KSA Update:

We are in blue—the highest rating—in all academic areas. We scored in the medium category on the student surveys—students had lower ratings on the questions about rules and bullying.
Austin is hoping that meeting with Student Council to get feedback from students and implementing some anti-bullying training will help.
We are also in TSI status for ECE. We have three years to get out.
ECE teachers are starting to meet with a group of students during South Strong after the break and will meet with them every day.
