1.1 Family and Stakeholder Engagement

The SWP/SIP should be developed with the involvement of parents and other members of the community to be served, as well as individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals, and, if appropriate, specialized instructional support personnel, and school staff. If the plan relates to a secondary school, students may be included and other individuals determined by the school.

The SWP/SIP shall be available to the district, parents, and the public, and information contained in the plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.

Each school is required to meet ESSA requirements, including the development and implementation of a parent and family engagement policy that includes a school-parent compact outlining shared responsibility for high student academic achievement.

Describe how the school prepared a diverse group of families/parent leaders (including parents of English Learners and student with disabilities) to provide input on the development and evaluation of the schoolwide plan by offering or connecting families/parents to training on analyzing data or curriculum and assessments:

- Woodland Park Magnet School sent a paper copy of the stakeholder meeting invitation home & also called to verbally invite all stakeholders
- WPMS invited: 1 regular parent of a regular education/economically disadvantaged student, 1 parent of a student with special needs, and 1 ELL parent
- A translator (Spanish teacher) was used to translate the invitation to the parent of the ELL student

Provide examples of changes made to the schoolwide plan based on input from families/parents:

- Improving parent/family engagement attendance was added to be a priority for the 2022-2023 school year
- The parent/family engagement goal percentage was changed to a more obtainable number

Describe how parents and community stakeholders are included as decision makers in a broad spectrum of school decisions:

- **PAWS meetings-** Parent and Teacher organization that will meet monthly to discuss many important issues including the school's SWP plan and implementation.
- **Teacher/Parent Conferences-Parents** are invited to school to meet with the teacher and other school personnel to discuss the student's progress at school.
- **SAT Meetings-School Building Level Committee Meetings** will be held weekly to meet with the parents of at-risk students. Plans to assist students academically and behaviorally will be developed and monitored.
- **IEP Meetings-** Parents of students with disabilities will be invited to participate in the creation of Individual Education Plans for their child.

Describe how the school communicates information to parents regarding the strategies and activities in the SWP, curriculum, assessments, student progress, etc.:

- **Robo-Calls-** The school notifies parents of important information using a message sent via an automated call system.
- **Weekly Graded Paper Folder-** Teachers send home work, notes, and reminders in a weekly graded paper folder each week.
- **Oncourse Connect-**Parents can log in to Oncourse Connect to check student’s grades, missing assignments and absences. Also, parents can see any alerts sent regarding assignments or behavior.
- **Monthly School Calendar-** The school will communicate information about upcoming events by sending home a monthly calendar with the student.
- **School Website-** Parents can check the school website for information about teachers, curriculum, upcoming events and progress toward school goals.
- **Meet and greet-** Parents and students are invited to meet teachers before the first day of school, deliver supplies, visit classrooms and school grounds to become more familiar.
- **Digital Signage-** A brightly colored digital sign near the front of the school will be used to communicate important messages and updates to parents throughout the year.

Translation Services:

Schools should ensure that all staff communicate with LEP families in a language they can understand and notify LEP families of any program, service, or activity communicated to English-speaking families, to the extent practicable.

(Title VI of the Civil Rights Act of 1964)

Parents in need of translation services to discuss student progress, assessment results, student concerns, etc. will contact the school and a conference with a translator arranged.

Translator APP will be utilized.

Describe specific evidenced based strategies/activities to assist parents and families by offering or connecting families/parents to training on analyzing data or curriculum and assessments. For example, include activities that provide information on state academic standards, state and local assessments, and how to monitor a child’s progress. Also, describe activities that provide materials and training to help parents work with their children to improve academic achievement.

1.2 COMPREHENSIVE NEEDS ASSESSMENT

To ensure the schoolwide plan best serves the needs of all students, especially high need students who are failing, or are at-risk of failing, the school must conduct a comprehensive needs assessment. The results of data analysis must guide strategies to improve academic performance and close achievement gaps.

- **Provide outcomes of the school’s comprehensive needs assessment, as well as a description of the data sources used in the process. Finding should include detailed analysis of all student subgroups; an examination of student, teacher, school, and community strengths and needs; summary of priorities that will be addressed in the schoolwide plan.**

and

- **Use the Comprehensive Needs Assessment to develop a comprehensive plan for the entire school. Take into account information on the academic achievement of children in relation to the challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the school and District.**

NARRATIVE SUMMARY OF COMPREHENSIVE NEEDS ASSESSMENT FINDINGS

Summarize the results and conclusions from the comprehensive needs assessment, including the school-level results for applicable data points listed under critical goals in Believe to Achieve: Educational Priorities, e.g. percentage of students on or above grade level in literacy by subgroup.

Narrative Summary from Comprehensive Needs Assessment:

Woodland Park Magnet School is a community school with 75.26% Economically Disadvantaged students. Woodland Park Magnet School has an SPS score of 43.7% and Comprehensive Intervention is required. Students in grades pre-kindergarten to 2nd grade are scoring better on EOY checkpoint assessments in ELA compared to math EOY checkpoint assessments. Discipline data and survey results indicate a positive learning environment. Strengths include 96% of students with zero out of school suspensions and 64% of students were not truant from school. Increasing parent family involvement at Woodland Park Magnet School is a priority, as 11% of parents have participated in parent family engagement activities in the previous year. LEAP 2025 Mastery or Advance scores in science and social studies are holding steady at 1% and 2%, and improvement in these areas is essential. Additionally, the science and social studies LDOE Curriculum Implementation Scale scores were both 1. The correlation between LEAP scores and the Implementation scores are noteworthy. A focus on bridging the gaps between proficiency in core subject areas from the primary grades to the LEAP grades is a critical next step toward academic improvement.

PRIORITIES IDENTIFIED IN THE COMPREHENSIVE NEEDS ASSESSMENT RESULTS

- Increase effective implementation of core curriculum
- Increase parental/family engagement participation
- Increase the percentage of students scoring Mastery or above in Math, ELA, and Science

DATA SOURCES- List all Data sources analyzed in the Comprehensive Needs Assessment (see instructions in Title I Crate Section 2):

- Data was collected and analyzed from multiple sources including: LEAP 2025, LDOE School Report Card, and District Checkpoints for K-2
- Tangipahoa Parish School Systems Panorama Needs Assessment Surveys (1) Administrators/Faculty and staff, (2) family, (3) student
- OnCourse Discipline Data Reports, LADOE Attendance and Suspension Reports, Student Information System, etc.
- LADOE Curriculum Implementation Scale. This tool evaluates the implementation of core curriculum. The scale analyzes each subject area at each grade level

1.3 STRATEGIES FOR IMPROVEMENT

Provide a description of schoolwide strategies that the school is implementing to:

1. Use methods and instructional strategies that strengthen the academic program in the school
2. Increase the amount and quality of learning time
3. Help provide an enriched and accelerated curriculum, which may include programs, activities and courses necessary to provide a well-rounded education
4. Include interventions and strategies to increase student achievement in underperforming subgroups.

Be sure to address all four strategies and identify the Believe to Achieve: Educational Priorities the school will target.

BELIEVE TO ACHIEVE: EDUCATIONAL PRIORITIES

A school implementing a schoolwide model should align schoolwide plan strategies to Believe to Achieve: Educational Priorities, analyzing school-level data in comparison to state-level data to drive the process and track performance. The educational priorities include the following:

1. Ensure every student is on track to a professional career, college degree, or service.
2. Remove barriers and create equitable, inclusive learning experiences for all children.
3. Provide the highest quality teaching and learning environment.
4. Develop and retain a diverse, highly effective educator workforce.
5. Cultivate high-impact systems, structures, and partnerships.

Support Structures and Programs that Provide Collaborative Support for Student Learning (e.g. Speech, Enrichment Classes, Accelerated Classes, Kids-In-Transition, P.E., Art, Music):

At Woodland Park Magnet School, we have extended learning opportunities available through gifted education, talented art/theater/music, PE, Art, Library, Spanish, and Broadcasting. Woodland Park provides support through speech, physical therapy, adapted PE, occupational therapy, visually impaired, and audio deficits. We have community support through Kiwanis Club, Paws, and restaurant incentives for reading. We also have guest speakers and special programs addressing content standards. We provide Alternative Classroom Education for Students (ACES) to support students with behavioral needs. We have a range of special education classes and ESL services.

1.6 MULTI-TIERED SYSTEMS of SUPPORT (MTSS) for BEHAVIOR

Describe the school’s implementation of a multi-tiered system of support to prevent and address problem behavior as noted in **Believe to Achieve: Educational Priorities**, including **coordinated early intervening services** (CEIS) under the Individuals with Disabilities Act (IDEA), if applicable.

Coordination and Integration of Federal, State, and Local Resources, Services, and Programs:

McKinney Vento: All homeless students receive all services for which they are eligible at their school site through Title I, Title III, Food Services, LA4, IDEA, and McKinney Vento funds.

Food Services: All students whose income qualifies them for free/reduced meals participate in the federal food service program.

Special Education: Identified students with disabilities receive all services specified on their IEP through a combination of GFF, IDEA, Title I, or Title III funding.

English as a Second Language (ESL): Identified LEP students receive services from ESL teachers, paraprofessionals, and/or tutors at their school site. These services are paid for through GFF, Title I, Title III, and Title III Immigrant Funds.

21st Century Programs: Students in participating schools are entitled to attend the 21st Century afterschool programs during the school year and during the summer.

Headstart Preschool Programs: Headstart preschool children graduate into their feeder schools in the District in which they live. Receiving schools provide transition activities and services for children and parents. Preschool programs are funded through LA4, 8G grant, Title I, and GFF.

4. Regular Monitoring and SWP Revision

- *The SWP remains in effect for the duration of the school year. The plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging state academic standards.*
- *The school will annually evaluate the implementation of, and results achieved by, the schoolwide program using data from the state’s annual assessments and other indicators of academic achievement to determine whether the plan has been effective in increasing achievement of students in meeting the state’s academic standards, particularly for those students who had been furthest from achieving the standards. The school will revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.*

Describe how and when the SWP is monitored during the school year using multiple types of data including diagnostic, interim, and summative assessment, in order to evaluate instructional practices, determine patterns of student achievement, and make necessary adjustments to increase student learning across grade levels, content areas, claims/subclaims, and subgroups:

- Student assessment data will be monitored during weekly collaboration meetings and progress towards school goals monitored.
- Teachers will use weekly, unit, and benchmark tests to monitor student success towards identified goals.
- SLT results will be used to determine student academic success in ELA and Math.
- Special education teachers will analyze assessment data and growth towards IEP goals to determine student success and revision of IEP goals as needed.
- 2022 LEAP scores, Dibels data, discipline and attendance data will be used to evaluate goals and drive the design of new goals.

Describe how and when the SWP Committee will meet and discuss school programs implemented, as outlined in the SWP, to determine effectiveness and to assist in planning for the upcoming school year:

- The SWP team will meet in January 2023 and May 2023 to analyze all student data as well as initiatives that were implemented to meet goals.

Describe how and when the evaluation results of the SWP are reported to the school’s stakeholders (faculty, staff, parents/families, and community members):

- Our SWP evaluation results will be reported in August of the 2022-2023 school year. The results will be communicated to faculty and parents through our PAWS meetings, a newsletter to all parents, and faculty meetings.
