- This class is NOT self-paced.
- Assignments due weekly, Sunday at midnight.
- Late assignments accepted the following week only, with a 10% penalty.
- NO credit for assignments turned in more than 1 week late.
- Even though you will finish the last assignment in September (the interview), the summer online course work will follow these guidelines.

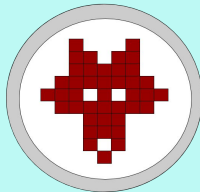

# FCAO College and Career Essentials

- If you were taking this class in school, it would be:  
80 minutes \* 2 days/week \* 18 weeks = 48 hours
- 48 hours divided by 5 weeks of summer class  $\approx$  10 hours/week
- That's about two hours a day.
- Do not underestimate the amount of time you need to put into this class.
- The good news: after 5 short weeks, the class is done!

# FCAO SAT Prep

## Edgenuity

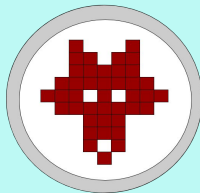

Three (3) course sections:

- Reading
- Math
- Writing/Language

Each starts with a pre-test with approx 120 questions.

You do not have to take all in one sitting.

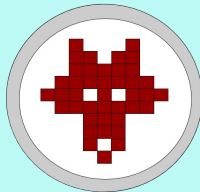

Take your time, take it seriously - it “prescribes” your coursework for the summer session.

## Edgenuity

- **IMPORTANT:** You *must* keep the target percentage of your three course sections within the current range (green).
- Based on the dates of the summer course, and the lessons assigned to you, your target percent will move as you go.

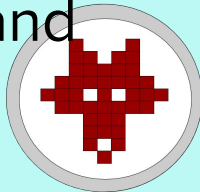

# FCAO SAT Prep

## Edgenuity

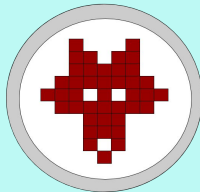

- The “actual grade” is the current grade that will take your earned grade (from your assignments), and subtract for the amount you are ahead or behind.
- FCAO SAT Prep is Pass/Fail - you must maintain and earn a 70% in all 3 course sections to pass the course and earn the .5 credit.
- Remember - in Edgenuity, it tracks how often you log in and even your “idle” time. Reports are available for parental review.
