InVEST IN
HOUSTON’S PIPELINE OF FUTURE PROFESSIONALS

PREPARE

Prepare Cristo Rey Jesuit students for life beyond school and expose them to a wide variety of industries and career paths. Equip them to create positive relationships, develop a network of business contacts, and acquire marketable skills in this growing knowledge-based economy. Your partnership enables diverse talent to gain four years of professional work experience through crucial, hands-on, workforce development that you can directly benefit from now and later.

INSPIRE

Inspire Houston’s future leaders by immersing them in environments typically underrepresented in their communities and providing them with early access to professional networks and workplace skills that can be reinvested in your organization after graduation. Your coaching and mentorship uncover new post-graduation pathways and provide students with the social and technical acumen needed to enter and excel at careers that may not have previously been options for them.

TRANSFORM

Transform our community and break the cycle of generational poverty by opening your doors to Houston students who could benefit from a hand up. Give the workforce of the future their best chance of overcoming the financial barriers that limit their educational and professional opportunities by joining an impressive portfolio of businesses contributing to the success of Cristo Rey Jesuit graduates.

WHY INVEST IN OUR STUDENTS?

Transform our community and break the cycle of generational poverty by opening your doors to Houston students who could benefit from a hand up. Give the workforce of the future their best chance of overcoming the financial barriers that limit their educational and professional opportunities by joining an impressive portfolio of businesses contributing to the success of Cristo Rey Jesuit graduates.
