INDEPENDENT AUDITORS' REPORT

Members of the Board of Education of
Sandridge School District 172

Report on the Financial Statements

We have audited the accompanying modified cash basis financial statements of Sandridge School District 172 (the District), which comprise the statement of assets and liabilities arising from cash transactions as of June 30, 2019, and the related statements of revenues received, expenditures disbursed, other sources (uses) and changes in fund balance - all funds; revenues received; and expenditures disbursed, budget to actual for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these modified cash basis financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education. This includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances.

Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Illinois State Board of Education. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Sandridge School District 172, as of June 30, 2019, and the respective changes in financial position for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of Sandridge School District 172 as of June 30, 2019, and the revenues received, expenditures disbursed, other sources (uses) and changes in fund balance - all funds; revenues received; and expenditures disbursed, budget to actual for the year then ended, in accordance with the financial reporting provisions of the Illinois State Board of Education as described in Note 1.

Basis of Accounting

The regulatory basis of accounting described in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph allows for the financial statements to be prepared on either a modified cash or accrual basis. We draw attention to Note 1 of the financial statements, which describes the modified cash basis of accounting used by the District to prepare these financial statements. Our opinion is not modified with respect to this matter.

Other Matters

Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The information on pages 2 through 4, supplementary schedules on pages 23 through 25, Schedule of Capital Outlay and Depreciation on page 26, and itemization schedule on page 33 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and has been derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Matters (continued)

The information on pages 27, 28 and page 36 is propagated from information in the audited financial statements, but we take no responsibility for the accuracy of those calculations. The Indirect Cost Rate schedules on pages 29 and 30, and the Report on Shared Services or Outsourcing on page 31 contain unaudited information concerning prior, current, and future year expenditures which was provided by the District. The Administrative Costs Worksheet on page 32 contains unaudited information concerning the fiscal year 2020 budget which was provided by the District. The actual expenditure information on this page is fairly stated in all material respects in relation to the financial statements taken as a whole. The average daily attendance figure, included in the Estimated Operating Expenditures per Pupil and Per Capita Tuition Charge Computation on pages 27 and 28, has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

The Table of Contents references a Single Audit Section on pages 37 through 46; however, the District was not required to have a Single Audit and this section has not been completed.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2019 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Members of the Board of Education of
Sandridge School District 172

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the statement of assets and liabilities arising from cash transactions; and the statements of revenues received, expenditures disbursed, other sources (uses) and changes in fund balance - all funds; revenues received; and expenditures disbursed, budget to actual of Sandridge School District 172 (the District), as of and for the year ended June 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated November 20, 2019. Our opinion was adverse because the financial statements are not prepared in accordance with accounting principles generally accepted in the United States of America. However, the financial statements were found to be fairly stated in accordance with the financial reporting provisions of the Illinois State Board of Education, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified a certain deficiency in internal control that we consider to be a material weakness.

Internal Control over Financial Reporting (continued)

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency described as item 2019-001 in the accompanying schedule of findings and responses to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted a certain matter that was reported to the members of the Board of Education of Sandridge School District 172 in a separate letter dated November 20, 2019.

District's Response to Finding

The District's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SANDRIDGE SCHOOL DISTRICT 172

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Sandridge School District 172's (the District) financial statements are presented in the format prescribed by the Illinois State Board of Education using the modified cash basis of accounting. The following is a summary of the significant accounting policies:

Financial Reporting Entity

The District has developed criteria to determine whether any outside agencies should be included within its financial reporting entity. The criteria include, but are not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The District has determined that no other outside agency meets the above criteria and, therefore, no other agency has been included as a component unit in the District's financial statements. In addition, the District is not aware of any entity which would exercise such oversight that would result in the District being considered a component unit of the entity.

The District is a member of the Special Education Co-op of South Cook County (SPEED) Joint Agreement No. 802, along with other area school districts. The District's pupils benefit from programs administered under this joint agreement, and the District benefits from jointly administered grants and programming. SPEED is a jointly governed organization in which the District has no ongoing financial interest. Financial information may be obtained directly from SPEED at 1125 Division Street, Chicago Heights, Illinois 60411.

Basis of Accounting

The District's financial statements are prepared on the modified cash basis method of accounting and, accordingly, revenues are recorded when cash is received rather than when earned and expenditures are recorded when cash is disbursed rather than when incurred. Only assets representing a right to receive cash from a previous payment of cash are recorded as assets of a fund. In the same manner, only liabilities resulting from a cash transaction are recorded as liabilities of a particular fund. Proceeds from sales of bonds are included as other financing sources in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group. The District records on-behalf payments made by the State to the Teachers' Retirement System (TRS) and Teacher Health Insurance Security (THIS) Fund and commodities as revenues and expenditures.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets are those acquired for general governmental purposes. Assets purchased are recorded as current expenditures at the date of acquisition in the governmental funds and capitalized at cost in the General Fixed Assets Account Group. Donated capital assets are recorded, if material, at estimated fair market value at date of acquisition. The District has set a capitalization threshold of \$1,000 for all fixed asset types. The financial statements make no provision for depreciation. Depreciation is applicable only for computing per capita tuition charges on the Illinois State Board of Education's Annual Financial Report.

Depreciation is computed by the straight-line method over the following estimated useful lives of the fixed assets:

Buildings	50 years
Improvements other than buildings	20 years
Equipment	10 years

Restricted Resources

Unless specifically identified, expenditures act to reduce restricted resources prior to unrestricted resources.

Investments

Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price).

Inventories

Inventory of supplies is not normally recorded using the modified cash basis of accounting. In addition, the District does not maintain inventories in amounts material to the financial statements.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through November 20, 2019, which is the date the financial statements were available to be issued.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Funds and Account Groups

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that are comprised of its assets, liabilities, fund balance, revenues, and expenditures. The District maintains individual funds as required by the State of Illinois. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The Illinois State Board of Education has provided the District with the following funds and account groups:

The Educational Fund covers transactions that are not specifically covered in another fund. Certain expenditures that must be charged to this fund include direct costs of instructional, health and attendance services, lunch programs, all costs of administration (even those for buildings and grounds), and related insurance costs. Certain revenues that must be credited to this fund include educational tax levies, tuition and textbook rentals.

The Operations and Maintenance Fund includes all costs of maintaining, improving, or repairing school buildings and property, renting buildings and property for school purposes, or paying of premiums for insurance on school buildings.

The Debt Services Fund accounts for taxes levied to provide cash to retire and pay interest on bonds generally issued to finance the construction of buildings. To protect the bondholders, these tax collections must be accounted for in the Debt Services Fund.

The Transportation Fund accounts for any payments for transporting pupils, including the purchase of vehicles and insurance on buses. Monies received for transportation purposes from any source must be deposited into this fund except for the portion of state reimbursement applicable to other funds.

The Municipal Retirement/Social Security Fund accounts for a separate tax levied for the purpose of providing resources for the District's share of retirement benefits for covered employees or a separate tax levied for the purpose of providing resources for the District's share of Social Security and Medicare payments for covered employees.

The Capital Projects Fund accounts for a separate tax levied for the purpose of capital improvements which may include construction costs, the purchase of land, other items directly related to the construction project, and administrative costs directly related to the construction project.

The Working Cash Fund is levied for working cash purposes or if bonds are sold for this purpose. Interfund loans from the District's Working Cash Fund may be made to any fund for which taxes are levied.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Funds and Account Groups (continued)

The Tort Fund accounts for a tax levied or bonds issued for insurance, risk management, judgments/settlements, legal services and other loss prevention purposes.

The Fire Prevention and Safety Fund accounts for a tax levied or bonds issued for fire prevention, safety, energy conservation or school security purposes.

The Agency Fund accounts for assets held by the District as an agent for the students and teachers. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to Activity Fund organizations are equal to the assets.

The General Fixed Assets Account Group maintains records of physical assets which have a long-term (i.e., more than one year) period of usefulness to the District in a group of accounts separate from the fund which provided the cash for the purchase of those assets.

The General Long-Term Debt Account Group maintains records of the District's total bonded debt in a group of accounts separate from the Debt Services Fund. Other types of general long-term debt are also included in this fund.

NOTE 2. PROPERTY TAX CALENDAR

The District's property tax is levied each calendar year on all taxable real property located in the District's jurisdiction.

The School Board must adopt the tax levy and file a certified copy of the levy with the County Clerk's Office on or before the last Tuesday in December. The District adopted its 2018 levy on December 19, 2018. Property taxes attach retroactively as an enforceable lien as of January 1 of the levy year and are payable in two installments on March 1 and thirty days after release of the second billing which is generally between August and November of the current calendar year. The District receives significant distributions approximately one month after the collection dates. Taxes recorded in these financial statements are from the 2018 and prior tax levies.

The District has not entered into any tax abatement agreements. In addition, the District is not aware of any tax abatement agreements entered into by other governments that materially reduce the District's property tax revenue.

NOTE 3. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

Local education agencies may invest public funds according to Chapter 30, Section 235 of the Illinois Compiled Statutes. Allowable investments include the following:

NOTE 3. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (CONTINUED)

Deposits with Financial Institutions

Custodial Credit Risk

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal policy for custodial credit risk. The District's deposits with financial institutions were exposed to custodial credit risk as follows:

Deposits with financial institutions - book balance	\$ 34,478
Deposits-in-transit	-
Outstanding checks	3,933
Deposits with financial institutions - bank balance	<u>\$ 38,411</u>

As of June 30, 2019, the District's bank balances are fully insured.

Investments

The District's investments consist solely of a non-rated, external investment pool managed by the Bloom Township School Treasurer. The external investment pool was established pursuant to Chapter 105, Article 8 of the Illinois Compiled Statutes to provide services to school districts within its jurisdiction including collecting revenue, processing expenditures, and investing funds. Investing is performed in accordance with the investment policies adopted by the Bloom Township Trustees of Schools complying with the Illinois Compiled Statutes. At June 30, 2019, the fair value of the external investment pool was \$412,528,912 and the amount allocated to the District was \$5,265,095.

Credit and Interest Rate Risk

Overall credit ratings and information regarding the duration of debt investments are not available for the external investment pool as a whole. Financial information and investment risk disclosures regarding the external investment pool's underlying investments may be obtained directly from the Bloom Township School Treasurer at 3311 Chicago Road, South Chicago Heights, IL 60411.

NOTE 3. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (CONTINUED)

Fair Value Measurements

GASB Statement No. 72, *Fair Value Measurement and Application*, established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The District did not have any Level 1, 2 or 3 investments as of June 30, 2019. The District's investment in the external investment pool is measured at a net asset value of \$1.00 per share. The external investment pool is not registered with the SEC as an investment company and is non-rated. The District may redeem its investment on a daily basis without a redemption notice period. At June 30, 2019, the District did not have unfunded commitments.

NOTE 4. CAPITAL ASSETS AND DEPRECIATION

A summary of changes in capital assets for the fiscal year ended June 30, 2019 is as follows:

	Balance July 1, <u>2018</u>	<u>Additions</u>	<u>Deletions</u>	Balance June 30, <u>2019</u>

Historical cost was estimated by the District's appraisal company for all capital assets owned by the District at December 10, 2015. Actual historical costs could differ from those estimates. Assets purchased subsequent to December 10, 2015 were recorded at actual cost.

Accumulated depreciation at June 30, 2019 is \$4,246,879.

NOTE 5. FUND BALANCES

Under the regulatory basis of accounting, revenues received from special tax levies and selected revenue sources are restricted as to their use and classified as reserved fund balances on the Statement of Assets and Liabilities Arising from Cash Transactions. The changes in the reserved fund balances for the fiscal year ended June 30, 2019 are as follows:

	Reserved July 1, <u>2018</u>	<u>Changes in Fund Balance</u>		Reserved June 30, <u>2019</u>
		<u>Revenues</u>	<u>Expenditures</u>	
Educational Fund:				
Special tax levy - special education	<u>\$ -</u>	<u>\$ (7,828)</u>	<u>\$ (7,828)</u>	<u>\$ -</u>

NOTE 5. FUND BALANCES (CONTINUED)

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, established five fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources.

Nonspendable fund balance - Includes amounts that cannot be spent because they are either (a) not in spendable form - prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

Restricted fund balance - Refers to amounts that are subject to outside restrictions not controlled by the entity, such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed fund balance - Amounts that can be used only for specific purposes because of a formal action (resolution or ordinance) by the District's highest level of decision-making authority, the Board of Education.

Assigned fund balance - Amounts that are constrained by the District's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the District's Board of Education or by an official to whom that authority has been given.

Unassigned fund balance - The residual classification for amounts in the Educational, Operations and Maintenance, and Working Cash funds. Negative unassigned fund balances in other funds represent excess expenditures incurred over the amounts restricted, committed or assigned to those purposes.

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

NOTE 5. FUND BALANCES (CONTINUED)

The regulatory basis of accounting used by the District does not utilize these categories. If the June 30, 2019 regulatory basis fund balances as reported in the Statement of Assets and Liabilities Arising from Cash Transactions were reported in accordance with generally accepted accounting principles under GASB Statement No. 54, they would be allocated as follows:

Fund	Generally Accepted Accounting Principles (GASB-54)					Regulatory Basis

NOTE 7. RISK MANAGEMENT

The District has joined together with other school districts in the State to form the Illinois School District Agency Property Casualty Pool, a public entity risk pool, currently operating as a common risk management and insurance program for 98 members. The District pays premiums to the pool for its general insurance coverage. The formation agreement provides that the pool will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of \$250,000 for property and \$500,000 for general liability for each insured event.

The District has joined together with other school districts in the State of Illinois to form Workers' Compensation Self-Insurance Trust (WCSIT), a public entity risk pool currently operating as a common risk management and insurance program for 128 members. The District pays premiums to WCSIT for workers' compensation coverage. WCSIT is reinsured through a commercial company for claims in excess of \$500,000 for each insured event.

The District carries commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in the past three fiscal years.

NOTE 8. RETIREMENT FUNDS

The District's direct contributions to defined benefit pension plans totaled \$56,933 during the year ended June 30, 2019.

Illinois Municipal Retirement System

Plan Description

The District's defined benefit pension plan for Regular employees provides retirement and disability benefits, postretirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multiple-employer public employee retirement system. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefit provisions are established by State Statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

NOTE 8. RETIREMENT FUNDS (CONTINUED)

Illinois Municipal Retirement System (continued)

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan. The Sheriff's Law Enforcement Personnel plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011. The ECO plan was closed to new participants after that date.

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of the final rate of earnings for the first 15 years of service credit, plus 2 percent for each year of service credit after 15 years to a maximum of 75 percent of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3 percent of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of the final rate of earnings for the first 15 years of service credit, plus 2 percent for each year of service credit after 15 years to a maximum of 75 percent of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of 3 percent of the original pension amount, or 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of June 30, 2019, the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving benefits	171
Inactive plan members entitled to but not yet receiving benefits	87
Active plan members	<u>16</u>
Total	<u><u>274</u></u>

Contributions

As set by State Statute, the District's Regular Plan members are required to contribute 4.5 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of their own employees. The District's annual contribution rate was 7.98 percent for calendar year 2018 and 6.72 percent for 2019. For the fiscal year ended June 30, 2019, the District contributed \$34,340 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by State Statute.

Teachers' Retirement System of the State of Illinois

Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <https://www.trsil.org/financial/cafrs/fy2018>; by writing to TRS at 2815 W. Washington, P.O. Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

NOTE 8. RETIREMENT FUNDS (CONTINUED)

Teachers' Retirement System of the State of Illinois (continued)

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or 1/2 percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2020. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2021. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs will begin in 2019 and will be funded by bonds issued by the State of Illinois.

Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2019, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the District.

NOTE 8. RETIREMENT FUNDS (CONTINUED)

Teachers' Retirement System of the State of Illinois (continued)

Contributions (continued)

On-Behalf Contributions to TRS - The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2019, State of Illinois contributions recognized by the District were based on the State's proportionate share of the collective net pension liability associated with the District, since cash basis information is not available. The District recognized revenue and expenditures of \$1,431,918 in pension contributions from the State of Illinois.

2.2 Formula Contributions - Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2019, were \$10,589.

Federal and Special Trust Fund Contributions - When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018. Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher. For the year ended June 30, 2019, the employer pension contribution was 9.85 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2019, salaries totaling \$99,199 were paid from federal and special trust funds that required employer contributions of \$9,771.

Employer Retirement Cost Contributions - The District is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. Additionally, beginning with the year ended June 30, 2019, employers will make a similar contribution for salary increases over 3 percent if members are not exempted by current collective bargaining agreements or contracts. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2019, the District paid \$0 to TRS for employer contributions due on salary increases in excess of 6 percent, and \$0 for sick leave days granted in excess of the normal annual allotment. For the year ended June 30, 2019, the District paid \$2,233 to TRS for salaries in excess of the Governor's statutory limit.

NOTE 9. OTHER POSTEMPLOYMENT BENEFITS

The District's direct contributions to other postemployment benefit plans totaled \$16,798 during the year ended June 30, 2019.

Teachers Health Insurance Security Fund

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the City of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System. Annuitants not enrolled in Medicare may participate in the State-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the State to make a contribution to the THIS Fund.

The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

On-Behalf Contributions to the THIS Fund - The State of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to the THIS Fund from active members, which were 1.24 percent of pay during the year ended June 30, 2019. State of Illinois contributions were \$22,641 and the District recognized revenue and expenditures of this amount during the year.

Employer Contributions to the THIS Fund - The District also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.92 percent during the year ended June 30, 2019. For the year ended June 30, 2019, the District paid \$16,798 to the THIS Fund, which was 100 percent of the required contribution.

Further Information on the THIS Fund

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: <http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>. The current reports are listed under "Central Management Services." Prior reports are available under "Healthcare and Family Services."

NOTE 9. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Retirees' Health Plan

Under the Illinois Insurance Code, the District is required to offer the same health insurance to IMRF disabled members, IMRF retirees, and IMRF surviving spouses at the same premium rate for active employees. The same coverage, provisions, and deductibles that apply to active employees apply to individuals receiving continued insurance coverage. This includes coverage for dependents of members who are insured under the policy on the day immediately before the day the member retires or becomes disabled.

Plan Description - The District administers a single-employer defined benefit healthcare plan. As noted above, employees who contribute to IMRF are eligible for post-retirement medical coverage. The benefits, benefit levels, employee contributions and employer contributions are governed by the District and may be amended by the District through its employment contracts. The plan does not issue a separate publicly available financial report.

Benefits Provided - Eligible disabled members, retirees, surviving spouses, and dependents of members are allowed to continue to participate in the District's health insurance programs if they pay 100 percent of the premium associated with such coverage.

Contributions - Because 100 percent of the premium is paid by the retiree, there is no net cash outflow by the District for these benefits when paid. However, allowing retired employees to continue coverage under the District's insurance policy through participant-paid premiums could affect the overall cost of premiums paid by the District.

As of June 30, 2019, the following employees were covered by the benefit terms:

Actives	16
Inactives entitled to but not yet receiving benefit payments	-
Inactives currently receiving benefit payments	-
Total	<u>16</u>

NOTE 10. CONTINGENCIES

The District has received funds from state and federal grants in the current and prior years, which are subject to audit by the granting agencies. The School Board believes any adjustments that might arise from these audits would be insignificant to District operations.

DEFICIT ANNUAL FINANCIAL REPORT (AFR) SUMMARY INFORMATION
Provisions per Illinois School Code, Section 17-1 (105 ILCS 5/17-1)

Instructions: If the Annual Financial Report (AFR) reflects that a "deficit reduction plan" is required as calculated below, then the school district is to complete the "deficit reduction plan" in the annual budget and submit the plan to Illinois State Board of Education (ISBE) within 30 days after accepting the audit report. This may require the FY2020 annual budget to be amended to include a "deficit reduction plan" and narrative.

The "deficit reduction plan" is developed using ISBE guidelines and is included in the School District Budget Form 50-36, beginning with page 20. A plan is required when the operating funds listed below result in direct revenues (cell F6) being less than direct expenditures (cell f7) by an amount equal to or greater than one-third (1/3) of the ending fund balance (cell f9). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.

- If the FY2020 school district budget already requires a deficit reduction plan, and one was submitted, an updated (amended) budget is not required.
- If the Annual Financial Report requires a deficit reduction plan even though the FY2020 budget does not, a completed deficit reduction plan is still required.

3. Criteria or specific requirement

Professional standards indicate that depending on the financial statements prepared for the organization, including footnote disclosures, and knowledge of organization personnel, the inability of the organization to prepare financial statements and footnote disclosures in accordance with the basis of accounting used by the organization would be a control deficiency that normally would be considered a significant deficiency or material weakness.

4. Condition

While select District management personnel fully understand the District's financial statements and related footnotes, they do not necessarily stay current with all new accounting pronouncements that could impact the District's financial statement reporting.

5. Context¹²

None.

6. Effect

The potential effect of this control deficiency is that a misstatement or omission in the financial statements would not be prevented, detected, or corrected on a timely basis.

7. Cause

None.

8. Recommendation

We recommend that management evaluate the situation. Management should consider the cost in time and hard dollars of requiring employees with financial statement responsibility to remain current with all applicable accounting pronouncements.

9. Management's response¹³

Management believes it would not be cost beneficial for the District to hire another employee or service provider to prepare the District's financial statements or train current employees to be able to do so. Management believes it is in the best interest of the District to continue to retain the auditing firm to prepare its financial statements in conjunction with the year end audit.

¹¹ A suggested format for assigning reference numbers is to use the digits of the fiscal year being audited followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 2018 would be assigned a reference number of 2018-001, 2018-002, etc. The sheet is formatted so that only the number need be entered (1, 2, etc).

¹² Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars

¹³ See §200.521 *Management decision* for additional guidance on reporting management's response.

Members of the Board of Education of
Sandridge School District 172

In planning and performing our audit of the financial statements of Sandridge School District 172 (District) as of and for the year ended June 30, 2019, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, we considered Sandridge School District 172's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Sandridge School District 172's internal control. Accordingly, we do not express an opinion on the effectiveness of Sandridge School District 172's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses, and therefore, material weaknesses may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. The attached Memorandum identifies a deficiency in internal control that we consider to be a material weakness.

We also became aware of a certain deficiency in internal control other than a material weakness. This is also identified in the attached Memorandum.

This communication is intended solely for the information and use of District management, the Board of Education, and others within the District, and is not intended to be and should not be used by anyone other than these specified parties.

We will review the status of the material weakness during our next audit engagement. Material weaknesses that have not yet been remediated are required to be repeated in subsequent years' communications. We have already discussed the material weakness with various District personnel, and we will be pleased to discuss it in further detail at your convenience, to perform any additional study of this matter, or to assist you in implementing the recommendations.

This letter does not affect our report dated November 20, 2019, on the financial statements of Sandridge School District 172.

Sandridge School District 172's written response to the material weakness identified in our audit has not been subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

MEMORANDUM

Material Weakness

Preparation of Financial Statements

The District employs competent individuals (both within the District and through the services of the Bloom Township School Treasurer's office) who understand the District's operations and its challenges. While such individuals understand the District's financial statements, including footnote disclosures, they do not necessarily stay current with all new accounting pronouncements that could impact the District's financial reporting. As a result, it was necessary for us to prepare the District's financial statements in conjunction with the audit. The potential effect of this control deficiency is that a misstatement or omission in the financial statements would not be prevented, detected or corrected on a timely basis.

Recommendation

We recommend that the Board of Education evaluate the situation. The Board should consider the current capabilities of employees and the amount of additional expense the District would incur as a result of requiring employees with financial statement responsibility to remain current with all applicable accounting pronouncements or hiring another service provider to prepare the District's financial statements for audit.

Management Response

The Board of Education has discussed the options concerning the District obtaining the capabilities of preparing financial statements, including complete footnote disclosures that would not require significant changes by the auditor. The Board believes it would not be cost beneficial for the District to hire a service provider to prepare the District's financial statements or train current employees to be able to do so. The Board believes it is in the best interest of the District to continue to retain the auditing firm to prepare its financial statements in conjunction with the year-end audit.

Other deficiency in internal control

Cash on Hand

During our audit, we noted an adjustment to local income to record cash on hand. The District was unable to provide information on the original source of the cash. While the amount of the adjustment is not significant to the financial statements, the District should maintain an accounting of all local income received as well as all expenditures.

Recommendation

We recommend the District deposit all cash received into either an Activity Fund account or into the District's cash accounts. All money received and spent by the District should be accounted for.

Corrective Action Plan for Current Year Audit Finding Year Ending June 30, 2019

Corrective Action Plan

Finding No: 2019-001

Condition:

While select District management personnel fully understand the District's financial statements and related footnotes, they do not necessarily stay current with all new accounting pronouncements that could impact the District's financial statement reporting.

Plan:

Management believes it would not be cost beneficial for the District to hire another employee or service provider to prepare the District's financial statements or train current employees to be able to do so. Management believes it is in the best interests of the District to continue to retain the auditing firm to prepare its financial statements in conjunction with the year end audit.
