CURRICULUM COMMITTEE MEETING Minutes of 4-2-13

PRESENT: Larry Breech, Cheryl Kessler, Susan Myers, Frank Suchwala, Kathee Stark

The meeting began at 6:30 pm with a review of the minutes of the previous two meetings. Committee members were given some magazine articles for their edification. These focused on technology in education.

The committee members were provided with preliminary course selection counts. There was an extensive review of the possible sections for each course and department at the secondary level. Recommendations were made for notifications of possible furloughs and demotions. The committee reviewed elementary data for possible furloughs and demotions at that level. This review included extensive discussion of possible scenarios for the utilization of personnel. In addition to the possible furloughs and demotions, realignment of personnel is likely and will be a discussion item at the next meeting.

The committee was updated on the status of discussions concerning technology. There is a meeting at the IU on April 3 which may provide ideas and direction. Online textbooks need to be a key part of the overall utilization of technology.

The meeting adjourned at 9:10 pm.

Respectfully submitted,

Kathee Stark
