Tyee High School NEWSLETTER

March 18-24, 2023

Congratulations to **Tunoa Mulitauaoepe** (right), one of Tyee's top athletes. Tunoa is very modest, yet he performed really well in the wrestling competitions, and then this week Tunoa broke Tyee's all-time record in the shot put! Wrestling Coach Chris Chacon (left) gives thumbs up.

Tyee Student Food Drive

By Friends of Tyee

Thank You to Tyee Alumni, TK!

Tarekegn Kabeto, fondly known as TK, graduated from Tyee in 2019. Upon leaving Tyee, he attended the University of Washington-Seattle, majoring in Communications. He has been serving for the past year and a half as an AmeriCorps Pathway Coach here at Tyee, supporting 11th and 12th grade students on their path toward post-secondary education. He has inspired and motivated countless students in his time at Tyee.

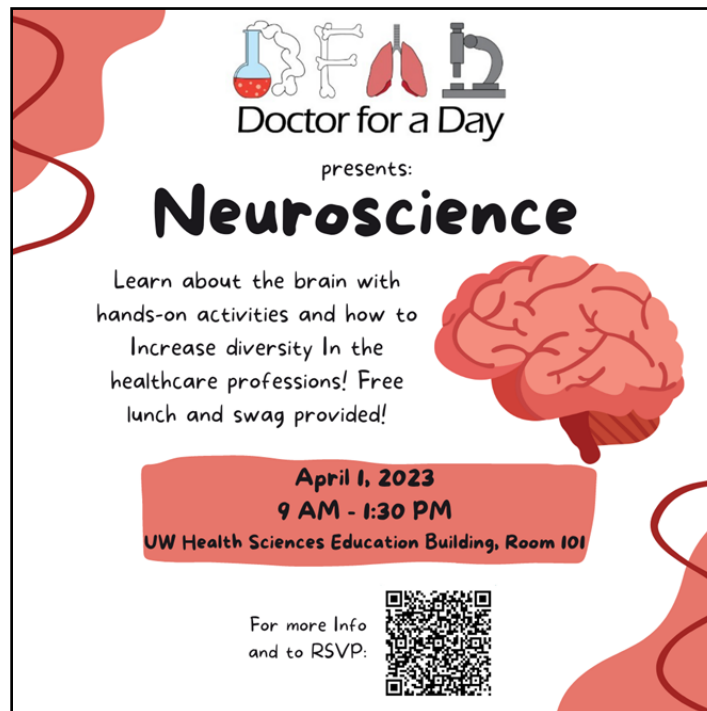

For those of you who knew TK as a Tyee student or had the honor of seeing him grow and thrive in his role as the AmeriCorps Pathway Coach over the past year and a half – you know how invaluable he has been and how much of his heart and soul he has gifted to this campus.

Thank you for your service to this campus TK! Best wishes in your future endeavors and we hope to see you again at Tyee soon!

Youth Innovators with Big Ideas, Apply Now!
T-Mobile Launches the [Changemaker Challenge](#) to Help Young People Change Communities -- Changemaker Challenge, a nationwide contest that gives young leaders an opportunity to take their innovative ideas for creating a more inclusive, equitable and sustainable future to the next level.

Current 10th & 11th graders --
[Aeronautical Science Pathway](#)
(ASP) is a FREE program for students who want to become professional pilots or work in drone operations, air traffic control, airport management, airline dispatch, or any other aviation operations management fields.

SUMMER OPPORTUNITIES

Internships, College & Career Programs

bit.ly/tyeesummeropps

PAID: Student Trainee

(Partnership in Education Intern) (due 3/25) --

Students gain experience in an internship with the Federal Trade Commission in Seattle.

PAID: Fred Hutch Cancer Research Center (due 3/31) -

- The Summer High School Internship Program (SHIP) is a competitive, eight-week, full-time paid internship for rising 12th graders. The program is specifically designed for students from backgrounds underrepresented in biomedical science.

Accounting Career Awareness Program (due 4/1) ---

If you are interested in accounting and business, enrolled in high school in Washington, and will be a sophomore, junior or senior next year, Seattle ACAP's summer Residency Week program is for you! Applicants must be students of color, with priority given to those that are considered underrepresented in the accounting field: African American/Black, Hispanic/Latinx, and Native American.

Seattle Children's Research Institute: Summer Internship (due 4/2) --- Students will learn how to work in a research laboratory environment and learn about topics including biochemistry, immunotherapy, gene editing and infectious diseases. Students will also participate in workshops on college readiness and career exploration. These programs provide students with a solid foundation for a future career in biomedical research. There is no cost to participate.

The poster for the Fred Hutch Cancer Center Summer HS Internship features a blue and white color scheme. At the top left is the Fred Hutch Cancer Center logo. The main title 'SUMMER HS INTERNSHIP' is in large, bold, black letters, followed by 'PAID, 8-WEEK, FULL-TIME' in a slightly smaller font. To the right, it says 'FOR CURRENT 11TH GRADERS'. Below the title, there are two circular images: one showing a group of students in yellow kayaks on a body of water, and another showing two students in a laboratory setting, one in a white lab coat and the other in a maroon shirt. Below these images, text describes the internship as being for students from backgrounds underrepresented in biomedical science, involving time in training labs, social activities, and mentorship. At the bottom right, it states 'DEADLINE MARCH 31ST' and 'Application linked at: bit.ly/tyeesummeropps'.

Fred Hutch Cancer Center

SUMMER HS INTERNSHIP
PAID, 8-WEEK, FULL-TIME

FOR CURRENT 11TH GRADERS

Internship for students from backgrounds underrepresented in biomedical science. Spend time in the Fred Hutch training labs along with social activities and mentorship.

DEADLINE MARCH 31ST
Application linked at:
bit.ly/tyeesummeropps

UW Nurse Camp (due 4/15) -- This is a **free week-long camp** geared towards increasing access and opportunities in nursing to a more diverse population of high school sophomores and juniors who are at least 16 years of age by the first day of camp. (Essay and Recommendation required)

PAID: RadioActive Radio Journalism Internship (due 5/9) --- RadioActive is a fun, challenging, and hands-on summer workshop, teens get paid to learn radio journalism and storytelling skills, build confidence, and work with others while producing a true radio story and podcast episode.

Na-Ha-Shnee Native American Health Summer Internship --- two-week summer camp at Washington State University Spokane for Native students. The program encourages youth to try out a career in the health sciences by providing hands-on learning experiences taught by healthcare providers, faculty at WSU Spokane, and health sciences college students.

Red-Tailed Hawk Summer Program (due 7/8) --- RTH Aviation Day Camp is a hands-on exposure to the world of aviation held at Boeing Field each fourth Saturday in July. We introduce underrepresented students in the Puget Sound area to the world of aviation. We provide them with basic pilot knowledge, provide hands-on STEM experiences, teach aviation history, and provide discovery flights in general aviation aircraft.

Girls Who Code --- Girls & Non-Binary students gain the computer science skills they need to make an impact and prepare for tech careers in our free, virtual summer programs. Summer program participants get exposure to tech jobs, meet leaders in tech careers, and find community in our supportive sisterhood; all while investing in their future self.

PAID: Microsoft Discovery Internship --- Discoverers will participate in a curriculum designed to introduce core computer science concepts, develop career readiness skills, gain mentorship with Microsoft employees, while gaining hands on project experience. Discover how your passions and interest in technology/STEM can evolve into a career in tech at Microsoft and beyond. This paid, 4-week summer program offers an exciting opportunity to get valuable experience prior to starting college. Learn more about the Discovery Program.

Stanford University Qualia Global Scholars -- A pre-college virtual summer program for students to gain Stanford mentors. (cost to attend)
