

Flying to New Heights!
Rey of Hope Gala News - February 11, 2022
Volume 2 Issue 5

The Rey of Hope Gala 2022 was an evening of celebration for the founding class of students who are set to graduate college in 2022, our Founding Corporate Work Study Partners, and the many people who support this school unconditionally. The evening highlighted the many students, companies, and individuals who took a leap of faith to launch this remarkable school in 2014. The heartfelt remarks from Breanna Moss, the very first Cristo Rey Atlanta alumnus ever to graduate college this past December, was the highlight of the evening.

As a community, we have much to be thankful for, so having 450 individuals who were essential to the success of the school come together for one magical evening was certainly an event to remember!

With sincere gratitude,
Camille Naughton
President

It was a magical night at the Delta Flight Museum!

To and Through

The mission at Cristo Rey Atlanta is not only to prepare students to graduate from high school but to support them "to and through" their college careers. The College Counseling team's Alumni Persistence Coaches travel the country from coast to coast to visit and check on all alumni on their college campuses. Alumni are supported in their times of need and in their times of success.

The Paddle Raise at the Rey of Hope Gala specifically raised funds to support this critical endeavor of assisting Cristo Rey Atlanta alumni in college. Over \$150,000 was raised to support the College Persistence efforts to help alumni persist in their dreams of a college degree. We are proud of our alumni and their journeys to success. Help us support them so they can "fly to new heights"!
