There will not be a scheduled club time. Sponsors are to have their organizations meet before or after school. Meetings before school must end at 8:10 am. Meetings after school may not begin until 4:00 pm on tutoring days. According to Georgia Law, Code Section 20-02-0705, a parent or legal guardian may decline permission for his or her child to participate in a club or organization. If a parent wishes to exercise this right they must make this known to the administration at Jefferson High School in writing.

In order to establish a new club at Jefferson High School, these conditions must be met:

1. There must be a way to become affiliated with a national sponsor. Those steps must be provided to the administration.
1. Clubs must have a faculty sponsor/advisor at Jefferson High School.
2. An application must be submitted to the principal for approval (see Principal for application).
3. No club may be formed during the school year.
