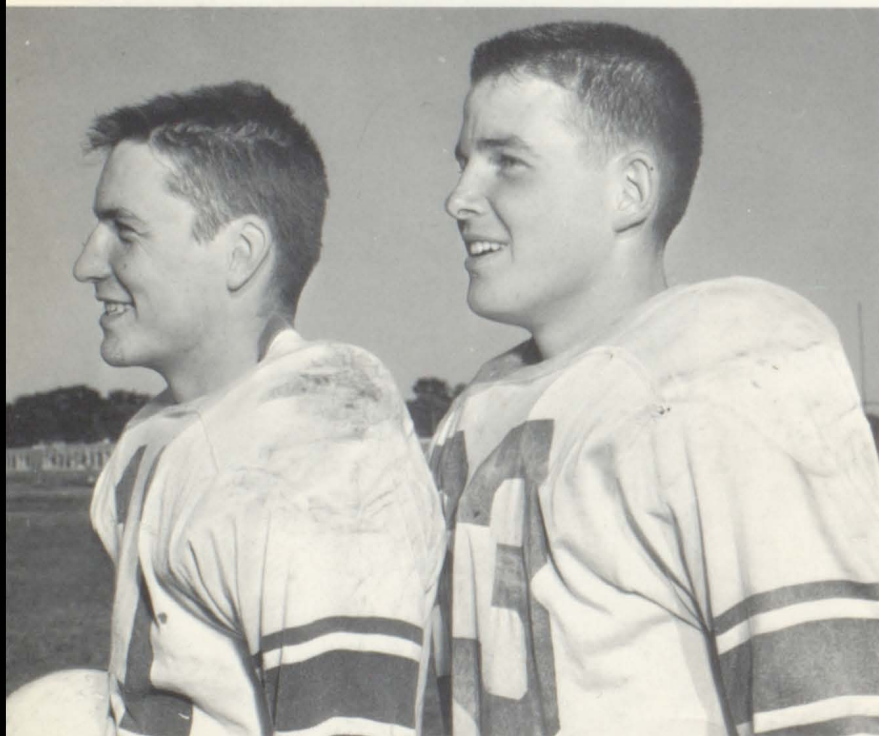

A fearsome foursome in the defensive lineup, an adequate if not spectacular backfield, and Jerry Patrin's golden toe more than neutralized minus factors of a complete lack of real backfield speed and errors of inexperience by the many juniors and sophomores.

In the early part of the '62 season, the inexperience was especially obvious as the Rangers lost to Chisago and St. Paul Park. A win in the third contest over Brooklyn Center reversed the losing trend and began the team's steady rise in the standings. The last September game pitted Forest Lake against mighty Mahtomedi; who had yet to lose after 25 consecutive Skyline wins. One of the greatest efforts by any FL athletic squad downed the Zephyrs 14—12 on the strength of Jerry Patrin's accurate extra points.

St. Francis fell next, again on the strength of Patrin's PAT'S, and the Rangers had a winning streak of three going. Homecoming was a sad interruption, however, with Spring Lake Park adding Forest Lake to their list of victims while on the way to the Skyline title. Again the fortunes of war swung back to favor the Rangers, and Centennial and Fridley were vanquished. However, hopes for a title share or a second place finish were by a pair of Osseo TD's in the final round of leather cracking.

Palmer's Harriers Reach State Meet

Running barefoot in 32° weather, the Forest Lake Cross Country team qualified as the first team from Forest Lake to participate in a State meet.

The team placed second in Region 7 by a score of 74, behind Duluth East 52, and edged Hibbing by one point.

At the State meet held at Lake Nokomis in Minneapolis, the team placed 13th out of 16 opposing teams. Bob Thurnbeck came in twenty-fourth out of a total of 133 individual runners.

In the District 25 meet, Forest Lake won its fifth straight championship. Bob Thurnbeck placed third.

The Skyline Conference found Forest Lake a second place finisher in the final meet. The FL squad boasted an impressive record to be sure, but even more impressive is the fact that the team was built of only one senior and only two experienced runners. This young team, coached by Mr. Palmer, consists of Loren Nickelson, Bob Thurnbeck, Don Peterson, Gary Dupre, Jeff Houle, Dave DeLong, and John Sullivan.

Netmen Garner Conference Crown

The Forest Lake tennis team had a successful year in placing first in the Skyline Conference, and winning five matches and losing one.

In the Skyline Conference Championship the team also came in first by defeating the closest competitor, St. Paul Park, by a score of 26 to 17. Forest Lake took both doubles and singles championships with Myron Fladland and Dean Gardner playing off for singles, with Myron coming out on top, and Martin Whitney and Fred Beeksma winning the doubles.

The tennis team closed out the season with the Regionals at Virginia. Myron Fladland and Dean Gardner teamed up for doubles, and came in second by a score of 6-4, 8-6.

From a team of eight, three, Dean Gardner, Martin Whitney, and Fred Beeksma have graduated, leaving Myron Fladland, John Preiner, Bill Fenton, Dave Degendorfer, and Rick Sandstrom for the coming season.

FL's Golfers Young, Promising

The Forest Lake golf team, coached by Mr. Nyman, had a turn out of 21, before being trimmed to season strength. The team started the season favorably by winning its first match against Osseo, and by the end of the season, FL was doing well enough to win second in the Skyline Conference, second in the Skyline Conference Championship, and also to place second in District 25.

Junior Bob Thurnbeck qualified for the Region Seven meet by posting a District score of 37-40-79.

With but one regular, Chuck Avery, graduating, FL's golf prospects for fielding a more seasoned squad brightened with the return of Bob Thurnbeck, Jeff Houle, Barton Johnson, Glenn Tornell, Ron Wells, and Greg Benson.

Matmen Win District; Place Third in Region

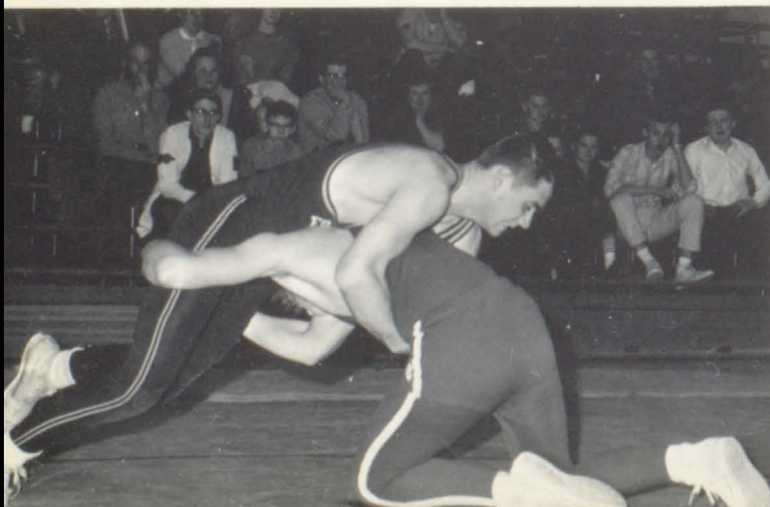

Forest Lake matmen live up to Coach Matteson's and Mr. Reiman's expectations by taking third place in the regionals with a score of 64, which is one place higher than last year. This year's grapplers have shown their abilities by taking first in the District, and sixth in the Skyline Conference. These feats are due to the return of so many experienced wrestlers this year.

During their early matches, the Rangers suffered only four defeats and by their record they have shown strength.

Personal strength and team balance was shown when FL took nine places out of the eleven wrestlers sent up to the Regional meet at Grand Rapids. Unfortunately, none of the FL team will go to the State since none reached higher than second place.

The Forest Lake basketball season opened and closed quite grandly with victories and a comfortable margin. The season slate included seven wins for the Rangers and nine losses. This gives the cagers a chance to participate in the South Half District 25 Tournament this year.

Don Jon Morehead was top scorer for the season and top rebounders were Darrel Severson and Don Lindgren. John Simmons was captain of the team.

Although three seniors will be leaving this year, the team and coaches are hoping for a good season next year with the underclassmen who broke into varsity play this year shaping up nicely.

Baseball Squad Posts 10-5 Record

The 1962 baseball team under the leadership of Coach Leroy Stang ended a successful season with a 10-5 record. The Rangers, who victimized White Bear twice, then fell before St. Paul Park for their first loss. The Rangers were the pointmakers in the next two games with Rush City and Brooklyn Center. After falling behind the Hibbing nine for two scoreless games, the Rangers came out of a slump to defeat Mahtomedi, St. Francis, Spring Lake Park, Centennial, and Fridley. The game with Osseo resulted in a scoreless defeat for the Rangers.

A really big win for the Rangers came in the 13th inning against Chisago City with the Rangers pulled ahead 1-0. This win enabled the Rangers to go into the District 25 Baseball Tournament where they were defeated 6-3 by Sandstone.

The Rangers fielding record was one of the biggest assets in claiming the victories. Pitcher Dick Norton did some fine work to win 7 out of 10 games. With Chuck Patrin and Dick Norton the only two graduates, and more experience under their belts the Ranger baseball team may look forward to another successful season.

Forest Lake's track squad, overtaken by Fridley and Stillwater, came back to win over St. Francis and Centennial. Two other meets were canceled because of bad weather.

The outstanding runner on the squad was Ken MacLean. In the conference meet Ken placed third in the

mile relay, and second in the mile in the district meet.

Under the tutelage of Coach John Schumacher, the tracksters placed fourth in the Conference Relay meet, and fifth in the Conference meet. Forest Lake also placed sixth in the District 25 meet.

The Lettermen's Club, an organization made up of athletes who have lettered in sports, has fifty members this year. Besides being a service group, the club is also a social group with its annual Athletic Banquet in the spring. At the banquet, outstanding athletes are named for each high school sport. Some of their activities are ordering patches for club jackets, holding parent nights for most of the sports, and ushering for basketball games and wrestling matches.

SAFE DRIVERS, GOOD EQUIPMENT, GOOD PLANNING EQUAL AN EFFICIENT TRANSPORTATION SYSTEM.

To the consolidated school district such as Independent School District 831, bus transportation has become an essential facet of operation. The nearly 200 square miles which comprise this district were an unheard of complex until reliable, all-weather transportation for the majority of students became a reality. Today bus routes in this district are many, and they travel hundreds of miles per day to bring children of the area to centralized points of education. Thirty-five regular bus routes, activity bus routes, and drivers trained in safety are all a basic responsibility of the Director of Transportation, Mr. George Sedlacek, elementary schools principal.

One Final Note . . .

If one were to take a quick look into room 223, our makeshift FORESTER room, he would find typewriters "borrowed" from various places, stories being written and rewritten, editors working frantically to meet the deadlines, and an over-all atmosphere of directed chaos. Out of this chaos came order and the 1963 FORESTER.

A book such as this would not be possible without the help of many individuals. A "special thanks" to the administration and faculty for their cooperation when we had to interrupt their classes for pictures.

The aid we received from our staff members made our work easier and more pleasant.

Our "thank you's" could not be complete without expressing special gratitude to Johnson Photography Studios in Chisago City for providing us with the many pictures which appear throughout the book. A sincere "thanks" to Mr. Rafferty who has always been right there to pull us through the rough spots.

We hope you enjoy your 1963 FORESTER as much as we have enjoyed being its editors.
