

Getting Started with ParentVUE

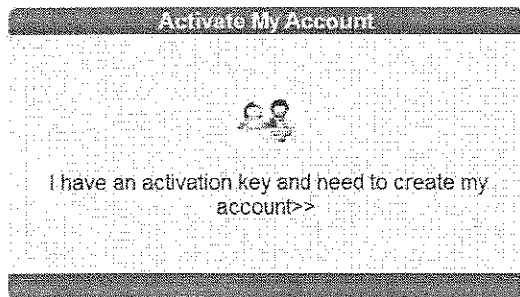

ParentVUE is a website that allows parents to view their children's current and historical information, including daily attendance, grades, report cards, test scores, discipline, graduation status, preparation for college and more. It is also a one-stop location for links to other parent services including School Loop and MySchoolBucks (School meal accounts).

With one simple activation, parents can view information on all of their children, from elementary to high school. Parents can also update emergency card information electronically.

To create an account, you will need the ParentVue activation key for your child. The activation key is located on the Emergency Card form that was sent home with your child at the beginning of the school year. You may also visit your child's school for an activation key letter.
