FOREST LAKE HIGH SCHOOL  
FOREST LAKE, MINNESOTA

## FOREWORD

. . . Mariner IV takes pictures of Mars . . . The Minnesota Twins win the American League Pennant . . . The U. S. has twin triumphs in space . . . Junior High completed . . .

This has been a year of milestones. Pope Paul VI visited the U. S. with a message of peace. In January, the U. S. sent up the Mariner IV which sent back twenty-one pictures of the red planet Mars! June came along and up went McDivitt and White to walk in space. Then in August, Cooper and Conrad orbited the earth for almost eight days. In September, our own Minnesota Twins clinched the American League pennant, but lost to the Los Angeles Dodgers in the seventh game of the World Series. In Forest Lake, the retiring Mr. Hughes was succeeded by Mr. Lechner, who came to our school district from Gilbert, Minnesota. Speaking of schools, the junior high is finally a reality instead of a dream.

Along with the glory, this year has brought tears to a lot of our eyes. The United Nations and the world suffered a great loss in the figure of Adlai Stevenson, who died from a sudden heart attack . . . And regretfully, we will remember the racial rioting in many of our cities and towns. The Salzer Lumber Company was totally destroyed by fire and for the first time in many years, passers-by on Highway 61 can catch a glimpse of the houses in the northwest section of town. The destruction of many of our streets caused general confusion and this common statement, "Help! Where can we turn next?"

Homecoming royalty: Barb Thorp, Roy Childers, Linda Hennen, Pat Morley, King John Nordlund, Queen Candy Randall, Bob O'Brien, Penny Yale, Wayne Skoglund, Bev Belshaw.

Our homecoming royalty John Nordlund, king, and Candy Randall, queen, proudly reigned over the many activities of a successful homecoming.

Crowned Thursday evening following the bonfire and talent skits, the queen and her court had ample time to enjoy their reign—ruling over the sock hop, the football game with Centennial, and the semi-formal dance following.

The seniors of 1966 dedicate this yearbook to Mr. Russell Hammond in appreciation of his devotion as a teacher.

In discipline, guidance, and educational policy, Mr. Hammond has shown that it takes a man to do a good job.

We wish, therefore, to express our sincere thanks for the many hours he has devoted to us and to our community.

By giving assistance and special help to students who need it, Mr. Hammond shows his willingness as a teacher.

Keeping records on each student is only one of Mr. Hammond's duties as a teacher.

He guides and directs the students' work with patience and clarity.

A friendliness and willingness to explain is offered to all students.

Members of the Class of 1966:

I wish to congratulate each member of the 1966 graduating class of Forest Lake Senior High School. Your class is unique in that it is the largest senior class in the fifty-five-year history of the school.

May you as a member of this class also be unique in that you distinguish yourself among the millions of 1966 graduates. You have, to begin with, had a good sound high school education which is basically most significant in an age of automation and technology. May you, if it is at all possible, continue your education beyond high school in order that you may prepare yourselves most fully for a successful career.

Sincerely yours,

*L. T. Lechner.*

# ADMINISTRATION

With the new junior high came many problems, but they were taken in stride and in most cases solved by our capable administration.

Under the leadership of the administration, Forest Lake has come a long way. We have achieved a set of standards that other schools would be proud to accomplish.

For this reason, and many others, we wish to congratulate this administration on a job well done.

## SCHOOL BOARD

Our school board is composed of six elected members who make the rules which govern the school system. The importance of education in our time places a great responsibility on the shoulders of these men. The men on this board must understand this responsibility and act with good judgement. Forest Lake is fortunate that it has such a board—made of men who are eager to do the job in the most efficient way possible.

## SPECIAL

EDMUND GRUND  
Librarian.

In guidance, students have an opportunity to discuss their problems openly with Mr. Wittig, Mr. Dahl, and Mr. Ratzlaff.

Mrs. Volkmann and Mr. Trepanier give their exceptional students the extra individual attention and patience necessary to help them adjust to today's problems.

Special attention to a student's physical problems is offered by Mrs. Frigstad, the school nurse, Mr. Newman, speech and hearing clinician, and Mrs. Berggren, remedial reading instructor.

Mr. Grund, senior high librarian, and Mrs. Carpenter, junior high librarian, aid students in their search for reading materials. Mr. Fuhrman offers his services by means of distributing audio-visual materials that make learning easier and more enjoyable.

## MATHEMATICS AND SCIENCE

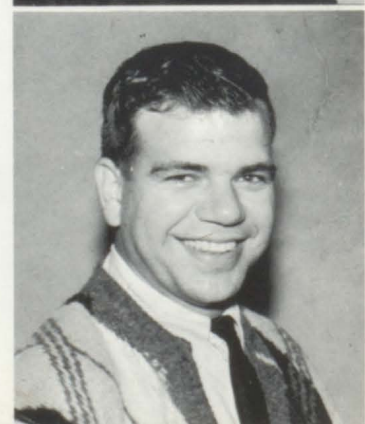

A career in advanced technology and research requires a good basic foundation at the high school level. This foundation is found by F.L.H.S. students in college preparatory classes such as Higher Algebra; Higher Math, Analytic Geometry and Trig.; and Chemistry, Physics and Biology. Students who have struggled through these courses will find many varied fields of study open to them at the college level.

For the student who does not have a particular interest in either of these fields, but would like a well rounded education, he may choose the Business Mathematics course or Physical Science. These courses will give him a basic understanding of figures and budget balancing or a general knowledge of the scientific elements around him.

## ENGLISH

A spark of life was added to the language departments this year. The second year French students held a model class one evening in December. The purpose of this was to acquaint people with new methods of teaching modern languages.

The language department hopes to further develop the students' interest and knowledge by the addition of a French III and Spanish IV class. Their main objective now is to continually strive to develop continuity of programs at the junior and senior high levels.

An added boost to the Sr. High English Department was the production of Shakespeare's **Macbeth**. This performance was presented to the F.L.H.S. students by professional players from the Tyrone Guthrie Theater Company. For those who had already read the play it was an added bonus. And for those who hadn't, but will in their future years, it was an added stimulus to the enjoyment and satisfaction of reading the great master.

## GOVERNMENT

Through the study of history and the social sciences, each student realizes the need for a greater understanding of today's situations and tomorrow's problems.

This year an important event for two social science students, Ellen Vietor and Joyce Engstrom, was a trip to Gustavus Adolphus College. Lectures on the Nobel Peace Prize were the main consideration of the symposium.

These classes, as a whole, prepare students to face challenges which await them in life. Forming the ideals by which they live, today's students will readily accept the challenge to be tomorrow's leaders.

# HOME ECONOMICS

To a girl taking Home Economics, preparing to become one of tomorrow's homemakers means many hours of hard work and equally as many hours of fun. This class gives a girl the opportunity to express herself and gives her a chance to really get to know her classmates. The Home Economics Department offers five levels, of which the last three are electives. Home Economics I, II, and III are general courses, while Home Economics IV deals mainly with clothing and, Home Economics V with food and family relations.

# AGRICULTURE AND FARM MECHANICS

The aim of the Agriculture Department is to serve the Forest Lake area by educating its students as local farmers. Agriculture classes range from Agriculture I to Agriculture IV and cover all farm techniques and management. Students are required to have a project which can range from raising farm animals to crops. Many agriculture students are also members of the local Chapter of F.F.A., where they can acquire more knowledge and experiences useful to a future farmer.

"It goes in there like this," says Mr. Kulbeck.

During first hour every morning, ten students study rudiments of music. This course gives a solid foundation for anyone interested in continuing music harmony in college.

Over one hundred students take part in either choir or band every day during fourth hour. The majority of the period is spent on repertoire for the annual Christmas Concert, Pop Concert, Spring Concert, and district contest.

This year a new class was added to the art classes. A group of about ten students is privileged to have an Art III course all to themselves. The major project of the year has been making tiles which have been one of the major interests on the art room walls. Other colorful projects through the year have made the art room one vast spectrum of color.

The Art II students hold a practice session in lettering.

# INDUSTRIAL ARTS

This year Forest Lake's Industrial Arts classes can boast of having five girls among them. In Architectural Drawing, students become acquainted with various types of designs. They display their abilities by designing and building their own "dream house."

In Electronics I, boys apply their knowledge of the elementary principles of electricity to selected projects.

Boys taking Power Mechanics become familiar with power in all phases of industry. Later, they are given an opportunity to work and assemble small engines.

Because many students will enter the business world after graduation, F.L.H.S. has a large commercial department to prepare students for office jobs.

Freshmen are required to take a half year of business relations and the second half of the year is devoted to the basic skills of typing. Advanced typing is offered to students who wish to increase their skills.

In office practice, students have an opportunity to get first-hand training similar to that used in a business office. They learn to operate office machines such as mimeograph, rotary calculator, dictaphone, and spirit duplicator.

Two years of shorthand are offered to those who wish to become secretaries and stenographers.

Bookkeeping is another course in the commercial curriculum. Two practice sets, in which students act as bookkeepers for a company, are completed during the year.

## BUSINESS

As Sandy Lundin demonstrates, an important part of typing is proofreading.

## PHYSICAL EDUCATION

The "chicken fat" of many Forest Lake students is slowly dissolving. With the emphasis on physical fitness, students are required to participate in various physical fitness tests. Some of the other "weight reducers" are volleyball, baseball, tumbling, tennis, basketball and soccer.

The Forester Staff feels this is an excellent example of the effort it takes to get a basketball to the basket . . . NONE!

The F. L. golf team had a successful year. In the Skyline Conference, the Ranger team held 2nd place with 4 wins and 1 loss. In the Conference Tournament they captured 4th place with a total score of 393.

The District Tournament at Hinckley left the Rangers in 2nd place, with a score of 225 and 2 qualifiers, Jim Sederholm and Pat Morley, for region competition in Virginia.

Jim Sederholm tied down a position as state qualifier, the first from F. L. in golf competition. The regional championship and bid for state entry was captured by North Branch, for the second time in 2 years.

Jerry Larson and Fred Gould played doubles this year.

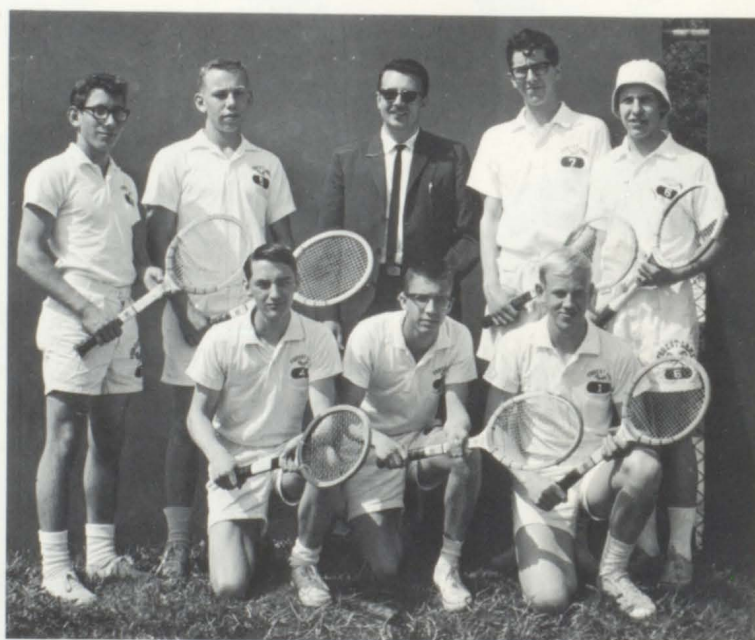

The 1965 team tied for third place in the Skyline Conference by winning two matches and losing three. In the Region VII Tennis Tournament, at Hibbing, Forest Lake failed to score any points.

At the Mahtomedi Invitational held on April 24, 1965, Forest Lake placed second, with Mahtomedi first, Hill third, and Gilbert fourth.

The top man, Phil Edstrom, placed third in the Skyline Conference Tournament and lost only one match in conference play. Overall, Forest Lake won three and lost seven.

The team gathers around Greg Benson to congratulate him on another of his mighty homers.

"All right you guys—Let's get out there and win!"—Coach Stang.

## BASEBALL

"This is the finest group of boys that I have ever coached," said Coach Stang of his 1965 baseball squad. In his opinion, they were not only fine athletes, but fine gentlemen as well.

Although their efforts for a state berth was thwarted by Hinkley in the second game of the semi-finals in District 25 play, the team achieved high honors by capturing the title of the Skyline Conference.

Dave Conley's arm proved to be an invaluable asset to the team. He won 7 and lost only 1.

Besides Dave Conley, outfielder Pat Casey, and catcher Greg Benson were named to the All-Conference Team.

## FOOTBALL

Led by Captain Pat Morley, the 1965 gridders reversed the 1964 football record of 3-6 to 6-3. The improved squad boasted two All-Conference men, Pat Morley and Wayne Skoglund, who were placed in the State Honorable Mention category. Chosen for conference Honorable Mentions were Bob Carlisle, Tim Casey, and Roy Childers.

The game which will be remembered longest by graduating seniors is the Homecoming game. The Rangers, showing strong school spirit, blanked the Centennial Chiefs 25-0.

Osseo, the only team that managed to hold the Rangers scoreless, captured the Skyline Conference title. Although the Rangers were second only to Mahtomedi in total points scored, the gridders tied Fridley for fourth place.

Leaving their high school football careers to next year's team were eleven seniors: Roy Childers, Buster Lind, Mike Moen, Pat Morley, Mike Niemczyk, Bob O'Brien, George Osgood, Art Schneider, and Chris Wortman. The 1966 team will be captained by Bob Carlisle, who played an outstanding season at right tackle!

Let's hang on to what we got. Tim Casey.

# HOMECOMING

A moment of suspense, and then the roses were placed in the arms of Candy Randall.

A little lost, a little gained seemed to be the way of the traditional homecoming festivities. Making his first appearance at the bonfire and half-time ceremonies of the Homecoming game was Charlie, our mascot. Charlie was ridden by Jenine Morstad, who carried our school flag. After the bonfire the students and alumni filed into the gym for something else new, a skit show. Various organizations presented skits in hopes of capturing first place. The winners, G.A.A., presented their skit for a second time at Friday's pepfest. Next came the coronation of the king and queen, not quite so elaborate as in past years—the candidates were dressed in casual wear, the girls in skirts and sweaters and the boys in sports coats. Last year's queen, Corby Thompson, placed the King's cape on the shoulders of John Nordlund, who in turn indicated Candy Randall as the queen by handing her the bouquet of roses. A sockhop followed the coronation with music provided by the Pthaleins. Friday afternoon another pepfest was held to really show the team that we were behind them. The game began at 7:00 p.m. and when it ended our team was in the spotlight. We had ousted Centennial, 25-0. The traditional homecoming dance following the game was jazzed up a bit with a band rather than an orchestra.

Homecoming, although different in some ways, will always have that special air of excitement, especially when we have such an exceptionally fine team.

A replica of the homecoming button was used as part of the decorations at the dance which followed the game.

The bonfire was lighted by our graduating football players.

Wayne Skoglund skirted around a Centennial Chief for a touchdown.

Rangers .....25  
 Chiefs .....0

The team was wildly happy after their 25-0 victory.

Our mascot, Charlie, ridden by Jenine Morstad, was a new addition to our Homecoming this year.

Some of the Lettermen hold up one of their "audience participation" signs at Thursday's skit night.

## BASKETBALL

After losing a district-winning team, Coach Conley was faced with rebuilding his Ranger squad. The young cagers worked hard, hustling and maneuvering the ball around the court. Even so, the Rangers ended their 1966 Skyline Conference career with a record of 5 victories and 9 defeats.

Inconsistency proved to be the biggest downfall for the inexperienced team. Because they could not keep an even scoring pace for four quarters, the bucketmen forfeited many games.

By the time the season was almost one-fourth over, the Rangers boasted only one victory. But then they hit a streak of four straight wins. During this winning streak came a game that not many fans will forget. Due to a technical decision, the win over St. Francis, 64-63, was delayed for twenty-five minutes.

With an overall record of 5-13, F.L. went into district play against Pine City on Tuesday, March 1.

The lone senior cagers—Forwards Bob Elsenpeter and Pat Morley.

At the close of its eighth year, the Forest Lake Wrestling Squad has shown how truly capable it is of competing with the many larger schools in the district and regional competition. Under the leadership of Coaches Matteson and Reiman and spurred on by their co-captains, Bob Westby and Mike Niemczyk, they have shown better results than any other year.

In the Skyline Conference their record of victories is very impressive. They won seven and lost only two and tied one. They also won the second Forest Lake Invitational meet.

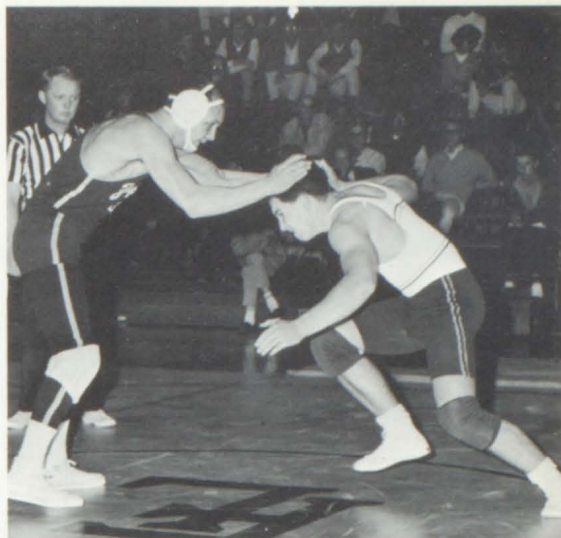

The District 25 title was captured Saturday, February 19, with a score of 132 accumulated points. Their nearest opponent had a score of only 78 points.

The nine wrestlers who became District Champions were: Arnie Dunn, 95 lb.; Pete Saxe, 103 lb.; Bob Westby, 112 lb.; Mike Niemczyk, 127 lb.; Jim Schlaeger, 133 lb.; Bruce Saxe, 138 lb.; Joe Moore, 145 lb.; Jack Sivigny, 154 lb.; and Richard Rodrigue, 165 lb.

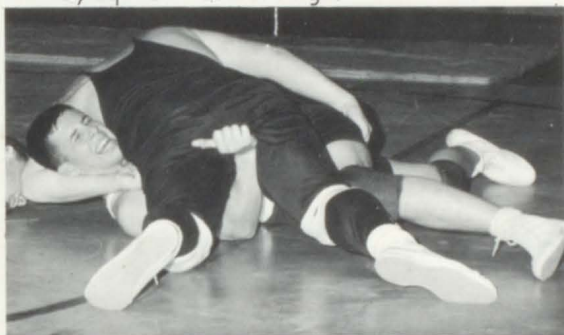

Another triumph for the Ranger matmen was second place honors in Region VII competition on Saturday, February 26. The Rangers fell to Grand Rapids in a final score of 128-103. Receiving second place for individual honors were six Rangers: Arnie Dunn, Pete Saxe, Jim Schlaeger, Jack Sivigny, Rich Rodrigue and Dave Schwartz.

Advancing to the state tournament held March 1 and 2, were the two co-captains, Mike Niemczyk and Bob Westby, and Joe Moore.

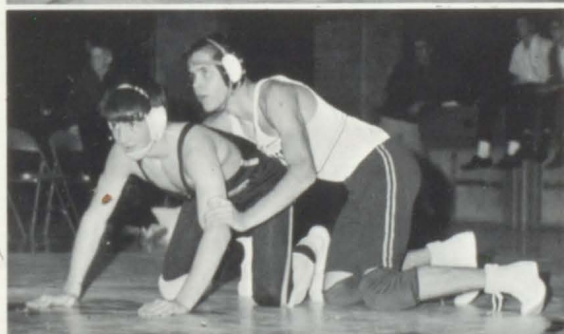

The outlook for next year is very good, for two reasons. First, nine of the twelve wrestlers are returning next year, and their experience will be very valuable to them. Second, this year there is a Junior High Wrestling Program. This is its first year, and under Mr. Nelson and Mr. Swenson's supervision, this program will prepare many boys for the varsity squad in Senior High.

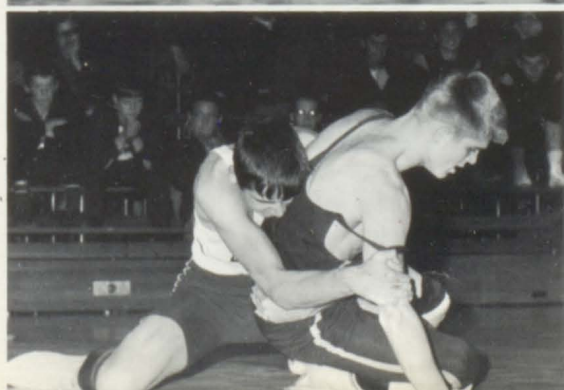

An attempted take-down by Dean Pierce.

"Come on Jack, just a little more leverage!"

Jim Schlaeger possesses the upper hand against his Mahtomedi opponent.

"I've got him! I've got him! This time I've really got him!"

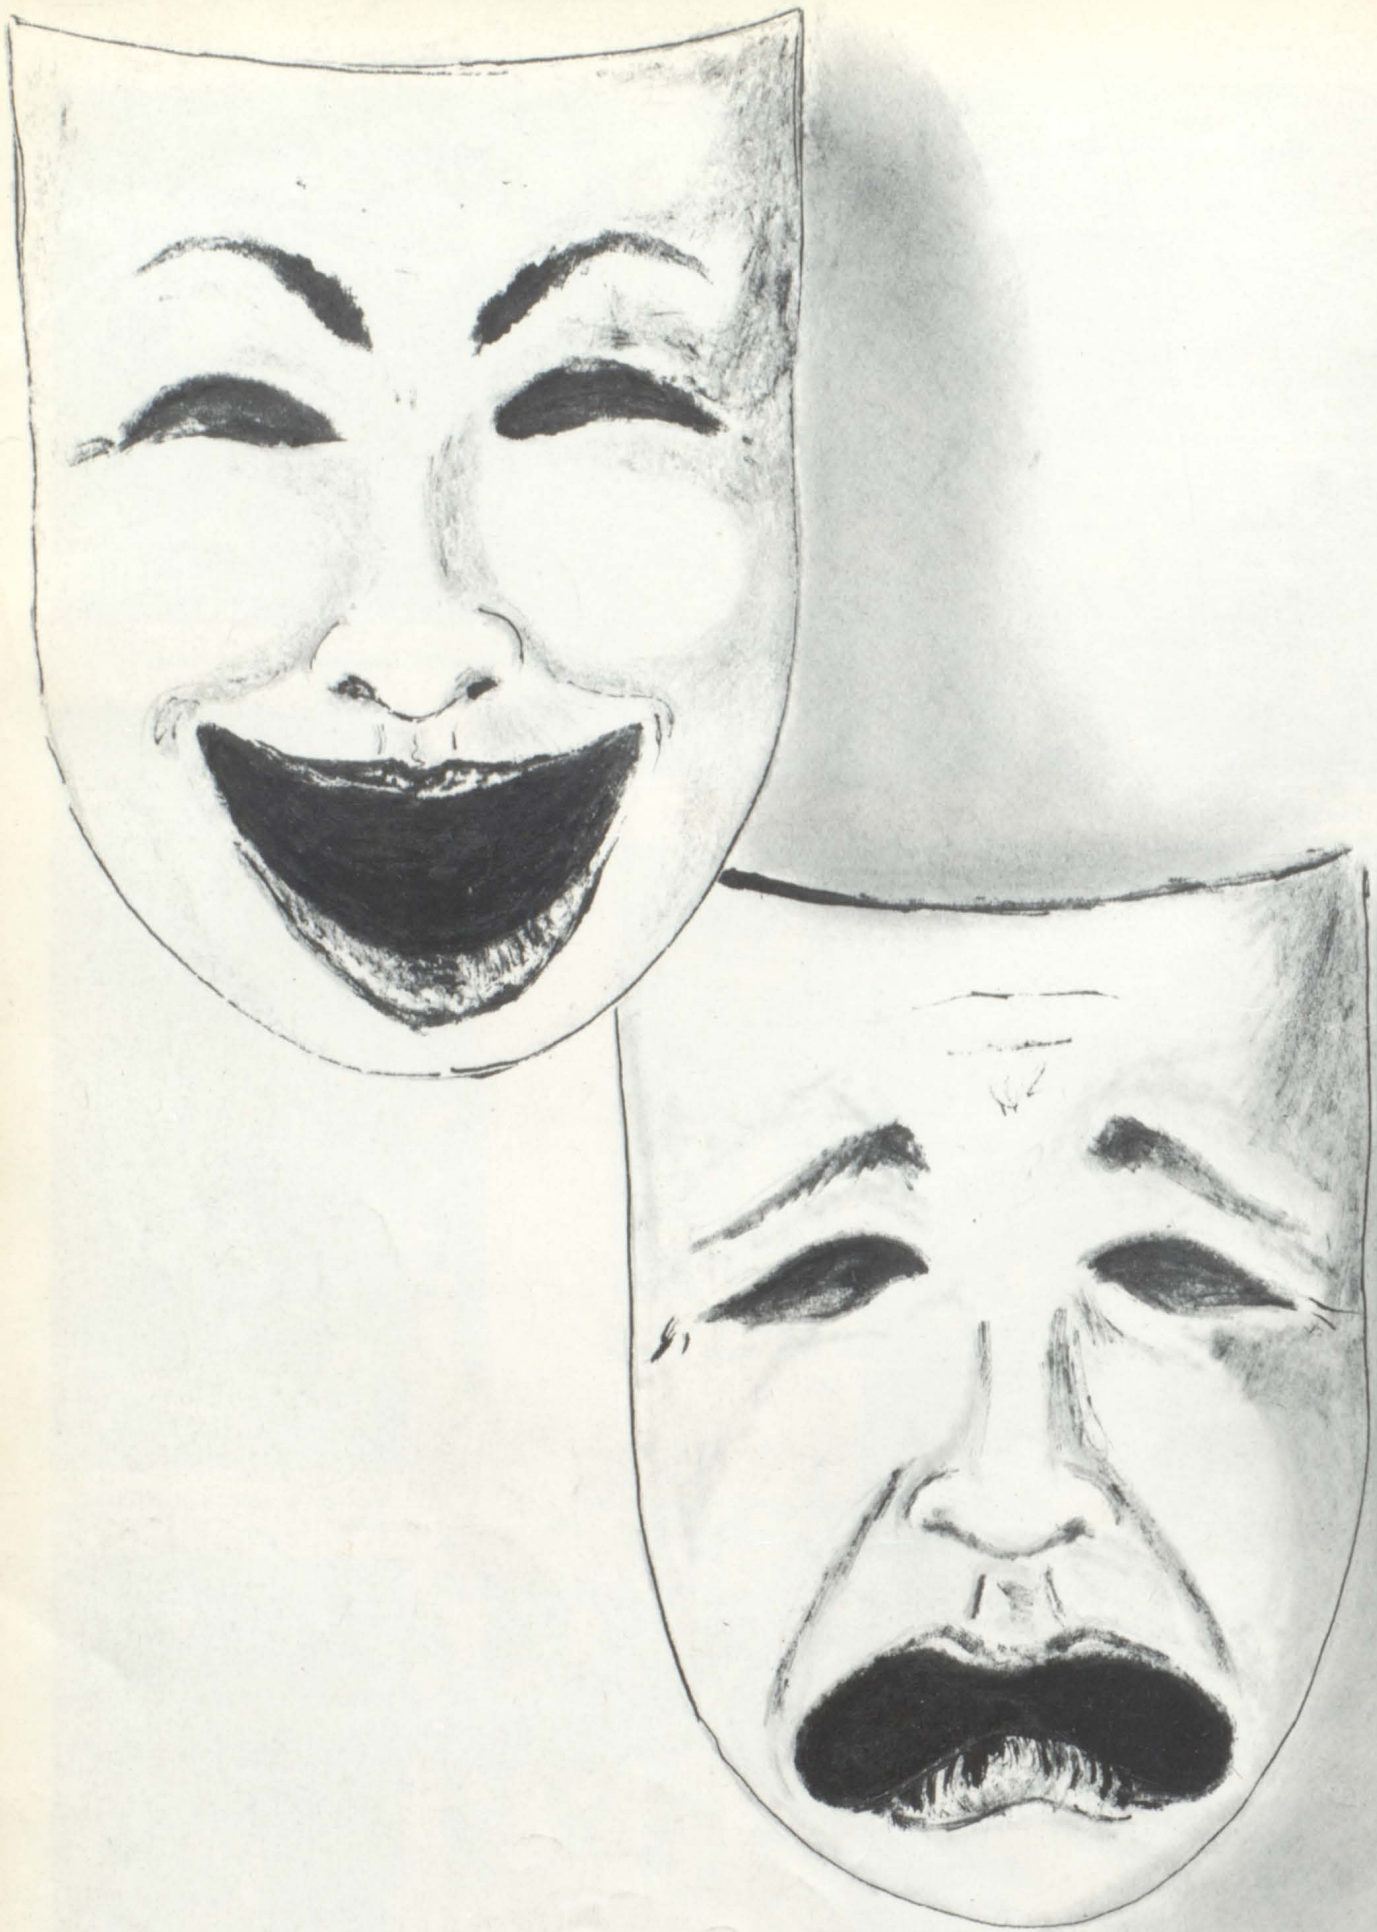

Ken Schlavin frightens his opponent with guerilla tactics.

Bitter-sweet victory—Bruce Saxe.

FLHS CHOIR

## CHOIR

"O Come All Ye Faithful" was the processional used by the choir in the '65 Christmas concert.

Choir accompanist, Claudia Lee, has been playing and assisting the choir for four years now, a record for choir members at Forest Lake. Previously the maximum had been three years for choir membership.

#### CHOIR COUNCIL

Front row, from left to right: Linda Morrison, Terry Herzog, president; and Claudia Lee. Back row: Colette Nygren, Sue LeVesseur, Penny Yale, and Doniver Ahlm.

The initial candy sale at FLHS last fall was held by the choir. A profit of about three hundred dollars was used to complete payments on a stereo tape recorder and to purchase insignias to be worn on blazer jackets.

The fourth hour rehearsals had three major goals in mind: the annual Christmas Concert, the Spring Concert, and the District 25 Music Contest in April.

Graduation left only three members to the Triple Trio, but after fall auditions six new members were chosen and rehearsals began. The group offered variety and enjoyment at their various appearances.

The choir and triple trio hoped to uphold the FL tradition of an "A" at the district contest each year. This is an added incentive for the groups to work hard and concentrate right on through the spring.

In singing formation is the '66 Triple Trio: Karen Berger, Sue Osterbauer, Carol Mosling, Mary Houle, Sandy Johnson, Sue LeVesseur, Kathy Erickson, Eileen Meehl, and Judy Shodahl.

PEP BAND

Twirlers: Roxan Tuomenin, Marlene Houfer, Carol Marier, Debbie Klensendorf and Kathy Trudeau (not pictured).

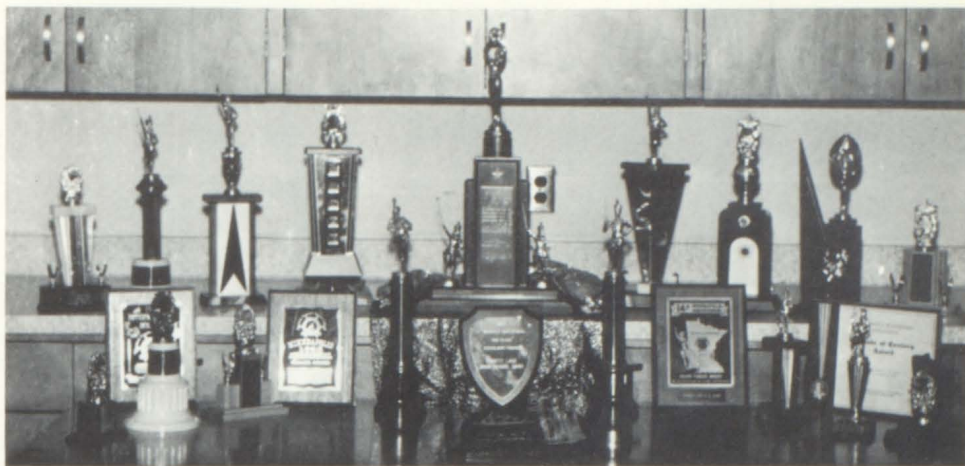

All accounts for the band, plus any correspondence or errands Mr. Nelson may have, are given to Jeanne Berger, band secretary.

## BAND

This display of trophies is the benefit of long, hard marching sessions which the band has before the actual marching season begins.

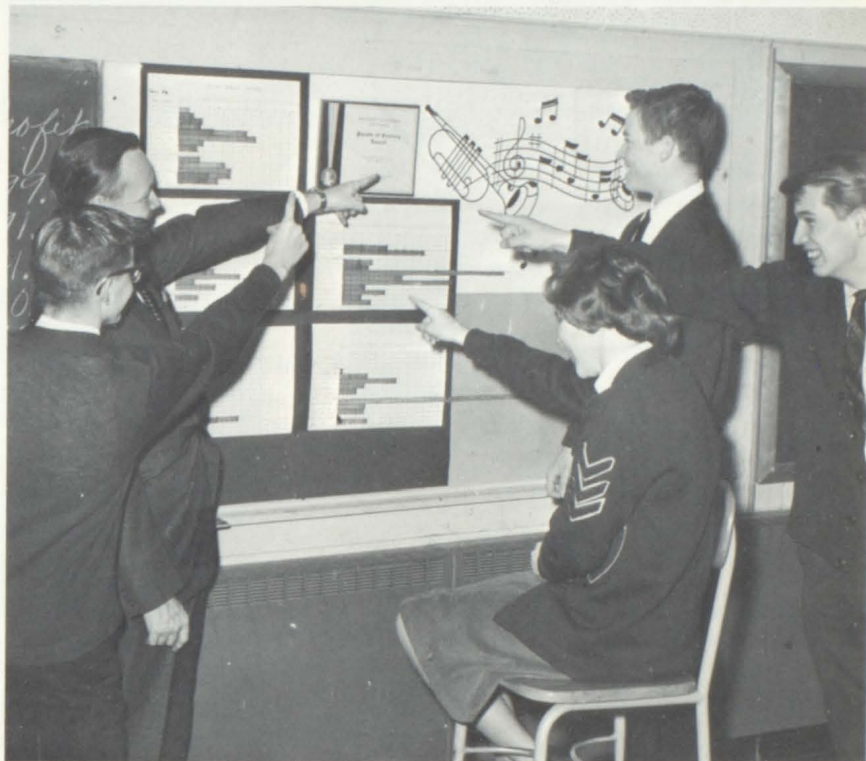

"You were champions the minute you decided to be champions."

These were the words expressed by Mr. Rollin Nelson after a successful marching season last summer. He credited the band's success to four main attributes: desire, pride, purpose, and sacrifice.

The '65 band attained the honor by capturing first place trophies from the District Lions Convention Parade at Moorhead, Minnesota, and the Aquatennial Torchlight Parade in Minneapolis.

The plans for another season can be summed up in three words: New York City. Many fund raising drives, such as candy sales and benefit concerts were held throughout the year to reach a goal—a trip to New York where they will participate in an International Lions Convention Parade.

The band council is watching the figures soar as profits are returned from the Christmas candy sale. Earl Buys, Mr. Nelson, Marlene Miller, Jack Randall, and president Doug Harper.

"And laying his finger aside of his nose, and giving a nod, up the chimney he (Mr. J. Johnson) rose!" was part of a novelty number the band used in the Christmas concert.

"Careful! My toes are in there."

## LETTERMAN CLUB

One of their duties is to direct traffic at basketball games.

The Letterman's Club is made up of athletes who have lettered in sports. One of the responsibilities of the lettermen is to serve as ushers at basketball games and wrestling matches.

Each spring the Chamber of Commerce honors all the lettermen with the annual Athletic Banquet. At the 1965 banquet, those named as outstanding athletes were: for spring sports 1964—Myron Fladland, tennis; Jeff Houle, golf; Jerry Lundberg, track; D. J. Morehead, baseball; for fall and winter sports 1965—Dave DeLong, cross country; Pat Casey, football; Dave Conley, basketball. No award was given in wrestling.

Mr. Hanson is the club advisor.

## F.H.A.

The Future Homemakers of America began a productive year with a Halloween party and surprise initiation. In December the girls held the annual caroling party which included a visit to Birchwood Nursing Home and an informal gathering afterwards at their advisor's home. A Christmas shopping spree in Minneapolis and the attendance of the musical "My Fair Lady" rounded out the month of December.

This year's chapter is especially proud of one of its members, Joan Hauble, who was appointed Co-chairman of Recreation for the state of Minnesota. This appointment entitled Joan to attend the national FHA meeting in Philadelphia, and also the 1966 state meeting held at the Radisson Hotel in Minneapolis. Attending the state meeting with her were seven other delegates from the [redacted] chapter.

The annual Mother-Daughter Banquet concluded the events for the [redacted] school year. At this time the newly elected [redacted] were announced and installed in a formal ceremony.

# F.F.A.

## F.F.A. OFFICERS

Front row, from left to right: BOB CARLISLE, treasurer; JIM HUSNIK, president; CHARLES KLINEFELTER, vice-president. Second row, GARY STANLEY, reporter; RON SPRINGER, sentinel; STEVE WEST, secretary.

Under the leadership of President Jim Husnik, this year's F.F.A. Chapter has been kept very busy. They meet every Wednesday throughout the school year, and once a month during the summer to discuss their many projects and events.

The chapter raises fifteen acres of corn to raise money for agricultural expenses. They also rent out farm machinery, sell Christmas trees and greeting cards.

Their funds are used in several worthwhile ways. Up to \$1000 each year is distributed as a loan among the members who wish to study agriculture after high school. One member can receive as much as \$300 interest-free. This summer the chapter will provide Wayne Stolp with \$50 so that he can go to Camp Courage. They also purchase animals and give them to boys to start their own farm program. That boy will later return the first off-spring, which will be given to another member.

The annual F.F.A. Banquet is held each spring. Awards are presented to members for achievements in leadership, crops, and dairy. They also announce the names of the boys who will be delegates to the National F.F.A. Convention.

Attending the National Convention, which was held in Kansas City, Missouri, last October were Jim Husnik, Mark Lundgren, Ron Springer, Gary Stanley, and Norris Taylor. They were sponsored by local businessmen.

The five F.F.A. Chapter Sweetheart candidates were—Sitting, from left to right: Mary San-Cartier, Linda Shelander, Sandra Dresel. Standing: Geraldine Helget, Linda DeGree.

Annually the F.F.A. exhibits a booth at the State Fair.

STUDENT COUNCIL OFFICERS

RALPH DELONG, president; ANITA GAY, secretary; JOYCE ENGSTROM, parliamentarian; JERRY PETERSON, vice president.

## STUDENT COUNCIL

This year students have more to say in student government than ever before. Under a new constitution which was adopted at the beginning of the 1965-66 school year, the entire structure of the student council was changed so that now there is a four member executive council, nine class representatives, and five organization representatives.

Since the election in the fall, the student council has accomplished much under the leadership of President Ralph DeLong, and their capable advisor, Mr. Wittig.

The student council has sponsored many activities throughout the year. The first was our successful Homecoming. Others have been the Sadie Hawkins Dance in November, and the Computer Party in April. Both displayed the originality of this year's council. Also, in February, Bob Ryan, who had just returned from Vietnam, came to FL at the invitation of the student council, as an assembly speaker. The Awards Day program was the last duty of the council before they handed over their job to next year's council.

## BREEZE

After a hectic month of looking for a new room, breaking in a new advisor, and getting back to the routine of deadlines, the Breeze staff settled down to a year of productive journalism. The staff, with the special guidance of Mr. Robert Cathcart, produced the school's bi-weekly newspaper.

Previously awarded a First Class rating by the NSPA, the unusually large staff of 35 members tried to cover, in the Breeze, all school events. Much of the photography coverage was done with the aid of the audio visual department.

BREEZE CO-EDITORS TERRY HERZOG and MARY HOULE

Sitting, from left to right: Mary Anderson, Carol Mosling, Dan Waldoch, Earl Buys, Diana Jorgenson, Carol Marier, Penny Carpenter, Sue LeVesseur. Standing: Mr. Cathcart, advisor, Doug Harper, Court Nelson.

From left to right: Shirley Onasch, Jeanne Berger, Bonnie Amundson, Ellen Vietor, Carol Hartz, Claudia Lee.

## FORESTER

After moving downstairs to a new and more spacious room, the staff began diligently working on the Forester for 1966. With plans for a bigger and more colorful book, the editors began making schedules and diagrams to help designate the many tasks necessary to produce a top-notch book.

An added incentive for members of the staff was a trip to Chicago for the NSPA convention held at the Conrad Hilton Hotel. The convention included many sessions on the writing and editing of yearbooks, and sightseeing tours through such places as Chinatown, Old Town, and the Loop Area.

Many dramatic changes were made in the book for '66. A new cover, which will become standard, was the first major change. The focal point of the book, the five multi-colored pictures used in the introductory pages, represents an innovation of color in FL yearbooks. The special effect of artwork on division pages and various other pages throughout the book can be credited to Jeanne Berger, our art editor, who gave added life and interest to the 1966 Forester.

**Sitting:** Marlene Miller, co-editor; Mr. Johnson, advisor; Linda Hennen, co-editor. **Standing:** Lynn Mattson and Dorothy Dick, assistant editors.

**Sitting:** Mavis Onasch, Marlene Magnuson, Patty Houle, Carol Mosling, Kathy Peloquin. **Standing:** Colette Nygren, Chris Thomson, Cheryl Tornell, Leslie Carvell, Roselyn Bollinger.

Thespian president, DAWN LARSON.

Thespians is an organization that gives students an opportunity to show their talent in the theater.

Their first play was presented in the fall. **See How They Run** was a comedy about a young actress married to a minister. Unexpected visits from an old boyfriend, an uncle, and an escaped convict set the action.

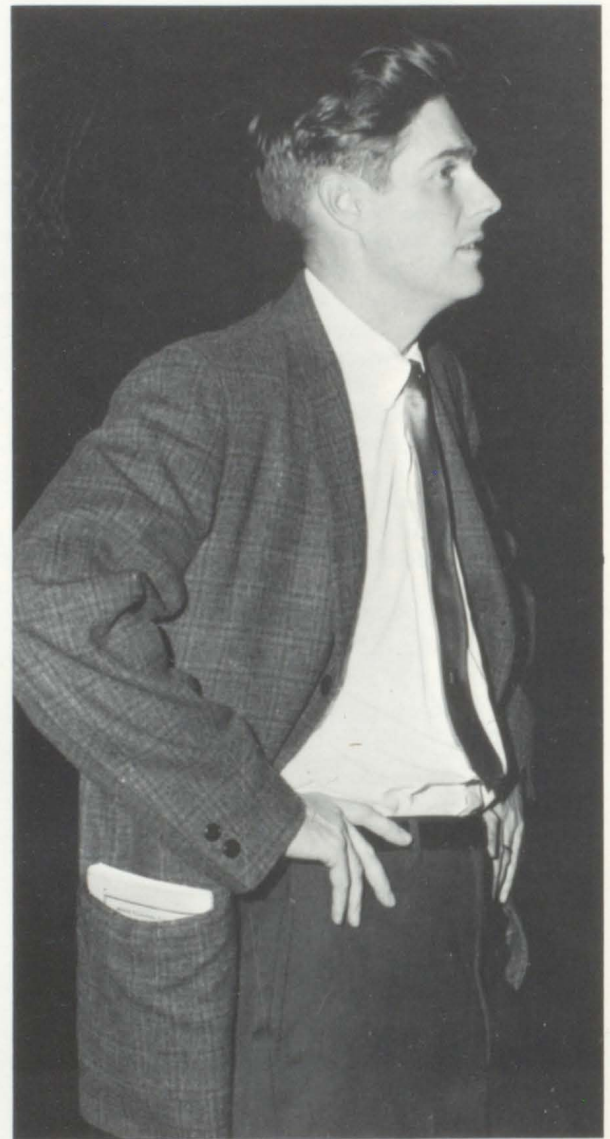

**The Playgoers** was the one act play entered into competition this year. It was also presented to the St. Croix Falls High School in an exchange program.

Thespian members also enjoyed a Mardi Gras party and a night at the opera. They also support a foster child in Ecuador.

Heading the Thespian troupe this year were Mr. Fournier, advisor; Dawn Larson, president; Terry Herzog, vice-president; Diana Jorgenson, secretary; and Patty Houle, treasurer.

## DEBATE

Debate Club, now in its fourth year, has grown from its original eight members to a group of thirteen—four seniors and nine sophomores. Of these, only two are experienced, seniors Doug Harper and Ken Carpenter. They have been debating for three years, and according to Mr. Nelson, they are the best team he has ever had. This year, Doug and Ken are a part of the negative team of debators.

The resolution "That the Federal Government should adopt a program of compulsory arbitration in labor management disputes in basic industry" was debated by all schools throughout the nation and by the FL debate squad in many practice and tournament debates throughout the school year.

FL debators have been in two round-robin practice debates. One was the Skyline Conference in which they tied for fourth place and the other was the North St. Paul Round Robin. Other tournaments held this year were the Regional at Duluth and the tournament at the University of Minnesota.

Debators have participated in sixty-five rounds of debate at twenty-four different tournament or practice debates.

In their travels, they have covered over 2000 miles.

Because of the large number of sophomores, Mr. Nelson feels the future Debate Clubs will be very good, since they are getting their experience now.

The ride home is often tiring after a rough debate. Barb Marier.

Last minute brush-ups are helpful to all debators. Doug Harper.

## SKI CLUB

The "Glissader" Ski Club is now in its fourth year. The club takes several trips during the winter to resorts in Minnesota and nearby states.

The club is open to all students of Forest Lake schools. The only requirement for membership is that the student go on at least one trip during the season. The club advisor is Mr. Roscoe.

While others in the community are shoveling driveways or hibernating inside, you'll find these active students out on the ski slopes taking advantage of Minnesota winters.

## CHESS CLUB

The Chess Club, consisting of fourteen members, meets twice each week on Wednesdays and Thursdays. The club has all types of chess players, beginners to long-time experts. Sophomores, juniors, and seniors have equal standing in the organization. There are no dues or initiations. The purpose of the club is to improve the member's chess game. Peter Berven and Stu Johnson served as co-presidents for the '65-'66 year, with Mr. Robert Cathcart as advisor.

Under the direction of Mr. Joseph Partington, the junior high school band enjoys its modern facilities at the new school building. To enable individual practices, three private rooms are available. There is also a convenient storage room for the instruments.

Band members attend weekly class lessons and daily rehearsals during the homeroom period. Here they practice marches and novelty tunes for use in the pep band at the junior high school basketball games. The main event of the year is the Spring Concert presented in May. The concert will feature bass horn and oboe soloists, a flute ensemble, a clarinet quartet and trio.

## JUNIOR HIGH BAND

Soloists Scott Warren, oboe, and Clarence Johnson, base horn.

Secretaries Susan Herzog and Mary Klinefelter.

#### JUNIOR HIGH STUDENT COUNCIL OFFICERS

From left to right: Cindy Vadner, vice-president; Carol Jorgenson, president; Tom Hollihan, parliamentarian; Joyce Jeans, secretary.

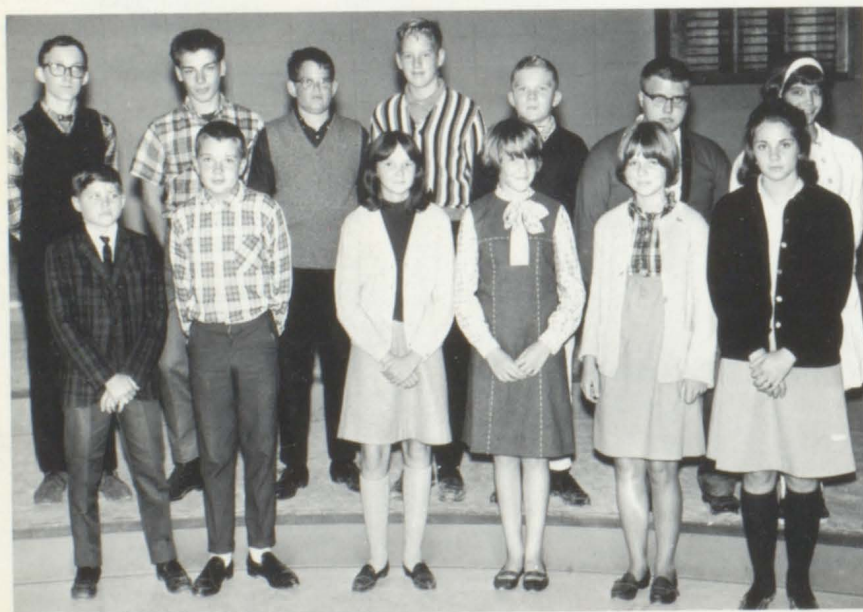

## STUDENT COUNCIL

The Junior High Student Council was organized in the fall of '65. The officers felt the best method of organization was to form committees. Three main committees were established: Social Affairs, Constitution Revisions, and Dress Code.

The main function of the Social Affairs Committee is to plan and pick themes for dances and all social events. Because the constitution was lacking in a few places, the Constitution Revisions Committee was assigned the task of correcting the problems such as poor attendance at meetings and other similar problems which might arise.

The main purpose of the Dress Code Committee was to alter the dress code to fit the junior high needs. The changes are made on the basis of student polls and opinions.

To cope with any new or outstanding problems which might arise, the council appoints small committees from the three major ones to handle them.

Front row, from left to right: Tom Hollihan, Randolph Johnson, Lucy Swanson, Daria Thiltgen, Sheila Johnson, Cindy Vadner. Second row: Richard Johnson, Steve LeVesseur, Fred Wenzel, Mike DesMareis, Bruce Johnson, Granton Larson, Charlene Krasky.

The yearbook of 1966 can boast of a few firsts: the color, cover, and great artwork. And because of these firsts, we can hold a special pleasure or pride in being the editors of the book.

Our special memories range from humorous to tragic. For example, we will never forget the day we walked barefoot through two feet of mud and water from the junior high to the senior high, just so the junior high would have ample opportunity to buy a book; or the day we realized we had changed the numbering of the pages after the first shipment, but not the numbers in the table of contents!

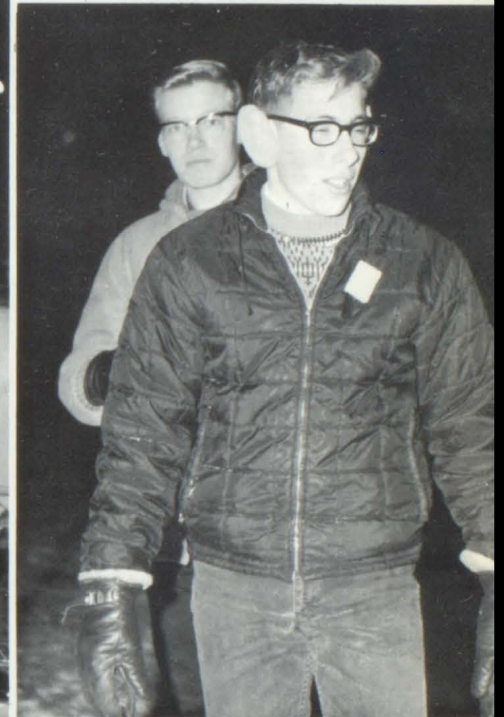

But, despite our blunders, with the help of our advisor, Mr. Johnson, the excellent photography of Mr. George Johnson, and the cooperation and assistance of the administration and faculty, the 1966 Forester staff met deadlines and succeeded in producing a book which, we hope, will be a good representation of student life at FLHS.
