

Document	Document Page Number	Vendor Question(s)	Districts Response
Main RFP	1	Is there an available list of current assets or a list with the number of devices with page per minute speeds currently at each location?	<p>The District is not looking for specific makes or models of devices, so we believe supplying a list of current assets would be inappropriate, and may be misconstrued that we're looking for a proposal with said makes or models. We're interested in looking at what Vendors would recommend based upon their expertise.</p> <p>The number of devices with page per minute speeds for each location has been included in the AMENDED ATTACHMENT B - Building Locations document on the RFP website.</p> <p>Vendors are highly encouraged to carefully read Section 50.6 (A) and Attachment G – Example Copier Lease Price Schedule while developing their proposals.</p>
Main RFP Section 50.6 (C)	29	What does the district use today for ticketing software?	The District is currently using Incident IQ's ticketing software.
Main RFP Section 50.6 (G)	28	Would [we] be able to obtain a breakdown of the districts fleet, by location and make/model? We would be utilizing this data to determine what transitional licenses are needed inside of our pricing to address Papercut throughout the district.	<p>The District is not looking for specific makes or models of devices, so we believe supplying a list of current assets would be inappropriate, and may be misconstrued that we're looking for a proposal with said makes or models. We're interested in looking at what Vendors would recommend based upon their expertise.</p> <p>The District is interested only in PaperCut licenses in reference to Vendors' price schedule.</p>
Main RFP Section 50.6	26	Would we be able to obtain a copy of the districts average monthly volume by location (Black/White & Color)?	The estimated Color and Black & White monthly volume for each location has been included in the AMENDED ATTACHMENT B - Building Locations document on the RFP website.
Main RFP Section 60.6	30	Will the district accept 2 manufacturer recommendations from one vendor?	Yes the District will certainly accept multiple manufacturer recommendations from one vendor. If the Vendor is providing multiple price schedules, only one recommendation shall be accepted for Section 60.9 (C)
