21. Recommendation to approve the Managing Advancement Programs (MAP) Partner Agreement between College Now Greater Cleveland and the Wadsworth City School District Board of Education

Agenda Addendum Detail

B. ACTION CONSENT ITEMS

18. **Northeast Ohio Lacrosse Association Assignment Agreement:** The 2020 Northeast Ohio Lacrosse Officials Association Assignment Agreement being recommended for approval details the assignment of officials for the 2020 lacrosse season and the game fees.
20. **Advertising of Bids:** The recommendation to approve the advertising of bids for the parking lot/sidewalk work at 274 Grandview Avenue and Art Wright Stadium is necessary to begin the bid process for the said work. The Wadsworth City School District Board of Education originally approved the advertising of bids for this project at their May 13, 2019 meeting. After a review of the bids received, the Board of Education rejected all bids, due to pricing, at their special meeting on July 29, 2019. Since this time, changes have been made to the work that needs to be completed, and the next step is to advertise for bids. The goal is to complete the project this spring.
21. **Managing Partner Programs (MAP) Partner Agreement:** The Managing Advancement Programs (MAP) Partner Agreement between College Now Greater Cleveland and the Wadsworth City School District Board of Education being recommended for approval will allow our high school students to utilize the services of the Managing Advancement Programs, a searchable database of available postsecondary training opportunities that lead to living wage employment, through College Now Greater Cleveland Inc.

2020 Northeast Ohio Lacrosse Officials Association Assignment Agreement.

Brad Musgrave

as a representative of

Wadsworth HS

(Institution or Team Association)

Enters into an agreement with the Northeast Ohio Lacrosse Officials Association (NOLOA) to provide officials for the 2020 season. Unless a separate written agreement is supplied to both parties, the terms and conditions of this agreement between NOLOA and the contracting entity are listed below:

1. The schedules for each team of each high school or high school level association are to be uploaded into Arbitersports no later than February 8.
2. The schedules will be verified by NOLOA by February 20 for high school
3. Changes to the games after March 1 are only to be conducted by the NOLOA after being informed and accepted by NOLOA. Games may be added after this date as long as there are officials available.
4. The game fees for ~~2019~~ ^{2020 1/8/20} are: Varsity (12 minutes stop time quarters) - **\$70.00**. JV and 9th – (up to 10 minute stop time quarters) - **\$55.00**. 7th/8th grade games **\$50.00**.
5. **Assigning fee for each school/program will be \$150.00. This fee is due no later than February, 1 2020**
6. Any game cancellation must be performed at a minimum of 90 minutes prior to game start, recommended to be 24 hours and BOTH NOLOA and the officials must be notified both by email and by phone. Failure to supply this minimum notification will result in each uninformed official the full game fee.
7. NOLOA agrees to supply minimum two and recommended three officials to all varsity games and two officials for all other contests save the bantam level games which will use one official. In those events where a varsity game is assigned only two officials, this will be due to a crisis concerning availability of certified officials. Three officials may be assigned to non-varsity games at the institutions request only if there are an adequate number of officials available.

Managing Advancement Programs (MAP) Partner Agreement
Between College Now Greater Cleveland and Wadsworth City Schools Bd. of Education
(Insert name of organization)

College Now Greater Cleveland Inc., a 501(c)(3) organization, currently located in Cleveland, Ohio (hereinafter "College Now") has created the MAP (Managing Advancement Programs), a searchable database of available postsecondary training opportunities that lead to living wage employment, especially in high demand employment sectors, in Northeast Ohio (Cuyahoga, Lake, Lorain, Medina and Summit Counties). College Now will maintain the use of and the data within MAP and allow local agencies (both direct service providers and/or training providers) to use it, provided those agency employees are trained by College Now to use MAP effectively.

Direct service providers can utilize MAP to assist high school, college and adult students in pursuing postsecondary educational pathways that lead to living wage occupations. MAP will facilitate better advising for student or clients about occupations within high demand industries, and the corresponding training and education necessary to achieve those occupations.

Training providers will find MAP useful as a tool to better publicize the availability of their programs that lead to in-demand occupations. Training providers may apply for a MAP user account in order to monitor the information in MAP and must provide timely updates of their program details to College Now at least every six months.

Currently, only training and education programs that lead to in-demand occupations in the information technology, healthcare and manufacturing sectors appear in MAP. The intention is to continue to find and include all available programs in the five-county area in those three sectors, then add programs that lead to in-demand occupations in more industries.

College Now is not responsible for the accuracy of the data in MAP.

My Organization Wadsworth City Schools Bd. of Education ~~covenants and agrees to indemnify, defend, and hold harmless College Now, (and its directors, officers and employees) and hold it (and such directors, officers and employees) harmless from and against any and all loss, liability (whether real or asserted) claims, demands, damages, expenses, costs (including legal fees), and causes of action of any nature incurred by College Now arising out of or in connection with this Partner Agreement and/or with the administration of its duties hereunder, including but not limited to, reasonable attorneys' fees and other costs and expenses of defending or preparing to defend against any claim of liability unless and except to the extent such loss, liability, damage, cost~~

1/2/20
MB

~~and expense shall be caused by College Now's gross negligence, bad faith or willful misconduct. This indemnification obligation shall survive the term of this Partner Agreement.~~

1/2/20
NO

My Organization, the Wadsworth City Schools, would like access to the MAP database for the following purpose(s) (please check all that apply):

☒ As a direct service provider to clients or students.

☐ As a training provider whose training or education program(s) will appear in the MAP database.

As a MAP direct service or training provider partner, my Organization will:

- Affirm that our organizational goals align with the MAP project's goal of increasing the number of adults and students enrolling in and completing postsecondary training and education that lead to family sustaining or living wage positions in high-demand industries.
- Arrange for any of our staff that will use MAP to receive a two-hour MAP database training provided by College Now.
- Track and report biannually the number of clients or students using MAP.
- Notify College Now of any incorrect data, training program updates, technology issues and/or recommendations for improvement, as these are discovered in using MAP.
- Remain informed about the MAP project so that our Organization can provide current, accurate MAP information and promote MAP accordingly among our clients and partner networks.
- Attend an annual MAP partner meeting hosted by College Now.

College Now will provide the following at no cost to all partner organizations, including

(organization name) the Wadsworth City Schools:

- Unlimited use of the MAP database for your Organization's trained staff.
- Training to your staff, including new staff that are added after the initial training.
- Technical support for MAP database users.
- Quarterly updates of the training and education program data.
- A portal to provide regular recommendations for improvement and/or data corrections.
- The opportunity to be actively involved in an important collective movement that is working to significantly increase postsecondary education and job preparedness in our region.

Please complete the following fields to activate the MAP partnership. List the contact below who will coordinate the training schedule.
