## CURRICULUM GUIDE

FIRST GRADE

Language Arts

activities, body/spatial awareness, sequencing, tracking, body/spatial awareness, laterality, gross motor, kinesthetic building curriculum, emphasis on fair play,

cooperation and positive social interaction

awareness, hand-eye/foot-eye coordination

**SECOND GRADE** 

Language Arts

THIRD GRADE

Fitness-level assessments are introduced for students.

Language Arts

KINDERGARTEN

Language Arts

Language Arts

"The lessons learned at TCA extend far beyond any classroom or backpack. We equip students with the lifelong skills to think critically and discern truth."

KYLE MORRILL
HEAD OF UPPER SCHOOL

gross motor skills

	Phonemic awareness, book experiences, interactive read-a-louds, shared reading, emergent writing skills	Phonemic awareness, interactive read- a-louds, reading mini-lessons, shared reading, phonics/word study lessons, guided reading and independent	Phonemic awareness, interactive read- a-louds, reading mini-lessons, shared reading, phonics/word study lessons, guided reading, and independent		Phonemic awareness, interactive read- a-louds, reading mini-lessons, shared reading, phonics/word study lessons, guided reading, and independent reading, process	Phonemic awareness, interactive read-a-louds, reading mini-lessons, shared reading, phonics/word study lessons, guided reading, and independent reading, process writing skills	Word study, integrated reading, grammar, spelling Focus on thinking skills, speaking, vocabulary,	History/English Humanities curriculum covering historical time period from 600 to 1600 AD: development of Arabian Peninsula, European Middle Ages, Renaissance and Reformation. Scientific	History/English Humanities curriculum focused on early American history: colonization, American Revolution, government formation, citizenship, the Constitution, expansion of the US, Texas history,	History/English Humanities curriculum with thematic units integrating history, literature and writing: Reconstruction, western expansion/eastern industrialization (impirestion, World Ward	Integrated Honors History/English curriculum incorporating a survey approach to the great people, events, literature, visual arts and ideas which form Western Civilization	Integrated AP European or Honors level European History/Honors English curriculum incorporating a survey approach to the great people, events literature, visual arts and	History/English Integrated AP or Honors-level United States History/ AP Language & Composition A survey of American history and literature beginning with	AP English Literature & Composition A genre study of great literature culminating in a senior thesis Genres: Epic, Lyric, Tragic, Comic
	Focus on listening, speaking, vocabulary, three- and four-phoneme blending and the reading/writing connection	reading, emergent writing skills Focus on listening, speaking, vocabulary, fluency and comprehension plus the reading/writing connection through whole group/small group instruction and individualized library	reading, process writing skills Focus on listening, speaking, vocabulary, fluency and comprehension plus the reading/writing connection through whole group/small group instruction and individualized library	writing skills Focus on listening, speaking, vocabulary, fluency and comprehension plus the reading/writing connection through whole group/small group instruction and individualized library, research skills, literature studies	writing skills  Focus on listening, speaking, vocabulary, fluency and comprehension plus the reading/ writing connection through whole group/small	Focus on listening, speaking, vocabulary, fluency and comprehension plus the reading/writing connection through whole group/small group instruction and individualized library, research skills, literature studies	fluency and comprehension, research skills, writing process, whole group/small group instruction, multiple literature studies, integrated iPad technology	Revolution, Age of Exploration, world geography Reading skills, comprehension strategies, vocabulary instruction, literary analysis through novels Writing processes and skills including 6 traits,	Industrial Revolution, slavery, Civil War Reading skills, comprehension strategies, vocabularly instruction, literary analysis through short stories and novels Writing processes and skills including 6 traits, response to literature, historical inquiry, creative	industrialization/immigration, World War I, Roaring 20s/Great Depression, the Holocaust, World War II, the Cold War, the Civil Rights Movement, the Vietnam War/the 1960s and the modern world Writing processes and skills including 6 traits, literary analysis, historical narrative and	from Antiquities to Middle Ages (Egypt, Israel, Greece, Rome, early Europe) Analytical writing Classical literature Geography and maps	ideas which form Western Civilization from the Late Middle Ages to the present from a		Course emphasizes adept and close reading,
M	Social Studies Units of study blending art, music and special events. Units include child's world, family, community, seasons and holidays, helpers to community, cultures, the Pilgrims	Social Studies Celebrating Diversity in Our World Study of different countries, cultures and people in our world; study includes: family, Texas, USA, Mexico, Africa, Asia, France	Social Studies Introduction to the structure of schools, families and traditions, school rules, building and maintaining healthy relationships		Social Studies Awareness of local and global communities, different cultures and public service roles; study of economies around the world; research community heroes	Social Studies Study of Texas history beginning with colonization through the Civil War People, places and events that shaped our state	<b>History</b> World history focused on ancient civilizations, 3000 BC–476 AD and the development of the Christian faith during those years	research and narrative essays, response to literature, creative writing, poetry Integrated iPad technology	writing, poetry Integrated iPad technology	research, creative writing, poetry Reading skills, comprehension strategies, vocabulary instruction, literary analysis through classic novels and thematic literary readers Integrated iPad technology		Geography and maps		American Government or AP American Government (2 trimesters) Economics (1 trimester) A comprehensive evaluation of how the US government is set up, how it is organized and how it works
	Mathematics One-to-one correspondence, number recognition, simple addition, recognizing numbers to 20, counting aloud to 100, attributes, positions, shapes, patterns, measurement, graphs	Mathematics Recognize, write and order numbers, compare and sort objects, describe position, patterns, construct and use graphs, compare measurements, use time, identify money, describe geometric shapes, model addition and subtraction, recognize and understand place value, identify fractions, problem solve	Mathematics Addition, subtraction, comparing geometric shapes, measurement, counting and grouping units, number patterns and relationships, problem solving, place value	Mathematics Addition, subtraction, place value, money, time, fractions, linear measurement, geometry, area, weight, multiplication, division, problem solving, data analysis, individualized math software	Mathematics Addition, subtraction, multiplication, multiplication memorization, division, geometry, comparing measurements, fractions, graphs and tables, problem solving, logic, estimation, individualized math software	Mathematics Addition, subtraction, multiplication, division, money, time, geometry, measurements, angles, fractions, decimals, graphing, numeric patterns, problem solving, individualized math software	Mathematics Topics include place value concepts, numerical expressions, operations with decimals, operations with fractions, units of measure, patterns in the coordinate plane, volume and two dimensional shapes. (Grades and standardized test scores help to determine 7th-grade math placement.)	Mathematics Topics include numerical expressions and factors, fractions and decimals, ratios and rates, percents, algebraic expressions and properties, equations, area, surface area and volume, integers, number lines and the coordinate plane, statistical measures and data displays. (Grades, standardized test scores and an end-of-year diagnostic test help to determine 7th-grade math placement.)	Pre-Algebra Concepts Topics include mastering basic skills, integers, expressions, equations, inequalities and graphing. (Students will take Intro to Algebra I in 8th grade.) Pre-Algebra Topics include review of basic skills, integers, expressions, multi-step equations, inequalities, graphing, statistics, probability, geometry	Intro to Algebra I Topics include integers, equations, quadratics, linear equations and systems of equations. (Students complete Algebra I in 9th grade.) Honors Algebra I Topics include numbers and sets, properties of operations, real numbers, irrational numbers, quadratics and radical expressions. (Students receive Algebra I credit for Upper School.)	Mathematics Algebra I (Prerequisite Intro to Algebra I) Geometry (Prerequisite Honors Algebra I) Honors Geometry (Prerequisite Honors Algebra I)	Mathematics Geometry Honors Geometry Algebra II Honors Algebra II	Mathematics Algebra II Honors Algebra II Honors Trig/Intro Calculus Pre-AP Trig/Calculus A AP Statistics	Mathematics Trig/Intro Business Calculus Honors Trig/Intro Calculus AP Calculus AB AP Calculus BC Finite Math AP Statistics
	Science Multi-sensory science inquiries including five senses, the ocean, the farm, animals (coverings, movement, classification), insects, plants, space	Science Inquiry-based investigations Processes and skills include observing, classifying, estimation, designing experiments, collecting data, comparing and generalizing. Units of study: trees and weather, materials in our world, animals, magnets, space	Science Inquiry-based investigations Processes and skills include active observing, discovery, shared exploration. Units of Study: animal life cycles, animal characteristics, interdependence, plant parts, weather and air	Science Inquiry-based investigations Processes and skills include active observing, discovery, shared explorations. Units of study: solids and liquids, air and weather, sharks, scientific vocabulary	Science Inquiry-based investigations Processes and skills include active observing, discovery, shared explorations Units of study: water, structures of life, measuring matter, scientific vocabulary STEMscopes curriculum	Science Inquiry-based investigations Processes and skills include active observing, discovery, shared explorations. Units of study: energy and electromagnetism, scientific vocabulary	Science Lab-based investigations Processes and skills include active observing, discovery, shared explorations. Units of study: scientific method, cells, volcanoes and earthquakes, astronomy, animals and plants, physical science, life science, earth science	Science Lab-based curriculum Processes and skills include active observing, discovery, explorations Units of study: scientific method, designing experiments, metric measurement, cells, body systems, energy, matter, astronomy, Newton's three laws, animals, periodic table, mini-sci- ence fair, flight	Life Science Lab- and project-based curriculum Processes and skills include active observing, discovery, explorations Units of study: scientific method, cell structure and function, cell transport, genetics, classi- fication, ecology, fetal pig dissection, Rube Goldberg project	Earth/Physical Science Project-centered inquiry Mousetrap car, wood-splint bridge, science methodology, astronomy, geology, engineering, meteorology, introductory physical science	<b>Biology</b> <i>Biology Honors Biology</i>	Chemistry Chemistry Honors Chemistry	Physics Physics AP Physics Mechanics	Science Electives  AP Biology AP Chemistry AP Physics Mechanics Honors Anatomy & Physiology Honors Astronomy Honors Engineering Design Field Ecology
	Bible Learn about God through major Bible stories, prayer, Scripture memorization and songs	Bible Learn about God through major characters in Bible stories, apply biblical principles, Scripture memorization	Bible Focus on the gifts from God through his love, Jesus as Lord and Savior, God's care, creation, Scripture memorization	promises of God, Scripture memorization	Bible Books of the Bible, Ten Commandments, Life of Abraham, Jacob, Joseph, Daniel, Scripture memorization	Bible Life of Christ and Paul, various Old Testament characters, apply biblical principles to personal life, Scripture memorization	Bible Walking with God and His People Old Testament focus, an overview of God and His covenants with His people; integrated within the history course	Bible Walking with God and His People New Testament focus, birth, death and resurrection of the Messiah, Acts, the Apostle Paul and expansion of Christianity	Bible Walking with God and His People Old Testament survey, a look at God's people through all of the Old Testament eras and the inter-testamental period	Bible Walking with God and His People New Testament focus, the Gospels, Acts, selected Epistles, Revelation, Church history and spiritual discipleship	Bible Integrated with History/English Key sections of Old Testament are studied along with the history and literature of the ancient world.	Key sections of New Testament and early Christian creeds are studied along with the	Bible Course designed to help students establish, articulate, defend a universal absolute truth within the broader context of a Christian worldview. Books studied: Ecclesiastes, 1 Corinthians, John, Romans, James, Galatians	Bible Course aimed at preparing the senior for life in college and beyond by developing a holistic Christian worldview in pursuing truth, goodness, beauty and justice 1st trimester – Apologetics; 2nd trimester – Ethics; 3rd trimester – Worldviews
d					Spanish Conversational Spanish, Spanish literature, writing, Spanish Bible verses, translating simple sentences, Spanish customs and culture			Latin Latin vocabulary, study of the Roman Empire, Latin derivatives, introduction to reading Latin	Begin a two-year study of the language and its structure, gaining a foundation in Classical literacy through the study of ancient people, places, quotes and abbreviations.	Continue two-year reading program; at the end of the eighth grade, the students have completed the first year of a high school-level Latin course and receive credit on their Upper School transcript.
