Comprehensive School Safety Plan 2022-2023

Date the Safety Plan was approved: 9/19/2022

Education Code Section 35294 (SB 187)

“... all California public schools... in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, and other persons who may be interested in the prevention of campus crime and violence, develop a comprehensive school safety plan that addresses the safety concerns...”safety plan” means a plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus.”

Comprehensive School Safety Plan Section 35294.2 of the California Education Code

This law states that each school district and county office of education is responsible for the overall writing and development of comprehensive school safety plans for its schools operating K-12 grades.

Each plan must be developed and approved by the School Site Council. The School Site Council may delegate this responsibility to a school safety committee planning committee. Each year the school site council will consult with the fire department in the revision of the plan, and will share updates of the plan with law enforcement and the fire department.

A comprehensive school safety plan includes strategies and programs designed to maintain a high level of school safety. Plans should address procedures for:

- Disaster Response
- Safe ingress and egress to/from school
- Reporting child abuse
- Sexual harassment
- School discipline
- Provisions for school-wide dress code
- Policies related to suspension, expulsion or mandatory expulsion, etc.
- Procedures for notifying teachers about dangerous pupils

Plans must be updated by March 1st each year and taken to the Board for approval.

Assessment of the Current Status of School Crime

In the 2021-2022 school year at Hillside High School, we had no incidents regarding theft. We had the following number of Education Code violations: 15 related to drugs/paraphernalia, 7 related to obscenity/vulgarity, 6 violations of truancy, 3 for physical injury, and 3 for disruption. We have been successful using conflict resolution with our students before situations escalate.

Appropriate Programs and Strategies that Provide School Safety

Hillside High School employs one proctor who roams the grounds during the day to monitor students. We are a closed campus which uses one entry and one exit gate located at the front of the school. Hillside HS has a working surveillance system with 18 cameras housed throughout the campus. These cameras are used to monitor student activity and investigate incidents on campus. We use an intercom system as well as handheld radios to communicate with staff, students and faculty. In addition, we have the capability to communicate with parents and inform them of arising issues via personal phone calls, Parentsquare communication and/or school wide email.

The Hillside staff makes themselves readily available at all times to the student body, who are greeted by their teachers as they enter the classroom. Through being visible students have developed a relationship with us and report concerns when they arise. 95% of Hillside students feel very safe at school. Besides the staff at HHS, we are lucky to have an SRO (Officer Teague) and Probation Officer (Officer Elhajmoussa) who appear frequently on our campus as needed.

UUSD has implemented an Attendance matrix that is followed across the district to improve our overall attendance. Currently, we contact parents daily to inform them of attendance issues. We hold Pre-SART meetings on campus with parents, student, Principal, Counselor, Support Services Staff, and a Probation Officer. This is our attempt to get them back on track and explain the importance of coming to school and how it affects their education. At the Pre-SART meeting, parents and students sign a contract and are responsible to adhere to its guidelines. If they violate this contract they are referred to SARB at the Upland Unified School District Office.

Component 1: Narrative on School Climate

School Profile – Area of Pride and Strength

The district's commitment to Hillside is apparent. Four years ago the superintendent approved the refurbishing of all buildings exterior along with repaving and the re-striping of our parking lot. Our field area was redone to allow us to practice and host sporting activities. The district also assisted with helping us create a farm and garden area which is completely maintained by students with the supervision of staff. There is continued support for our Construction Class which our students are building a Tiny House via the supervision of one of our teachers. Our quad is cared for by district personnel which looks park-like with grass, plants, and trees. There is a stage area in the quad that serves as a backdrop for outdoor assemblies. For the 18-19 school year, the district implemented a combined commencement ceremony that is the culmination of every academic year. Previous years the commencement ceremony was held at HHS and now we have one ceremony at the Toyota Center with UHS.

Curriculum and Educational Activities

The course of study includes the "a-g" core curriculum, Physical Education, and enrichment classes such as ROP, Art, Avid, Agriculture, Music, Spanish, Leadership, Construction, Careers, Health, and Computers. All of these classes have been added and embedded in our master schedule.

Students have the opportunity to participate in Associate Student Body, (ASB), and Intramural sports. We have formed a league in this area that supports competitive sports against other continuation schools.

The Hillside High School Staff awards students for academic and attendance achievements at the quarterly Student Recognition Awards.

The School's Social Environment

Leadership at Hillside High School is a shared process. A proactive role is assumed in all phases of the school operation. The current management team is committed to progressing Hillside High School toward excellence in the areas of academic and social behavior. The principal sets a positive tone for the site and carefully guides the staff to work closely with administration on curricular and safety issues.

Classroom Organization and Structure

Hillside High School teachers provide a varied learning environment in their classrooms. Teachers use a variety of 21st Century technology and Common Core instructional strategies that include but are not limited to: Projects, presentations, hands-on activities, portfolios, journals, creative writing, collaborative learning groups, art, displays and role-playing. The teachers at Hillside High School are highly qualified, with many teachers holding advanced degrees. The dedicated staff strives to provide quality "a-g" education for all students in a safe and orderly learning environment. Teachers work in Professional Learning Communities (PLCs) to enhance the experience of learning, and promote positive interactions among pupils and staff. Our classes are staffed at a school-wide ratio of no higher than 18:1. All staff focuses on maximizing "time on task" and "writing across the curriculum" while minimizing disruptions.

Every effort is made to free high traffic areas of congestion. Optimal classroom arrangements are implemented to help prevent aggressive student behavior. Seats are arranged so students can easily see instructional presentations and to reduce the opportunity for off-task behavior, as well as, provide the teacher with full view of the students. Teaching materials and student supplies are readily accessible to minimize student-waiting time.

Professional Development

Upland Unified School District believes that high quality, research-based professional development is essential to continuous improvement of teaching skills and concepts. The District provides or coordinates on-going training based on needs identified through student performance indicators, including results of the SBACC yearly exam, the California English Language Development Test, District benchmark assessments, and input from sites regarding specific needs. Professional development is aligned with the District Strategic Plan for Student Achievement and Board goals. Teachers, paraprofessionals and administrators participate in workshops, and conferences that allow them to grow professionally and provide opportunities for collegial sharing. Regular meetings of teacher leaders in literacy, mathematics, reading intervention and technology as well as follow-up coaching support full implementation of training. Additionally, each school provides time for teacher collaboration on student achievement data, curriculum development, and review of classroom-based performance measures.

Examples of workshops and coaching implemented as the result of analysis of student achievement include: Effective Teaching, Classroom Management, Curriculum Alignment and Mapping, Project GLAD, Project IMPACT, SIOP (Sheltered Instruction Observation Protocol), 21st Century Classroom Technology, Common Core State Standards, Modeling Academic Language and character education. Staff members participate in professional development in all-day workshops, after-school workshops and meetings, individual coaching/mentoring, and off-site conferences. The Induction Program provides support to new teachers. The Peer Assistance and Review Program is available to provide support to teachers in the areas of content knowledge and teaching strategies. Currently, the District calendar includes a minimum day each week to allow for on-going teacher dialogue and collaboration to meet student needs.

School Cultural Environment

Hillside High School was founded as a result of a city-wide election that separated Upland High School from the Chaffey Joint Union High School District and merged it with the K-8 Upland School District. The 9-12 population included about 75 Upland students who had been attending the Chaffey district's Valley View Continuation High School, so it was necessary to create a continuation high school for Upland. Hillside High school officially opened its doors in September of 1987 in a converted warehouse near Mountain Ave. and 9th street about a mile east of its current location. The location was temporary, so over the next five years the district staff and the Hillside staff collaborated with an architect to design a site that would preserve the proximity and personal involvement enjoyed by the staff and students in a centralized setting of the warehouse. Teachers found it easy to monitor and interact with the students and liked having a small campus where students could pass from one class to another in one minute. The small size maximized teaching time and minimized the opportunity for students to misbehave. Students who transfer from Upland High School to Hillside often note that they found the size of UHS (3,400 students and 44-acre campus) overwhelming and a factor that contributed to their lack of success there.

Discipline Policy and Code

Hillside High School has developed and consistently enforces school--wide rules that are clear, broad based, and fair. Our school-wide discipline policy includes a code of conduct and specific rules and consequences that accommodate student differences on a case-by-case basis when necessary. Discipline consequences are commensurate with the offense, applied in a non-discriminatory manner, and accommodate cultural diversity. Direct teaching, as well as, social problem solving and social decision-making is addressed in personal counseling.

Hillside High School uses both classroom and school-wide discipline codes that clearly communicate the positive behavioral expectancies for pupils on school grounds, as well as to and from school.

During the past three years, through consistent use of our established disciplinary policies and building rapport with students, we have been able to substantially reduce the number of fights occurring at Hillside High School. The partnership with Interquest, drug dogs, on our campus has reduced incidents involving drugs and alcohol. We will continue to educate our students in ways to avoid conflict and the use of controlled substances.

Safe Schools Assessment

A safe and orderly environment is one characteristic of an effective school. Hillside High School is committed to the safety of students, staff, and parents. The district office coordinates the development, annual review, and updating of the district-wide Comprehensive Safety Plan through a committee comprised of school representatives. Hillside aligns procedures and routines to fit our specific site needs. All staff members have copies and regularly review the site and district emergency manual and plan. Emergency procedures are posted throughout the campus and regular emergency drills are held. We regularly practice safety drills and work actively to prevent unsafe situations.

Gang Affiliation

Gang affiliation and gang activity will not be tolerated at Hillside High School. The staff at Hillside High School works closely with the District Resource Officer, Probation Officer, and local law enforcement regarding all issues and matters that are gang related. Information from the school and the community are communicated to the student's parents, if a pupil begins to make gang affiliations. Appropriate prevention and intervention strategies and programs are offered to the families through workshops, counseling and parent institutes.

Drug and Violence Prevention Programs

At the elementary level, the district uses several SEL curricula such as Inner Explorer, Second Step, and Sanford Harmony to promote the social emotional development, safety, and well-being of students. At the secondary level, students receive lessons on drug and alcohol prevention.

Parent/Guardian Involvement

At Hillside High School, we recognize that education is a team effort. Each parent/guardian is required to attend a comprehensive orientation in which all facets of the program are described along with opportunities for parental involvement in the school. We encourage and appreciate parental involvement through our various school events, School Site Council, and other site-based committees. Parents are invited to attend Report Card Night which is held twice a year, once during the Fall after the close of 1st quarter grades, and again during the Spring after the close of 3rd quarter grades. During this event, parents are able to meet with each of their student's teachers to discuss their academic progress. Parents are also able to check their student's academic progress and correspond with teachers through Parent Square and direct email to the teachers. Hillside uses letters and an automated phone system to inform parents regarding attendance, testing, and other school events. Administrators and counselors meet regularly with students and their parents to discuss attendance, academics, and behavior.

Upland Rotary Club partners with Hillside by offering an annual scholarship and youth leadership program.

Campus Supervisor and Administrative Positions

Hillside High School enhances physical safety by monitoring the surrounding school grounds-including landscaping, parking lots, and surrounding areas. Since students are often the most likely group to know in advance about potential school violence, they are a good source of information. When it comes to school safety, pupils are encouraged to report any information to an adult on campus. Effective relationships between the principal, counselor, and pupils help initiate appropriate investigations, help staff learn of suspects in school offenses, and help collect important knowledge about community conflicts that may have an impact on school safety.

Truancy

Hillside High School recognizes the importance of punctuality and regular attendance. The staff of Hillside High School keeps accurate records of attendance for all students. Administration works with students to build a schedule that best fits the needs of our students and allows them to have positive attendance. Parents of students with poor attendance are contacted and the student may lose a class if they have been awarded more than six. Students with poor attendance due to medical issues are referred to the school nurse and placed in Home Hospital or Independent Studies if necessary. Should attendance problems continue, official action is taken, which could result in a referral to the School Attendance Review Board. Students may ultimately be referred to the San Bernardino County District Attorney's Office with a request for Prosecution for the parent and/or the student.

Campus Disturbances and Crimes

Hillside High School is inspected daily by the school custodian, proctor and principal for any immediate concerns like graffiti, leaks, restroom problems, and HVAC. The Facilities department provides the School Site with a work order system for the school to report any maintenance problems. If the repair is urgent the school will email the Facilities Department and personnel will respond accordingly. If a repair cannot be completed by our personnel then an outside vendor is called in to repair. Currently no corrective actions are needed at Hillside High School.

Visitors and Disruptions to Educational Process

Hillside High School is aware of the laws, policies and procedures, which govern the conduct of visitors on campus. Hillside High School uses continuing efforts to minimize the number of campus entrance and exit points daily. Access to the school grounds is limited and supervised on a regular basis by individuals, such as the campus proctor; staff familiar with the student body. Campus traffic, both pedestrian and vehicular, flows through the areas that can be easily and naturally supervised. Delivery entrances used by vendors are also checked regularly. The campus has two gates one marked entrance and one marked exit which enclose the campus.

District employees, including those assigned to Hillside High School part-time shall wear appropriate identification badges while on campus conducting business. All visitors to the campus must register immediately upon entering any school building or grounds when school is in session. Hillside High School has established a visible means of identification for visitors while on campus. Furthermore, the principal or designee may direct an individual to leave school grounds if he/she has a reasonable basis for concluding that the person is committing an act that is likely to interfere with the peaceful conduct of school activities or that the person has entered the campus with the purpose of committing such an act. The District is immediately contacted for individuals engaging in threatening conduct, including disturbing the peace.

Component 2: Physical Environment

Introduction

Hillside High School is an orderly and purposeful place where students and staff are free to learn and teach without the threat of physical and psychological harm. Hillside High School is a unique school in that we serve eleventh and twelfth grade students who have fallen behind in credits. It is our goal to help students re-establish themselves academically and gain the skills needed to return to the comprehensive high school or graduate and transition into the next phase of their education.

Our families and visitors report that Hillside High School is a welcoming, caring and safe environment. Students make connections with their teachers and as a result gain the self-confidence and drive necessary to reach their graduation goals. Hillside High School promotes educationally and psychologically healthy environments for all children and youth. Hillside High School recognizes there are comprehensive, broad factors directly related to a safe school environment such as the school facility, school programs, staff, parents, and the community. Hillside High School further recognizes that safe school practices must include the proper care of the physical environment.

The Schools' Location and Physical Environment

Hillside High School is located in the Southern area of Upland. The immediate area around the school includes commercial buildings, apartments and single house dwellings. Present safety hazards include heavy traffic areas, large trucks and railroad tracks.

Description of School Ground

The school site encompasses 15,840 square feet. The buildings have numerous hallways and P.E. fields are located on the south side of campus, with basketball and volleyball courts on the south side of campus. The south field contains a football field, a baseball diamond, a farm for growing vegetables, and live chickens and pigs. Hillside High School is completely enclosed by a fence with gates that are kept unlocked during school hours. There are fourteen classroom buildings. Other ancillary rooms include offices, staff workrooms, restrooms, and Multi-Purpose room.

During the day, staff members, and administrators provide campus supervision. Identified problem areas receive increased supervision to reduce discipline, crime, or other school safety concerns.

It is practice at Hillside High School to remove all graffiti from school property before pupils arrive to begin their school day. Other acts of vandalism are addressed promptly.

Maintenance of School Buildings/Classrooms

The school opened to students and staff September 1987. District personnel periodically examine the school's facilities and help eliminate obstacles to school safety. Additionally, health and fire department inspectors contribute to school safety.

The classrooms are monitored for safety and appearance by the administration and individual classroom teachers. The pupils are taught to take pride in the appearance of the school.

Internal Security Procedures

Hillside High School has established procedures in the following areas: Expulsion, suspension and truancy data are reported on ConApp Part 1 of SARC. There are also established procedures to inventory and access student records.

Hillside High School maintains a copy of the district's sexual harassment policy in the main office/principal's office and the policy is available on request. Additionally, a notice summarizing this sexual harassment policy appears in the mandated notices that are distributed at the beginning of the school year to all parents and pupils.

Discipline procedures focus on finding the cause of problems and working with all concerned to reach the proper, lawful solutions. The school's discipline plan begins at the classroom level. Teachers use a visible classroom management plan to communicate classroom rules, promote positive pupil conduct, and reduce unacceptable conduct. Appropriate consequences are administered based on the seriousness of the pupil's misbehavior.

Pupil conduct standards and consequences from Hillside High School are specifically described in this Comprehensive Schools Safety Plan. Pupils may be suspended, transferred to another school, or recommended for expulsion for certain acts. For specific student violations, a mandatory expulsion or stipulated expulsion recommendation shall be submitted by the administration.

Site administrators contribute to a positive school climate, promote positive pupil behavior, and help reduce inappropriate conduct. The principal/designee uses available district and other appropriate records to inform teachers of each pupil identified under E.C. 49079

Hillside High School employees comply with all legal mandates, regulations, and reporting requirements for all instances of suspected child abuse.

Inventory System – Engraved ID, Security Storage

Most school-site equipment has a metal ID tag or a bar code sticker adhered to its surface. These items are inventoried annually and there is an established accountability system. Office and classroom supplies are secured.

Disaster Procedures, Routine and Emergency

A contingency plan for emergencies is contained in a handbook available to each staff member and is attached. Administrators review the plan and have practice drills annually. This plan also contains available district and outside agency resources and emergency disaster procedures.

Policy UPLAND UNIFIED SCHOOL DISTRICT

adopted: September 27, 2011 Upland, California

revised: June 28, 2016

Child Abuse Reporting Procedures

A mandated reporter who knows or reasonably suspects that a minor is the victim of child abuse must report immediately by telephone and in writing by follow-up report within 36 hours to a law enforcement agency. The law penalizes the failure to report by imposing a jail sentence on the defaulting mandated reporter. On the other hand, the law rewards the reporter who meets the reporting obligation by granting absolute immunity from civil or criminal prosecution. (Penal Code Section 11166)

Mandated Reporter: a “Child care custodian”; includes teachers, administrators, supervisors of child welfare and attendance, certificated pupil personnel staff, instructional aides, teacher’s aides, and teacher assistants and paid athletic coaches. District employed child care workers and health practitioners (doctors, nurses and psychologists) are also mandated reporters.

Knowledge of or Reasonably Suspects Abuse: When a mandated reporter observes a child with physical “injuries which appear to have been inflicted...by other than accidental means by any other person...” Whether or not there are visible physical injuries, all suspected sexual abuse must be reported.

To Whom is the Report Made: An oral report to designated law enforcement agencies must be made immediately. The observing employee must contact:

- a. The Child Protective Services (CPS) Unit of the local Welfare or Human Services Department:

or

- b. Upland Police Department (909) 982-1331
Emergency Number 911

All law enforcement officers are mandated reporters.

A follow up written report must be submitted within 36 hours. Forms are available on-line at:

<http://ag.ca.gov/childabuse/pdf/ss-8572.pdf>

School Interview Law: Penal Code 11174.3 imposes both a time sequence and series of duties on school personnel and the law enforcement investigator. This law is limited to child abuse victims only. The law speaks only to abuse which takes place in the home. When law enforcement comes to school to take the child into custody, rather than question the child, the interview procedures do not apply. The child is effectively under arrest.

Law enforcement (sheriff, police or CPS) may interview suspected victims of child abuse on school premises during school hours concerning child abuse in the home. The child may choose to be interviewed in private or may select an adult staff member to be present “to lend support.”

Step One – The investigator comes to school.

All investigations begin in the school office. The staff member “in charge” should ask for identification and the purpose of the proposed interview. When it is made clear that the interview will focus on allegation of abuse in the home, the staff member in charge should be present with the child before the interview begins.

Step Two - The investigator must advise the child of the right to choose a staff member to be present during the interview.

What the school employee should do if:

1. The child chooses not to have a staff member present?
The staff member should leave the room.
2. The child asks for either the mother or father to be present?
School employees do not grant or deny such requests. This responsibility lies with the investigator.
3. The child changes their mind during the interview?
The law gives the child a continuous option to ask for an adult staff member or to send the staff member away.

Step Three – The child asks for an adult staff member to be present

What can the selected staff member do:

- a. The staff member, by law, may decline to sit in the interview
- b. The school administrator should inform the selected staff member of their duties during the interview. A copy of Penal Code 11174.3 should be supplied to the staff member who has agreed to be present.
- c. The staff member's role is one of a "comforter" during the interview. There is no questioning by the staff member and no discussion of the child abuse incident with the child. There must be no prompting by the staff member. Investigators should not attempt to ask or direct the staff member to coerce, suggest or elicit a response from the child.
- d. The law forbids disclosure of what the staff member hears or learns during the interview. This confidentiality disappears when a court orders testimony. No written report is required by the staff member.

California Penal Code 11174.3**“School Interview Law”**

11174.3.(a) Whenever a representative of a government agency investigating suspected child abuse or neglect or the State Department of Social Services deems it necessary, a suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be afforded the option of being interviewed in private or selecting any adult who is a member of the staff of the school, including any certificated or classified employee or volunteer aide, to be present at the interview. A representative of the agency investigating suspected child abuse or neglect or the State Department of Social Services shall inform the child of that right prior to the interview.

The purpose of the staff person's presence at the interview is to lend support to the child and enable him or her to be as comfortable as possible. However, the member of the staff so elected shall not participate in the interview. The member of the staff so present shall not discuss the facts or circumstances of the case with the child. The member of the staff so present, including, but not limited to, a volunteer aide, is subject to the confidentiality requirements of this article, a violation of which is punishable as specified in Section 11167.5. A representative of the school shall inform a member of the staff so selected by a child of the requirements of this section prior to the interview. A staff member selected by a child may decline the request to be present at the interview. If the staff person selected agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. Failure to comply with the requirements of this section does not affect the admissibility of evidence in a criminal or civil proceeding.

For any expulsion that involves the possession of a firearm, such data shall include the name of the school and the type of firearm involved, as required pursuant to 20 USC 7961. Suspension and expulsion data shall be reported to the Board annually and to the California Department of Education when so required.

In presenting the report to the Board, the Superintendent or designee shall disaggregate data on suspensions and expulsions by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, foster youth, and homeless students. (cf. 5119 - Students Expelled from Other Districts)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Individuals with Disabilities))

Removal from Class by a Teacher and Parental Attendance

When suspending a student from class for committing an obscene act, engaging in habitual profanity or vulgarity, disrupting school activities, or otherwise willfully defying valid staff authority, the teacher of the class may require any parent/guardian who lives with the student to attend a portion of the school day in the class from which the student is being suspended, to assist in resolving the classroom behavior problems. (Education Code 48900.1)

Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and his/her parents/guardians and to improve classroom behavior.

Any teacher requiring parental attendance pursuant to this policy shall apply the policy uniformly to all students within the classroom. (Education Code 48900.1)

When a teacher requires parental attendance, the principal shall send a written notice to the parent/guardian stating that his/her attendance is required pursuant to law. (Education Code 48900.1)

A parent/guardian who has received a written notice shall attend class as specified in the notice. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

When a parent/guardian does not respond to the request to attend school, the principal or designee shall contact him/her by telephone, mail, or other means that maintains the confidentiality of the student's records.

(cf. 5125 - Student Records)

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements. Parents/guardians shall be notified of this policy prior to its implementation. (Education Code 48900.1)

(cf. 5145.6 - Parental Notifications)

Decision Not to Enforce Expulsion Order

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult who has experienced off-campus sexual harassment that has a continuing effect on campus to immediately contact his/her teacher, the principal, or any other available school employee. 5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will take interim measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation and that, to the extent possible, when such interim measures are taken, they shall not disadvantage the complainant or victim of the alleged harassment

Complaint Process and Disciplinary Actions

Sexual harassment complaints by and against students shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 Uniform Complaint Procedures. Assistant Superintendent of Human Resources
390 N. Euclid Avenue
Upland, California 91786
(909) 985-1864

The Superintendent or designee shall annually notify in writing, as applicable, its students, employees, parents or guardians of its students, the district advisory committee, school advisory committees, and other interested parties of their local educational agency complaint procedures, including the opportunity to appeal to the California Department of Education. The notice shall include the identity (identities) of the person(s) responsible for processing complaints. The notice shall also advise the recipient of the notice of any civil law remedies that may be available, and of the appeal and review procedures. This notice shall be in English, and when necessary, in the primary language or mode of communication of the recipient of the notice.

The following procedures shall be used to address all complaints which allege that the district has violated federal or state laws or regulations governing educational programs. The Compliance Officer shall maintain a record of each complaint and subsequent related actions, including:

- a) The original complaint;
- b) A copy of the district decision;
- c) A summary of the nature and extent of the investigation conducted by the district if not covered in the district decision;
- d) A report of any action taken to resolve the complaint;
- e) A copy of the district complaint procedures; and
- f) Such other relevant information.

The district will use its uniform complaint procedures when addressing all complaints regarding sex equity.

Investigations of discrimination complaints shall be conducted in a manner that protects confidentiality of the parties and the facts.

All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, public agency or organization may file a written complaint of alleged noncompliance.

The complaint shall be presented to the Superintendent or designee, who will then give it to the appropriate compliance officer. The Superintendent or designee will maintain a log of complaints received, providing each with a code number and a date stamp.

If a complainant is unable to put a complaint in writing due to conditions such as illiteracy or other handicaps, district staff shall help him/her to file the complaint.

Complaints alleging unlawful discrimination may be filed by a person who alleges that he/she personally suffered unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to unlawful discrimination. The complaint must be initiated no later than six months from the date when the alleged discrimination occurred or when the complainant first obtained knowledge of the facts of the alleged discrimination.

Step 2: Investigation of Complaint

The compliance officer shall hold an investigative meeting within five days of receiving the complaint. This meeting shall provide an opportunity for the complainant and/or his/her representative to repeat the complaint orally. The complainant and/or his/her representative and the district's representatives shall also have an opportunity to present information relevant to the complaint. Parties to the dispute may discuss the complaint and question each other or each other's witnesses.

To ensure that all pertinent facts are made available, the compliance officer and the complainant may ask other individuals to attend this meeting and provide additional information.

Step 3: Response

Within 30 days of receiving the complaint, the compliance officer shall prepare and send to the complainant a written report of the district's investigation and decision. If the complainant is dissatisfied with the compliance officer's decision, he/she may, within five days, file his/her complaint in writing with the Governing Board. The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit within which the complaint must be answered. The Board may decide not to hear the complaint, in which case the compliance officer's decision is final. If the Board hears the complaint, the compliance officer shall send the Board's decision to the complainant within 60 days of the district's initially receiving the complaint or within the time period that has been specified in a written agreement with the complainant.

Step 4: Final Written Decision

The report of the district's decision shall be written in English and in the language of the complainant whenever feasible or required by law. If it is not feasible to write this report in the complainant's primary language, the district will arrange a meeting at which a community member will interpret it for the complainant.

This report shall include:

1. The findings and disposition of the complaint, including corrective actions, if any.
2. The rationale for the above disposition.
3. Notice of the complainant's right to appeal the decision to the California Department of Education, and procedures to be followed for initiating such an appeal.
4. A detailed statement of all specific issues that were brought up during the investigation and the extent to which these issues were resolved.

If an employee is disciplined as a result of the complaint, this report shall simply state that effective action was taken and that the employee was informed of district expectations. The report shall not give any further information as to the nature of the disciplinary action.

APPEALS TO THE CALIFORNIA DEPARTMENT OF EDUCATION

If dissatisfied with the district's decision, the complainant may seek assistance through resources, i.e., Legal Aid Society of the West End, Inland Counties Legal Services or Tel-Law General information. If unable to resolve the dispute via local remedies, the complainant may appeal in writing to the California Department of Education within 15 days of receiving the district's decision. Other resources available include the Office of Civil Rights and the American Civil Liberties Union.

When appealing to the California Department of Education, the complainant must specify the reason(s) for appealing the district's decision and must include a copy of the locally filed complaint and the district's decision.

Disciplinary Action

Any student who is found to be responsible for sexual harassment will be subject to appropriate discipline up to and including expulsion. The severity of the disciplinary action will be based upon the circumstances of the infraction. (Education Code 48900) (Cross Reference: CSBA Policy No. 5145.7)

EC 48900.3 states that suspension or expulsion may be applied if a student "caused, attempted to cause, threatened to cause, or participated in an act of hate violence."

Hate violence is generally directed against an individual or group of individuals because of their race, religion, ethnicity, or other characteristic.

EC 48900.4 states that suspension or expulsion may be used if a student has "intentionally engaged in harassment, threats, or intimidation, directed against a student or group of students, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder, and invading the rights of that student or group of students by creating an intimidating or hostile educational environment."

Examples of harassment, threats, or intimidation include mad dogging (intimidating stares), statements like "you better watch your back," any action that is intended to harass, intimidate, or threaten another student.

Students should feel free from threats and intimidation at school. As always, if you have any questions or comments about these or any other school rules or policies, we at Hillside High School stand ready to assist.

Notices with a charge of unsatisfactory performance shall be given only during the instructional year of the school site where the employee is physically employed, and may be served personally or by registered mail to the employee's last known address. (Education Code [44936](#))

If an employee has been served notice and demands a hearing pursuant to Government Code [11505](#) and [11506](#), the Board shall either rescind its action or schedule a hearing on the matter. (Education Code [44941](#), [44941.1](#), [44943](#), [44944](#))

Administrative Regulation

Complaints Concerning Discrimination In Employment

AR 4031

Personnel

Complaint Procedure

Any complaint by an employee or job applicant alleging discrimination or harassment shall be addressed in accordance with the following procedures:

1. **Notice and Receipt of Complaint:** Any employee or job applicant (the "complainant") who believes he/she has been subjected to prohibited discrimination or harassment shall promptly inform his/her supervisor, the district's Coordinator for Nondiscrimination in Employment, or the Superintendent.

The complainant may file a written complaint in accordance with this procedure, or if he/she is an employee, may first attempt to resolve the situation informally with his/her supervisor.

A supervisor or manager who has received information about an incident of discrimination or harassment, or has observed such an incident, shall report it to the Coordinator, whether or not the complainant files a written complaint.

The written complaint should contain the complainant's name, the name of the individual who allegedly committed the act, a description of the incident, the date and location where the incident occurred, any witnesses who may have relevant information, other evidence of the discrimination or harassment, and any other pertinent information which may assist in investigating and resolving the complaint.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

(cf. 4030 - Nondiscrimination in Employment)

(cf. 4032 - Reasonable Accommodation)

(cf. 4119.11/4219.11/4319.11 - Sexual Harassment)

2. **Investigation Process:** The Coordinator shall initiate an impartial investigation of an allegation of discrimination or harassment within five school days of receiving notice of the behavior, regardless of whether a written complaint has been filed or whether the written complaint is complete.

The Coordinator shall meet with the complainant to describe the district's complaint procedure and discuss the actions being sought by the complainant in response to the allegation. The Coordinator shall inform the complainant that the allegations will be kept confidential to the extent possible, but that some information may be revealed as necessary to conduct an effective investigation.

(cf. 3580 - District Records)

(cf. 4112.6/4212.6/4312.6 - Personnel Files)

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)

If the Coordinator determines that a detailed fact-finding investigation is necessary, he/she shall begin the investigation immediately. As part of this investigation, the Coordinator should interview the complainant, the person accused, and other persons who could be expected to have relevant information.

When necessary to carry out his/her investigation or to protect employee or student safety, the Coordinator may discuss the complaint with the Superintendent or designee, district legal counsel, or the district's risk manager.

The Coordinator also shall determine whether interim measures, such as scheduling changes, transfers, or leaves, need to be taken before the investigation is completed to ensure that further incidents do not occur. The Coordinator shall ensure that such interim measures do not constitute retaliation.

3. **Written Report on Findings and Corrective Action:** No more than 30 days after receiving the complaint, the Coordinator shall conclude the investigation and prepare a written report of his/her findings. This timeline may be extended for good cause. If an extension is needed, the Coordinator shall notify the complainant and explain the reasons for the extension.

The report shall include the decision and the reasons for the decision and shall summarize the steps taken during the investigation. If a determination has been made that discrimination or harassment occurred, the report also shall include any corrective action(s) that have been or will be taken to address the behavior, correct the effect on the complainant, and ensure that retaliation or further discrimination or harassment does not occur.

The report shall be presented to the complainant, the person accused, and the Superintendent or designee.

4. **Appeal to the Governing Board:** The complainant or the person accused may appeal any findings to the Board within 10 working days of receiving the written report of the Coordinator's findings. The Superintendent or designee shall provide the Board with all information presented during the investigation. Upon receiving an appeal, the Board shall schedule a hearing as soon as practicable. Any complaint against a district employee shall be addressed in closed session in accordance with law. The Board shall render its decision within 10 working days.

(cf. 1312.1 - Complaints Concerning District Employees)

(cf. 9321 - Closed Session Purposes and Agendas)

Other Remedies

In addition to filing a discrimination or harassment complaint with the district, a person may also file a complaint with either the California Department of Fair Employment and Housing (DFEH) or the Equal Employment Opportunity Commission (EEOC). The time limits for filing such complaints are as follows:

1. To file a valid complaint with DFEH, within one year of the alleged discriminatory act(s), unless an exception exists pursuant to Government Code 12960 (Government Code 12960)
2. To file a valid complaint directly with EEOC, within 180 days of the alleged discriminatory act(s) (42 USC 2000e-5)
3. To file a valid complaint with EEOC after first filing a complaint with DFEH, within 300 days of the alleged discriminatory act(s) or within 30 days after the termination of proceedings by DFEH, whichever is earlier (42 USC 2000e-5)

Regulation UPLAND UNIFIED SCHOOL DISTRICT
approved: September 27, 2011 Upland, California

School –wide Dress Code

STUDENT DRESS AND APPEARANCE REGULATIONS

Under the Constitution of the State of California, the students of the Upland Unified School District have the inalienable right to attend schools that are safe, secure and peaceful. The Upland Unified School District Board of Trustees subscribes to the philosophy that students should be provided with a quality education in a safe, secure and peaceful environment. The Board has determined and finds that the presence of any gang related jewelry, insignia, colors, paraphernalia, apparel, clothing and attire on school campuses and at school activities results in substantial disruption of or material interference with institutional and other activities and so incites students as to create a clear and present danger of the commission of unlawful acts on school premises or the violation of lawful school regulations or the substantial disruption of the orderly operation of the school. Specifically, the Board finds that it is necessary to establish dress and grooming regulations designed to regulate the wearing of or display of clothing, attire, jewelry, apparel, insignia, colors, paraphernalia or materials that evidence membership in or affiliation with any gang, which are obscene, sexually explicit or suggestive; which promote the use/abuse of drugs, tobacco and/or alcohol; which pose a threat to the physical wellbeing and safety of students or are likely to cause others to be intimidated by fear of violence; or which so incite students as to create a clear and present danger of the commission of unlawful acts on school premises or at school activities, or the violation of law or lawful school regulations or the substantial disruption of or material interference with the orderly operation of the school or school-sponsored activities.

In recognition of the instructional responsibilities and goals of the Upland Unified School District, the district hereby adopts the following regulations relative to the dress and appearance of the students:

1. No gang-related jewelry, insignia, colors, paraphernalia, materials, apparel, clothing or attire may be worn or carried on campus or at school activities. Also prohibited are notebooks, manner of grooming or gesture, which, by virtue of its color, arrangement, trademark, graffiti or any other attribute, denotes membership in such a group.
2. Each school site shall allow for outdoor use during the school day, articles of sun-protective clothing, including, but not limited to, hats. Each school site may set a policy related to the type of sun-protective clothing, including, but not limited to, hats, that pupils will be allowed to use outdoors. Specific clothing and hats determined by the school district or school site to be gang related or inappropriate apparel may be prohibited by the dress code policy. No gang-related hats or other gang related head attire may be worn on campus or at school activities.
3. Clothing, jewelry, paraphernalia or material, or manner of grooming, which is obscene, sexually explicit or which depicts or suggests sexually-related or obscene gestures, pictures or wording or which promotes violence, the use/abuse of drugs, tobacco, or alcohol, may not be worn or carried on campus or at school activities.
4. No student may wear articles of clothing, jewelry, paraphernalia or accessories which pose a threat to the physical and/or emotional well-being and safety of the student or others on campus or at school activities.
5. Clothing or articles of clothing (including, but not limited to, gloves, bandanas, shoestrings, wristbands, jewelry) which are likely to provoke others to acts of violence or which are likely to cause others to be intimidated by the fear of violence may not be worn on campus or at any school activity.
6. The principal or principal's designee shall enforce the Student Dress and Appearance Regulations.
7. Gang-related clothing, apparel, attire including hats, jewelry, insignias, colors, paraphernalia and materials are prohibited from being worn at school or at school activities.

Discipline Procedures

Upland Unified School District

UNIFORM DISCIPLINARY PROCEDURES

School administrators will determine the appropriate action after considering the severity of the infraction, other factors such as age, health and maturation of the student and all alternative measures designed to bring about proper conduct. Students whose behavior is insubordinate or incorrigible will be referred for appropriate action to the school administrator. If no improvement is noted or if a sanction more severe than a five-day suspension is considered appropriate, the principal may recommend expulsion or an involuntary transfer. A student who becomes a victim of a violent criminal offense while in or on the grounds of a school that the student attends, has the right to transfer to another school within the district.

RANGE OF DISCIPLINARY ACTIONS

(Individual Schools May Have Additional Rules)

BP 5144
Students

The Governing Board is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and to preparing students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

(cf. [5138](#) - Conflict Resolution/Peer Mediation)

(cf. [6164.2](#) - Guidance/Counseling Services)

In addition, the Superintendent or designee's strategies for correcting student misconduct shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures.

Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension, and expulsion, shall be imposed only when required or permitted by law or when other means of correction have been documented to have failed. The administrative staff at each school may develop disciplinary rules to meet the school's particular needs consistent with law, Board policy, and district regulations. The Board, at an open meeting, shall review the approved school discipline rules for consistency with Board policy and state law. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health, well-being, and opportunity to learn.

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the district's nondiscrimination policies.

Hate Crime Policies and Procedures

Hate crime policies and procedures

EC 48900.3 states that suspension or expulsion may be applied if a student “caused, attempted to cause, threatened to cause, or participated in an act of hate violence.”

Hate violence is generally directed against an individual or group of individuals because of their race, religion, ethnicity, or other characteristic.

EC 48900.4 states that suspension or expulsion may be used if a student has “intentionally engaged in harassment, threats, or intimidation, directed against a student or group of students, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder, and invading the rights of that student or group of students by creating and intimidating or hostile educational environment.”

Examples of harassment, threats, or intimidation include mad dogging (intimidating stares), statements like “you better watch your back,” any action that is intended to harass, intimidate, or threaten another student.

Students should feel free from threats and intimidation at school. These two provisions will help ensure a safe place for learning.

Disaster Procedures

Disaster procedures, routine and emergency.

Disaster Service Workers

All public employees are designated as disaster service workers subject to service as may be assigned to them by their superiors or by law (Govt. Code, Chapter 8, Section 3100). **Should a disaster strike during school hours, NO employee will leave his/her assignment under any circumstances unless officially released by the Superintendent or his designee.**

“The Upland Unified School District agrees that, after meeting its responsibilities to pupils, it will permit, to the extent of its ability and upon request by the Red Cross, the use of its physical facilities by the Red Cross as mass shelters for the victims of disasters.”

All District staff and students must be prepared to respond quickly and responsibly to emergencies, disasters, and events that threaten to result in disaster.

The Superintendent or designee shall develop and maintain a disaster preparedness plan, which details provisions for handling all foreseeable emergencies and disasters. This plan shall be reviewed and updated at least annually.

Principals are the responsible party at each site and shall augment the district plan with working plans and procedures reviewed by the Superintendent and/or designee specific to each school site. All students and employees shall receive instruction regarding these plans.

The Superintendent or designee shall consult with city and/or county agencies so that district and site plans may provide the best possible way of handling each situation and also provide for emergency communications systems between these agencies and each school site.

The Superintendent, or designee, may provide a plan that allows bus seating capacity limits to be exceeded when a disaster or hazard requires students to be moved immediately to ensure their safety.

The Board shall grant the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The Board shall cooperate with such agencies in furnishing and maintaining whatever services it deems necessary to meet the community's needs.

Disaster simulation exercises shall be held annually at each school site and coordinated with the city when possible. The exercises shall demonstrate how safety procedures may be applied to various types of emergencies.

All employees should become proficient in first aid and cardiopulmonary resuscitation. Each principal shall ascertain that at least one staff member at each school holds a valid certificate in these areas. The Superintendent or designee shall provide for CPR in-service training to be offered at least once a year for district staff.
