

Exceptional Student Education Parent Survey

Parent Survey Info

The 2022-2023 ESE Parent Survey window is now open! Each year, the Florida Department of Education (FDOE) surveys parents of children with an individual educational plan (IEP) to determine how well districts and schools are partnering with parents and promoting parent involvement in their child's education. All states must collect these data for reporting on their State Performance Plan, as required under the Individuals with Disabilities Education Act (IDEA). Additionally, survey results will be used to help schools and districts improve services and results for children with disabilities.
