Overview of the Comprehensive School Safety Plan

February 4, 2021

The SBCEO is fully committed to providing a school environment where students and staff learn and work free from crime and violence, intimidation, threats, harassment and fear; the elimination of these negative factors provides the most favorable conditions in which to learn.

Background and Purpose of Education Code 32280

It is the intent of the Legislature that all California public schools, with kindergarten to 12 grades, inclusive, operated by school districts, in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, and other persons who may be interested in the prevention of campus crime and violence, develop a comprehensive school safety plan that addresses the safety concerns identified through a systematic planning process. For the purposes of this section, law enforcement agencies include local police departments, county sheriffs' offices, school district police or security departments, probation departments, and district attorneys' offices. For purposes of this section, a "safety plan" means a plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus.

In creating the Santa Barbara County Education Office (SBCEO) Comprehensive Safe School Plan, the SBCEO Juvenile Court, Community Schools and Special Education Divisions believe that students cannot benefit fully from an educational program unless they attend school regularly in an environment that is free from physical and psychological harm. Furthermore, the SBCEO believes that the leadership in providing safe schools, establishing behavior standards, and improving student attendance must come primarily from each District, local school sites, site level administrators and staff. The leadership for the plan should be continuous in order to support comprehensive efforts at each school in order to assist students in becoming self directed and responsible for their own behavior. The SBCEO believes that there is substantial benefit our students can derive from regular attendance in a safe and orderly school environment, and securing this assurance justifies our high priority and commitment of personnel and fiscal resources toward this endeavor.

Accordingly, with Education Code 32282 the SBCEO Comprehensive School Safety Plan will provide school programs a positive learning environment through the implementation of:

- Appropriate rules, regulations, and discipline policies that are well publicized, consistently enforced, and nondiscriminatory, and that take into consideration the due process all students are entitled to receive.
- Appropriate professional development that emphasizes the importance of treating students, parents/guardians, and coworkers respectfully.
- Appropriate professional development activities that include safe school strategies, current laws affecting school safety, and crisis response.
- Effective counseling and guidance services that include personal counseling, peer programs and educational counseling.
- The Annual Notification to Students and Parents/Guardians that explain codes of conduct, including information on such topics as student rights and responsibilities, unacceptable behavior, and procedures for due process and appeals.
- Plans for dealing with potential disruptive conflict situations, including procedures for referrals to law enforcement agencies for serious offenses.
Programs and strategies that develop a student's sense of family and school connectedness, self-esteem, personal and social responsibility, character, and ability to resolve conflict in a positive, constructive way.

A system of referrals to appropriate agencies for services that students and families need and that schools are unable to provide.

The SBCEO Comprehensive School Safety Plan incorporates the following Key Elements (EC 32280):

- Assessing the Status of School Crime
- Students’ Safety, Rights, and Responsibilities
  - Student Code of Conduct and Discipline Policy (EC 35291 and 35291.5)
  - Policies pursuant to EC 48915 and other school-designated serious acts which would lead to suspension, expulsion or mandatory expulsion recommendations
  - Child Abuse report consistent with Penal Code 11164
- Staff Safety
  - Procedures for notifying teachers and counselors of dangerous students pursuant to EC 49079
  - Protocols for safe provision of service in the community
  - Sexual Harassment, Discrimination and Harassment, and Bullying Prevention (EC 32261(d) and 48900(r))
  - SBCEO policies for prevention and response to sexual harassment, discrimination and harassment, and bullying (including cyberbullying)
- Internet Safety and Digital Citizenship
- Crisis Preparedness, Intervention and Response
  - Procedures for safe entrance and exit of students, parents/guardians, and employees to and from the school
  - Disaster preparedness
    - Evacuation plans and drills
    - Campus lockdown plans and drills
    - Communication protocols for staff, students, and parents/guardians
- Suicide Prevention and Response
- Community Partnerships including Law Enforcement, Juvenile Probation, Santa Barbara County Department of Behavioral Wellness, Child Welfare Services, and Community Volunteers
- Site Specific Resources and Plans
  - School site drill dates and emergency management teams
  - Support for evaluating and accommodating site plans for individual, classroom, or program needs
  - Bullying reporting form is posted on the SBCEO website and a bullying poster outlining reporting instructions is displayed in all classrooms

Accordingly, with Assembly Bill (AB) 1432 (Chapter 797/2014) the Santa Barbara County Education Office, Juvenile Court, Community Schools and Special Education divisions will:
- Annually train all SBCEO mandated reporters of suspected child abuse on mandated reporting functions and responsibilities within the required timelines for both existing and new employees.

About the Sing! Program

The Music Academy of the West’s innovative Sing! Program is a free, after-school choral initiative open to elementary students in Santa Barbara County. Created in partnership with the Santa Barbara County Education Office, the Music Academy of the West offers this program at absolutely no cost to students, families or schools.

Under the direction of three talented choral directors, students:
• Discover and develop their ability to imagine and express themselves through music.
• Gain confidence in using their voice to communicate ideas and emotions.
• Work together to create something larger than themselves.
• Learn about people and cultures from around the world through singing.
• Foster a lifelong love for listening to and making music.

Now in its 3rd year, the program pivoted from 6 original in-person sites to a fully virtual program for learning, rehearsals, and performances last March. The 90 students currently enrolled in the program represent 27 different elementary schools throughout Santa Barbara County. Currently, the Academy is engaged in strategic planning to expand throughout the county over the next three years. Performance opportunities include concerts and collaborations with the Music Academy family of artists, and future appearances with the London Symphony Orchestra.
