

Classroom insights that make a difference

Knowing the class's strengths and weaknesses is not always enough. By aligning student assessment results to instructional materials, teachers get an engaging, interactive, and targeted plan aimed to improve student outcomes for all students.

Streamline instructional planning
View recommended Nearpod resources for skills identified in Star.

Empower teachers to target support
Easily determine who needs additional support and deliver personalized learning experiences.

Accelerate student progression
Elevate skills development with engaging instructional assets tailored to student needs.

Special Offer for SCPDF Members: 15% discount on Nearpod, Flocabulary, and any Nearpod Supplemental program
