Dear Daleville Stakeholders, Parents, and Community Members:

The Daleville City Board of Education needs your help in developing a strategic plan for the next five years. This plan will develop goals and objectives to ensure that each student in the district will receive a world class education. An online survey has been developed to receive your input in this process. We encourage you to participate in this important process to provide input that will improve the school system's task to support student success.

Please take a few minutes to complete the survey that has been prepared specifically for stakeholders of the Daleville City School System. The survey will be open through **Wednesday, February 24, 2016, at <https://www.surveymonkey.com/r/DalevilleCity>.**

Your survey input is a valuable investment for the future of the school system. Please join us as we strive together to make Daleville City Schools a model system for providing academic excellence to a community of life learners.

Sincerely,

Diane C. Flournoy,
Daleville City Schools
Interim Superintendent
