Members were asked to generate ideas for spending funds for next year by doing some research. Suggestions were made to gather ideas by looking at other school's Land Trust plans or the district's Assessment Department website. Members can also review some of the categories listed under Visible Learning by John Hattie to support growth affect size.

It was suggested that the council investigate what is needed for teachers to acquire their reading endorsement once LETRS training is completed to see if funding for the 2023-2024 year could help with any associated costs in providing classes.

We need at least three goals for 2023-2024: Math, Reading, and SEL goals are typical. Goals for next school year are due by the end of March.

- V. School Safety and Digital Citizenship Report [video](#)
Discussion on this topic will be on the agenda next month.
- VI. Input on Positive Behavior's Plan – It was suggested that some additional reinforcement of the Bear Cub Behaviors Matrix that already exists might be needed among the new to West Bountiful staff.
- VII. Questions or other – PTA volunteers are needed to help support and run the fun activities. Community members were asked to invite neighbors to become involved in PTA.

Next meeting will be held February 7, 2023 at 4:00 p.m.
