100% of Funds Raised Support The Seaside School, Inc.

Founded in 1996, The Seaside School, Inc. was one of the first and is now one of the oldest surviving public charter schools in the state of Florida. Its original goal was simple – create a school to address the need for better middle school education in Walton County – and we haven’t stopped since. Seaside School now has over 385 students across two campuses serving grades 5th through 12th. Seaside Neighborhood School serves 5th through 8th grades and is located in the iconic beach town of Seaside, Florida. Located on the campus of nearby Northwest Florida State College, Seacoast Collegiate High School serves 9th through 12th grades offering students the ability to graduate high school with an associate college degree.

Seaside School, Inc. students continue to earn high marks on annual state testing and rank as one of the top public schools in the State of Florida for 2020-2021. Results from the most recent Florida state assessments show that The Seaside School, Inc., the oldest, operating public charter school in the state, is the #ranked combination school in the State of Florida, performing above the majority of combination schools statewide, and continually scores higher on college entrance exams compared to the national student average.

The Seaside School Foundation (501c3) complied with the registration requirements of Chapter 496, Florida Statutes, the Solicitation of Contributions Act. A copy of the official registration (CH62828) and financial information may be obtained from the division of consumer services at www.800helpfla.com or by calling toll-free (800-435-7352) within the State. Registration does not imply endorsement, approval or recommendation by the State. The Seaside School Foundation is a registered 501c3. Donations are tax deductible and benefit the community at large.
