

LEAD PAYROLL SERVICES TECHNICIAN

Purpose Statement

Under general direction, the Lead Payroll Services Technician supports all operations of the district payroll services unit of the County Office of Education, including performing complex accounting work in the computation, recording, auditing, monitoring, and reporting of payroll transactions. The Lead Payroll Services Technician also performs a variety of specialized and technical duties related to payroll reporting and system related functions and activities to ensure all aspects of the payroll process are completed timely and accurately, and leads, trains, and provides support to lower level technical and clerical staff.

Diversity Statement:

Because each person is born with inherent worth and dignity, and because equitable access and opportunity are essential to a just, educated society, SDCOE employee commitments include being respectful of differences and diverse perspectives, and being accountable for one's actions and the resulting impact.

Representative Duties

This position description is intended to describe the general nature and level of work being performed by the employee assigned to the position. This description is not an exhaustive list of all duties, responsibilities, knowledge, skills, abilities, and working conditions associated with the position. Incumbents may be required to perform any combination of these duties. All requirements are subject to possible modification to reasonably accommodate individuals with a disability.

Essential Functions:

- Performs payroll and related activities while complying with payroll schedules and due dates for timely and accurate payroll processing and check distribution.
- Performs research, analyzes payroll and data and review and audit payroll transactions, make necessary corrections, and input data to make adjustments as needed.
- Leads, trains, guides, and supports the work of technical and clerical staff, and handles complex payroll issues escalated from lower-level staff as assigned.
- Completes various complex payroll and tax reporting transactions requiring the identification and interpretation of payroll records, procedures, and practices to ensure that accurate payroll reporting is done.
- Informs, assists, advises, and responds to inquiries from external clients and SDCOE staff concerning all aspects of the payroll services process, including but not limited to general payroll questions, accounting, payroll tax payments and reporting, garnishments, year-end data and reporting, including W2 and ACA information.

- Receives, analyzes, and resolves special and unique problems related data processed through payroll and other documents to discern errors, determine the causes of errors and develop methods and procedures to minimize errors.
- Researches current or historical payroll data; receives, researches, and responds to requests from courts, attorneys, tax authorities, insurance companies, and other agencies for earnings histories and other confidential data.
- Collaborates with ITS staff to troubleshoots technical system problems and recommend enhancements; assists in the testing and implementation of system changes.
- Conducts in-person or on-line presentations to school district staff related to preparation of payroll processing, reporting, and related documents.
- Attends meetings and participate in trainings for districts as needed to instruct staff in proper payroll recordkeeping and reporting processes.

Other Functions:

- Performs other duties as assigned.
