## DON'T QUIT

When things go wrong, as they sometimes will,  
When the road you're trudging seems all up hill,  
When the funds are low, and the debts are high,  
And you want to smile, but you have to sigh,  
When care is pressing you down a bit,  
Rest if you must, but don't you quit.  
Life is queer with its twists and turns,  
As everyone of us sometimes learns,  
And many a failure turns about,  
When he might have won had he stuck it out,  
Don't give up though the pace seems slow,  
You may succeed with another blow.  
Success is failure turned inside out,  
The silver tint of the clouds of doubt.  
And you never can tell how close you are,  
It may be near when it seems so far.  
So stick to the fight when you're hardest hit,  
It's when things seem worse,  
That you must not quit.

## Twisting Through The Years

As another school year turns our way, another stressful, yet fun high school year curves past us. What twists will students encounter during the upcoming year with so many things changing? For example; teachers, family and especially friends. Who's to know who will be around next year, everyday at school, around town, on the weekends, or at parties. Some may not even be around until the five year reunion. Meanwhile, some are moving forward with confidence, some with confusion, and others not knowing what to expect in the next twist of life. Still others anxiously wait for June 10th, 1993, to finally turn their way. This is the time when decisions chosen now will influence the rest of one's life. Hopefully the twists and turns of life will turn for the better.

# Twists

**Top Left:** Many students each day see this sight. The twisting metal poles lead to the entrance of the school.

**Bottom Left:** A different perspective; this bird's eye view shows the Forest Lake school grounds.

As everyone's life twists through the endless void of time, memories of the past come to mind. There are the important events far and near, along with the good times and the bad. Everyone attempts to do their best, whether it be through academics, sports, or other activities. Sometimes the lows in life are hard. There will be tears before the smiles,

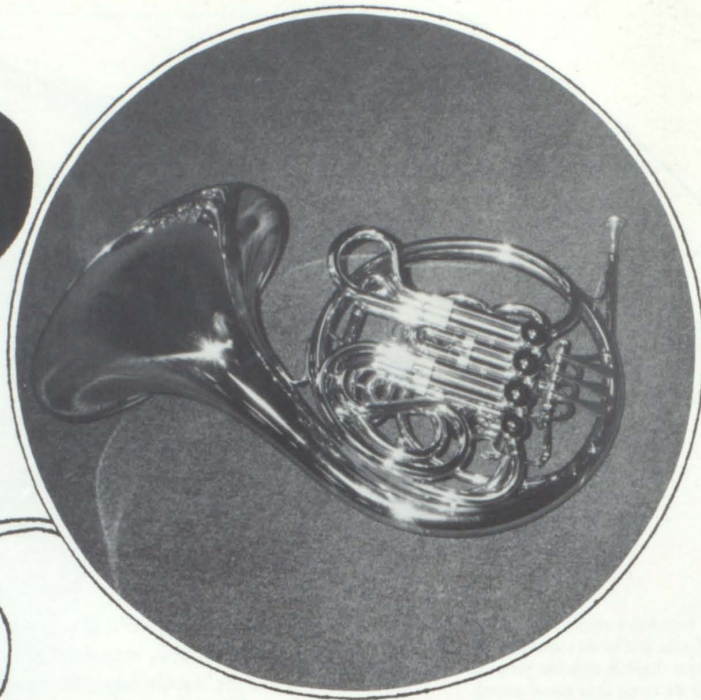

pain before the strength, and failure before success. Always remember that the sun will rise again leading to another day along with new opportunities. If everyone can seize the moments in life and live them to the fullest, then the victory will be found in the end.

# Problem Solving? No Problem!

Odyssey of the Mind is the largest academic competition in the country. Each year O.M. students pick from five generic problems and develop a solution.

Last years group: Andrew Kloster, Lisa Fandel, Jenni Olsen, Jake Silverberg, Mike Anderson, Erik Anderson, Jason Brendan, and advisor Mrs. Cheyne, worked on a technical problem in which they had to devise five vehicles, each of which had a specified propulsion system that caused it to move. The systems to be used were: air, mechanical energy, electrical vibrations, and a free choice (they chose another mechanical). Each car had to move 20 feet and pop a balloon, and one car had to climb three stairs. The students performed a play about Santa needing a new sleigh to make the competition more fun, and it gained them points. Last years O.M. students took second place in the world!

Odyssey of the Mind is for creative students with excellent problem solving abilities who are ready for a challenge. As Andrew Kloster stated, "It is a fun activity where you can let yourself go crazy".

*These are days to remember!*

*Prom and Graduation help to end the year with a bang!*

Mr. Ward, the prom advisor, did a fantastic job for his first year at Forest Lake High School along with the Junior committee in making prom "Unforgettable" for all! Students also made this special, in their own unique way. Such as, the guys wearing sunglasses at the Grand March or the guys giving their dates their ties. Erik Mortimer was wearing shorts. One girl brought a fan that had her corsage on it. Long, full dresses were popular. So were the colors: electric blue, light pink, green, black, and the ever popular white. It was a night that when the curtain went down, memories were made and kept by all!

Graduation is the single most important thing for seniors. It is time for them to face the world on their own. To set out and reach their goals. Every year a few students from the class add a special touch to graduation. Brent Dodson let his musical talent shine by playing "Air on a G String" on his trumpet. Inga Lennes and Brian Kunkle also showed their talent as valedictorians. It was a day when many memories were made for all seniors!

As the year comes to a close, Forest Lake High School will always have the memories from their past and the goals for their future.

# Out and About

Being out on the Forest Lake town means seeing a movie, or going to a football game, and then hanging out at Perkins or Hardees. High school brings independence which includes having a license to drive, having a later curfew, and hanging out with your friends. There are numerous options available and fun times that lead to many lasting memories. Some students do get stuck working a part time job in the evenings, but every student finds time to be with friends. Forest Lake students are always finding fun on the weekends.

# Photo Class Clicks With Students

Photography class is one of the many art electives students at Forest Lake are able to choose from. It comes with only one pre-requisite that both Art I and Art II have already been taken.

In Photography class students are given the chance to take a variety of pictures and develop them in the darkroom. Students will learn basic photography techniques as well as more advanced skills like filtering and enlargement.

Photography class was taught by Ms. Kaiser, who also taught at Central Junior High this year. She enjoyed seeing her students experiment with the art of film and create something more than just pictures.

# They're Not Just Farmers Anymore

When the FFA organization is spoken of, traditional images of young farmers-to-be tending to fields and livestock and participating in chicken, cow, or pig shows come to mind. But FFA consists of so much more.

Three main goals of the young members are leadership, cooperation, and citizenship. FFA members are exposed to leadership positions by involvement in community services. These services teach cooperation and communication skills as well as promote citizenship.

The FFA organization has a number of yearly activities, such as the Basket Social in which guys and girls alternate cooking dinners to be auctioned off to each other. The buyer eats with the cook. Money collected from activities such as these are donated to Camp Courage. FFA members also participate annually in "Adopt a Family" where clothes, toys, and food are delivered to less fortunate families over the holiday season.

This fall, members had the opportunity to attend the National FFA Convention held in Kansas City, Missouri. The convention consisted of career shows, visits with college and company representatives, and a rodeo.

# Note The Difference!

The '92-'93 choir season for the Chamber Chorale seems to be off to a great start. "The choir is working a lot harder this year and the music is of higher difficulty. There is also more creativity and more participation and harder workers in this year's choir," says Jim Lindstrom, choir director. He also feels that this year's choir is more interested in his favorite word... perfection! And don't forget, "Sing music, not notes!"

Another exciting event for this year's Chamber Chorale is the trip to New Orleans. Jim Lindstrom felt the trip would be good for the students because it is important for groups to get together and expand their knowledge musically. He also felt it would be a fun experience for the students plus good public relations for FLHS.

When speaking to Jim Lindstrom about the Concert Choir, he told us that if they worked very hard, they could have great potential to become a wonderful group.

Last but not least, the two new additions to Forest Lake choir, who came to us on November 7, 1992, Megan and Molly Lindstrom. Congratulations to Jim and Susan Lindstrom.

# And The Beat Goes On

Along with participating in various activities in Forest Lake, in the past three years the band has traveled to New York, for the 63rd Macy's Thanksgiving Day Parade, Traverse City, Michigan, Norge, (Norway) and Sverige, (Sweden) on a concert tour and to the 1992 Rose Bowl Parade in Pasadena, California. Band memories that will last a lifetime!

As for now, the band will strive for a quality turnout for the F.L. Centennial Celebration.

For the future the band will con-

tinue to perform concerts, be involved with activities in the F.L. community, and apply to major events.

Mr. Richard Hafn has been teaching at Forest Lake for twelve years. He has been doing an excellent job with the F.L.H.S. band, encouraging students to achieve their goals.

Ms. Maureen Seibert came to the high school this year after teaching at Southwest Jr. High for eight years. More assistance was needed in the Band Dept. because of the growing interest in band.

# What A Breeze?

The Breeze plays a big part in keeping the school and community in touch with what is going on. A lot of hard work is put forth in making it a success. # Yearbook Billboard

TEAMWORK, counting on somebody else to come through at the last turn while you're coming down the stretch. With this comes hope and frustration, eternity and instant coffee, believers and deceivers. The yearbook "team" goes through this five times a year. There are five deadlines that the staff has to meet. On each deadline, they send in a different section of the book with spring and fall sports, organizations, activities and special attractions, this book is put together by the staff which is made up of students. The Forester symbolizes our school and the entire student body.

# Tongue Twistin'

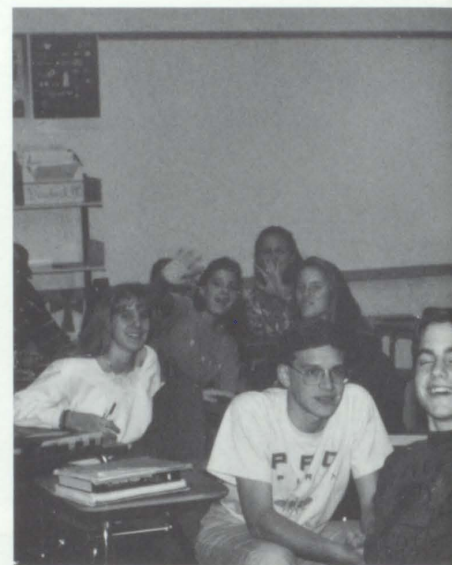

College and high school education. Those two things are what most people believe are now essential for the world, or at least for success in the big world. That success is what drives many of the foreign language students.

Some colleges require at least two years of a foreign language to enroll at their university, and if you haven't had it, it is usually required to graduate from the college. Most students realize that, plus they learn that it is fun.

Experience shows that students enroll in a for-

eign language because it's fun, interesting and their friends do it. That gives them incentive and there is a reward too. If they sign up in 8th grade and stay with it every year, there is now college credit to be had.

College in the Schools programs have begun at Forest Lake this year, and, with successful completion, allows five University of Minnesota credits. After four years of a language, the culture and good times, the fifth year for French, German, and Spanish are CIS.

# Leaders of The Pack

Student Council organizes many events that make high school more fun and exciting for the students. The year starts off with the Homecoming parade, pepfest, window painting, coronation, snake dance, lunchroom games and the dance after the football game to finalize the week.

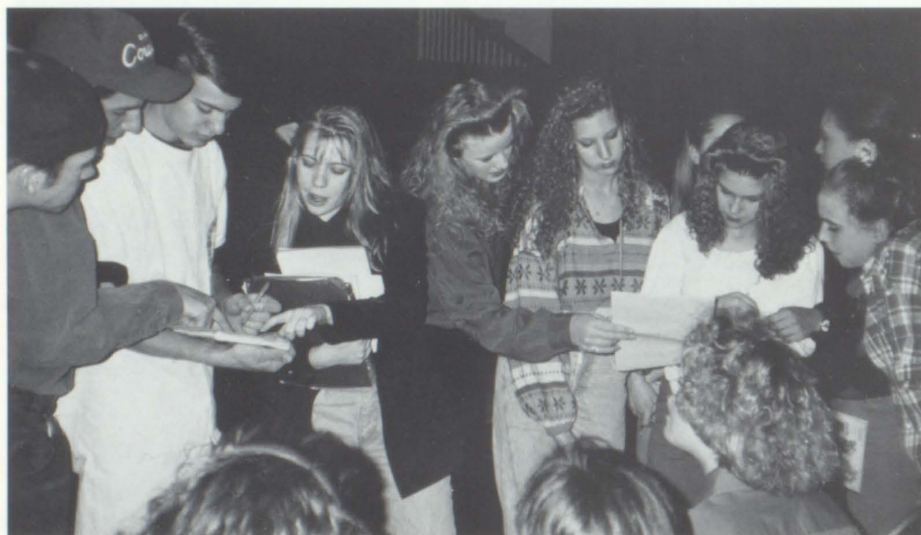

Not only does student council plan the homecoming events, but also the blood drive, college fair, semi-formal, snow week events, and the food drive

to name a few.

Student Council is also concerned about student body choices, they like to hear the responses from students and suggestions to improve.

The council puts in a lot of hard work and are pleased with the results of participation and smiles from the students.

Student council helps to let the good times roll, and the memories last forever.

# A World Of Difference

Coming to the U.S. gave this year's seven foreign exchange students a variety of opportunities while being at F.L.H.S.

Most of them arrived in August and are staying until the end of the school year when they will go back to their native countries. The exchange students are all staying in the Forest Lake area with host families.

All of them agreed on coming to the U.S.A. for the experience, the language, the culture, and the fun.

For most of them, communicating was a little difficult at first, even though they have all had as much as eleven years of English.

Some of the exchange students said a difference for them is that in their country the teachers move from class to class and the students stay in the same room. Their teachers are much more strict, but yet they call them by their first names. They all agree that

another difference was having passes to be in the halls, which they thought was very ridiculous.

Laurie Baschet, (France) commented on how much she likes the school day ending so early here. She says, "In my school, we don't get out until 6 p.m." One exception is an hour lunch break. Also if the students wish to eat somewhere else besides at school, they may.

All the exchange students said they have no after school activities in their countries. To be in a sport or organization, they must join a club which is completely separate from school.

As the school year comes to an end, the foreign exchange students think about going back home and leaving all of their friends they've made, but taking with them all the memories and experiences that they will have forever.

# Help Us!!!

## Students Helping Faculty How Convenient!

The attendance is collected, passes are sent, and books are checked out — all because of student aides. These people are very helpful to both the school and the faculty. They make sure the attendance is picked up, that passes to the principal's office are given, and that magazines and books are given to students in order to further their education.

Many of these students do more than just walk the halls, they contribute to the needs of the faculty.

# Peers Supporting Each Other

## Circle Of Support

Members of circle of support go quickly about their business. Not loudly or visibly, but listening and supporting others, often using new strategies for listening.

Joyce Leslie, along with the Forest Lake Youth Service Bureau, heads this group of students. They are trained to recognize and handle stress. More importantly, though, is that they are also trained how to counsel students.

The students, who are recommended by teachers and peers, work about six hours a month. In those six hours, they will train and go to meetings.

The skills they learn from this organization will be a life long benefit.

**Top:** Circle of support involves discussion and creating new strategies.

THE DRAMA DEPT. OF FOREST LAKE HIGH SCHOOL  
*Proudly Presents*

# The Sound of Music

This fall the Forest Lake Drama Department put on the production "The Sound of Music." The cast and crew were chosen in early September and the production ran through the last weekend in October and the first week in November. A lot of hard work was put into this production.

The cast and crew worked for many weeks to perfect the show. Director Jane Gilles put a lot of long hours into the rehearsals in order to put on a wonderful performance.

Forest Lake high school was filled with the "Sounds of Music" having a packed theater the last two performances of the play. The hard work of Jane Gilles, Jim Lindstrom, Georgia Bergstrom, and Su Leslie made the show a success.

# It's Off To Work They Go

On the Job Training class provides students with the opportunity to learn about the job market and career opportunities through classroom study as well as in the field. With the instruction of Mr. Wilson and Ms. Wiley, students learn the basic principles of landing and holding a job. Students practice writing job applications, resumes, and perform practice interviews in the classroom. Some students go to jobs around the Forest Lake area, such as Quon Yee's restaurant, "Mickey D's", Pamida, and White Mart.

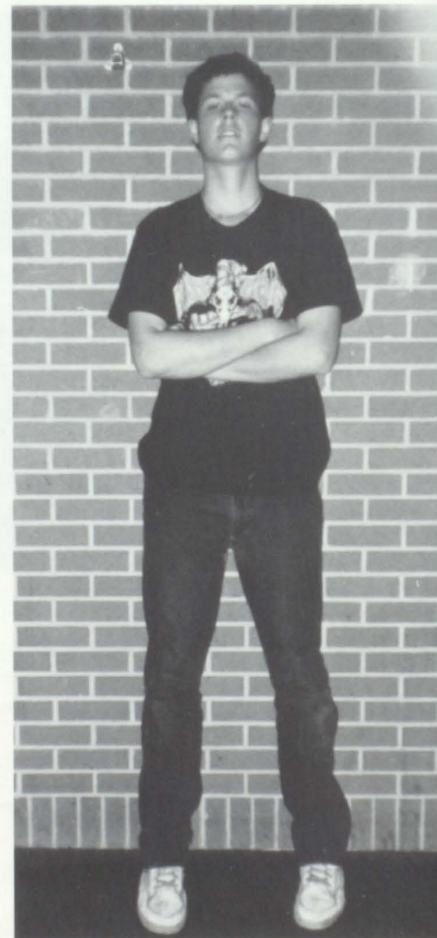

**Top Left:** Ready to answer any question is Shawn McKinney, standing on his chair while other students prefer to take quiet naps.

# Early Birds Get The Credits

Morning breaks early for students of zero hour classes: American Literature, American History, and Biology. Classes begin at 7 a.m.!

Zero hour classes provide students with the opportunity to take required classes while leaving room for more electives. During the 1992-93 school year, zero hour American Lit. is taught by Bev Larson, American History by Chuck Anderson, and Biology by Brad Ward.

**Top Left:** Zero hour Biology students prove that it is possible to be awake and cheery at 7 a.m.

## Respect and Freedom, alternative school offers more than a good grade

In some people's eyes, night school may seem different than what most people are used to, but alternative school is not much of a change from the traditional school.

The students participate in most of the same subjects that other students engage in. This includes the tests, quizzes and not to forget, the time and hard work that each student contributes during their high school career. They have the same corresponding vacations that each student looks forward to.

In alternative school students receive those well deserved credits needed to graduate. It may also introduce new people who would not be met during the 8:00- 2:30 school day.

There are also a few differences. With alternative school the credits are earned in quarters rather than semesters, but homework cannot be forgotten; in alternative school, most homework is included with the daily assignments, so it is not as frequent.

Alternative school provides the second chance that many people need to fulfill the goals that may not have been able to be fulfilled before.

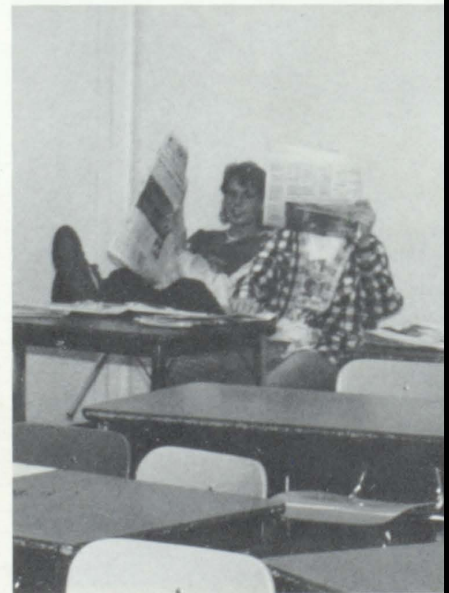

**Top:** A few of the alternative school teachers are as follows: Reena Benedict, Carleen Onell, Deb Pflipsen, and Mike Van Keulan.

# '92 Springs to State

Last spring, the boys track team, led by Tom Hipkins and Bob Fedderly, had an exceptionally good season. Bob Ewings, Steve Carr, Mike Nelson and Mark Rehbine qualified for State in the 4 x 100 relay and placed seventh. Mark Rehbine, Steve Carr, Ryan Lundin and Erik Brown placed eighth in the 4 x 400 relay. Bob Ewings made a new State record of 10.78 seconds in the 100 meter dash. Tom Goeltl placed in the 1600, and Aaron Koski placed in the pole vault. Joe Schlavin and Mark Bruley placed fifth in the discus. All together the track team was the 7AA champions and placed seventh in State.

The '92 girls track team ran very well. In the long jump, Sara Joesting was the 7AA champ. Tracy Schelinder, Tammy Glaim, Danielle LeMoine and Kris Bjorklund set a new record in the 4 x 800 meter relay. Tracy, Kris, and Tammy ran

the 1600m., and they all ran either the 800 or the 1200 meter competitions. Some other outstanding performances included Tia Davis, Nikki Demarais, Emma Berg, and Danny Danning. The team overall placed fifth in Region.

Varsity baseball '92 was impressive. The captains: Scott Poepard, Mike Parker, and Mike Humphreys led the team to the State Tournament. From March to June, this team worked and worked to do their best. Mike Parker, Mike Humphreys, Scott Poepard, and Jake Domseif made up the pitching force while Humphreys, Scott Gerten, and Dan Conway were the power hitters. The Rangers made their way to State and lost in the first round to Osseo. At the end of the year, Forest Lake baseball was the 7AA champions and placed second in the consolation bracket.

Victory was common with the volleyball team. Traveling to tournament after tournament on their spare weekends, the girls had a challenging season but managed to achieve eleven wins and one loss in the regular season. They also won the Coon Rapids Tournament with awesome teamwork. They jumped, set, and spiked their way to the top. Teamwork was number one, and it was definitely seen off and on the court.

The junior varsity volleyball team played tough throughout the season. They ended the regular season with twenty wins and one loss. The B-squad had a great start and were determined to win and hold on to that Ranger pride. Their regular season record ended with twenty-one wins and two losses. All three teams had a great season.

# Teaming Up For Tennis

The 1992-93 Forest Lake Girls Tennis Team had an outstanding year. Although they lost eight seniors from last year, the underclassmen are really pulling through for the team. The leaders of the team are co-captains Sarah Reetz, and Anna Henry. Anna Henry said, "The team is very talented; just inexperienced." Neither of the captains mind being on the team with an over abundance of underclassmen. They both agree the team will be unstoppable in a couple of years.

This year is the first year Forest Lake has allowed a male to practice with the girls. Anna said, "I believe it has improved everyone's game." The way everyone is performing is astonishing, not only does their coach think so, but so do their fans. The team wanted to thank the record breaking amount of fans that attended their matches, it truly does inspire them. Congratulations to all the participants of the 1992-93 Girls Tennis Team.

# Coaches Corner '93

There were two interviews conducted by Aaron Maki with new coaches and these are questions and responses that were made.

Interview with Mr. Herman, (new football coach).

**Question # 1:**What concerns do you have as the new head football coach?

**Answer # 1:**"Continuing to evaluate the level of performance of our football program at all grade levels."

**Question # 2:**What qualities in the football team do you think will help bring the state trophy to Forest Lake?

**Answer # 2:**"Self-discipline which includes intensity and concentration."

**Question # 3:**I know your expectations for going to state are high, but what else are you expecting to achieve?

**Answer # 3:**"Improvement of the players skills and positive attitudes."

Interview with Ms. MacDonald, (girls soccer coach).

**Question # 1:**What are your thoughts on the future of Girls Soccer at Forest Lake?

**Answer # 1:**"It will take some time for people to get used to the idea of a girls team, but with hard work and dedication, the teams will improve over the years."

**Question # 2:**As a new coach, what do you feel you contribute to the team?

**Answer # 2:**"I have coached at the high school level for six years but never as a head coach. I think I bring enthusiasm and knowledge to the game, and I also use humor as much as possible."

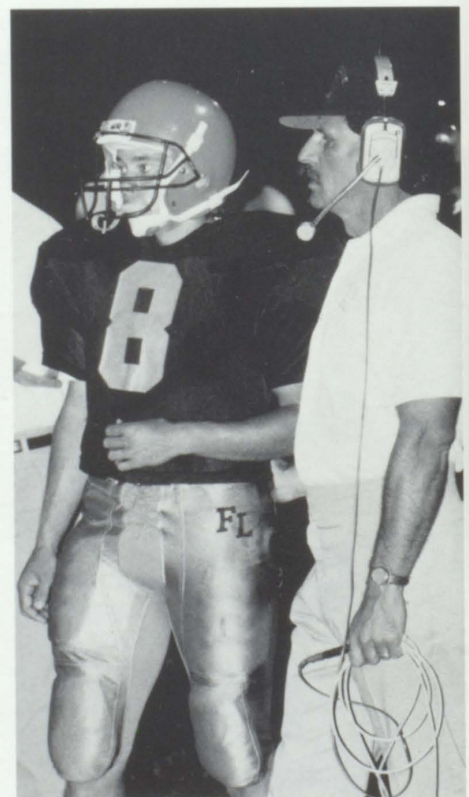

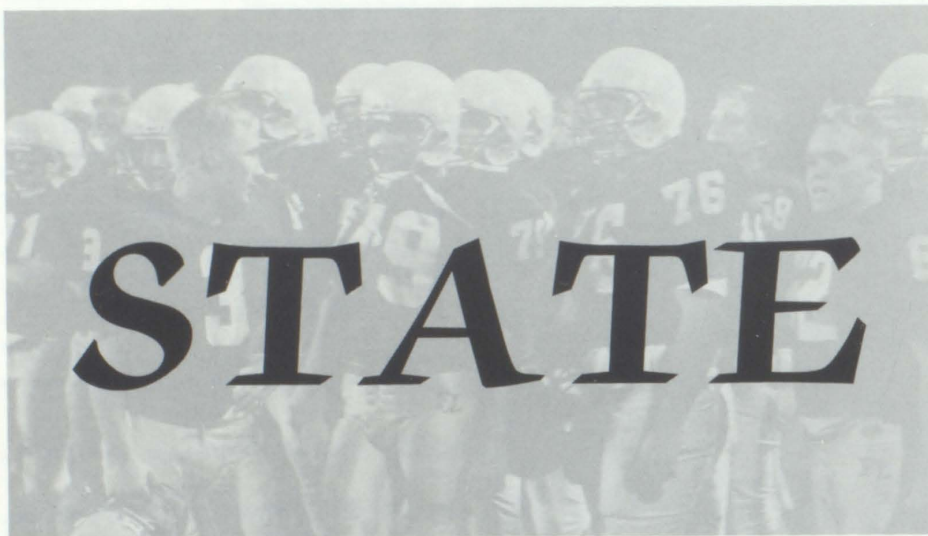

**Top Left:**Coaches:Charles Challberg, Joan Paulson, Kim MacDonald, Bob Fedderly, Jim Herman, and Ann Astrup.

## A New Tradition

The Ranger football team this year is trying to duplicate or surpass their efforts from last year. The '91-'92 team made it all the way to state quarterfinals where they lost to the State Champion Burnsville Braves 27-20 in an upsetting double overtime game, but obviously the team this year is not the same as last year's team. The whole team is rearranged because new players are moved in, although many of them are experienced and a handful are returning starters, they are not the same team. Also, the coaching staff is totally rearranged.

Replacing last year's head coach Mike Grant is Jim Herman. He was the defensive coordinator for many previous years at Forest Lake. Many other coaches also experienced position changes, and a new coach was brought in, Jeff Wilson. Wilson has coached at other areas in the Forest Lake area for many years.

Another change this year is that the varsity team will practice with the sophomores for the whole year, and the ninth grade coaches will be practicing with the team for the first two weeks. This might prove to be a good move for the future of Ranger football because the young players and ninth grade coaches will learn a lot from the varsity players and coaches.

Let's hope that this year will set a tradition for Forest Lake football because this team definitely has its sights set on state.

**Top Right:** Defensive sweeper Mike Olheiser clears the ball out of the danger zone.

**Right:** Mid-fielder Glenn Starfield checks his options as the Blaine defense closes in.

**Above:** Running through the lineup of teammates is Mike Olheiser, with determination on his face.

Forest Lake soccer is definitely strong this year. Many of the starters are returning from the 1991-92 season, and many of the players are young, which means they will be around for years to come.

Senior co-captain Mike Olheiser is one of the returning players. As a defensive "sweeper" he has the team pumped up for the season. He is a powerful player with a strong position on the team because "we basically have a defensive posture," according to coach Ron Tungseth. With that kind of posture, and Olheiser having the experience he does, "...he will be a good candidate for All-Conference."

"That would be a good accomplishment because we are in one of the hardest conferences." Five of

the eight teams in the conference are rated in the top 15 teams in the state.

Much of the team is young, with two of the star players Glenn Starfield, mid-field, and Heath Fonnest, goalie, being juniors. Starting forward Chris Carpenter is a sophomore this year, so the team looks promising for years to come.

Halfway through the season, Tungseth referred to their record, "We're bad, but better than usual." That shows the profound optimism that exists on this team. Goalie Fonnest showed his positive attitude by making a remarkable recovery from a devastating knee injury to finish the season.

Both young and experienced, with a mixture of players, these guys "Don't Need Their Hands!"

# Here To Stay? We Say Y E S !

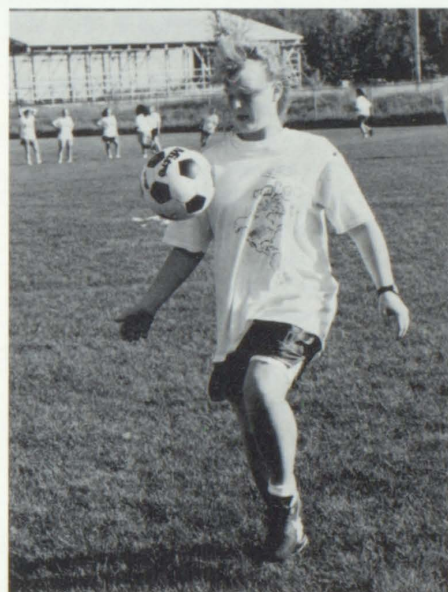

Announcing... the start of their first season ever at Forest Lake High School... the Girls Soccer Team!

The first year team is experiencing a typical year. It's the year for building, working on skills and performance, getting the interest up, and staying optimistic.

"They worked hard and put everything together," their coach Kim McDonald said, "The girls have overcome their first victory." The history

making event was made against the Anoka squad and was a shutout game; 1-0. Co-captain Kendra Kohn had made the winning goal and junior Nickie DeMarias achieved her first shutout game as goal-keeper.

Their season is now over and looking back they can always remember that they were the stepping stones for the team. They were the key players making success today and looking for more and more success tomorrow.

**Above left:** Anticipating the game ahead of them, the new soccer team is prepared to win.

# Pushed To The Limit

Cross Country is looking strong this year. Many of the top runners from the boys team have come back from the 1991-92 season. The girls team is looking stronger than last year's team. With senior Tammy Glaim as one of the top runners and the rest not trailing behind, the team is running with good posture. Last year they were the State Academic Champions, and are looking to repeat this honor. Coach Bob Fedderly says, "It looks like a realistic goal." The coach and runners are optimistic about the year and hope to get at least as far as the years past.

On the boys team, seniors Tom Goeltl, and Josh Nelson ran in the '91-'92 State meet, and Goeltl making All-Conference. Returning letterers this year are Nelson, Goeltl, and senior Travis Stottler. All three are out in front of the team this year creating a positive attitude for following runners and helping to push them to the limit.

# Swimmin' Women

**Above left:** Content as he may seem, Coach Mark Carlson is often seen eager to start the potent workout.

**Above middle:** Looking at her coach as if to say, "I can't swim another stroke!" Andra Mitton finishes her last lap.

**Above right:** Dazed by the words of the coach, Karen Doyscher has a yearning to leave practice.

**Above:** The freestyle fanatic, Connie Pierre, gasps for a breath during an intense workout.

**Left:** Charging towards the wall, Elise Parker is swimming a valiant breast-stroke.

The smell of chlorine in your nose and the sight of the smooth water can almost always signify the intensity that will soon take place. That glass-like water will soon be filled with the swim team eager to be finished with yet another three hour practice.

Can they make it through a day of lactate tolerance or even worse VO2 max? For some odd reason they would always want to know which it would be. If the coach would bellow out, "Lactate tolerance- lactate tolerance is for today!" You could be guaranteed that the girls thought sprint until you can't sprint anymore then sprint some more. Then sometimes the day came when he shouted, "VO2 MAX!" and then a dreadful thought of swimming mile after mile after mile would come to mind.

The break in this came every week because it was race day. A fabulous race will be found in all of these girls minds. Standing up on the block with their hearts beating ever so fast, and the taste of nervousness inside their mouths, suddenly the sound of the gun rings and she explodes into the water.

Another race, when the experience hits, her body begins to scream with fatigue. The mental fight has set in. Who will be the one who is stronger upstairs? Whoever can fight through the screams will be the winner in the end.

The fight for a brighter future will always remain. The willingness and optimism will always be felt in that pool that can seem so glass-like and smooth. They will be a team and make more and more advances into being the best they can. The fight to the finish is the fight they will use for the success of the future.

# Abounding School Spirit

School spirit goes much farther than just going to Homecoming, it's also taking pride in your school. Then, when inside the school, it's caring about what happens to people. Spirit is about supporting your fellow students. Supporting your organizations that are behind school events. Homecoming, for example, erupts fearless pride. Spirit is not just a week in October, it is an on-going commitment throughout the school year.

Here is a poem (by Georgia Douglas Johnson) to help people remember the uplifting times in their high school lives.

Your world is as big as you make it.  
I know, for I used to abide  
In the narrowest nest in a corner,  
My wings pressing close to my side.

But I sighted the distant horizon  
Where the sky line encircled the sea  
And I throbbed with a burning desire  
To travel this immensity.

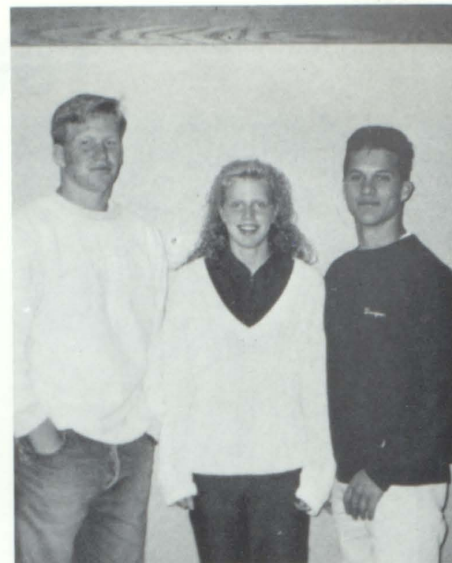

I battered the cordons around me  
And cradled my wings on the breeze  
Then soared to the uttermost reaches  
With rapture, with power, with ease!

# DANCELINE

'92-'93

After school, the danceline practices very hard to perfect the dances they perform during halftime of football and basketball games. But the danceline does more than just perform at the games. They are involved outside of school also. They attend camps, competitions, and dance in parades all year long. They gain experience and new ideas to bring home with them so that they can improve their dances.

A majority, if not all the dances, are made up by the team themselves. They put their hearts into the dances in order to entertain the crowd and be wonderful symbols of our school.

Football  
Cheerleaders

93

Homecoming, pep fests, football games, and the snake dance are only a few things the football cheerleaders are involved in. They start to work very hard to plan and practice for the season two weeks before school even begins. They make up new cheers, and polish the old ones before the first game of the season. The football cheerleaders do more than just entertain the crowds at the football games. They make signs to hang up for games, they are responsible for almost all the cafeteria decorations throughout homecoming week. They also organize routines and cheers for the pep fest. Homecoming is most exciting for them and they look forward to that every year.

## A New Face, in an Old Place

Due to the fact that Cheerleading has grown very popular in the last couple of years, the school needed to hire a second advisor to accommodate the new squads being formed this year. Ms. Wallgren was hired as a Social Studies teacher and the second Cheerleading advisor starting this year. Although she is new to the school, the position of cheerleading advisor is not new to her. She formally taught at White Bear High School and was also the cheerleading advisor there. Mrs. Cheyne, also the cheerleading advisor for Forest Lake, has split the responsibility with Ms. Wallgren. Mrs. Cheyne advises the football squads in the fall and the boys basketball and wrestling squads in the winter. While Ms. Wallgren advises the soccer squad in the fall and the hockey and girls basketball squads in the winter. Best of luck to Ms. Wallgren and Mrs. Cheyne.

## A Spark Of Spirit

A couple of young cheerleading squads were formed this school year. The soccer cheerleaders were one of the teams among them. The new squads gave opportunity to many girls who wanted the chance to cheer for a Ranger sport.

Not only was the squad new, but also their advisor, Ms. Sara Wallgren, was put in charge of the group and coached the squad throughout the season. Another fresh approach to the group was including a male cheerleader, Andrew Maile.

The cheerleaders brought new life and animation to the soccer fans that they weren't able to enjoy in the past. The soccer cheerleaders demonstrated much support to the players and made the '92-'93 soccer season better than ever.

# Basketball GIRLS Cheerleaders

93

Cheerleading is growing! There are two new cheerleading squads this year, Soccer and Girls Basketball. Last year, there was only one squad for both Girls and Boys Basketball. Now, Girls Basketball has its very own squad.

Another new thing is male cheerleaders. For the past two years, we have had males on a few of the cheerleading squads. The Girls Basketball cheerleaders wouldn't mind having males on their squad. If they had males on their squad they would be able to throw each other higher.

When asked if they mind cheering for girls rather than boys, they said, "We are cheering for the school, NOT the sexes." Stacey Hafner, one of the girls from the squad said, "It's about time the girl basketball teams had their own cheerleading squad, and it's nice to try out for a new squad. There aren't as many expectations as to what we should do."

Michelle Sigstad, one of the basketball players says, "The cheerleaders are great for support."

Cheerleading is growing! Because it's growing there is a need for more cheerleaders, and it is becoming a more popular sport.

# JUMP

This years Girls Varsity basketball team is coached by Jill Becken and led by captains Sara Joesting, and Andrea Krueger. The team consists of seven seniors, six juniors and one freshman. B-squad is coached by Kim MacDonald with thirteen sophomore players. The girls are working towards the top with confidence along with teamwork to get them through the season. Energy boosting requires that be-

fore a game players get together for some "Home Cookin'". But they have to remember to be in the stands by a quarter to six or there will be some extra running to do in practice the next day. Even though the season started out with a slow start, the players are anxiously awaiting region playoffs, with goals set to get to state. Girls on the team express themselves as "2 Legit 2 Quit".

# Boys Basketball

## How Sweet It Is. . .

The 1992-93 Boys Basketball season has jumped off to a dazzling start. Most people noticed it first hand when Ben Hanson walked into his third hour physics class with hair touching the ceiling and mumbling about 6 a.m. practice. The rest of the team was very noticeable also, due to the fact that they had an extremely tough time keeping their heads off their desks.

Watching the boys on the court the first couple of weeks you would have never guessed that only

two of them have played in a varsity basketball game before. The returning two players are Ray Brodeur and Ben Hanson, the co-captains of the team.

Although this team is considered "inexperienced," their record will show that they have only lost one game in the first six weeks. That loss was at the three day Holiday Hamline Basketball Tournament during the Championship game in overtime. The team pulled together to play one of

the best games of the season so far.

The remarkable thing about this team is the burning desire for the game. Their goal is to be the best that they possibly can be. Hopefully, with a lot of hard work and team unity, the Forest Lake boys basketball team will win Regions and advance to the State Tournament. How Sweet It Is. . . to have these boys representing Forest Lake High School.

## Pride On Ice

This is it, this is the team that every Mite, Squirt, PeeWee, and Bantam hockey player dreams of playing on. This is Forest Lake Varsity Hockey.

The varsity team is coached by Dan Forsythe who explained, "We're getting better, our defense is improving from game to game. We are also getting stronger; not giving up as many turnovers, controlling the puck better, making the right plays, and the forwards are converting good chances into goals."

The 1992-93 hockey season was picked by many to be another bad season, but wins over St. Bernards, Centennial,

North St. Paul, Harding, Champlin Park, and a close game with White Bear Lake, turned many heads and people started to take a closer look at the team. What really made people take a second look at the team was the 5-3 win over Stillwater followed by the 3-1 victory at Coon Rapids.

In Chad Carlson's words, "The best goal was in Stillwater. (Dave) Haider tied up a guy in the corner, while I picked the puck out of his skates, passed it through another guy's legs to (Scott) Hutchinson, and he scores!; we win the game."

For two years, Lance Wade and O.J. Reinhardt have been the varsity goalies.

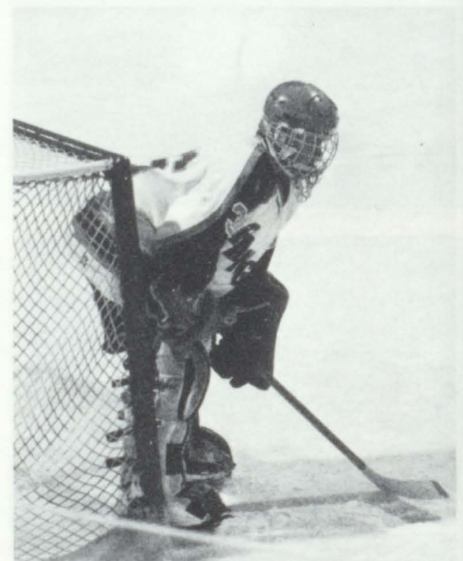

Now that they are both seniors it is up to sophomores Rodger Tatge and Dave Richley to keep pucks out of the net in the coming years. The task will be difficult, especially against Roseville's speed, Anoka's offense, and Hill Murray's all around playing ability. As of January 14, Dave Richley has taken a total of 122 shots and has saved 106. Rodger Tatge has taken 124 shots and saved 107. Eighty percent of the shots are blocked for the J/V team. The next two Forest Lake hockey seasons will definitely be interesting.

**Above Right:** J/V goalie Rodger Tatge readys himself after a Forest Lake icing call.

**Right:** J/V Cheerleaders: Darlene Zemke, Becca Knox, Rheanna Orde, Candy Christen, and Carrol Tatge.

# Appetite for Destruction

One of the most exciting yet upsetting games of the season was versus Stillwater. The whole team's adrenaline was flowing as the game went into overtime. The Junior Varsity team played a hard game and almost beat high ranking Stillwater. When the eight minutes of overtime were over, the score was still 3-3. In Junior Varsity hockey there is no double overtime, so both team went away wishing that they would have worked just a little bit harder.

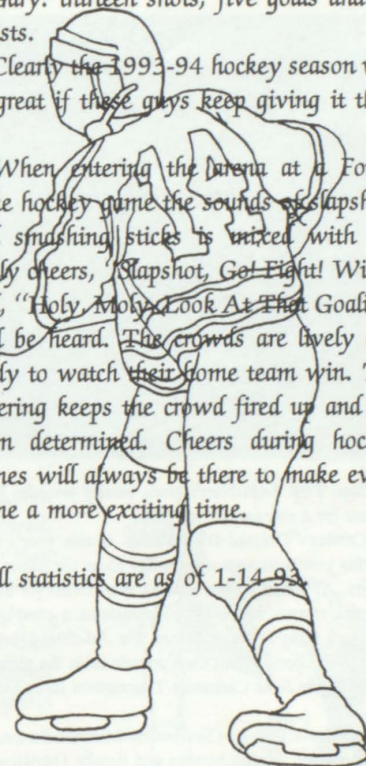

The Rangers Junior Varsity hockey team is coached by Mr. Fedderly. The team has had a great season. The leading scorers for J.V. Ranger Hockey are Trinity Dimich: twenty-eight shots, seven goals and nine assists; Glenn Starfield: sixteen shots, five goals, one assist; and Lucas

O'Gary: thirteen shots, five goals and no assists.

Clearly the 1993-94 hockey season will be great if these guys keep giving it their all.

When entering the arena at a Forest Lake hockey game the sounds of slapshots and smashing sticks is mixed with the lively cheers, "Slapshot, Get Right! Win!" and, "Holy Moly Look At That Goalie!" will be heard. The crowds are lively and ready to watch their home team win. The cheering keeps the crowd fired up and the team determined. Cheers during hockey games will always be there to make every game a more exciting time.

\*All statistics are as of 1-14-93.

**Top Center:** "Dressed For Success" is this year's theme for the team poster. Once again this year there was controversy about the nature of the poster and the intent of the wrestlers. As stated by Jim Adams, staff writer for the St. Paul Dispatch, "They had a disquieting resemblance to the Chippendales, a group of male strippers." The response to this remark from Douglas Peltier, the Athletic Director, was, "They are wearing a uniform when they wrestle as in the picture."

# 1993 STATE CHAMPS

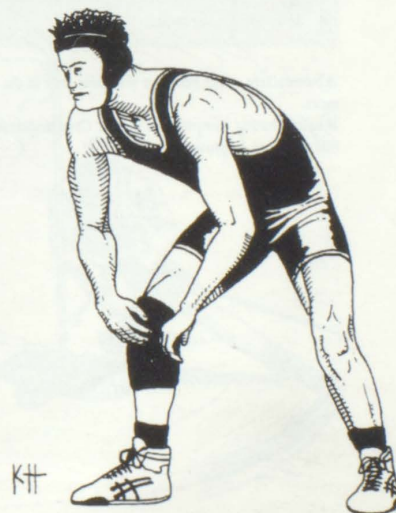

The 1992-93 Ranger Wrestling team is now bigger and better than ever. With the addition of two new wrestlers; Troy Marr, a junior from Centennial, and Jeremy Klund, a senior from North Branch, the team is looking for their third consecutive TCSC championship and their first State 7AA championship.

The Captains this year are Justin Hahn, Brice Thornburg, and Jason DeVries. DeVries and fellow teammate Jason Davids both achieved their 100th wins early this season. DeVries won his 100th match at Grand Rapids against Jeremy Goeden, and Davids won his 100th match, at home, against White Bear Lake's Jamie Larkin.

At the State Christmas Tournament, our team took second place, with a score of 190-191, to Minot, North Dakota, but out of the Minnesota teams, Forest Lake took first.

Although the varsity team is mostly seniors this year, there are a lot of promising J/V wrestlers who, with more practice, will be ready for varsity positions next year and in years to come. So far this year, both the varsity and J/V teams have won their meets by a vast margin of points and they have taken first place in 4 out of 4 tournaments.

The wrestlers are confident that this year's team will make it to the State Championship competition, and with or without the top hats and canes, will prove that they are #1.

## ON THE SLOPES

Although most people do not know much about the ski team, it has actually been a very successful program, competing in five state meets in its nine year history. This year's team looks to have a good chance at continuing that winning tradition with a high percentage of returning skiers. The work ethic and team spirit have been great, the team has a good combination of hard workers, positive attitudes and

a balanced mix of young and experienced talent.

As a whole, everyone seems to continually strive to improve their endurance and times. Much of the credit can go to head coach Kevin Rivard along with senior co-captains Paul Hallin and Laura Grunzinger, who together have done a great job leading the team to another successful year in 1993.

# PAIN IS TEMPORARY, PRIDE IS FOREVER

The boys swimming and diving team have one saying in which they have based their season on, "Pain is temporary, and pride is forever." This phrase may have something to do with the way eight seniors have matured and taken the underclassman swimmers under their wings, making the team closer together.

Coach Mark Carlson, for the last three seasons has turned the Forest Lake swimming program around from a losing team to a more successful team he has formed today.

# In The Swing Of Things

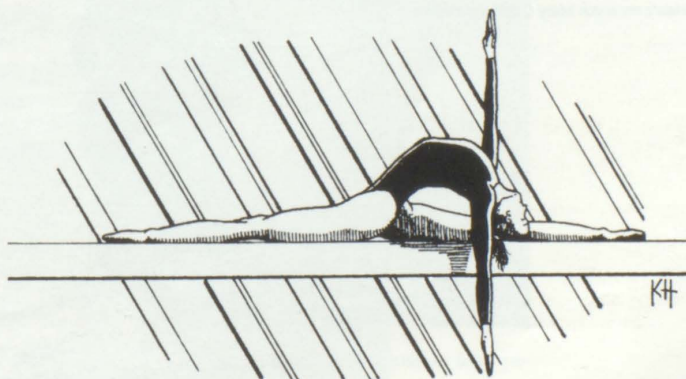

Enthusiasm rings loud in the cheers of this year's gymnastics team. Head coach Dave Blasko, works along with assistants Lee Crouse, Tom Hipkins, coordinator Tina Olsen, and manager Tara Blasko. Their main goal is to ensure each gymnast maintains high self-esteem and the "I can do it" attitude. The gymnasts' favorite saying clearly shows the level of excitement and confidence they have when performing: "Kick Tucas!"

# Go For The Gold

**Special Olympics Oath:** "Let Me Win, But If I Cannot Win, Let Me Be Brave In The Attempt." In the past five years that this group has existed, the Olympians have kept this oath in mind.

The group consists of nine members from both the junior and senior high schools. The participants are: Ryan Anderson, Daniel Hood, Tina Knutson, Jason Smith, Jon Aadland, Jenny Jackson, Deanna Johnson, Joe Kohs, and Jesse Zecher. Their activities include: track and field, bowling, and cross-country skiing.

International competition in Austria is the future for one member; Jesse Zecher qualified as one of five from Minnesota. He is the only one from Minnesota to represent skiing at the games.

The group, as their oath has stated, will continue to succeed, smile, and be brave.

# GOLF

## A Putt Below The Rest

This year's 1993 golf teams are coached by Roger and Pat Cheyne. The teams were successful last year and there are high hopes and great possibilities for the 1993 golf season. Practice means heading over to Forest Hills Golf Course and playing nine holes. Players also have the option to head

over to a local driving range and practice their swing. The golfers are enthusiastic and can hardly wait until the snow melts so they can begin their season. Golfing carries the players throughout the summer as a leisure sport.

# TRACK: RUNNING WITH THE RANGERS

The 1993 girls track season started on Monday, March 9. Captains have not yet been named but were soon to be decided after the first week. Seniors Diona Betz, Kris Bjorklund, Tammy Glaim, Tracy Schelinder, Felisia Schowalter, and juniors Nicky Demarais and Richelle Nelson are those to be chosen from.

Last year the girls had a good record placing fifth in the conference and had one girl go to state. Sara Joesting, grade 11 at the time, went to state in the long jump. When asked about the team goals, there seemed to be no hesitations, school records are one main priority the team hopes to break. They also hope to place third in the conference and fifth in the regions and hope to have some participants in the state meet which takes place on June 4th and 5th. Best of luck to the girls track team.

Practice officially started on March 10th for the boys track team. The boys had a opportunity to practice before this date through the captain's practices. Captains this year are Bob Ewings, Tom Goelzl, Mike Nelson, and Mark Rehbine. This year the boys are doing something the girls have done for a few year, and that is to let the freshmen come up. Last year the boys did extremely well placing fifth in regions. They also had quite a few boys go to state; in the pole vault, Aaron Koski; in discus, senior Joe Schlavin. The 4x400 and the 4x100 relays took seventh in state and Bob Ewings became state champion in not only the 100 meter but also in the 200 meter.

When questioned on the team's goals, coach Paul Kendrick had quite the list, but to name a few he hopes the team will be in the top three in the conference, regional champs, and place in the top five in state. He also hopes for at least twelve boys to go state and for the team to make State True Team. Don't give up on those dreams guys!

# NINETEEN NINETY-TWO WAS

The score is 4-3, bottom of the 7th, close to a win but not successful were the 1992 Forest Lake Rangers in the first game of the state tournament. The second game ended in victory as the Rangers ruled over Little Falls. The hopes for the state championship fell in a loss to Apple Valley. Mike Humphreys was the main pitcher for these games. Although the team did not walk away with the state championship, they had already slid away with the region 7AA championship in a game against Cambridge. Playing baseball as a sophomore brought great success to Aaron Wilborn, as he was chosen to play on the All State Baseball team. Scott Gerten stated, "Last year we were a couple of cuts away from winning the whole thing, so this year we're determined to win it all." The expectations for this season are very high. Gerten also stated, "If we can get the pitching down, we can win."

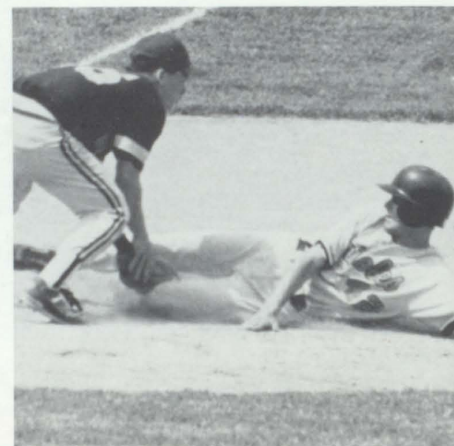

As it was too early in the season, a 1993 baseball team picture was not available.

# 93 GIRLS FAST PITCH 93

This year's girls softball is divided into three teams. Varsity, coached by Joan Paulson, JV coached by Charlie Chalberg, and B-Squad coached by Sue Stennes-Rogness. The Varsity team is led by captains Andrea Krueger, Jennifer Sandstrom, and Carrie Lucking. Last season was a success with a proud second place finish in regions. All of the hard work starts with practice everyday after school, and into the season an average of two games a week. There are a lot of high hopes with great possibilities for this season.

# The Boys Tennis Team Makes Some Racket

Having won two conference matches and an overall record of over .500, the boys tennis team is ready to make some racket this year. Andrew Hawkins comments, "This year I think we should do pretty well if we practice hard and play with more intensity." Hopefully, the boys tennis team will rack up some wins.

He was head coach for thirteen years, so he has some experience under his belt. He says the team will have a "tough time in the conference," and assumes an overall record of 8-8 with one or two conference wins.

# YAKITY-YAK — WE'RE TALKING BACK

Astronomical. Great. Excellent. These are words which describe the Forest Lake Speech Team. The team has outshined the rest for a number of years, giving the program an aura of excellence in the league. One mark of excellence is winning the region championship for twelve consecutive years. Also Forest Lake holds numerous Minnesota State High School League records. The team is also tied for second in the state for the most medals won by a school in a single year by earning ten in 1989, '91, and '92. After summing up all these medals, the team has come up with the second most in the state, totaling 84. The individuals who make up the team also have gained countless championships. Forest Lake and Apple Valley are neck-and-neck for the most state individual championships in a single year (five in 1989, three in 1990, and four in 1991). To top that off, the team holds the distinct honor of the most individual championships by a school in all contests, gaining a grand total of 28, ahead of second place Apple Valley by seven.

So much goes into winning these honors, in the form of hard work and dedication; writing, practicing, speaking, and more practicing. The members practice in ways that seem different to most, but are common doings for them. Members speak into a mirror, or talk to some inanimate object, such as a wall, all the while improving on little things that may stand in the way of excellence. After all, the speech team's motto is, "Excellence is the goal, winning is the bonus." Excellence has become a tradition for them, and tradition is a very big part of the team.

One way tradition is carried on is a Thursday night all-team practice. On Thursday nights, the whole team gets together to have a "mass union of

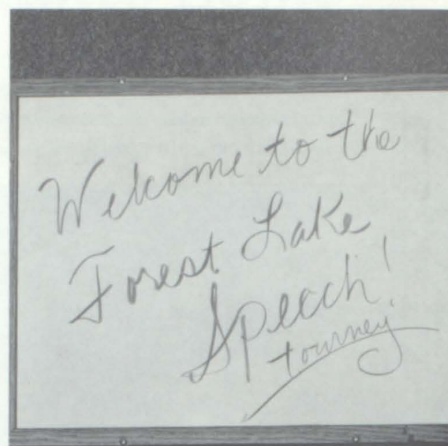

the speakers," in the words of Coach Bendix, "We all get together and practice with each other, and I usually call on some unsuspecting person to give their speech to the whole group." Another ritual is Mrs. Bendix's yearly "Go get 'em gang!" speech, a brilliant motivational talk that gets the kids to strive for their best. It's like the typical, "There's the door," speech with a certain tanginess. The pep-talk is a factor that the kids expect, and something must be wrong if they don't get it.

Another factor in the speech program is Ralph C. Streeter's legacy. He was an assistant coach to the team for 25 years until his death in September of 1987. He was described by Coach Bendix as having a, "deep, robust laugh, a brilliant sense of humor, a love of language, and he loved arguing. . . (he was) a stable factor." From evidence it can be extracted that R. C. Streeter was an all around great person. His memory lives on as an award at the Forest Lake Tournament; the R. C. Streeter Excellence in the Spoken Arts Award given to a coach worthy of it.

As in any group, the speech team members are close-knit because they all have one thing in common, they love language and love to compete. The instinct of competition has brought these kids a long way. Not only that, but one junior member, Jessica Warning, revealed the recipe for much of the excellence they put forth. "Good coaching, concentration, and confidence." Sarah Anderson said, "Late night and early mornings, and insanity is acceptable."

With thirteen different events, it is no wonder that so many kids do so well. Since the team joined the National Forensic League in 1983, they have sent 48 speakers to the national tournament, which is almost unheard of in the NFL. So far the team has had two national champions with Heidi Zapzalka in 1989 (Humorous Interpretation) and Valerie Marsh in 1987 (Prose Interpretation). Nationally, Forest Lake has been in the top 20 almost yearly.

A sign hangs in Mrs. Bendix's classroom that says it all for this team. "Going for great," is all it reads. It means that good is not good enough, and the kids must, in Mrs. Bendix's words, "Continue to move forward. We should uphold a tradition of excellence not by basking in the glories of the past, but rather by being inspired by the past and going for great — always."

# LIFE IS SHORT

This year's policy debate team argued methods of improving the global environment, while the Lincoln-Douglas team debated the criminal justice system.

To the rest of the school, debaters are a small group of students who carry briefcases, wear suits to school, and talk incredibly fast. In reality, this organization represents a diverse group of students. A varsity tennis player, a captain of the softball team, actors and actresses, student council representatives and Odyssey of the Mind members all excel in the art of argumentation. These students value the friendships, competition, and excitement of debate.

**Top Right:** Coaches Monica Houle, David Kuennen, and Dorothy Sunne and debaters Erin Mathern and Andrew Kloster smile with pride after taking second place in the state tournament.

# TALK FAST-DEBATE

"A second place finish at State is a first for Forest Lake! This year's debaters exceeded the accomplishments of all previous FLHS debaters. For those future debaters, the challenge is there. A standard has certainly been set. Learning comes from participating: Winning comes from learning."

**-Ms. Sunne**

"As a senior, I will miss the competitiveness and closeness of debate. Debate has made some of my fondest high school memories and I will never forget it."

**-Carrie Lucking**

"Socrates said debate is the highest form of living. Therefore, since I debate, I am the highest form of life."

**-A.J. Lindell**

"Debate is a contact sport."

**-Mike Kloster**

"Debate is not an activity, but a way of life."

**-Chris Wheatley**

"Debate has been the source of some of my greatest high school memories. Debate has taught me to think, and I'll miss it. Andrew, watch out for flying timers, and- score!"

**-Erin Mathern**

This year's one act play took a giant step back in time. The setting was in the 1700's. Argan is the father of Angelique. He wants her to marry a doctor because he is a hypochondriac and would feel better if there was a doctor in the family. He arranges a wedding with Angelique and Thomas. But really Cleante and Angelique are in love. Beralde, the brother of Argan, opposes the marriage to the doctor. Beline, Argan's new wife, only cares about the inheritance. Meanwhile, Toinette, the maid, attempts to show Argan the truth.

The crew was under the direction of Jane Gilles who was assisted by student director Jessica Warning. Costumes were made by Georgia Bergstrom and Amy Haines. Molly Matheson was head of musical, while Matt Flannigan managed the set crew head with the help of Matt Arcand. Annette Avery was prop crew head.

The cast included Donald Berry as Thomas, Ali Bergstrom as Angelique, Matthew Anderson as Monsieur Diafiorus, Ryan Scott as Argan, Josh Jabas as Beralde, Christopher Foss as Cleante, Diane Sarafolean as Beline, and Erin Johnson as Toinette.

During competition "The Imaginary Invalid" was the only period play presented. The cast projected an energetic effort allowing them to take first at the sub-region competition. The crew succeeded to regions where they came away with a third place finish.

# Prehistoric Problem Solving

This year's Odyssey of the Mind team consists of two separate groups, each assigned to a specific problem. The assignment for one team is to build dinosaurs that must perform eight tasks including: moving their head, moving their eyes, and walking. The group must incorporate the dinosaurs tasks into a skit. The team's play focuses on prejudice, and the final assignment is to build an entirely new species of dinosaurs that inspires a new invention. This team's coach is LeeAnne Brockman.

The other OM group's assignment is to do an analogy of the story of the *Old Man and the Sea*. But this group has changed the story slightly. In the original story, an old man catches a large fish, but it is eaten by a shark. In the OM group's analogy, the team members are the fish that is reeled in, and they eat the fishermen. This group's coach is Heather Poston.

"We Need Change!" This is the hope that he and all Americans wanted to see for the future. He was the Governor of Arkansas, and was called a coward because he didn't serve in the Vietnam War. He was criticized for changing his story so many times. But all Americans listen to the one voice that hoped for a better, brighter tomorrow. Now, as the President elect of the United States, he is telling the people, "There will be change, and the United States will be united again!" - Christine F.

"We Need To Fix The Economy!" This is what this billionaire businessman focused on during his campaign. His sudden drop out of the race shocked millions and relieved the two other candidates, who at that point were trailing. When he came back, his supporters were few, but they stood behind him. The rest of the country wondered what his real motives were. Was he out to better our country, or destroy it? He will surely be remembered, for he is one of the few independent candidates that had a chance to become the President of the United States. - Christine F.

## MALL OF AMERICA

In August of 1992 the "Mall of America" was built in Bloomington. It is believed to attract millions of visitors annually. Locals call it the "Megamall" because of its enormous and sometimes thought of unreasonable size of 4.2 million square feet.

Inside, the shopper will discover four levels of more than 300 retail stores, six full-service restaurants, five nightclubs, a fourteen screen movie theater, and much entertainment. This entertainment includes five major attractions. The first is Knott's Berry Farm's seven acre

Camp Snoopy amusement park. It is the world's largest indoor park including a half-mile rollercoaster, flume, carousel, and twenty-three other attractions. The second is a two story, eighteen hole miniature golf course. Next, a 300 foot long walk-through aquarium opening in 1994. Fourth is the Lego Imagination Center (pictured on the left). Last of course is shopping.

It is a must see. It's not every day that you get to shop at a 625 million dollar mall. - Katie M.

**Above:** Louise Macrae shows her sadness because this was the last day of her stay in Forest Lake.

In October of 1992, twenty-one students from Ormskirk High School in England came to Forest Lake for a visit. They stayed in the homes of Forest Lake students, and for a week, attended the high school. Both groups of people learned much about each other's society and culture. When the time came for the English students to return to their homeland, many of them liked Forest Lake so much that they would rather not leave.

# Forest Lake Centennial 1893-1993

This 1992-93 Forester Yearbook is a unique edition indeed. The yearbook will be placed into a time capsule along with other memorabilia from Forest Lake to commemorate Forest Lake's Centennial. Along with the time capsule, there are many other events planned in order to celebrate Forest Lake's 100 years.

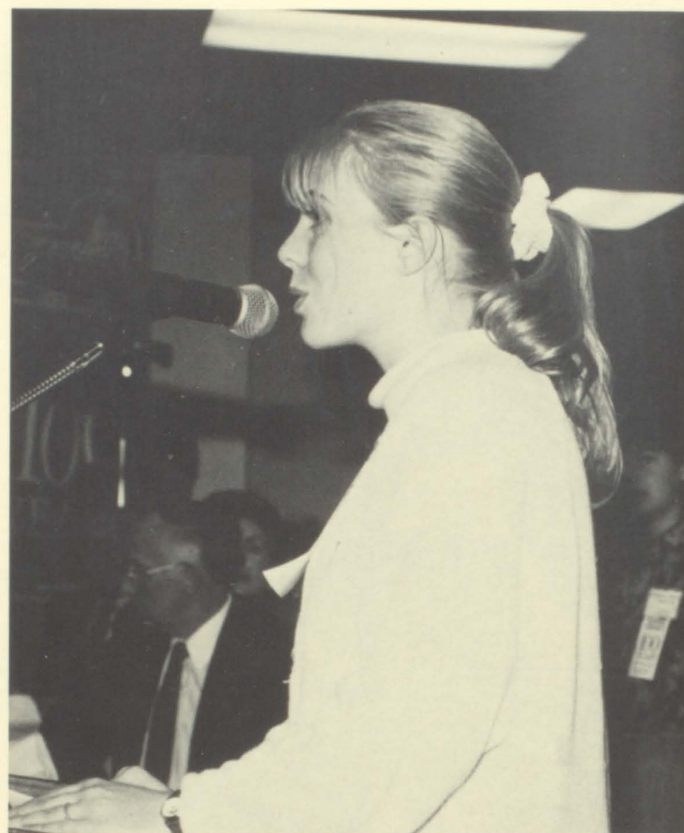

The very first of these events was the Fall Kick-Off Dinner, held at the American Legion Post. The dinner was a time to inform Forest Lake's people of upcoming events. During the dinner, students from Forest Lake Senior High participated in the entertainment. Kelli Cook sang a variety of uplifting songs. Stacey Hafner, who also attended, gave a speech about the spirit of Forest Lake's youth. That spirit was displayed by

other Forest Lake Senior High, junior high, and elementary students in a colorful presentation.

Throughout the year 1993, many other events will be taking place. Among these are a Centennial Review and Historical Pageant of Forest Lake's past, a carnival sponsored by the American Legion, and an all school reunion for Forest Lake Senior High graduates held on July 4th.

In addition to all of the celebrations, a special centennial print will be sold. There will also be a book, "Reflection", written by Elsie Vogel, about the history of Forest Lake. Lastly, a historical museum will be built to keep Forest Lake's past alive.

With all of these highlights in 1993, the Forest Lake Centennial will be remembered by all. -Katie M.

**Top Right:** Stacey Hafner gives a short speech on how proud Forest Lake is to be 100 years old.

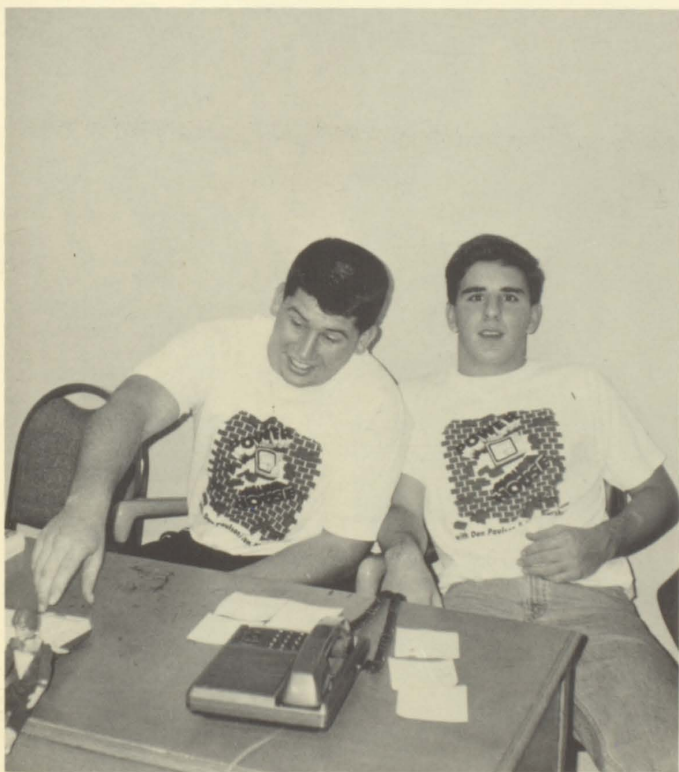

## Miss Teen Minnesota

Left: Junior Charity Lundy, unexpectedly gets her picture taken shortly after receiving her title. Above: The new Miss Teen Minnesota, Charity Lundy, posing professionally with her crown on.

Congratulations to Charity Lundy who won the title Miss Teen Minnesota in the fall of 1992. The competition she was involved in consisted of: Evening gown, swimsuit, talent, and personal interviews. It took place at the Thunderbird Hotel in Bloomington.

In the spring Charity will be representing Minnesota in the Miss Teen U.S.A. pageant that will be broadcast on national television. Charity will get to spend 16 days with all the other state winners throughout the nation to determine the new Miss Teen U.S.A. The competition will be held in Biloxi, Mississippi. Congratulations, Charity! — Connie P.

Above: During the show, stress is at a maximum. Dan Paulson and Jon Marshall find that toys work well for stress relief.

## POWER HOUSE

Powerhouse. The mere thought of the word makes teens in Forest Lake go crazy. Dan Paulson and Jon Marshall had a dream. A dream that one day, their voices would be heard from coast to coast. So far they have made it from First to Third Lake. Power House is a public access television show hosted by, of course, Dan Paulson and Jon Marshall. The topics of the Wednesday night talk show range

from high school sports, to something about a leprechaun, to the dating game. Power House's popularity has skyrocketed from any old public access T.V. show to the pinnacle of television entertainment. There are no plans as of yet as to who will be hosting the show after the summer of '93 when Dan and Jon will leave for college. — Andy W.

# 1992 OLYMPICS

Left: Some of the objects used to become an Olympic winner.

Below: A few of the major competitors of the Olympic Games from the U.S.A. Can you place the names to these athletes?

The 1992 Olympics may be an inspiration to us all. The Barcelona event hosted everything from the Dream Team with all the big name basketball players, to the little gymnasts bee-boppin' around on the competition floor. All age groups being represented from thirteen to forty-five.

There were unexpected wins filled with joy and happiness, to major disappointments that completely astonished participants and viewers. One of these disappointments being Reebok's Dan and Dave, where Dan did not even make it through the Olympic trials. A joy being an astounding 100-m world record ran by Carl Lewis. Also the many heart-warming performances by the U.S. women's gymnastics team with superior individuals such as: Shannon Miller of Edmond, Oklahoma, and

Kim Zmeskal of Houston, Texas.

A surprising contestant of the 1992 Olympics was Magic Johnson. One of the best basketball players in the history of the nation who has been inflicted with the HIV virus. Although there was controversy, we were able to witness one last performance of some of the best playing of Magic Johnson. Although there were many other pursuits not noted here, there were other performances that will be written down in history.

The Olympics creates a place for the most elite athletes in the world to have an opportunity to compete. It is a time for all countries to pull together and make dreams come true. Each and every athlete at the Olympic games has devoted their life to a dream, a dream they hope will end with a gold medal. - Connie P., Andra M.

## What was discovered in Yugoslavia?

**Above:** Just one of the many churches destroyed by the war.

**Above Right:** Father Kevin, Jason and Jenni Speltz, Father Marie. Some of the few who travelled into Mostar.

**Far Right:** City park in Mostar turned into graveyard, just like almost every piece of flatland in the city.

Between October 21-29, Jenni Speltz had the opportunity to travel with her brother Jason and a group of about 42 others to "former" Yugoslavia. The purpose of the trip was to deliver relief aid to areas in desperate need, because of war situations. It was also a religious pilgrimage to the well-known village of Meotugorje, where it is said the blessed virgin Mary has been appearing to six children for over ten years, bringing messages of peace, prayer, and conversion.

Before the trip, Jenni collected donations here at school. She said, "It was so cool to see how much people cared. You guys helped so much. With just the donations from school, we were able to fill fifteen large suitcases. The people were so grateful".

The people Jenni met were so kind to her. Even though they didn't have enough for themselves, they offered her what they did have. After being with those beautiful people that were suffering so much, and yet were so generous to her, she said it was very

difficult for her to return to the U.S. where everyone is so caught up in themselves and what they want. If everyone here could live even an hour of what they have gone through for the past year, I know our lives would change. Our self-centeredness would be replaced by charity and compassion. This trip Jenni will never forget. It has been such an inspiration for her in so many ways. Most of all, it has given her the courage to stand up for what is right and for those silenced by fear or repression. - Katie C.

### K-mart!

In February of 1993, there was a new addition to the many sites of beautiful Forest Lake. On the corner of Broadway and Highway Thirty-Five, a new K-mart was built, and is now in good use. With Pamida, White Mart and now K-mart in town, there will be many sales and mark-downs before a champion store of Forest lake will be crowned. Only time will tell who will survive, and who will become a parking lot. - Andy W.

## Minnesota A-Z

The Minnesota History Center is a new edition to the cities. The building offers many new outlooks on Minnesota. One display in the building is "Minnesota A-Z" where each letter of the alphabet is used to portray a particular idea.

The history center also offers many other things such as: a research center, films, and educational wings for further information on Minnesota's history. — Andra M.

### THE FALAHASA

The title of this magazine originated from the first Forest Lake High School yearbook. The Falahasa, as it was known in 1930, was quite different from the modern day Forester. The first book had only sixteen pages. The senior class consisted of only thirty people. The school had very few sports and activities. The most noticeable difference in activities was the Banjo Club. - Kyle H.

# Turns

**Left:** The horizon for students goes far beyond Forest Lake.

**Below Left:** Katie Campbell, and Jennifer Meyer are happy and eager to help the next customer, Corrine Fahey, purchase a yearbook.

There are so many different turns to take throughout life and many of these turns are taken during high school years.

Sophomores who were once the "top class" as freshmen, suddenly turned very confused, and at the bottom of the heap again.

Juniors, on the other hand, took a turn into a very enjoyable, carefree year.

And for the seniors, this year was a memorable one as they finish their last year of high school, turning a corner and entering a new dimension of the real world.

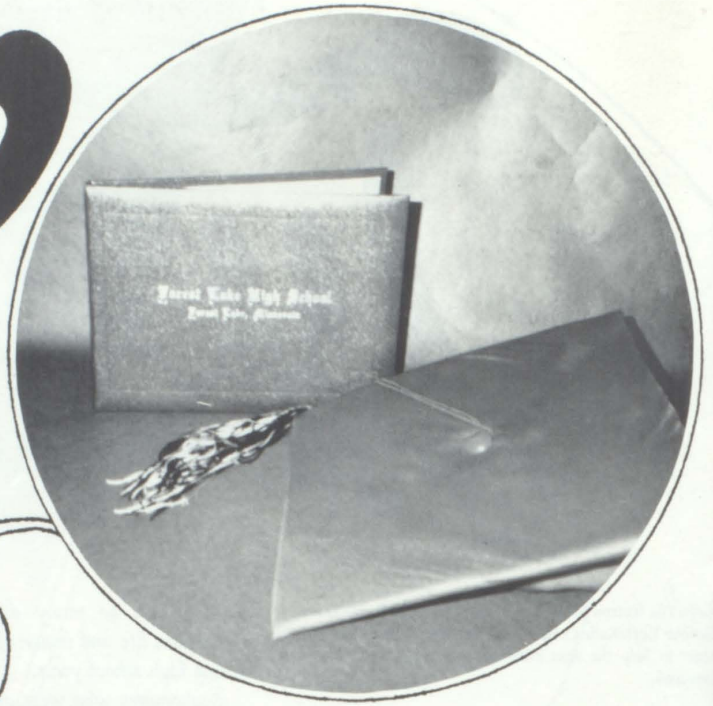

**Left:** Senior girls take time out of lunch to pose for a picture.

# Coming Around The Last Turn

As seniors, we are finally coming around the last turn of our high school lives. It seems as if we have been close friends for so long. For most of us, as far back as we can remember, we have been classmates, attending all different grade schools, we moved on to the junior highs; Central and Southwest, and even then, we were joined by new classmates from different states and

schools. We had our memories there too; Youth Nights, Ski Club, Driver's Ed., getting a first job, and still trying to hang on to the kid inside us.

Now we are together in a different light, we are expected to act like adults and we have to be responsible and start thinking about the future and what it holds. We no longer can act like little kids and get

away with it. It seems like the time has gone by so fast, and all the years of patiently waiting have come to an end, but just remember, through all the memories, the good times and the bad, through all the fun and excitement, through it all, we've done it together, together as classmates, together as friends, together as the class of 1993!

## Two Down, One To Go!

As the second year comes to a close, it will often be said, "There is only one year to go." Memories of being a sophomore will still be fresh in everybody's minds. Walking around, not knowing where you are headed. The junior year was spent with no worries about the future. As people say, the junior year is the best overall. It opens up new doorways for the future.

## BOOKFLOP

A typical first day for a sophomore. Confused and nervous, they strut into the vast, new building trying to look cool because as a sophomore in high school, you are guilty of un-coolness until proven innocent. They move through the day, eventually finding their classes and somehow making it to the 2:30 bell. We have all been there in one form or another. Somehow they find their niche as they prove themselves for their reputation in high school. Darwin calls it Survival of the Fittest, we just live by it. By the end of the year, they know where they stand and where they can't stand. They eagerly await the next school year so they can dish it out because they took it.

Dear \_\_\_\_\_,

Love,

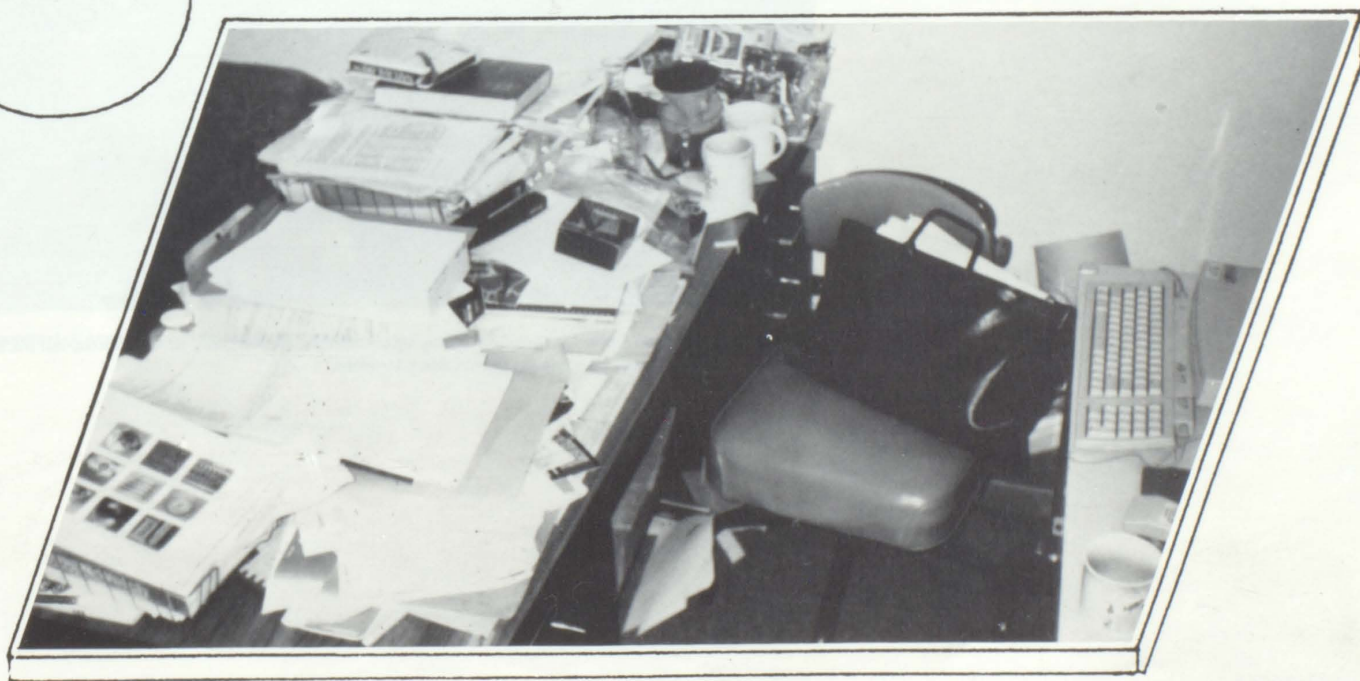

# Faculty

**Above:** Words of wisdom; these are rules to live by found on Mr. Michael Bernauer's desk.

**Below:** Mrs. Gwen Hanson claims first prize for the messiest desk.

# Administration

**Assistant Principal:** Donald Drolson, **Principal:** Thomas Reynolds,  
**Assistant Principal:** Russ Cooper.

**Athletic Director:** Doug Peltier

The District Office helps everything run smoothly by making special regulations for the school to follow. It regulates the funds that the school is allowed to spend and pays the faculty's salaries.

Doug Peltier is Forest Lake's athletic director. He is in charge of the funding for each sport and makes sure every team has an adequate amount of money to function properly.

**District Office:** Back Row: Dr. Gerald Brynildson, Vernon Boettcher, Stephen Onell, James Moratzka, and Bill Bresin.  
Front Row: Gayle Novak, Dr. Ervin Savord, and Karen Morehead.

# Staff

**Attendance Secretaries:** Elaine Zeller, Deborah Perry, and Claudia Johnson.

**Guidance Secretaries:** Lynn Dufresne, Janet Walker, and Joleen Larson.

The attendance office secretaries have quite a demanding job to perform. They are constantly kept busy taking care of so many students and teachers' needs each day. Their job is especially tough during the first few hours of the day when most tasks

need to be taken care of immediately.

The secretaries in the guidance department are there to help the students set up appointments with their appropriate counselor. They make seeing a guidance counselor easy and attainable.

**Principal Secretaries:** Marain Tuominen, and Carol Johnson.

# Staff

**Guidance Counselors: Back Row:** Kate Nelson, **Chemical Health Director:** Joyce Leslie.  
**Front Row:** Virgil Grove, Deanna Ellingson, and Stan Motschenbacher.

The guidance department is always hard at work helping kids out with personal and educational questions. They are very helpful when it comes time for students to start deciding their future academic plans.

The media specialists provide stu-

dents with assistance in the library. They make the library much more accessible and easier to use.

The A/V Department handles the audio/visual equipment and helps provide study materials for many classes.

**Audio/Video Clerks:** Nancy Ensrud, and Karen Bakken. **A/V Director:** Richard Moskop.

**Media Specialist:** Paul Karlsson, **Media Clerks:** Elaine Thaemert, and Mary Wightman.

# Staff

**Kitchen Staff:** Back Row: Pat Curran, Maria Engen, Marion Menne, and Donna Lamers. Front Row: Virginia Olson, Joyce Proulx, Carmen Hoffman, Paula Jarousek, and Wanda Solomon.

**Custodians:** Mick Haugen, John Olson, and Ira Hollingsworth. (not pictured) Twyla Jensen, Rob Weeda, Van Bostic, Jim Gougler, and Jim Atkinson.

We can consider ourselves lucky to have such fine custodians who are determined to keep our school clean. We can imagine what a difficult job it would be to keep such order and safety in a building with nearly 2,000 kids. The custodians also maintain the school grounds as well as inside which is something we can all be proud of.

The cooks also do a wonderful job

serving the students at lunch time. A lot of hard work goes into preparing the day's meal but they always seem to serve it with a smile.

Our parking attendant maintains safety and proper conduct out in the parking lot. We should be thankful that someone can do that. Most students know what it's like to get out of the lot at the 2:30 bell.

**Parking Attendant:** Deborah Mueller.

# Teachers

**World Languages:** Front Row: Maureen Fitzgerald, Allen Franzen, and Megan Espe-Och.

Back Row: Wendy Line, Susan Guderyon, and Coleen Colton.

**Industrial Ed.:** Tom Pogreba, John Reiman, and Kevin Rivard.

**Math Dept:** Front Row: John Lautigar, Wally Connor, Bill Olson, and Mike Altavilla.

Back Row: Susan Jarret, Ann Astrup, Larry Matzdorf, and Jill Becken. Not Pictured: Charlie Challberg.

**Science Dept.:** Front Row: Jeffrey Louis, Brad Ward, Bruce Leventhal, and Jack Henderson.

Back Row: Gwen Hansen, LeeAnne Brochman, Jill Somrock, and Rena Benedict.

# Teachers

**Reading:** Bill Streeter

**Ag. Dept:** Bill Marzoff, and Loyal Hyatt.

**Social Studies:** **Front Row:** Roger Cheyne, Bill McElrath, Ken Mikolajczyk, and Doug Norlander. **Middle Row:** Don Thompson, Ruth Menken, Chuck Anderson, and Ron Tungseth.

**Back Row:** Sara Wallgren, Dick Carlson, Judy Dittberner, and Sue Stennes-Rogness.

**Phy Ed:** **Front Row:** Jim Herman, Chuck Gunderson, Dan Forsyth, and Bob Dettmer.

**Back Row:** Kathy Brigue, Joan Paulson, and Julie Nelson.

# Teachers

**Music Dept.:** Richard Hafn, Maureen Siebert, and Jim Lindstrom.

**Business Ed:** **Front Row:** Thomas Newell, and Alan Anderson.  
**Back Row:** Sarah Kienholz, and Phyllis Slotsve.

**Occ. Relations:** Janet Wiley, and Jeff Wilson.

**English Dept:** **Front Row:** Heather Boston, Bev Larson, Jane Gilles, and Terry Eikren.  
**Middle Row:** Gail Law, Jerry Grant, Keith George, Dorothy Sonne, and Debbie Bendix.  
**Back Row:** Mike Bernauer, Judy McDonough, Carleen Onell, John Olsen, and Bill Somrock.

# Teachers

**Special Ed:** Front Row: Craig Cullen, Tom Hipkins, and Luanne Wyssman.

Back Row: Theresa McNeely, Roxy Strangeland, and Carol McElrath.

**Art Dept:** Al Larson, Nancy Pechman, and Marie Kaiser.

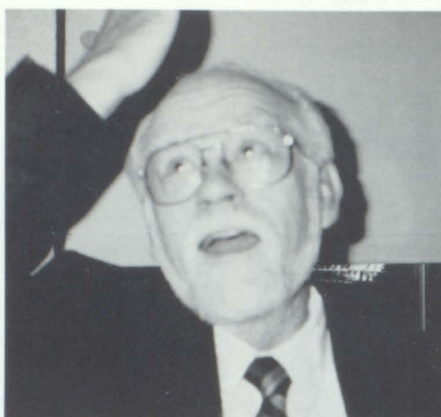

**Special Ed:** Tonya Bjork, Marian Paul, Kay Hickerson, and Suzanne Berry.

**Home Ec. Dept.:** Marilyn Orlich, Cheryl Peterson-Smoczyk, and Janet Stone.

# "CAN YOU BELIEVE IT?!"

The following teachers submitted some of their most embarrassing moments in their teaching careers.

**Dorothy Sunne:** "Leaving a restaurant with the back of my dress tucked in my pantyhose."

**Jeff Lewis:** "While doing a science experiment in front of my class, my tie caught on fire, what's worse is, that I asked my class if they smelled smoke. . ."

**Susan Guderyon:** "...for some reason Dr. Cooper and I were talking about hair pieces and toupees when I turned to him and called him 'Ruff' instead of 'Russ'."

**Anonymous Teacher:** "On my first day of teaching I wore a red dress, and must have leaned against the chalk tray. I had a white line across my rear end for the rest of the day and no one told me."

**Don Thompson:** "On my first day as ski advisor, I didn't know how to ski. About 30 kids watched me smear myself all over the bunny hill."

**Ron Tungseth:** "Pulling down a map on WWI, only to reveal Miss March, that a student had taped to the map."

**Mike Altavilla:** "My pants split in first hour and no one told me until third hour."

**Mike Bernauer:** "I got upset with a class of students and left the room, telling them to come and get me in the faculty lounge when they were ready to learn. They didn't come to get me for three days."

**Bill McElrath:** "Pulled down a large map in the front of the room and it fell on my head."

**Robert Dettmer:** "I had just instructed my Outdoor Ed. class how to prevent swamping their canoes when I accidentally swamped my own. Everyone was laughing except the student who was in my canoe."

Top Left: Jim Lindstrom,  
Top Center: Richard Carlson, Top Right: Jane Gilles,  
Above Center: Rena Benedict, Above: Roger Cheyne.

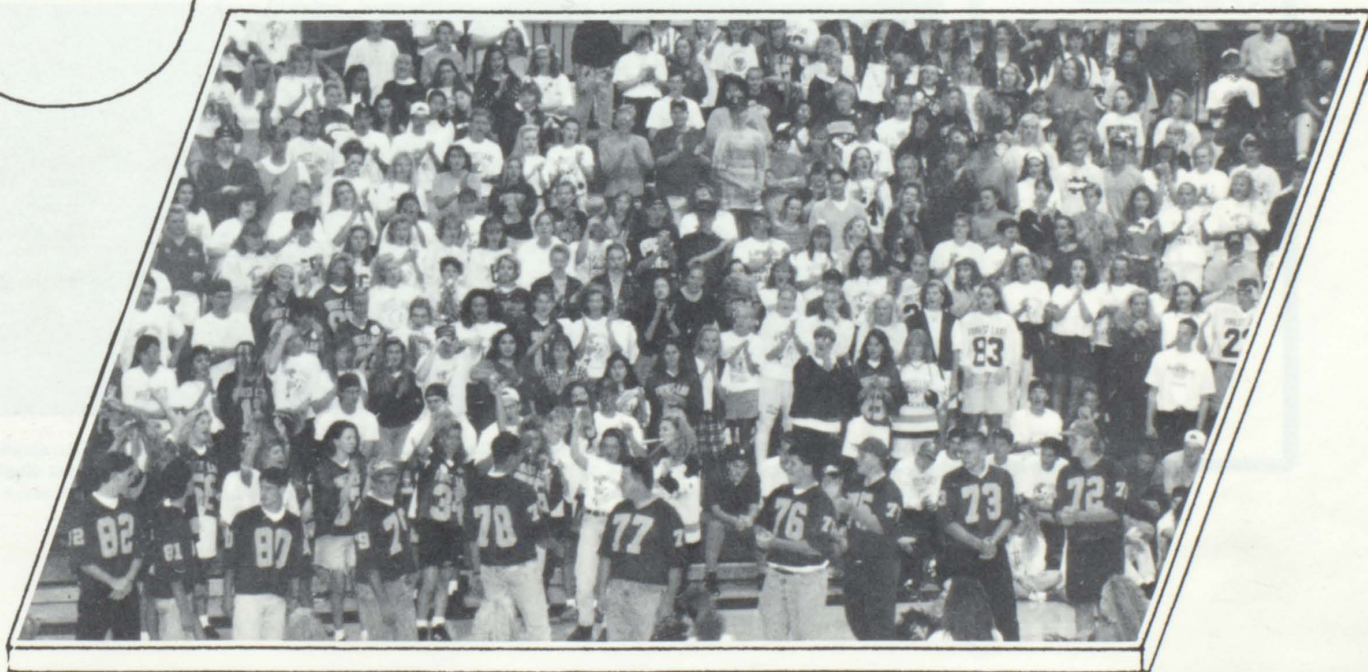

# Group photos

**Above:** The football games produce large groups of people. Friends would get together to show their support.

**Below:** Rangers rock the house; the enthusiasm shines through these students as they rally their team before the big game.

Volume 55 of the Forest Lake Senior High **Forester** was printed by the Taylor Publishing Company of Dallas, Texas. All pages were printed on die-cut finished 80 lb. enamel paper. The cover is made of a lithocote material, designed by senior, Kyle Hames. This year the book includes a mini-mag, which features maroon spot color.

1,519 Forest Lake Senior High students were pictured in this year's **Forester**. The yearbook contains 208 pages of both black and white and color photos. Fifty-four ads were sold bringing in around \$2,080 towards the book. 900 copies of Twists and Turns were sold for \$35 each in the month of October. 100 extra copies were ordered for late buyers at the price of \$40. The

typeface used in the book was chancery. Most artwork was created by Carly Hawkinson and Kyle Hames.

The 1993 **Forester Staff** would like to thank the following people for their contributions to the book: Anne Mueller from the Taylor Publishing Company for her time and advice, Michelle Wilkendorf from Jostens for her assistance, Mark McCalib from Photo World in Forest Lake for all of his hard work, Kyle Hames for sharing his talent, April Elsenpeter for her devotion, Tanya Johnston and Jennifer Ochs for their success in the business department in exceeding our goal, and Gail Law for her patience and understanding throughout the year.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of a solution of the system of equations

for the functions  $u_i(x, y, z)$  and  $v_i(x, y, z)$  satisfying the boundary conditions

on the surface  $S$  of the domain  $V$  and the conditions

on the surface  $S_1$  of the domain  $V_1$ .

2. In the second part of the paper the problem of the existence of a solution of the system of equations

for the functions  $u_i(x, y, z)$  and  $v_i(x, y, z)$  satisfying the boundary conditions

on the surface  $S$  of the domain  $V$  and the conditions

on the surface  $S_1$  of the domain  $V_1$  is solved.

3. In the third part of the paper the problem of the existence of a solution of the system of equations

for the functions  $u_i(x, y, z)$  and  $v_i(x, y, z)$  satisfying the boundary conditions

on the surface  $S$  of the domain  $V$  and the conditions

on the surface  $S_1$  of the domain  $V_1$  is solved.

4. In the fourth part of the paper the problem of the existence of a solution of the system of equations

for the functions  $u_i(x, y, z)$  and  $v_i(x, y, z)$  satisfying the boundary conditions

on the surface  $S$  of the domain  $V$  and the conditions

on the surface  $S_1$  of the domain  $V_1$  is solved.

5. In the fifth part of the paper the problem of the existence of a solution of the system of equations

for the functions  $u_i(x, y, z)$  and  $v_i(x, y, z)$  satisfying the boundary conditions

on the surface  $S$  of the domain  $V$  and the conditions

on the surface  $S_1$  of the domain  $V_1$  is solved.

6. In the sixth part of the paper the problem of the existence of a solution of the system of equations

for the functions  $u_i(x, y, z)$  and  $v_i(x, y, z)$  satisfying the boundary conditions

on the surface  $S$  of the domain  $V$  and the conditions

on the surface  $S_1$  of the domain  $V_1$  is solved.

7. In the seventh part of the paper the problem of the existence of a solution of the system of equations

for the functions  $u_i(x, y, z)$  and  $v_i(x, y, z)$  satisfying the boundary conditions

on the surface  $S$  of the domain  $V$  and the conditions

on the surface  $S_1$  of the domain  $V_1$  is solved.

8. In the eighth part of the paper the problem of the existence of a solution of the system of equations

for the functions  $u_i(x, y, z)$  and  $v_i(x, y, z)$  satisfying the boundary conditions
