DIRECTOR OF SCHOOLS
Dr. Mischelle Simcox

Parents/Guardians,

Beginning this school year, all students (and/or their guardians) taking TCAP/EOC tests in grades 2 through high school are allowed to request additional time. Charts showing the regular times, as well as the extended time that is available upon request (in parentheses), are included in the link below. Please discuss this with your student, and if you think it will benefit him/her, follow the link below to sign up. Please note, students who are not signed up in advance will have the opportunity to opt in during the test. Finally, please also note that students are required to use the full amount of standard time for any given test, however, they are not required to use the extended time if requested. So for example, if a student is taking an 80 minute English test, and you request the additional 16 minutes, your student is required to sit for the entire 80 minutes, but not for the additional 16 minutes if the test is already complete.

Respectfully,
Stephen Long
District Testing Coordinator
