Overall the audit found that the vast majority of teachers are documenting and delivering the expectations as an LRT. Findings we addressed from the audit

1. **Student attendance**
2. **Inconsistency**

## Next Steps

- Our ESSER Team **met with each campus** to leverage opportunities from the audit
- Each campus responded to each finding and provided their **campus context** to each item identified
- Each campus **met with teachers** identified in the audit
- The audits are in our **ESSER Google Drive** as examples for every campus to review
- **Email** was sent to every ESSER lead to help mitigate any potential audit findings
- Gathering **data by LRT on student growth** with DCPs, Checkpoints, Interim STAAR Assessments
- Gathering **data on student attendance**
- **87th Legislation and HB4545 changes**
