he classes before would be amazed at what Forest Lake High School has become. On the outside it is the same old school, but on the inside it's a whole new place with colorful new carpet, crisp clean walls, and new ceiling tiles.

## AS THE PAINT DRIES. . .

Over the summer of 1994 Forest Lake High School was getting a well deserved, and much needed makeover. The reason for this renovation wasn't just to make the school building look nice, but to give the students a sense of pride. It has brightened the darkest corners of the school and given it life. The attitudes of students and staff have been greatly lifted.

Visitors to the school over the summer saw how it looked. The carpet was ripped up, the ceiling was torn down, and dust was everywhere. It wasn't just left from the last day of school either. The construction left such a big mess that even principal Mrs. Carol Kluznik didn't think it would get done by the start of school. Luckily it was finished, and the students had a beautiful, "new" school to come back to.

**Top:** During the renovation, even the exit sign didn't know which way was out.

**Above:** While we were home sun bathing, many diligent workers were "up and at 'em" putting our school back together for renovation '94-'95.

# THE FUN BEGINS

"The first day of school." To most, these words are like saying, "The last day of my life," but not to Forest Lake Senior High students. Our school has a new look and a new attitude. The sophomores may be nervous and afraid of not finding their classes, the juniors saying to themselves, one down, one to go, and the seniors are counting the days, but all have one thing in common. In general, students' feelings are those of having great times with friends, commitment to their studies, and most importantly pride in their school.

## “HOLD ON TO THE NIGHT”

“Hold on to the Night” was Forest Lake High School’s 1994 prom theme. Prom was held on May 21, 1994 at Town Square in downtown St. Paul. The night was filled with people, limoes, dancing, and music. The weather outside was hot and rainy. While inside the band was playing “I Swear.” the last song of the night, the 1994 prom became a memory for all who attended.

**Top:** Jennie Olson and Matt Olson (no relation) couldn’t wait to dance away the night at Town Square.

On June 9, caps and gowns marked the end of the high school career for the graduating class of 1994. The ceremony, held on the Forest Lake High School football field, was filled with many outstanding memories. The songs sung by "The Diplomats," the speeches from Adam Lindell and Diane Sarafolean, and the applause received by Carol Kluznik after her momentous first year as the first woman principal at Forest Lake High School were just some of the memories that will always be remembered.

**Top:** All attention was on Adam Lindell as he spoke during the graduation.

# Look At Our Spirit

## Homecoming '94

Homecoming '94 filled Forest Lake High School with spirit. The week's activities consisted of the pep-fest and coronation of the king and queen on Monday, the royalty dinner at Vannelli's on Wednesday, and the parade and football game on Friday. Each day also had a special theme focus. Monday was college sweat-shirt and crazy hat day. When Tuesday rolled around, we saw many people wearing the same clothes to show their spirit on twin day. Wednesday followed with western day. Thurs-

day was class color day. Seniors wore red, Juniors wore green, Sophomores wore blue, and the faculty wore yellow. Friday brought excitement to everyone at Forest Lake Senior High School with school spirit day; maroon and gold could be seen everywhere. This display of school spirit set the tone for the big game. The Rangers had an exciting victory over the Mounds View Mustangs with a double overtime score of 27-26. The homecoming dance in the cafeteria brought the 1994 Forest Lake homecoming to a close.

## What A Game!!

This year's homecoming game will go down as one of the most exciting football games in Forest Lake history.

The first half was definately one to forget. Many costly Forest Lake mistakes caused them to enter the locker room with a thirteen point deficit. It seemed like the highlight of the game would be Nicholas Altavilla's fifty-one yard punt. With a first half performance like that, it looked as though the game would be an easy win for Mounds View.

To start the second half, back-up quarterback Benjamin Huerth took over the offense. Joshua Hoffman scored for the Rangers on their first

drive of the second half. The Mustangs remained ahead 13 — 6 after Jeremy Sternhagen's kick sailed wide.

The end of the fourth quarter came around and Joshua Hoffman plunged into the endzone. With the score 13 - 12, Coach James Herman was left with a tough decision. Go for the win with a two-point conversion or go for the tie with a kick. Herman made the right decision; Sternhagen's kick was good and the game went into OT.

Mounds View got the ball first in OT and scored a TD. Score: 20 — 13. Rangers' turn. The Mounds View defense played well and

brought it to fourth down on the four yard line. What should they do? Answer: Give the ball to Hoffman. Score: 20 — 20.

The Rangers scored on the first play with a ten yard TD run by Huerth. Score: 27 — 20. Mounds View scored on a pass to put them within one. The Mustangs went for two and were stuffed by the number one defense in the Twin Cities Suburban Conference.

The Rangers won 27 — 26 on a much needed win to up their record to 2 — 2 in the conference.

"Prepare Ye the Way of the Lord. . ." were the first words heard when students and adults gathered to watch the Forest Lake Drama Department perform the production of *Godspell*. The hard work of this musical paid off and was noticed by all who attended the performances.

When the cast members were brought together at their first practice, they seemed shy and separated. After weeks of late nights and early mornings they became inseparable. Their talent in singing and acting helped to achieve this close unity. If one of the voices were to be absent, this absence would be sensed by all.

Even though the production is now finished the memories and friendships will last a lifetime (No pants dance and I feel like chicken patties tonight).

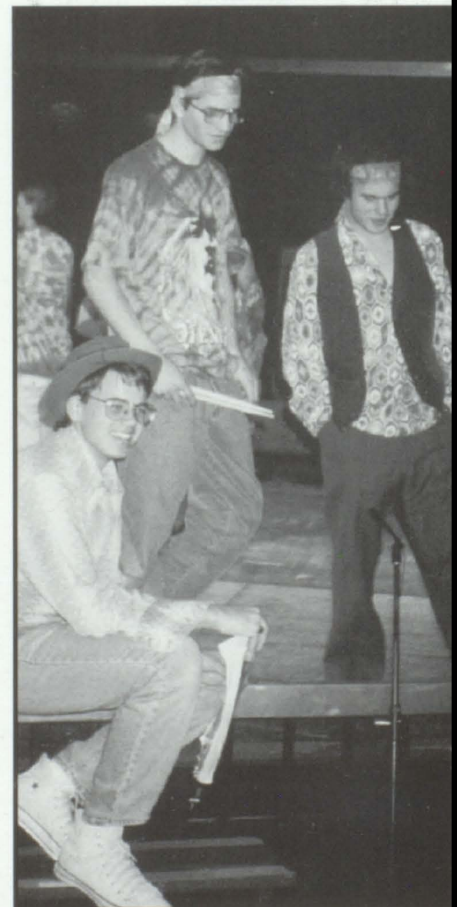

A great time was had by all, thanks to the cast Heidi Averbek, Samuel Bergstrom, January Brandt, Heather Flowers, Rebecca Freundsuh, Gabriel Gibson, Kristy Hammons, Christina Joyer, Shawn Kislenger, Andrew Nelson, Elizabeth Neudecker, Aaron Nordby, Amber Olson, Daniel Overbo, Helen Pickering, John Randall, Jason Speltz, Kimberly Tauer, Bob Vang, Heather Westmoreland, Stephanie Whiting, and Jilline Wurdemann; crew; musicians, Andrew Sobiech, Benjamin Moreno, Margene Janicke, and Christopher Shockley; music director, Maureen Siebert, and our extra special thanks to director Janis Garofano.

# The One Act Play

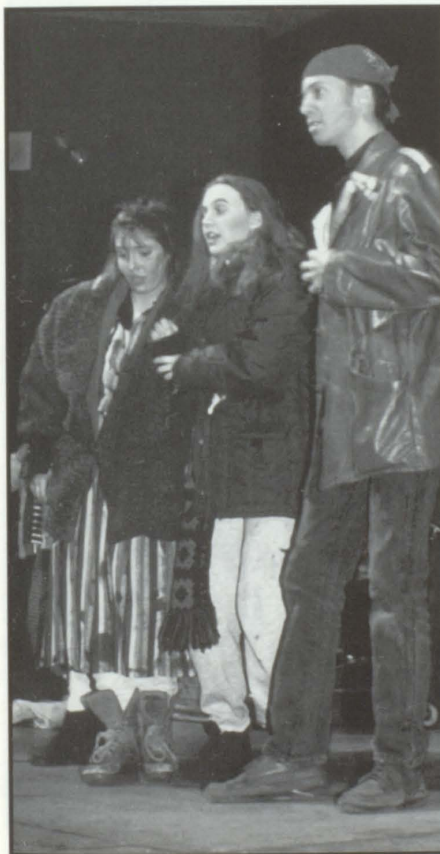

Tiny Tim is Dead, the one act play, could be seen on February 2 and 3 by students and staff in the school auditorium. The one act play, a competitive group, competed at Blaine High School where they received a third place title for their outstanding performance. Tiny Tim is Dead is a play focused on a homeless girl who has never experienced the festivities of Christmas. Her friends and mother, Verna, decide to show her what Christmas is like. In presenting her A Christmas Carol, her mother, playing Tiny Tim, dies.

The students who took part in the one act play not only worked hard at rehearsals, competitions, and performances, they also did research on the homeless. In doing their research, students read books and visited homeless shelters in Minneapolis. Researching the homeless not only helped the actors become more familiar with their characters, but gave them knowledge and more understanding of what being homeless is really like. This knowledge will stay with these students for the rest of their lives.

Forest Lake, a school of academic excellence. Debate, speech, and National Honor Society are among many organizations which helped to build its strong academic background. The qualified teachers instruct advanced placement classes and college level courses so that the students always have a challenge. To show for this, sixty-eight percent of 1993 graduates went on to higher education after high school.

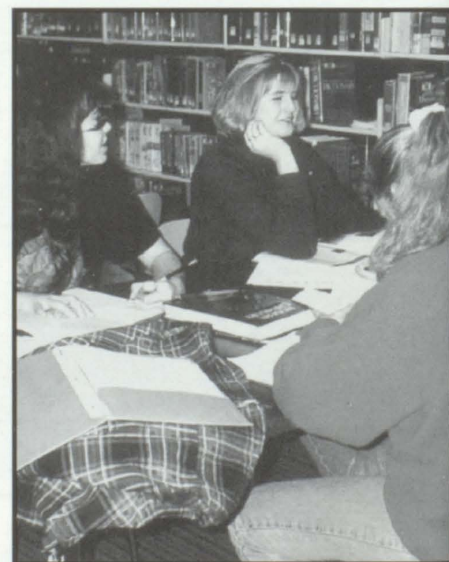

Last year, forty percent of the juniors took the PSAT and five percent of those students were National Merit Commended students. Forest Lake even had one finalist for the National Merit Scholarship.

Fifty-five percent of juniors took the ACT. Minnesota is in the top ten in the country with ACT scores. Overall, Forest Lake has above average scores for the ACT. Forest Lake also has a very high percentage of graduating seniors.

The students at Forest Lake High School are well prepared for college, and feel like they know what they are getting into. The counselors are very proud to stand behind the academic excellence of their students.

# Office Procedures

Parking passes, broken lockers, and leave school passes, these are just a few things the people in the office help the students with. They always have a smile and are ready to help when needed. The secretaries say that even though this office is a busy one, they work for and with nice people. To help get through the busy day, the secretaries have office runners to deliver passes, pick up attendance sheets, and do some filing work.

Just one suggestion, get your absent notes in before they have to call your house!

# Community and Schools

## Communication is Basic

Communication is an important aspect between schools and the public. The Forest Lake school district has found that it is very difficult to communicate with the public on what is happening in the schools. There are many reasons for this. One is the district is large and spread out. In total there are seven elementaries, two junior highs, and one high school. There are about 18,000 households in the district.

Superintendent Dr. Donald Ruble, says that he felt the district was lacking in communication because it does not have a vehicle to communicate with. There is the *Forest Lake Times*, which reaches about 3,000 homes. There is also a newspaper called the *Messenger* which goes to those households in Scandia. This does not nearly cover the 18,000 households that are currently in the district. The local television station covers some of the board meetings, but not all families have the chance to see these coverages due to the fact that it is a cable channel.

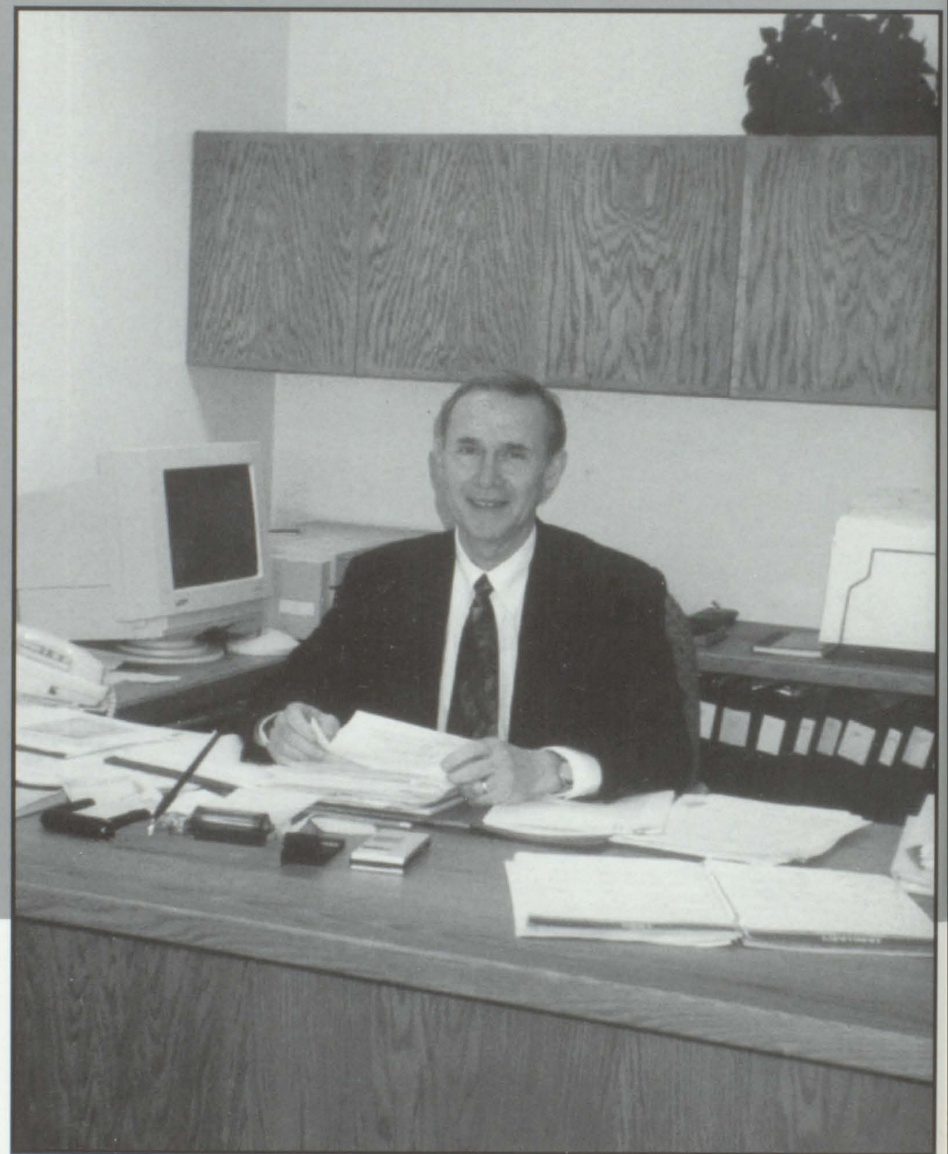

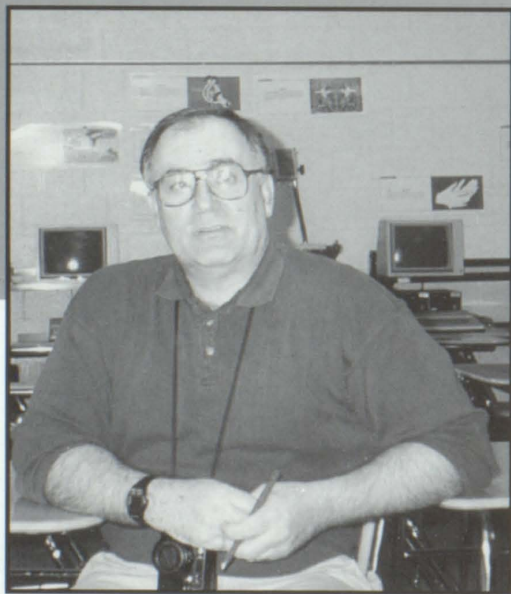

In order to educate the public on what is going on in the schools, Dr. Ruble encouraged the use of newsletters. One of which is the *Principal's Newsletter*. This goes to the parents of the students at the senior high. The other is the *Superintendents Newsletter* and it goes to every household in the district.

The way these newsletters are put together is.... A letter is sent to all the schools in the district asking them for feedback on the good things taking place in their schools. The schools then send back articles that they want in the newsletter. Carol Johnson takes these articles and wordprocesses them. From there they go to William Somrock and Jill Somrock. Together they take the articles and any pictures they have and they put together the actual layout of the newsletter. Last year was the first year with the new format, designed to resemble a newspaper. Along with the newspaper format, came more pictures.

Dr. Ruble feels that the best way of enhancing communication between the schools and the public would be assigning one person the job. This person's responsibility would be going to the different schools and getting information on the good things taking place. Afterwards that person would relate the news to the public.

Communication between the schools and the public is gradually improving. The newsletters are a great start and hopefully more improvements will follow.

# Scheduling

## Planning For the Future

When choosing your classes at the senior high there is a lot to consider. There is the possibility of post secondary, which many of the Forest Lake students take part in. Students need to have an idea about what interests them so that they have a direction in which to head. Students also must keep in mind their requirements and number of credits needed for graduation.

For an average student coming from one of the two junior highs, registering for classes at the senior high can be frustrating. Students in the ninth grade receive information on registration from their social studies teachers. The senior high counselors preview all the registration procedures with the students at the junior high. The social studies teachers then help their students with a three year plan. Two weeks later the counselors come back and make sure students have enough credits and are taking their required courses.

Students new to the district are required to take a reading test and bring a copy of their transcript from their former school. The next step is taking the reading test. This takes about an hour and a half. After the test is finished the student meets with his/her counselor. Together they choose the student's classes. In all, the time spent with the counselor is about an hour. New students are then given a tour of the building by the circle of support students. After their tour they are assigned a locker and a PIN number for lunch.

For both new and old students in the district there is a lot to consider when choosing classes. When looking into post secondary a student must have a GPA of 2.0 for seniors and 2.5 for juniors, and their credits must be on track for graduation. Course load should be carefully considered when going to college. No more than four classes are encouraged to be taken at one given time. Students can also consider going to high school part time and college part time.

Students choosing high school classes are frustrated at times, but it still should be carefully considered. There are a lot of choices and opportunities at Forest Lake High School.

# Welcome Back!

Henry Hebert returns to Forest Lake High School after four years of absence. Henry Hebert took a leave of absence to design and implement a communication across the curricular program at the Minnesota Center for Art Education. When asked about the seven period day, he responded that he was disappointed coming from a four period day. He felt that he could not get connected with his students.

Deborah Bendix also took a one year of absence to be with her youngest son, who started school this year. She took courses in English and writing. She was also asked about the seven period day and she felt that she didn't get to know the kids the way she should. Both Henry Hebert and Deborah Bendix are planning a successful speech team year together.

# A New Look!

The art department offers a multitude of different courses. Art I and II are the general art courses offered for all who are interested in art. Photography, having the highest enrollment, allows students to develop and print their own black and white photos. Ceramics is also a popular art class and is designed for students to explore the media of clay, both hand built and wheel thrown. Other advanced classes available to the students are drawing and painting, related art, sculpture and the advanced placement course, art history. The display case, a gift from student council to the art department, is where many fine works of art and photography are displayed throughout the year.

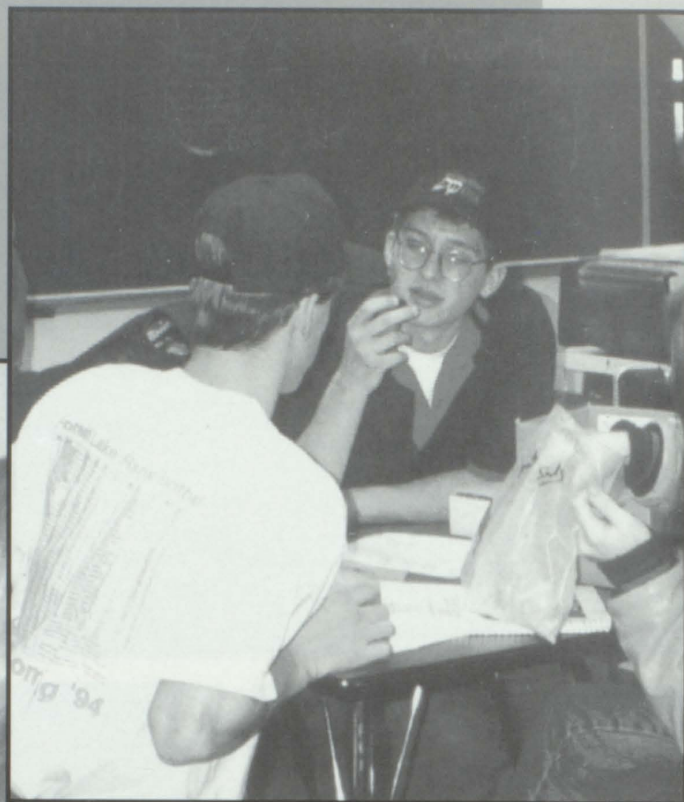

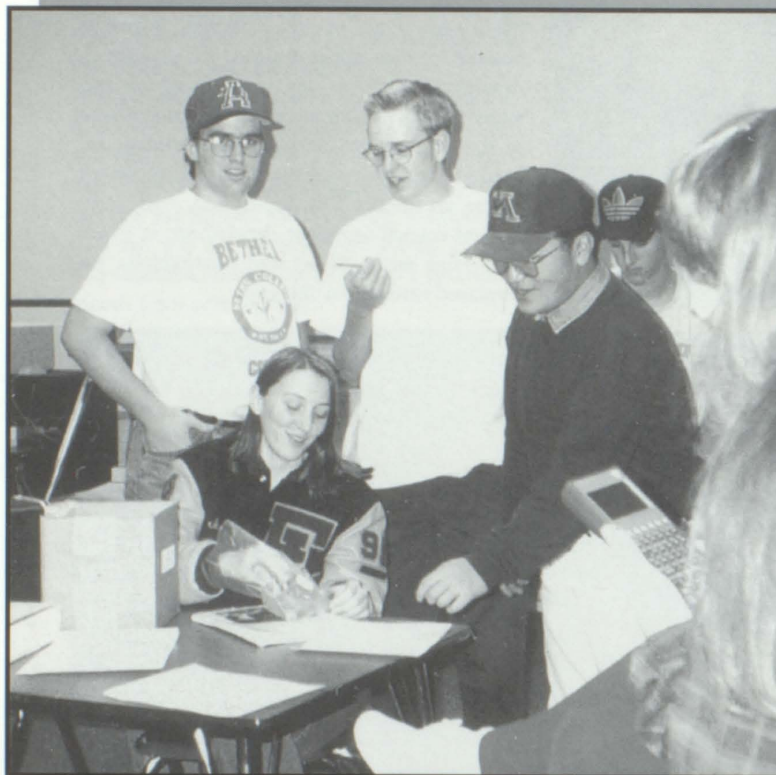

**Top:** Art teachers, Allen Larson, Peggy Little and Maria Kaiser stand in front of the newly purchased display case. **Middle Left:** Jamie Swanson works diligently in ceramics class. **Above:** Troy Selvog shows off his artistic talent to Sheana Eggers and Tara Blasko. **Bottom Left:** Nancy Pechmann shows Katbryn Moynaugh, Vicki Proehl and Zachary Kordosky how to make jewelry in related arts.

# Science Team

The Science Team is a small group of students who pull together and take part in the Science Olympiad. It is a competition that consists of 15 events and deals with all areas of science. Some of these events are the bioprocess lab, circuit lab, tower building, rocks and minerals, and fossils. Mission Possible is also one of the events, the team must build a device which separates paper clips, toothpicks, and marbles using as many energy transfers as possible. With Karin Anderson's help, the students meet every week to get ready for this Science Olympiad. Good luck Science Team.

*Top: Students are hard at work bouncing ideas off each other to come up with the answer to a problem.

# Social Studies

The Social studies department deals with history, politics, and contemporary problems. Students must take two and one-half credits of social studies, and many courses are available. To fulfill this requirement one credit must be in American History which is usually taken sophomore year.

Students must have one-half credit their junior year, and may choose from Ancient Civilization, Eastern Civilization, Russian Civilization, or Western Civilization.

One-half credit must be in Anthropology, Economics, Political Science, U.S. and the World, or CIS-Political Science.

The final half credit which is taken during the senior year, is chosen from Contemporary Problems, Marriage and the Family, Psychology, Sociology, or A.P. Psychology.

# Student Council

School dances, blood drives, and Homecoming festivities are just a few of the many events our student council takes charge of. The members of the student council are chosen by their peers to represent each individual class. They are determined to make school a more enjoyable place for everyone. Student council puts in a lot of hard work and are rewarded through the excitement shown by all.

# FFA

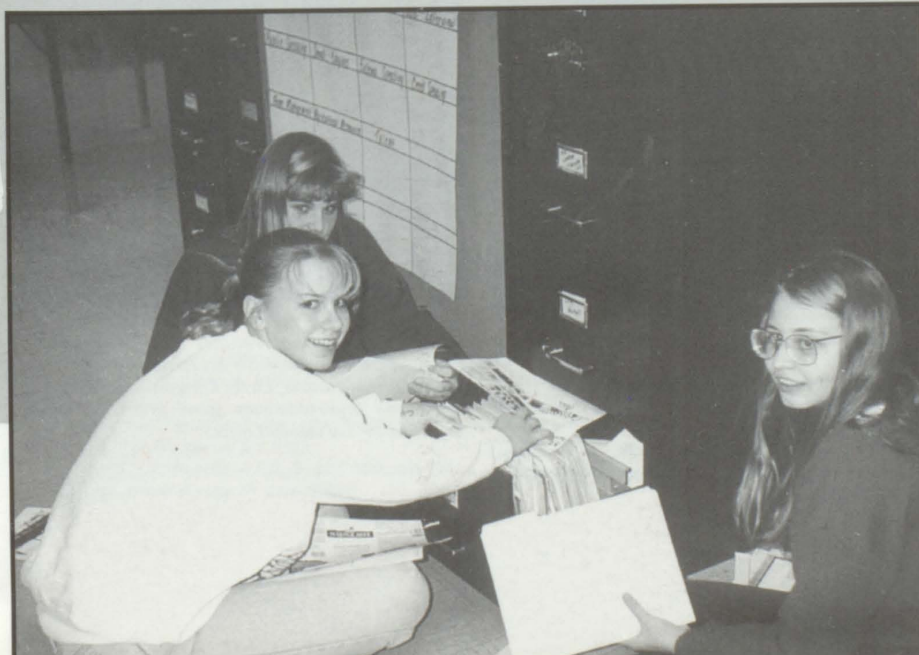

When looking at FFA members, something unusual stands out. These people are caring, considerate, and open-minded. They like to contribute to the community and help people in need.

Many times we see members staying after school to sell Christmas trees or plants from the greenhouse. They also hold an open house petting zoo. Members bring in animals for anyone to come and see. They do many other good things for the school and community that a lot of us do not get the chance to hear about. FFA is a team of people pulling together to make a difference. The differences range from large to small. FFA members take pride in making someone smile. Smiles are often spotted on the faces of young children at the petting zoo, and on the faces of the adults who buy the beautiful Christmas trees.

FFA is a contribution to society and perhaps, with students doing their part to produce an occasional smile.

# Odyssey of the Mind

"The mail must go through!" How do you design and construct a device to sort fifty domestic letters, twenty foreign letters, two packages and two express packages?

How do you perform an eight minute vaudeville show with three or more acts that relate to an aspect of society that is positive; plus have an emcee and a commercial!

Each OM group has one of these problems to solve. That means each group must be comprised of many different abilities such as creativity, mechanical know-how, and determination.

The team members work toward the regional meet, held at Forest Lake this year, and if they win they go on to state and then worlds.

# National Honor Society

Leadership, service, academics, and character; these four qualities are the foundation for the National Honor Society. The main aspect for Forest Lake NHS members is service. Each NHS officer is in charge of one of the four main service projects. Erik Johnson leads the homeless camp-out, Molly Matheson leads the group going to the epilepsy ward, Christopher Wheatley leads the environmental project, and Michael Kloster is in charge of the garage sale. Each NHS member also needs twenty hours of various smaller community service projects for the year.

# Speech

The 1995 Speech team is looking forward to another wonderful season. Along with many other things also. The team is looking to build friendships between each other and other schools teams. They also are looking forward to improving self-confidence and self esteem. Building long life communication skills is something that the coaches feel proud of helping with, but the students can use these skills for future work and better skills in life. A season of growth and development of a young but talented squad is something that coaches and students look forward to. A season of upholding a rich tradition of excellence is nothing new, the team is reaching for their thirteen consecutive region championships. Thursday night practices are the best for showing how hard the students

work. Deborah Bendix quotes "the kids have so much energy." With the school filled with 90 plus students talking to each other, walls, and parents the energy level is high. Looking back on what the Speech team has done in the past. Forest Lake speech team has held the state record for total number of state champs for the past 20 years and also holds the state record for total number of medals won in a single year. Forest Lake speech is also tied with Apple Valley for number of state champions in a single year. In the past Forest Lake speech has had three national champions: Valerie Marsh 1987, Heidi Zupzalka 1989, and most recent Ryan Scott in 1993. Forest Lake speech is proud to be one of the largest speech programs in the nation.

# Debate

The standards for success were set in the 1993-94 season; the returning debators along with the new members far surpassed this with the 1994-95 season. Led by the fearless staff of Dorothy Sunne, Steve Kult, and Andrew Kloster with the addition of Lori Whitt and Don Berry, Pat Cheyne, and Dave Kunnen, the debate team charged onto victory. The season's policy resolution was resolved: that the United States Government should substantially strengthen regulation of immigration to the United States. While policy was achieving new heights, Lincoln Douglas was covering even more ground. The season concluded with the resolution: Laws which protect citizens from themselves are justified.

Highlights of the season included: the Brainerd/Grand Rapids Swing where the top three places in Varsity Policy were taken. Some success was followed to Concordia and Coon Rapids where Forest Lake closed out top positions in all divisions in both Policy and Lincoln Douglas. Forest Lake's own Flake Stakes outshined all other tournament with record breaking entry of 55 schools competing. With the participants of five states, Forest Lake became a Tournament of Champions qualifier, held in Kentucky.

Yet it was the Edie Holiday Tournament hosted by the Blake school which provided a shining moment during the invitational season. Michael Kloster, and Sarah Sicheneder took the honor in

not only making it to final rounds, a task Flake has not done since 1976, but won final round, something Forest Lake has never done.

The season closed with a superb finishing at the State Tournament. Christopher Wheatley and Robyn Peterson taking the top honors and the opportunity to debate at the National Tournaments in Fort Lauderdale, Florida.

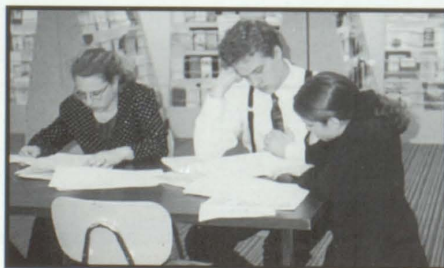

The promise of next year's success is anticipated by all. One of the four captains, Sarah Sicheneder captures the essence of Forest Lake — "A good debate team can be only measured by success in all divisions, judging by those standards, Flake is the most successful team in the state."

The National Forensic League took fifth place at the 1994 National Tournament last June in Kansas City. The NFL includes the categories of debate, speech and student congress. Each member contributed in some way to the leagues many successes. Ryan Scott recieved first place in Foreign Extemporaneous Speaking. Don Berry acheived a Speaker Award (seventh place). The team of Don Berry and Ryan Scott and the debate team of A.J. Lindell and Michael Kloster contributed to the teams high overall score. Andrew Cheyne was Student Congress Representative from Central Minnesota NFL. Elise Parker was the Champion Oraditor from Central Minnesota NFL. Chrys Kiewatt was Student Congress Senator from Central Minnesota NFL. The National Forensic League with high scores in all categories became the 1994 Central Minnesota Champions.

# Band

## Calgary

As the sun was rising on July 6th, 1994, the Forest Lake High School Marching Band departed from the high school parking lot. The Lorenz buses, on which they traveled, brought them to their destination of Calgary, Alberta, Canada. They arrived in the early morning hours of July 7th. The students were taken to a high school where they slept on the gymnasium floor for four nights. The students indulged in fast food and watermelon during the trip. In their spare time the band toured Banff, where they rode on the Sulphur Mountain Gondola. They also shopped, swam at a local pool and played frisbee. On July 8th the band marched in the Calgary Stampede Parade which ran through downtown Calgary. They marched a distance of three miles in one and a half hours of very hot weather. On the morning of the 11th the students began their thirty hour bus ride home. When the students arrived on July 12th, they were filled with wonderful stories to tell as well as many great memories.

# Choir

Choir is a fun class in which students learn songs, perform concerts, and attend festivals. Choir is a music elective, it is one of the only classes that can be taken every year while still receiving credit.

**Top:** Students prepare themselves for class by singing the scale. **Above:** Chamber Chorale listens attentively while James Lindstrom critiques their song. **Right:** Before the singing begins students loosen back and neck muscles for a better sound. **Far Right:** Erik Johnson and Angelica Sebally practice singing for their small ensemble.

There are three different choir classes: Sophomore Choir; Treble Choir, the only choir made up of all female voices; and the largest of the three, the Chamber Chorale.

## James Lindstrom

James Lindstrom graduated from Rush City High School in 1965 and in 1969 from Augsburg College. During his senior year at Augsburg he was the assistant director when they sang at the United Nations with the Minnesota Orchestra for the 20th Anniversary of the Human Rights Proclamation. Since then, he has been teaching at Forest Lake Senior High for 26 years. In addition to teaching he is a husband, and proud father of twin girls, as well as the choir director and organist at Faith Lutheran Church in Forest Lake.

# Breeze

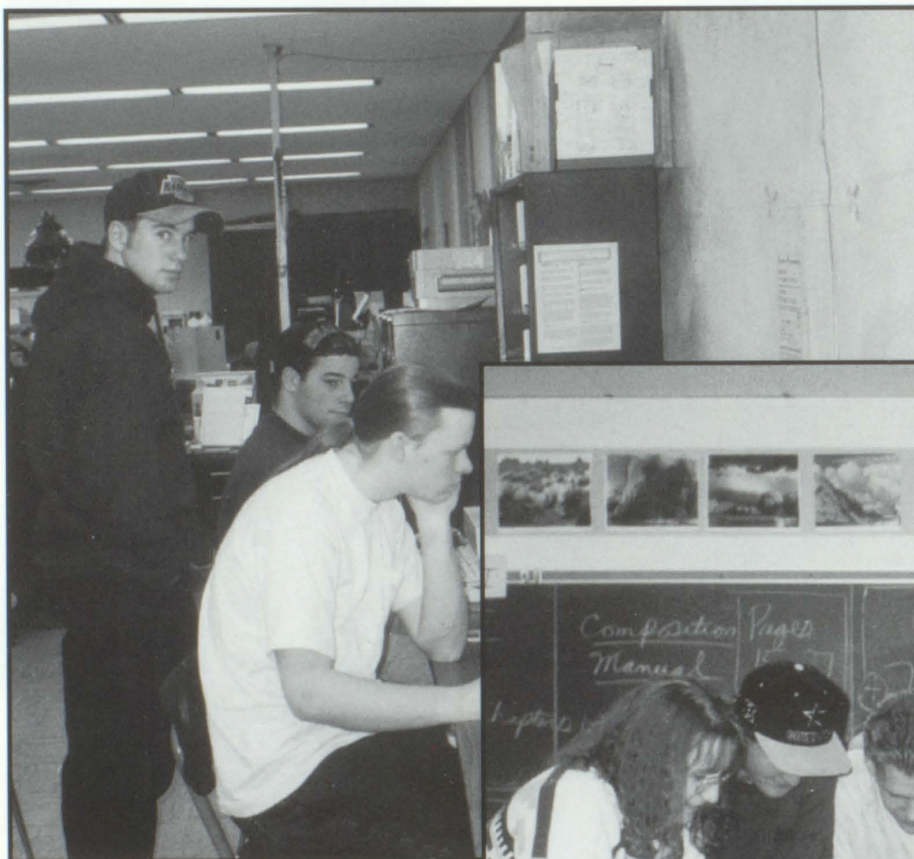

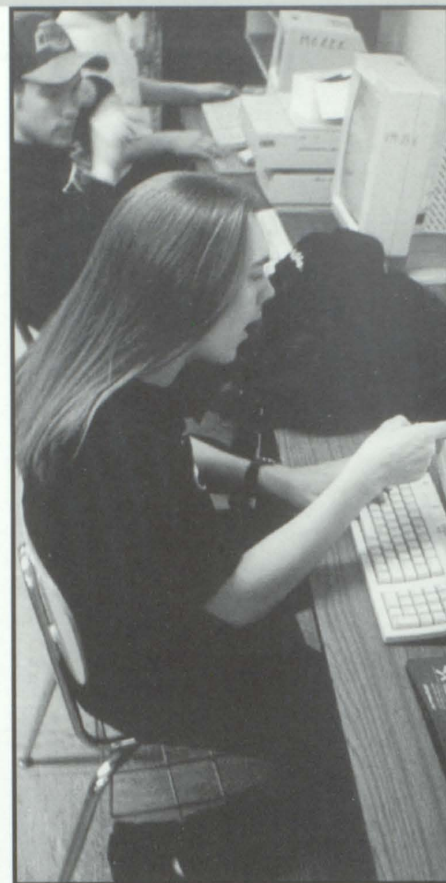

After having the Breeze critiqued by experts in the field of Journalism, I decided that this year's paper should aim for quality, not quantity. We come out once per month, usually on the third or fourth Thursday depending on holidays or other interferences. We use a standard eight page format and always include a feature section.

Our goal was to put out the best paper with as few errors in layout and writing as possible which is why we came out only once a month and have only eight pages. I also wanted everyone on the staff to be involved in the production of the paper and am happy with the results.

We have met every deadline as far as the paper, and have never come out a day late. Articles have been well written, layout has been clean with little white space, and we actually have some pictures in this year's Breeze.

We still lack proper equipment to put together a longer paper. Right now we are down to one workable layout computer, and have to share our printer with a lot of other people. Some articles have come in too late for deadlines and for the first and second papers we were up at school until 3 a.m. to get it done.

# Yearbook

The yearbook class prepares you for the stress of the real world. You learn a lot of responsibility in how to work well with others.

Each year the staff members encounter five deadlines. Deadlines are used to separate the book into sections. The most difficult sections to complete are the class pictures. The staff members must check all the names on file for spelling, design the layouts, and put a sticker on each picture for page and picture number.

The staff not only has to worry about making the yearbook, they also have to worry about selling it. This year's book will cost about forty thousand dollars. This money is acquired through the selling of books to the student body and through the advertisements on the back pages. This year's goal is to sell eleven hundred books.

**Top Left:** Kristin E. Miller, Robert Reetz, and Amy Henry take time to converse before the bell rings.

**Above:** These yearbook students work hard to finish up by the deadline.

**Left:** Joshua Olson and John Preston, along with the rest of the competent staff, furiously inscribe their initials into receipts in hopes of vending eleven hundred books.

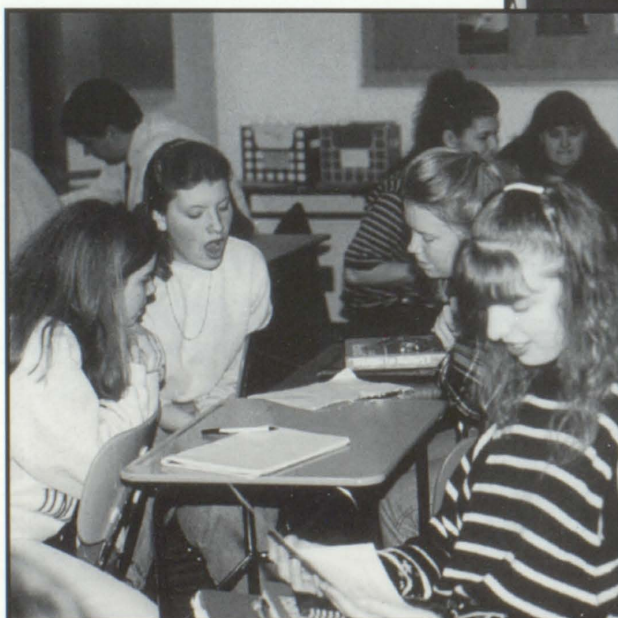

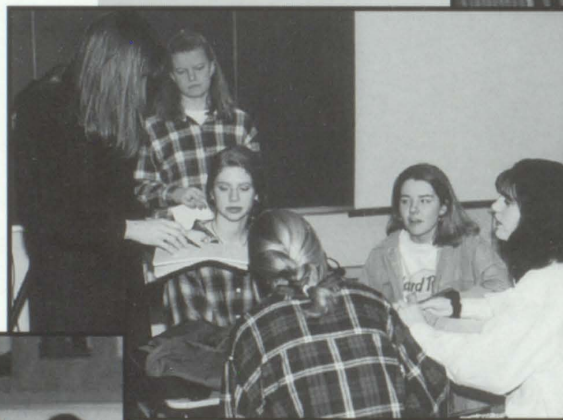

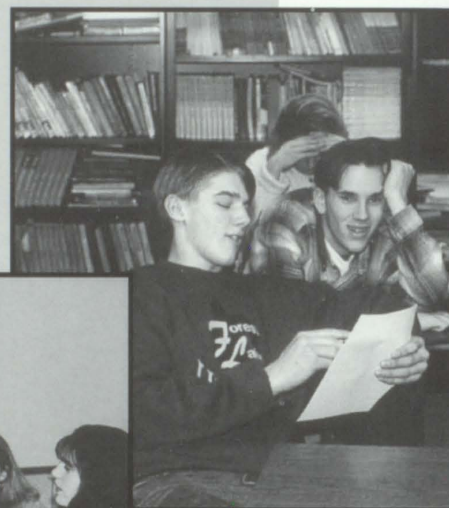

# World Languages

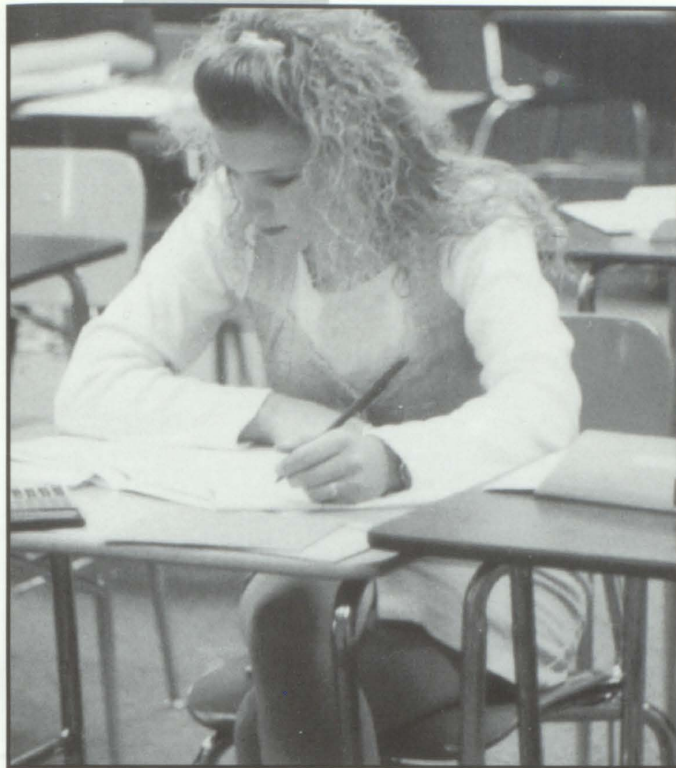

Many students register for world language classes because of the fact that some colleges require at least two years for enrollment. Students also sign up for an exciting, new experience of learning a new language. Right away students start out studying about different cultures, communities, and how to communicate in these societies. Speaking with a few of the world language teachers, it was made clear that speaking a second language is very beneficial in the future. "All work and no play" is not what world languages are about. Fund raisers are often held for students to have the opportunity to go to restaurants, movies, and plays. Some students even get the chance to take a trip to their place of study.

# On The Job Training

**EARN WHILE  
YOU LEARN**

On the Job Training students learn valuable skills while making money and earning credits for graduation. Most of the students work part-time at local businesses. Janet Wiley and Jeffrey Wilson strive to teach students about the changing work force. In class, students cover many areas, some of them are figuring taxes, practicing writing resumes, and filling out job applications.

On the Job Training students concentrate on attendance and punctuality. OJT is offered to help students gain credits, learn job skills, and make money all at the same time.

# Support From Peers

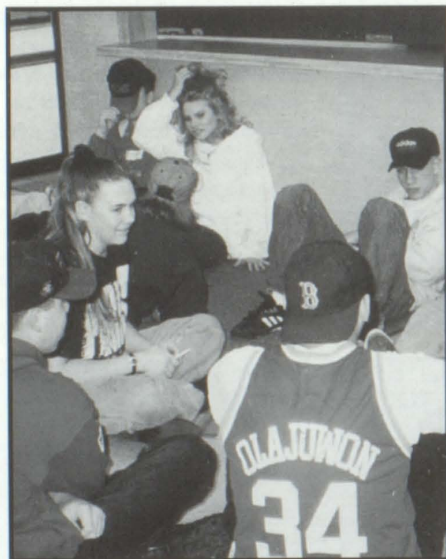

Circle of Support is a group of students who help out the new students at Forest Lake schools. They make sure these students feel at home and make new friends. This isn't the only thing they do, however. They volunteer for many activities inside as well as outside of school. Some examples are, helping out at the sophomore retreat and volunteering at day camps during the summer.

The sophomore retreat has been a big project for the Circle of Support members. The whole sophomore class was involved in games and songs to help bond them together. Circle of Support members were the facilitators to start each of the games and help lead the discussions.

Joyce Leslie and Laurie Drolson have been a great help in being the coordinators for this organization. Along with its members, they help Circle of Support be a big success.

# Peace Through Communication

Above: Peers For Peace members discussing some issues at a practice meeting.

Peers For Peace. It is an organization, or rather, a service, at Forest Lake High School that most have heard of, but might not know what it is all about. This is the first year for Jerry Grant, as coordinator, and the high school, to have a group like peer mediation. It has been tried in over 5,000 schools in America and has proved that this is a successful way for students to resolve their own conflicts, without getting a principal involved. The members of this group facilitate through communication. With much practice before the school year started, its members definitely feel it is an enjoyable and rewarding group to be involved in.

# A Look From A Far

Germany, Belgium, Denmark, Sweden, Spain, and France are more than countries; they are also where the '94-'95 foreign exchange students have come from.

In order to be eligible as a foreign exchange student, the candidates had need to have money, a grade point average of at least 3.2, and some were required to take tests and attend

seminars.

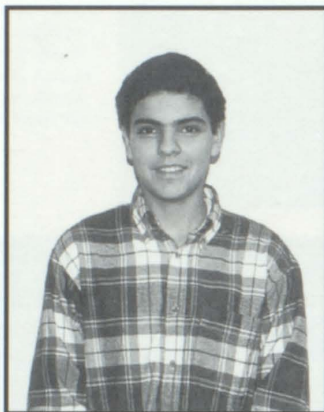

The Forester had a chance to interview the foreign exchange students. When asked the differences between home and the U.S.? They replied, "At home you can just walk to places, you really don't need a car." They also said, "You really don't have to study as much here and it is alot easier." When these students come

to the U.S. they take advantage of some of our extracurricular activities such as: Odyssey of the Mind, soccer, and swimming.

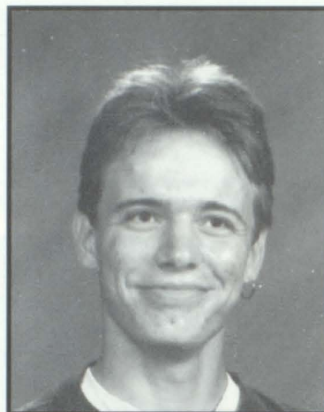

Once again the students and staff have enjoyed the company of the foreign exchange students from a far.

## sophomores

Look who's new

Unsure of the future as we move through  
the year, feeling confusion stress and fear.

Next year as juniors we'll know what to  
do, for *now we are still sophomores...*

Look who's new!

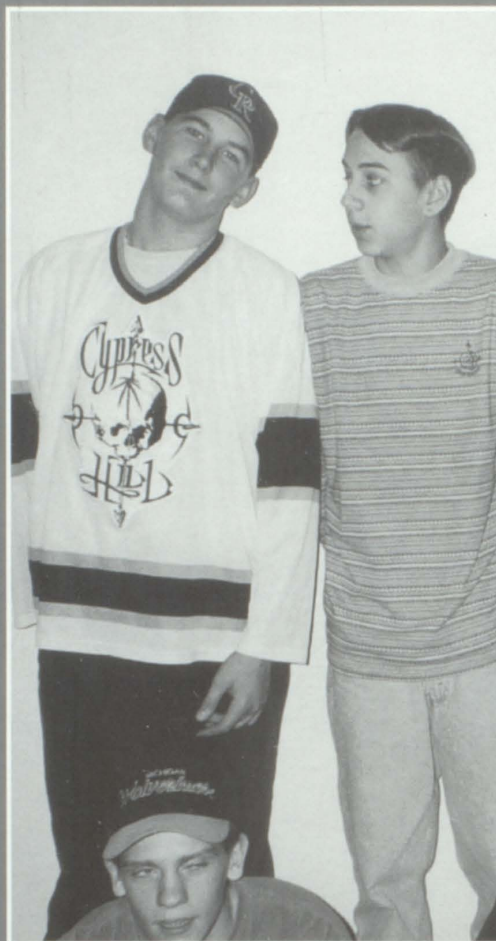

# We're together-Class of '97

As the days go by  
and we grow old  
we see our lives  
slowly unfold  
our minds concentrating  
on things soon gone  
for in just two years  
we'll be moving on.  
Sure, some will make it  
maybe some won't  
but all together  
we sing the same note  
through good times  
and bad times  
through fun times  
and sad times  
it doesn't matter  
we're all together  
the class of '97  
will be forever.

## SOPHOMORE POLL

As a special feature for the sophomore section, a poll was conducted to determine what the sophomores like and dislike. The results of the poll include the top five answers. It

should prove to be interesting to see how this poll compares to the 1997 senior poll!

### Look At The Scoreboard

Students gather to show their spirit. When  
they are there you know you'll hear it. The  
band played, the crowd roared, the fans  
shouted. . . Look at the scoreboard!

# Football

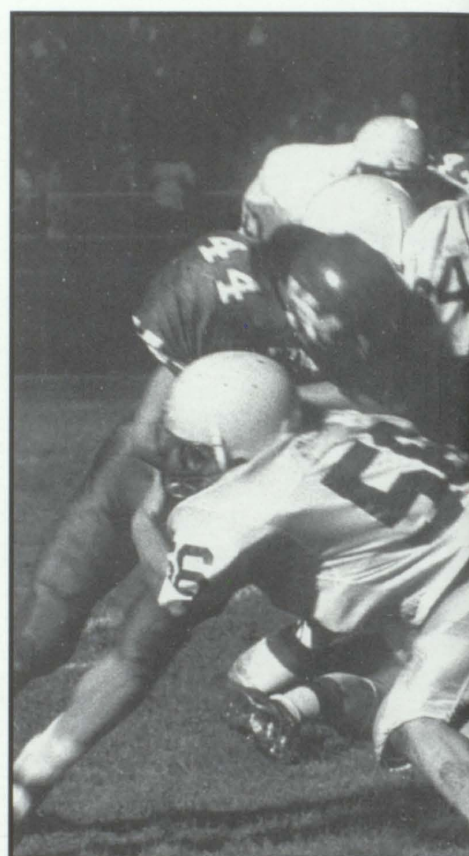

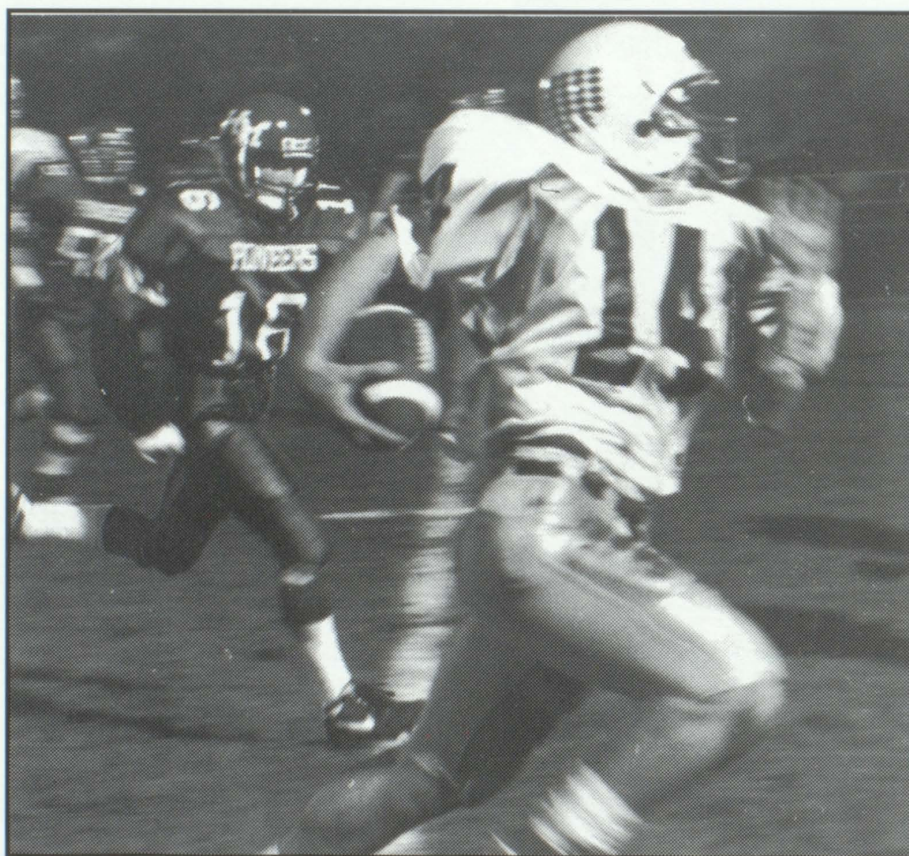

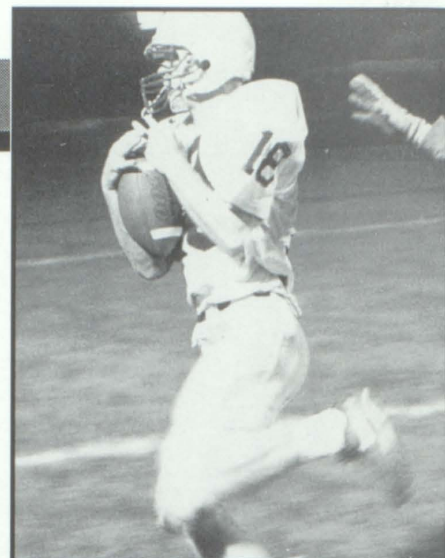

Experience didn't seem to make the difference this year. All but eight positions were returning starters and only five underclassmen started. The Rangers just couldn't get the ball to bounce their way. Many costly fumbles in the red zone really affected the team's success. Two games that should have been wins, were losses due to mental mistakes.

But, the Rangers did turn it around mid-way through the season beginning with their first win over Roseville. With a one and four record, their next challenge was Mounds View. With Mounds View's record at four and one, it looked

like it might be the first homecoming loss in quite some time. Despite the records, the Rangers played a very memorable game and won in double overtime 27 — 26. They ended off the season four and four, and lost their playoff game to a fifth seeded Champlin Park.

The Rangers ended up with a three-way tie for second in the conference with the number one defense and the number four offense.

It looks like we'll have to wait until next year to see how inexperience will effect the Rangers's success.

**Top Right:** Tight end, Matthew Joesting, makes a spectacular catch and heads on into the endzone.

# Volleyball

This year's varsity volleyball team enjoyed both individual and team success. They finished the season one game above .500, impressive considering the tough competition in the metro area. That record excludes tournament competition where the Ranger girls' excel to an 8-5 record along with two ties against strong competitors. Individually Joan Paulson's squad got the honor of three All-Conference electees, Amy Brown, Linde Jury, and Lisa Nos, all of which are seniors.

The outlook for next year looks great. With an undefeated sophomore squad and a high level of play in the juniors, the team is prepared for victory.

# Swimming & Diving

## Boys

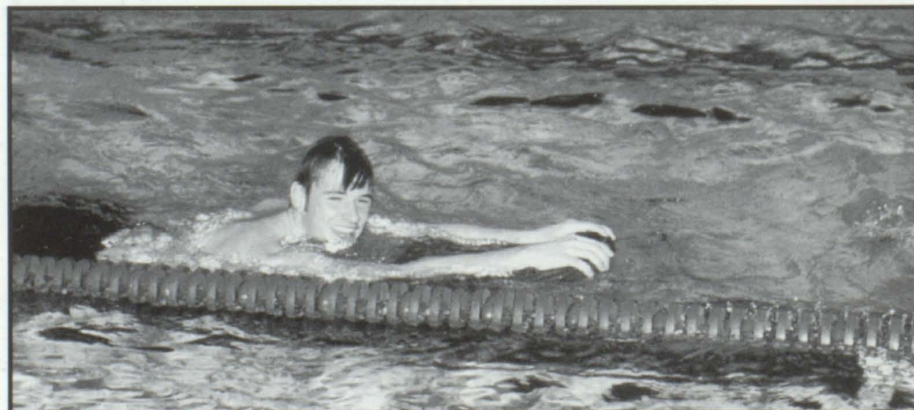

The Forest Lake High School boys swimming and diving team dedicated their 1995 season to the motto "Live to compete — die to win." Led by their three captains Alexander Lindstrom, Brian Gay, and Andrew Hanson they achieved this motto. The team practiced hard and were rewarded for their efforts. The season was a success because of their determination and hard work, which is a tradition for the men. The tradition will be continued in the years to come with the remaining underclassmen.

## Girls

The girls swimming and diving team started with a splash and continued to make waves throughout the season. Rachel Mitton contributed impressive performances and was named Most Valuable Swimmer. Rebecca Huntosh also made impressive showing this year. She tied the school diving record and was named Most Valuable Diver. The individuals were brought together as a team by the strong leadership of the team's captains Karen Doyscher, Rachel Mitton, Amy Savord, and Rebecca Huntosh. The team members have swam together for many years in which they have developed a close bond. This is the reason for their success.

# Soccer

## Boys

Senior co-captains Christopher Carpenter and David Rychley led the boys varsity soccer team in their best year ever. The team was one of the youngest in our conference. The soccer team made it to the second round of Sectionals. They lost their last game against Moundsview 3-1. The team had two very remarkable wins, one against Anoka and the other against White Bear Lake. This year Forest Lake had three All-Conference players; Christopher Carpenter, Joseph Carpenter, and David Rychley. Timothy Haselberger was awarded Honorable Mention. This summer the boys will start what they hope will lead to another outstanding season.

## Girls

This is only the second season for girls varsity soccer. Considering the amount of experience and the youth of the team, they had a successful year. The team worked hard at practices and games. The girls gave it their all and have high expectations for next year. Carol Waldoch was a key goalie this year making 281 saves. Jennie Boll was voted Most Valuable Player. She was also the only All-Conference pick. Carol Waldoch and Dayna Morley were given All-Conference Honorable Mention. The girls are setting goals and plan to have a great season next year.

# Cross Country Running

**Give 100% of all you've got all the time.** Is the motto for the Forest Lake cross country team this season. This year's cross country team has definitely been dedicated to giving their all.

Paul Kendrick is the coach for the boys cross country team. Captains this year were seniors, Robert Treft and Justin Rice. All of the training that went on before the season started was shown at the Twin Cities Suburban East Conference. Five runners had placed in the top thirteen. This includes medalists Eric Pierce, third place Justin Rice, and fourth place Andrew Elvester. Cory Ahlm got twelfth place

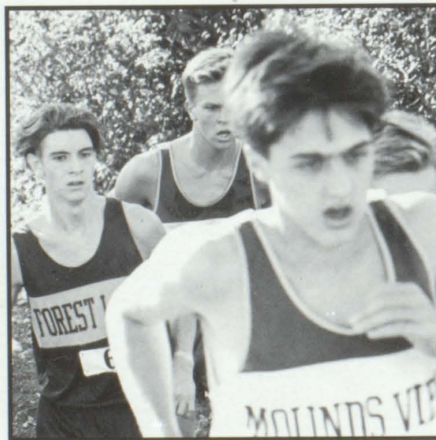

along with the final All-Conference spot. Thirteenth place was Eric Schmeckpeper who ran a spectacular race earning himself Honorable Mention All-Conference honors. Even though some seniors will be lost for next year's season, the team still looks to be a top ranked team.

Coach Ann Astrup led the girls cross country team this year along with captain Carrie Milbrett. Weight lifting, extensive interval and hill training, and runs of up to eight miles paid off the season for the girls. Even though they weren't very happy about their fifth place in their section 7AA meet, they did well in their season

overall. Among other wins, they are particularly happy about winning the Cambridge Invitational. Jill Kmetz, Katie Milbrett, Theresa Reiling, and Jessy Lee all had personal bests this season. The girls had grown together as a team, which will make for an even better season next year. Six out of their top seven runners will be returning next year, which is another reason to be watching out for the 1995 season girls cross country runners. Watch out Duluth East, the Ranger Girls are going to be coming back better and stronger than ever!

# Skiing Downhill

The boys salom ski team was successful this season. This shows, not by the amount of points they earned, but rather the amount of effort they put into the team. The team was led this year by a new coach. This was Jud Hagstrom's fifth year coaching alpine skiing and his first year at Forest Lake. He says it was an easy transition from his previous team. The athletes and parents made it so. This year was rewarding as well as the most fun he has had coaching. Though the men's team did not win conference (Forest Lake finished Third) they did defeat the two teams that tied for conference champions, Mounds View and Irondale. Mark Lallier, Brian Decker, and Eric Rydeen are three seniors who had a great season and who will be missed next year. Skiers to watch next year are Chad Fugelburg, Robert Muske, and James Schneider.

The girls salom ski team was very successful this year. They started strong by placing high in the Wild Mountain invitational. The girls continued to do well throughout the season and were named conference champions. Head coach Susan Leslie says, "We were able to go undefeated due to the depth of the team." This depth will lead to another great season next year. Though the girls did not make it to state as a team, racers Andrea Neudauer and Rayne Neudauer represented Forest Lake as individuals in the state ski meet. Seniors Andrea Neudauer, Rachel Mitton, Amy Henry, and Sarah Klous will be missed next season. Skiers to watch for are Rayne Neudauer, Kristin Tomlin and Naomi Malek.

**Top Left:** Amy Henry glides to the finish. **Middle Left:** Racers Rachael Mitton and Naomi Malek are anxious to see how their teammates are doing. **Middle Right:** Coach Susan Leslie is proud to have led the girls to a Conference Championship title.

# Basketball

The band played strong as Forest Lake and Mounds View fans gathered into the packed gymnasium. Both teams were out on the court warming up, and tension was building in the air. Both teams came onto the court tied for first place in the Twin Cities Suburban East, and it was no surprise when the Raiders won the game with 59 points, defeating Mounds View who had 55 points. The game was close, but once again Forest Lake came out on top.

When Ranger's coach Charles Gunderson was asked to describe the team he answered, "complete". This statement is very true. The boys work hard and play with poise and intensity. This team can rely on scoring from the inside or the outside players. They play tough in every aspect, and that is why they are virtually unstoppable.

The girls basketball team started strong and continued on throughout the season. The team is pulled together with tough defense, quickness, and aggression. These are the main factors that make them a hard team to beat. The hard work the girls do in practice really shines through on game nights. The strongest parts of the team is its quickness, defensive ability, and their great work ethics. The team goals for the season are to play tough defense, improve through each game and be very competitive by region time. Before each game coach, Jill Becken, tells everyone to do their best and to play hard. The team does this, and it proves to pay off greatly.

# Hockey

With this year's hockey season coming to a close, a record of nine wins, nine losses, and one tie may look deceiving. This corps of young talent is doing much better than their record shows.

The Rangers skated away with first place at the annual Centennial Holiday Classic Tournament. The championship game with Mahtomedi went into an overtime shootout with **Brian Samec**

and **Martin Rychley** both scoring.

A few of the many individual standouts include **Matthew Tuccitto**, **Brian Samec**, **David Rychley**, **Shawn Prestegaard**, and **Martin Rychley**.

With many of the underclassmen getting a chance to play varsity, the team should be quite successful in the years to come.

This year was the first time Forest Lake High School had two varsity hockey teams. Some seemed skeptical about the girls having a hockey team, but they proved them all wrong.

It was the first time ever for some of the girls to even wear hockey equipment, except for the freshman standout, Jessica Fedderly. According to Fedderly, who is an experienced player, "We were a fairly inexperienced team this year. Although we didn't win a whole lot of games, everyone worked hard and had fun, which will help us improve for next season." Fedderly and the other team members showed their determination and willingness to make this team a success.

# Gymnastics

The 1994-1995 gymnastics season was a tremendous success. The team of 19 members reached highs this season that they have not achieved since 1990. In a meet against the Roosevelt Raiders they reached a score of 144.85 and in a meet against the Mounds View Mustangs, the reigning state champions, they scored 142.05. For the Rangers these two wins clinched their conference title. With improved scores and goals being met the team hoped to make it to the state meet and place in the top three. Captains Megan Cooper, Rebecca Huntosh and Nora Greenwald prove their strong leadership skills through motivating their team to complete fundraisers for the purchase of new competitive leotards. Everyone played a vital role on the team this year because of the low number of gymnasts. The captains said that "one's weakness is another's strength whether it is mental or physical." Using their strength as a team the gymnasts hope to have an even better season next year.

# Nordic skiing

Some of the same things apply to this year's ski team as reported in the '94 yearbook. For example, nordic skiing takes concentration, physical mobility, strength, and endurance. Students stick together during practice and races where they endure wind, snow, and below zero

tempartures. The main difference between last year and this year is, this year the team has changed it's name from cross country skiing to nordic skiing. This year Andrew Elvester, Jamie Mueller, and Ben Mullin won All-Conference honors.

# Wrestling

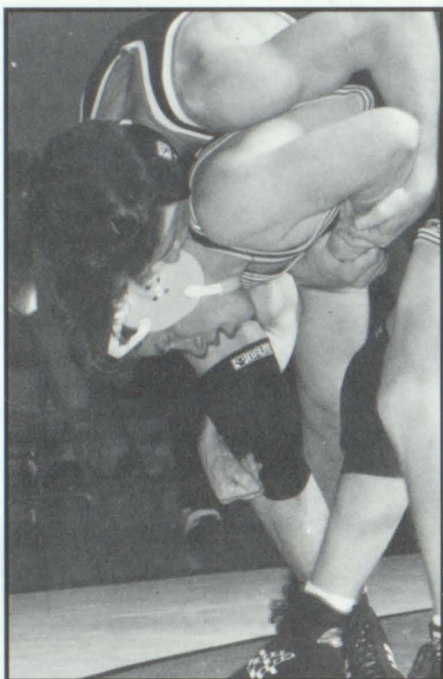

## Maroon and Gold Rush

When the '94-'95 wrestling season began, they knew it would be a tough season. This season is a "reloading year" and also makes this team a very young crew.

As it is every year, the keys to winning are:

"hard work, good attitude, and commitment." There is also a strong emphasis on the two captains, Tanner Shipman and Steve Crosariol. These two wrestlers "are great leaders, they set good examples, and know how to handle defeats."

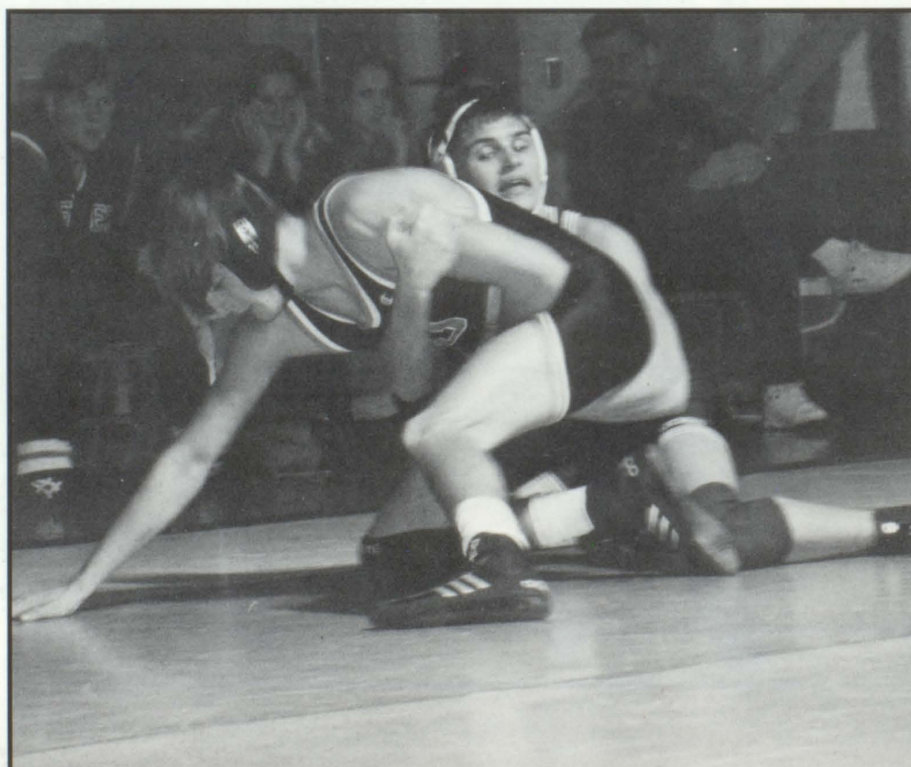

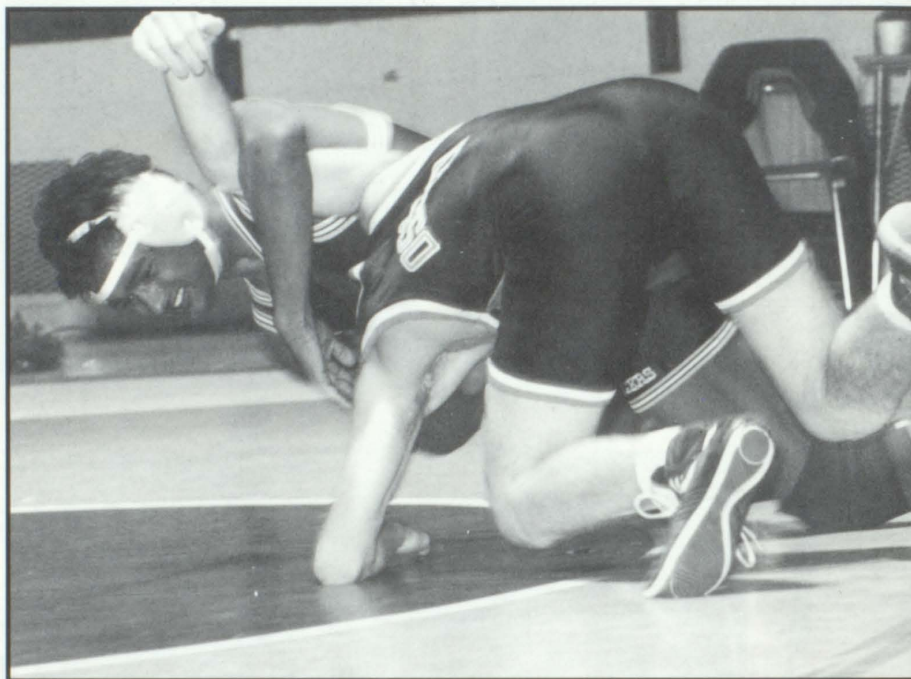

The coaches hope this year's team will be as successful as teams in the past. This year's team goal is to have both team and individual success in the state tournament.

# Synchronized Swimming

Synchronized swimming is a very challenging and exciting sport. It takes a lot of patience and endurance. It takes a combination of many different sports: swimming, gymnastics, ballet, and the endurance of a long distance runner, and brings them all into the water set to precisely planned music. But most of all, synchronized swimming is fun, the coaches are great, and the team is wonderful.

# Track

This year's boys track team has set high goals, and hopes to meet the lofty standards previously recorded in the past two years. They are extremely experienced in state competition and expect to be one of the top three teams at the State True Team Meet again this year. The participants and their outstanding coaches are optimistic and prepared to begin a memorable season. After the season unfolds the runners hope to fulfill many of the achievements they have decided is their destiny. With the dedication and the long, hard training that the team is sure to endure should put the Rangers boys on the right track.

# Track

The two major goals of the '95 girls track team are to finish in the top four of conference and to win the region.

When asked about her outlook on the upcoming season, coach, Kathleen Briquet responded by saying, "I am excited about it, it

should be good."

The first and most important substance to having a good team is numbers. Many hard working and energetic people who want to keep improving on their best are needed to have a winning team. In the '95 session the coaches are hoping to have a team of at least ninety people.

# Baseball

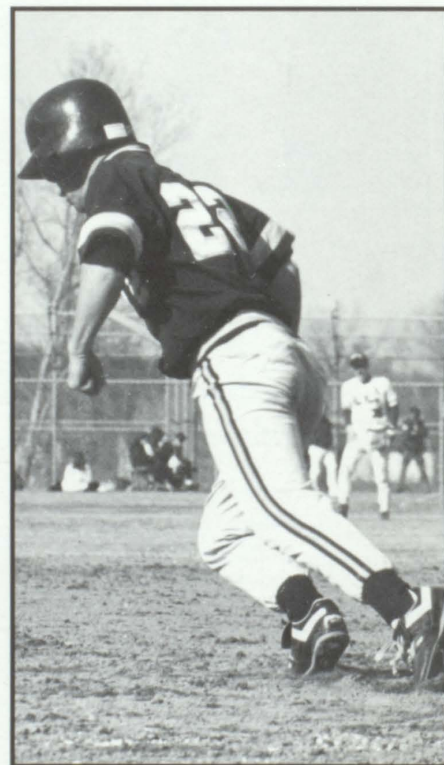

The Forest Lake baseball team has a history of successful seasons. This year's team proves to be no different. The Rangers have an experienced team, only losing three seniors last year. An unfortunate loss of three starting pitchers is an obstacle the team hopes to overcome. Senior captains Matthew Joesting, Ryan Poepard, and Todd Poepard provide leadership in this 1995 season. The Ranger coaches this year are Tim Conley, Jeff Wilson, and Joe Jurison who have extremely high expectations for this year's team. The Rangers hope to continue the Ranger reputation of the past.

# Softball

The Forest Lake softball team has the potential for another great year. Sophomore Jessica Lang is the starting pitcher for her second consecutive season. Seniors Kristine Hammer and Katie Wallin are taking turns catching for the team. The Rangers pull together to make a strong team with great leadership. # Golf

The 1995 boys and girls golf teams proved their potential in a successful season. Through their many long days practicing for their matches at the driving range and golf courses, the team showed tremendous improvement. At the beginning of the season coach William Loushine, believed that the team had enough potential to go to state. This year's team consisted of strong players Andrea Fischer, Jennifer Wendt, Leah Miller, Shelley Lincoln, Nicole Reinhart, Sarah O'Donnell, and Erika Ochs

The boys golf team coached by Roger Cheyne

was expected to reach great heights in the 1995 season. Returning to the team as captain this year was senior Mike Halberg, junior teammates Brent Johnson and Michael O'Malley along with sophomore Chad Gustafson. These players along with others worked well as a team to accomplish their goals.

Together the girls and boys golf teams with their tremendous accomplishments proved that even young athletes can reach greatness.

# The Crucible by Arthur Miller

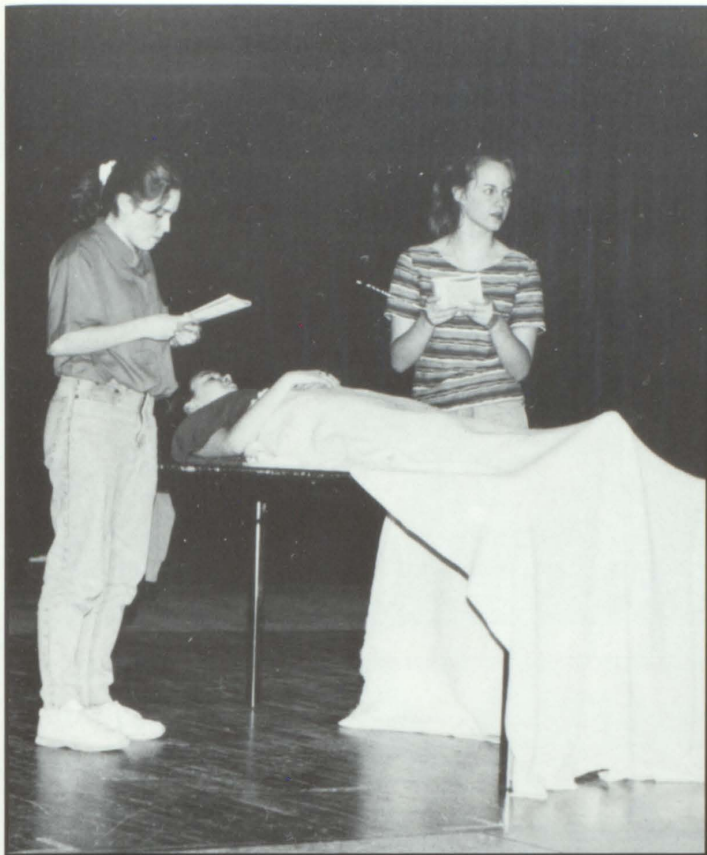

This year the spring play, directed by Janis Garofano, was "The Crucible" by Arthur Miller. "The Crucible", a story of children who falsely accuse people of witchcraft, lead nineteen men and women to sure death in the gallows for being possessed by the devil. Even though the men and women accused were hardworking and God fearing, the lies were built so big that the whole town was involved. The focus of the story is of a young farmer, his wife and a young servant girl, who causes the wife's arrest for witchcraft. Finally the farmer, John Proctor, who is played by Erik Johnson, brings the girl to court to admit to the lies. Unable to save his accused wife, John finds himself also accused and imprisoned. This was an exciting story with a talented cast. The cast included: Samuel Bergstrom, Dawn Culbertson, Melissa Dirtzu, Heather Flowers, Matthew Freed, Rebecca Freundsuh, Gabriel Gibson, Leah Gordon, Erik Johnson, Katherine Kloster, Charles Lenz, Molly Matheson, Andrew Nelson, Ingrid Nordstrom, Amber Olson, Helen Pickering, Aaron Scott, Jason Speltz, Kimberly Tauer, Timothy Wheatley, Aaron Norby and Stephanie Whiting.

# Tennis

## BOYS

The 1995 boys tennis team has great expectations and with many skilled players returning they have no reason not to. Their end of the season goals are to be one of the top three in the conference, place first or second in section 7AA, have at least three all conference players, and place a minimum individual player in the state tournament. In achieving these goals the obstacles to overcome will be to defeat Roseville, White Bear Lake, and Stillwater. All of these teams have proven to be strong competitors.

The team is working on positioning and the formation of the doubles teams. With strong singles the doubles could make the difference in the standings at the end of the season. Benjamin Huerth stated that "the team hopes to go further in the playoffs than any team in Forest Lake history."

Captains Garth Gibson and Benjamin Huerth are key players on this season's tennis team along with Daniel Williams, Gabriel Moen, Joshua Hoffman, Elias Vogen, and Marty Rychley.

Head Coach Greg Patchin commented that he believes "that the 1995 boys tennis team has the potential to be the best."

## Girls

The Forest Lake girls tennis team had what could be classified as their best tennis season ever! The girls advanced to the section semi-finals which is the farthest a girls tennis team has ever gone. # Danceline

The 1994-95 Forest Lake Rangerettes Danceline started on a rough beat. After the danceline was selected last spring, advisor Linda Swanson resigned from her position. But, the beat picked up quickly when Hollie Devindt and Ruth Workman were hired to assume the role of coach and advisor.

Danceline is not a group, it is a team of dedicated and determined girls working to perfect challenging and complicated routines. Danceline started practicing two days a week in June and continued practicing through August, when practice was pushed to four days a week and continued

through the winter season.

Time and patience goes into the routines the danceline performs, when things get tough the danceline sticks together to be the best they can for their audience.

The danceline entertains fans at selected football and basketball games, as well as wrestling meets and pepfests throughout the year. Along with performing at school events the Rangerettes also represent Forest Lake at competitions and camps they choose to attend.

## *For Winning Athletes*

The focus of the Special Olympics program is on sports training and competition at the area and chapter level. We have three sports seasons. In the fall there is bowling; winter there is cross country skiing; and, spring we have track and

Deanna Johnson, Jonathon Aadland, Kristina Fowler, Jason Smith, and Jesse Zecher. The team will compete in cross country ski events in the Minnesota Special Olympics Chapter Winter Games in Biwabik, Minnesota. -Mary Guler

## Our Last Day

Our very last day is drawing near,  
The final day of our senior year.  
A time to laugh, a time to cry,  
But never time to say good-bye.  
Our friends were always there  
to get us through the day,  
And somehow they always knew  
The right things to do or say.  
Now the day has come.  
The day is finally here.  
We always thought we couldn't wait  
But now we're all in tears,  
Because we want just one more day  
To tell our friends good-bye.  
It could be a while before  
We see them again  
And we can't help but cry.  
We're not completely sure of  
What to do or say,  
But if we had one wish,  
We'd wish for another day.

*FFA members are at a definite advantage.  
They possess the knowledge, skills and  
experience they need to succeed.*

*For them, leadership is a way of life.  
Whether serving as a chapter officer or on  
a cotest team, FFA members develop the self-  
confidence, teamwork and decision-making  
skills not taught in other classrooms.  
They learn to excel.*

*Learning becomes exciting when students  
enter agricultural education. Facts and  
figures come to life through hands-on  
instruction in plants, animal and  
enviromental science.*

*Best of wishes Class of '95*

A large crowd of diverse cartoon students is depicted around the text. They are shown in various poses, some carrying books, some wearing backpacks, and some in athletic gear. The style is simple line art. The students are of various ages and ethnicities, creating a sense of a diverse and inclusive community.

# Don't just be another face in the crowd.

Upon completion of this year's *Forester* I was overcome with mixed emotions as editor. Sad that this is the last year we as seniors will be involved in high school activities, while at the same time happy that I could take such a large part in capturing our memories in both picture and print.

The theme, "Look At Us Now", was chosen by this year's staff because it is what we felt everyone should do. Whether you are a senior, junior or sophomore, changes will take place throughout your high school experience.

We have all come together at times to be one of the most united and spirited student bodies that Forest Lake has ever produced. And, our yearbook staff is a fine example of that unity. Taking first place in yearbook planning and theme development at the Taylor Workshop, (St. John's University June '94) was one of our major accomplishments. The staff worked diligently, meeting deadlines and filling requirements at a vigorous pace. Although no publication can contain all of our vivid high school memories, the *Forester* staff has strived to capture moments memorable to us all. This

year's staff will undoubtedly be hard to replace.

The staff and I have taken time to look back at this year and the things we have accomplished. We hope you realize that individually we have all grown, and that this book shall remain a constant reminder that Forest Lake and its students have changed and that all who read this book should, "Look at Us Now".

Volume 57 of the *Forester* contains 216 pages with a 9 X 12 format. Eleven hundred copies were printed by the Taylor Publishing Company, Dallas, Texas. The pages were printed on 801b enamel paper. The main type face used in this book was Garamond. The cover is lithcore material, with vineyard, gold and black color applied.

Approximately 1,580 Forest Lake Senior High students were pictured in this year's *Forester*. Seventy ads were sold raising an estimated \$2,600; reducing the amount of the book.

This was the first year that the early bird special was offered for \$35 a book. In mid September the price increased to \$38. One hundred extra books were ordered for people who wished to be put on the waiting list at a cost of \$40 per book. The total cost of this year's book is approximately \$38,000.

The 1994-95 *Forester* Staff would like to thank the following people for their contributions to this edition: Anne Mueller and the Taylor Publishing Company; Thom Schnide of the David Banks Studio for his professional picture taking; Jana Noonan and Adams Street Photography; Principal: Carol Kluznik and Assistant Principals: Don Drolson and Dr. Russell Cooper; Advisors of all extra curricular activities; the Attendance office; the Guidance office; the Audio Visual Department; the Custodians; the Athletic Department; and our own *Forester* Business Department. A special thanks to assistant advisor Maria Kaiser for her support, skill, and computer training. And finally to the "mother" of our staff, Advisor Gail Law. No words can express how thankful we are for her teaching, guidance and devotion to our class. Thank You!
