May 5, 2022 Snapshot

Project Opioid and the Fentanyl Crisis: Countywide task force facilitated by Sheriff Bill Brown to better understand the Fentanyl crisis and create actionable countywide goals to reduce use and increase safety. I attended this meeting on April 20, and then invited Sheriff Brown and John Doyel from Santa Barbara County Behavioral Wellness to the Superintendents’ Council meeting on May 2.

Local Control and Accountability Plan (LCAP) support: SBCEO meetings with each individual district on a regular basis to help them through the new requirements and to support planning.

Differentiated Assistance (CA’s System of Support, provided by county offices of education): Our Curriculum and Instruction (C&I) team is providing customized and differentiated support for six districts. C&I and the districts’ leadership teams are engaging in processes of analyzing and triangulating data, which will help inform their plans for improvement. The six districts, Carpinteria Unified, Lompoc Unified, Orcutt Union, Santa Barbara Unified, Santa Maria Joint Union High, and Santa Maria-Bonita, were identified based upon the 2019 Dashboard results.

Universal Pre-Kindergarten: SBCEO is currently writing for a competitive 3-year grant: The Early Education Teacher Development (EETD) Grant, to include almost all LEAs in the county who will be serving four-year-olds and TK/K. The EETD Grant Program provides funding on a competitive basis to LEAs to identify, recruit, and retain a robust early education workforce, as well as increase specific competencies for their workforce.

California Apprenticeship Initiative (CAI) grant: Our Early Care and Education and Career Technical Education departments are finalizing the California Apprenticeship Initiative (CAI) grant for submission on Friday, April 29. The proposed Early Childhood Educator apprenticeship program addresses the increased regional need for highly skilled early childhood educators. The program will couple on-the-job training with online coursework provided by Cerro Coso Community College to enable apprentices to earn early education teacher permits.

SBCEO Credential Programs: Finalizing the meetings, activities, and review of inquiry cycle submissions for 1st and 2nd year Teacher Induction Program teachers and 1st and 2nd year Clear Administrative Services Credential administrators in order to submit their
recommendations to the Commission on Teacher Credentialing (CTC) for advancement and clear credentials. Recruiting for Preliminary Administrative Services Credential program – applications are due June 1 for admission to the next cohort.

**Student Behavioral Health Incentive Program (SBHIP):** In partnership with CenCal Health, we identified six districts to participate in SBHIP. SBHIP is a program that originated from State law (AB 133, Welfare & Institutions Code Section 5961.3) and is intended to address behavioral health access barriers for Medi-Cal students through targeted interventions that increase access to preventive, early intervention, and behavioral health services by school-affiliated behavioral health providers for TK-12 children in public schools. This program began January 1, 2022 and ends December 31, 2024.

**SBCEO Extended School Year (ESY):** ESY is an Individualized Education Plan service for students in the preschool Special Day Class, Transitional Kindergarten-12 Special Day Classes and some students in the Direct Service districts and itinerant programs. ESY is a partial day, 4-week program, and the start and end dates align with the district site(s) at which the program is located, starting in early to mid-June. This program is not part of the regular school year, and so there is a separate recruitment and hiring process for the ESY programs.

**SBCEO Education Celebration, May 26, 2022 in Buellton:** Our team is finalizing the selections for Teacher of the Year, Performing Arts Teacher of the Year, Crystal Apple winners, Cirone Heart of Education Award, and Marvin Melvin CTE awardees; also processing Distinguished New Educator and Distinguished Mentor awards and finalizing all grants, including QAD innovation and technology grants.

**Math Superbowl:** In partnership with Montecito Union School, Cold Spring School and Peabody Charter School, we are co-hosting approximately 400 4th, 5th and 6th graders competing outdoors at Earl Warren Showgrounds on the morning of May 31 in a combination of individual and team problem solving competitions. Parents are invited to watch the team engineering challenge during score tabulation prior to the awards ceremony.

**Children’s Creative Project:** Children's Creative Project will present the 36th annual I Madonnari Festival, in person at the Santa Barbara Mission over Memorial Day weekend, May 28-30. During the event, over 100 local and visiting artists transform the pavement in front of the mission steps into beautiful street paintings sponsored by local businesses. All proceeds support Children’s Creative Project’s arts education programming.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

JCCS Administration meets regularly with the JCCS Leadership Team which is comprised of the lead teacher from each of the three school sites, a Special Education Teacher, a Teaching Assistant, the Student Data Advisor, the Special Education Coordinator, and the Testing Coordinator. This team reviews progress on the SPSA and makes recommendations. In addition, the JCCS Parent Student Advisory Committee (PSAC) meets quarterly to provide input and guidance.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school’s goals. Duplicate the table as needed.

Goal 1

English Learners who test with JCCS for two consecutive ELPAC administration cycles will demonstrate annual progress in English.

Basis for this Goal

English Learners are a recognized subgroup in California as having specific needs that require additional support. JCCS has a higher than average EL population with 36.3% of our student population identified as English Language learners.

Addendum

The Single Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.
Appendix A: Plan Requirements for Schools Funded Through the ConApp

**Basic Plan Requirements**

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).

2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).

3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).

4. An identification of the schools’ means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).

5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).

6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).

7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.

8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).

9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).
Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
   a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
   b. use effective methods and instructional strategies based on scientifically based research that
      i. strengthen the core academic program in the school;
      ii. provide an enriched and accelerated curriculum;
      iii. increase the amount and quality of learning time;
      iv. include strategies for meeting the educational needs of historically underserved populations;
      v. help provide an enriched and accelerated curriculum; and
      vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
   c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
      i. strategies to improve students' skills outside the academic subject areas;
      ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
      iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
      iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
      v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.

2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).

3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
   a. strategies to attract highly qualified teachers;
   b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
c. the devotion of sufficient resources to effectively carry out professional development activities; and

d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.

4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).

5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to

   a. Ensure that those students' difficulties are identified on a timely basis; and

   b. Provide sufficient information on which to base effective assistance to those students.

6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.

7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
