WADSWORTH CITY BOARD OF EDUCATION
Regular Meeting
August 11, 2014
Agenda Detail Sheet

VI. Administrative Discussion Items, Presentations, and Updates

D. GDP Results: At the May 12, 2014 Board of Education meeting, the traffic engineering services agreement between the GDP Group, the City of Wadsworth and the Wadsworth City School District was approved. The agreement called for a study of the feasibility of different safety options at the following intersections as part of our analysis of student safety on their way to and from school:

- Broad Street/High School Drive
- College Street/West Street
- Lyman Street/Broad Street
- Prospect Street/High Street

We recently received the final report from the GDP Group and met with a GDP representative and City officials to discuss it. The following was decided at our meeting:

1. The City will be installing the all-pedestrian phase at the following intersections:
 - Broad Street/High School Drive
 - College Street/West Street
 - Hartman Road/Broad Street (part of a previous GDP study; time frame to be determined)As a result, we decided that we will not need to provide a crossing guard at these intersections.
2. The City plans to do reconstruction at the intersection of Broad St./Lyman St. There are some loose ends the city needs to resolve before the work can be completed. We decided a crossing guard at this intersection will not work right now.
3. We will continue to provide a crossing guard at High St./Prospect St.

We will continue to monitor each of these intersections and how the changes noted above impact the safety of our students. I would like to thank the City of Wadsworth for continuing to partner with us in this effort.

B. Action Consent Items

3. Comprehensive School Counseling Program: The Comprehensive School Counseling Program being recommended was the focus of a presentation by Mrs. Paula Canterbury at the July 14, 2014 Board of Education meeting. The program is aligned with national counseling standards and was put together by our guidance counselors. The counselor evaluation component of the program is not being recommended for approval at this time as it is part of our on-going negotiation process with the Wadsworth Education Association (WEA).

4. First Reading of Revised Policy 7510: Use of District Facilities: The revisions to Policy 7510: Use of District Facilities being recommended for a first reading were discussed earlier in the meeting under discussion items and are the result of discussion at the July 14, 2014 Board meeting.

5. Our district saves in excess of the \$400.00 membership cost each year.

6. Memorandum of Understanding (MOU) with the Medina City School District: The MOU being recommended for approval details the terms and conditions of the work that the Medina City School District does on our behalf for students who are placed in the Medina County Juvenile Detention Center. The Medina City School District has assumed responsibility for providing educational services to all students placed in the Medina County Juvenile Detention Center.

8. Amendment to the Medina County Educational Service Center Agreement: the amendment to the Medina County Educational Service Center Agreement being recommended allows for students in our district to receive orientation and mobility services, when required. Previously, we have contracted with another third party provider for these services.

11. The Secretary to the Superintendent job description is being revised and recommended for approval. It contains a more accurate description of the job duties.

I would like to thank the Summa Health System for their continued partnership with our district.

13.
