1.1 Family and Stakeholder Engagement

The SWP/SIP should be developed with the involvement of parents and other members of the community to be served, as well as individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals, and, if appropriate, specialized instructional support personnel, and school staff. If the plan relates to a secondary school, students may be included and other individuals determined by the school.

The SWP/SIP shall be available to the district, parents, and the public, and information contained in the plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.

Each school are required to meet ESSA requirements, including the development and implementation of a parent and family engagement policy that includes a school-parent compact outlining shared responsibility for high student academic achievement.

Describe how the school prepared a diverse group of families/parent leaders (including parents of English Learners and student with disabilities) to provide input on the development and evaluation of the schoolwide plan by offering or connecting families/parents to training on analyzing data or curriculum and assessments:

Design

- Parents are able to give input, express concerns and thoughts regarding the SWP at meetings, activities, and events. (Dec./March/May)
- Tickets out the door will be utilized at meetings, activities, and events to identify strengths and weaknesses of the event to be addressed by the school leadership team.
- All parents will be invited and encouraged to participate in the annual Surveys. (Dec.)
- Results from the Needs Assessment Surveys will be utilized to address the strengths and weaknesses of the school. (May)
- Parents and/or community members will be involved in the design of the SWP.(Dec./March/May)

Provide examples of changes made to the schoolwide plan based on input from families/parents:

Implementation

- Parents assist in the implementation of the plan through attendance of PTO meetings, helping with planning events, and working at the events.
- Monthly Newsletters are sent home to educate parents on how to help their students reach target school-wide goals.
- School websites and broadcasts are also used to educate parents of school-wide meetings, events, and activities.
- Virtual formats/platforms

Describe how parents and community stakeholders are included as decision makers in a broad spectrum of school decisions:

Evaluation

- Parents complete the Needs Assessment Survey. A parent letter will be sent home at the end of the year regarding parent feedback of programs including in the SWP.
- Ticket out the Door and surveys will provide feedback from stakeholders.
- The results of the SWP will be presented at the 2020-2021 Open House for parents and students.
- Parents will be presented with the evaluation results as well as the school data information in May as it relates to our school's academic performance.

Describe how the school communicates information to parents regarding the strategies and activities in the SWP, curriculum, assessments, student progress, etc.:

- The SWP will be available to parents and the community for viewing during monthly PTO Meetings and Parent and Family Engagement Activities.
- Weekly reminders will be sent home to parents advising them of curriculum skills being taught to their child. Monthly newsletters are sent from our staff and PTA to help inform parents of curriculum and school activities. Events are planned throughout the year where the staff share curriculum updates with parents. (Calls on messenger, Dojo, Parent Handbook, & Monthly Calendar)

Translation Services:

Schools should ensure that all staff communicate with LEP families in a language they can understand and notify LEP families of any program, service, or activity communicated to English-speaking families, to the extent practicable.

(Title VI of the Civil Rights Act of 1964)

Parents in need of translation services to discuss student progress, assessment results, student concerns, etc. will contact the school and a conference with a translator arranged.

Parents in need of translation services to discuss student progress, assessment results, student concerns, etc. will contact the school and a conference will be arranged with a translator

Describe specific evidenced based strategies/activities to assist parents and families by offering or connecting families/parents to training on analyzing data or curriculum and assessments. For example, include activities that provide information on state academic standards, state and local assessments, and how to monitor a child's progress. Also, describe activities that provide materials and training to help parents work with their children to improve academic achievement.

1.2 COMPREHENSIVE NEEDS ASSESSMENT

To ensure the schoolwide plan best serves the needs of all students, especially high need students who are failing, or are at-risk of failing, the school must conduct a comprehensive needs assessment. The results of data analysis must guide strategies to improve academic performance and close achievement gaps.

- Provide outcomes of the school’s comprehensive needs assessment, as well as a description of the data sources used in the process. Finding should include detailed analysis of all student subgroups; an examination of student, teacher, school, and community strengths and needs; a summary of priorities that will be addressed in the schoolwide plan.
and
- Use the Comprehensive Needs Assessment to develop a comprehensive plan for the entire school. Take into account information on the academic achievement of children in relation to the challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the school and District.

NARRATIVE SUMMARY OF COMPREHENSIVE NEEDS ASSESSMENT FINDINGS

Summarize the results and conclusions from the comprehensive needs assessment, including the school-level results for applicable data points listed under critical goals in Believe to Achieve: Educational Priorities, e.g. percentage of students on or above grade level in literacy by subgroup.

Narrative Summary from Comprehensive Needs Assessment:

Lucille Nesom Memorial School is a community school with 78% Economically Disadvantaged students. Lucille Nesom Memorial School has an SPS score of 51.6 and Comprehensive Intervention is required. The SPS subgroup score is 45.5 but notably student progress is 80.5. Students in grades pre-kindergarten to 2nd grade are scoring somewhat better on benchmark assessments compared to students in grades 3rd to 6th on LEAP 2025 assessments. LEAP 2025 Mastery or Advance scores in ELA and Math are holding steady at 11% and 4%, and improvement in these areas is essential. Additionally, the science and social studies LADOE Curriculum Implementation Scale scores were 0-1. The correlation between LEAP scores and the Implementation scores are noteworthy. A focus on bridging the gaps between proficiency in core subject areas from the primary grades to the LEAP grades is a critical next step toward academic improvement. PBIS Data and survey results indicate a positive learning environment. Strengths include 92% of students with zero out of school suspension and 93% of students responding that student assessments results are used to focus and improve instructional programs. Increasing parent family involvement at Lucille Nesom Memorial School is a priority, as 55% of families responded that school activities offered match his/her interest.

PRIORITIES IDENTIFIED IN THE COMPREHENSIVE NEEDS ASSESSMENT RESULTS

- Decrease behavior incidents within the classroom.
- Increase effective implementation of core curriculum in all subjects.
- Increase the percentage of students scoring Mastery in ELA, Math, Science, and Social Studies.
- Increase the effectiveness of academic interventions to increase student achievement.
- Increase the favorable responses of implementation of discipline.

1.3 STRATEGIES FOR IMPROVEMENT

Provide a description of schoolwide strategies that the school is implementing to:

1. Use methods and instructional strategies that strengthen the academic program in the school
2. Increase the amount and quality of learning time
3. Help provide an enriched and accelerated curriculum, which may include programs, activities and courses necessary to provide a well-rounded education
4. Include interventions and strategies to increase student achievement in underperforming subgroups.

Be sure to address all four strategies and identify the Believe to Achieve: Educational Priorities the school will target.

BELIEVE TO ACHIEVE: EDUCATIONAL PRIORITIES

A school implementing a schoolwide model should align schoolwide plan strategies to Believe to Achieve: Educational Priorities, analyzing school-level data in comparison to state-level data to drive the process and track performance. The educational priorities include the following:

1. Ensure every student is on track to a professional career, college degree, or service.
2. Remove barriers and create equitable, inclusive learning experiences for all children.
3. Provide the highest quality teaching and learning environment
4. Develop and retain a diverse, highly effective educator workforce.
5. Cultivate high-impact systems, structures, and partnerships

4. Regular Monitoring and SWP Revision

- *The SWP remains in effect for the duration of the school year. The plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging state academic standards.*
- *The school will annually evaluate the implementation of, and results achieved by, the schoolwide program using data from the state's annual assessments and other indicators of academic achievement to determine whether the plan has been effective in increasing achievement of students in meeting the state's academic standards, particularly for those students who had been furthest from achieving the standards. The school will revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.*

Describe how and when the SWP is monitored during the school year using multiple types of data including diagnostic, interim, and summative assessment, in order to evaluate instructional practices, determine patterns of student achievement, and make necessary adjustments to increase student learning across grade levels, content areas, claims/subclaims, and subgroups:

During the year teachers and administrators can analyze data through:

- DATA: weekly, monthly, semester, and yearly
- SLTs provide diagnostic pre and post test results
- Progress Monitoring-data is collected and charted
- OnCourse Reports-behavior and academic grades are monitored
- Teacher Assessments are created and aligned with standardized test formats
- SWP committee meets quarterly to monitor the plan
- Diagnostic, Interims, and Summative Assessment data
- Leap 360 data is used to determine student readiness for instruction
- Weekly Common Assessments are reviewed during weekly data chats and RTI is adjusted accordingly
- Teachers will use Tier I curriculum and provide remediation and intervention for close the achievement gasps
- Discipline, PBIS, and attendance reports
- Professional Development documentation

Describe how and when the SWP Committee will meet and discuss school programs implemented, as outlined in the SWP, to determine effectiveness and to assist in planning for the upcoming school year:

- The committee meets quarterly or as needed to plan and discuss the impact of the school programs and PFE events as outlined in the SWP to determine the effectiveness or if revisions are needed.
- Leadership Meetings and weekly collaboration meetings
- May and July to determine whether or not the goals have been met and to assist in the design of new goals or priorities for next year.

Describe how and when the evaluation results of the SWP are reported to the school's stakeholders (faculty, staff, parents/families, and community members):

- Open House

- Faculty Meetings
- Literacy Night
- Eureka Math Night
