

## FENTON CHARTER PUBLIC SCHOOLS

### LAUSD Strike Does Not Impact the Independent Fenton Charter Public Schools

March 17, 2023

Dear Fenton Community:

Fenton understands that the news of the LAUSD teachers' strike comes with great concern for families of public school students. We wish to assure you that all of Fenton's schools will continue to operate as usual through the strike for all of our currently enrolled families.

Our charter public schools are authorized through LAUSD, however our schools' operations and management structures are independent. We firmly believe in the right to a quality education for every student in our community and are committed to our staff, students, families, and greater community through these difficult times.

At Fenton, we take great pride and deep responsibility for our staff and for creating a quality educational atmosphere that provides each student the opportunity to develop and bring out the best in themselves.

Thank you for choosing Fenton and being a part of our community. Please feel free to reach out to us with any questions.

Sincerely,

David Riddick, Ed.D.
