Preschool

The preschoolers have been working on their PBIS skills. Below are great examples of the students being kind while playing with their friends, sharing, taking turns, and being a friend.

The preschools have been working on their fine motor skills throughout the year in notebooks, at small groups, and at centers while also working on their math and literacy skills during centers and large group activities.

St. Patrick's Day activities were the highlight of the week of March 13 - 17. The preschoolers enjoyed making leprechaun traps with their families and brought the traps in to show their classmates. The preschoolers also enjoyed a variety of activities including: bingo, making various crafts, science experiments, and wearing green.

Franklin Elementary

Franklin Elementary has been busy over the last month! First Grade students had a visit from Delphos Police Department. Officer Hayson, Officer Evans and K9 Kratos taught them about police dogs.

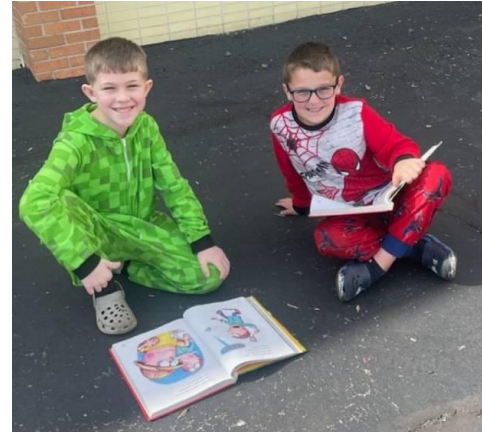

Franklin wrapped up the Shirley's Popcorn Fundraiser with an afternoon filled with a movie and popcorn for those students who earned it. 3 top sellers and 2 lucky students were drawn to receive additional prizes!

Students celebrated Right to Read week February 27 through March 3. Along with fun dress up days, many

classrooms participated in fun reading activities.

Kindergarten classrooms hosted a Career day. Students spent the week discussing community helpers. They ended the week with a dress-up day and presenting their chosen career with the rest of the class. Parents were also invited in to share their chosen profession with the class. The students loved learning about all the different community helpers.
