2013-2014 School Accountability Report Card

Published in 2014-2015

San Bernardino City Unified School District

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.
- SARCs for schools in the San Bernardino City Unified School District are available on the district's web site at <http://www.sbcusd.com>. Hard copies are available upon request from each school or from the district's Communications Department.

About This School

School Description and Mission Statement

The mission of King Middle School is to foster a college-going culture where all students achieve academic success through access to rigorous curriculum taught in highly purposeful, engaging, relevant, and equitable ways. Our teachers will cultivate students that know how to think critically, problem solve, and work collaboratively in order to be prepared for college and beyond. Our vision is that all students will demonstrate excellence through academic achievement, integrity, and perseverance.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

Low-Poverty Schools in District	N/A	N/A

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2014-15)

Year and month in which data were collected: August 2014

Middle school textbooks adopted by our local Board of Education are standards-based and are rigorously reviewed by San Bernardino City Unified School District (SBCUSD) textbook adoption committees to assure that the selection will meet the unique needs of SBCUSD. The textbooks selected are usually adopted for an eight year cycle. Since the release of the California approved instructional materials in January of 2014, the SBCUSD has been working through the adoption process and procedures. New mathematics instructional materials should be available for our students and teachers for the 2015-2016 school year. The chart below lists the core curriculum area, the title and publisher of the materials, and the year the materials were adopted by the SBCUSD Board of Education.

Textbooks and teacher resource kits that include supplementary materials meet the needs of all learners, with materials and activities appropriate for English language learners, advanced learners, at-risk students and special needs students. It has been the practice of the Board of Education to purchase textbooks for each student in to use in class and to take home. Prior to the purchase of materials for the upcoming school year, an inventory is completed so that sufficient materials are available for the new school year. An inventory is completed for each classroom and reported to the principal. This inventory was completed in March/April of 2014 to prepare for the 2014-15 school year.

English

The 2002/2003 language arts textbook adoption materials include Prentice Hall's *Timeless Voices, Timeless Themes* for a comprehensive 6-12 English/Language Arts program, and Hampton Brown's *Edge* for English Language Development. Each unit is aligned to the Reading/Language Arts Framework content standards. Units are structured using a pre-teach, teach, assess, and extend model. Supplementary consumable workbooks are replaced annually to meet the needs of each school. The district's reading intervention programs include the use of Scholastic's *READ 180* for students needing support with vocabulary, comprehension and reading fluency and *SRA Reach* for students with more intensive literacy needs.

The textbooks available for each course are listed in the table below.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	% of Students Lacking Own Assigned Copy
English/Language Arts	<i>Timeless Voices, Timeless Themes</i> Prentice Hall (2002)	No	0.0
English Language Development-1, 2, and 3	<i>Edge</i> Hampton Brown (2008)	No	0.0
English Language Development-Early Advanced and Advanced	<i>Edge</i> Hampton Brown (2008)	No	0.0

Mathematics

Middle school math textbooks were adopted in 2008, and new mathematics instructional materials should be available for our students and teachers in the 2015-2016 school year. The textbooks are aligned to the math content standards. Holt, Reinhart & Winston, College Preparatory Mathematics, Glencoe/ McGraw Hill, Prentice Hall, Consortium for the Foundation of Mathematics and W.H. Freeman and Company textbooks adopted by San Bernardino City Unified School District include ancillary materials, which incorporate a variety of instructional strategies to help build conceptual understanding and address the needs of diverse learners. Consumable math textbooks from Holt are replaced on a yearly basis.

The textbooks available for each course are listed in the table below.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	% of Students Lacking Own Assigned Copy
6 th Grade Math	McMillan/McGraw Hill, <i>California Math, Grade 6</i> , (2008)	No	0.0
7 th Grade Math	Holt, Reinhart & Winston, <i>Mathematics Course 2, Pre-Algebra</i> , CA Edition, (2008)	No	0.0
Algebra Readiness	Holt, Reinhart & Winston, <i>Algebra Readiness</i> , CA Edition, (2008)	No	0.0
Algebra	Holt, Reinhart & Winston, <i>Algebra 1</i> , CA Edition, (2008)	No	0.0

Science

Middle school science textbooks were adopted in 2007 and are aligned to the science content standards. They include multiple instructional strategies designed to assist teachers in providing rigorous science instruction. These strategies help teachers capture student interest, provide bridges across content areas, and contribute to an understanding of the nature of science and the methods of scientific inquiry.

The textbooks available for each course are listed in the table below.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	% of Students Lacking Own Assigned Copy
6 th Grade Science	<i>Focus on Earth Science</i> Glencoe (2007)	Yes	0.0
7 th Grade Science	<i>Focus on Life Science</i> Glencoe (2007)	Yes	0.0
8 th Grade Science	<i>Focus on Physical Science</i> Glencoe (2007)	Yes	0.0

History-Social Science

History/Social Science textbooks were adopted in 2006. The texts are aligned to the History/Social Science Framework content standards. The content standards unite excellence with equity and challenge teachers to raise student achievement at all levels of schooling. To that end, San Bernardino City Unified School District has developed instructional resource guides and provides training opportunities for each grade level.

The textbooks available for each course are listed in the table below.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	% of Students Lacking Own Assigned Copy
6 th Grade Social Studies	<i>World History: Ancient Civilizations</i> Houghton Mifflin (2006)	Yes	0.0

7th Grade Social Studies	<i>World History: Medieval and Early Modern Times</i> McDougall Littell (2006)	Yes	0.0
8th Grade Social Studies	<i>Creating America</i> McDougall Littell (2006)	Yes	0.0

Visual and Performing Arts

The textbooks available for each course are listed in the table below. These textbooks are used primarily as reference material and are used in conjunction with other course-appropriate instructional supplies. Sufficient instructional materials are available for all students enrolled in visual and performing arts classes at this school.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption
Art	<i>Art Talk</i> Glencoe/McGraw-Hill (2002)
Music	<i>Music! Its Role and Importance in Our Lives</i> MacMillan/McGraw-Hill (2002)

School Facility Conditions and Planned Improvements (School Year 2014-15)

General

The district takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses the Facility Inspection Tool (F.I.T.), a survey instrument developed by the State of California Office of Public School Construction (OPSC). Results of this survey are available from the district's Maintenance and Operations Department. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with an appropriate learning environment.

Age of School Buildings

Dr. Martin Luther King, Jr. Middle School has 52 classrooms, a library, a multipurpose room, and an administrative office. The campus was built in 1951 and was modernized in 1992. Five new special education classrooms were built in the 2006-07 school year.

Safety

To ensure student safety before, during and after the school day, campus security, teachers, and administrators supervise the school grounds including the cafeteria, quad area, and athletic fields. Signs are posted throughout the campus to indicate all visitors must report to and register in the administration office. All staff and visitors wear appropriate identifying badges.

Maintenance and Repair

Safety concerns are the number one priority of Maintenance and Operations. The District's Quality Control Technicians are proactive and conduct inspections at school sites on a continual basis. Also, the district staff at each site reports safety issues as they arise. Maintenance and Operations make necessary repairs to keep the schools in good repair and working order. A work order process is used to ensure efficient service and emergency repairs are given the highest priority and work orders are completed in a timely manner. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order, and as of August 19, 2014, none of the eight emergency conditions cited in Education Code 17592.72 exist at this school.

Cleaning Process and Schedule

The District Governing Board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or at the district office.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building

components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2013-14 school year, the district budgeted \$2,007,171 for the deferred maintenance program. This represents 0.4% of the district's general fund.

Deferred Maintenance Projects

Work Scope	Cost
Replace flooring in admin; staff room; ASB; MU room; A1, 5, 13; B1-4; E1/2; C1, 1A, 2-4; D2, 3, 5, 7; E1, 2, 4, 9, 10	\$12,500

Modernization Projects

No modernization projects are scheduled for this school in the 2014-15 school year.

New Construction Projects

No new construction projects are scheduled for this school in the 2014-15 school year.

School Facility Good Repair Status

This table displays the results of SBCUSD's annual inspection on February 28, 2014. All repairs listed were completed by the end of March 2014.

San Bernardino County Superintendent of Schools (SBCSS) Williams Inspection Results

On an annual basis, representatives from SBCSS conduct Williams visits to school ranked in deciles 1-3 (currently based on the 2012 Academic Performance Index) in San Bernardino County. Visitation requirements include a facilities inspection that is designed to evaluate the school facility's "good repair" status as well as a School Accountability Report Card review in order to validate that the visit findings from the previous year, as well as any remedial action taken or planned, are accurately reported in the School Accountability Report Card.

This table displays the results of the SBCSS Williams Team annual inspection on August 19, 2014. All repairs listed were completed by September 2014.

Item Inspected	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Extreme deficiency: AC system not working in cafeteria/MU room (WO# 11429478)
Interior: Interior Surfaces	No deficiencies were noted
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	Good repair deficiencies: graffiti etched in windows/tiles in F wing (WO# 11429896), unabated graffiti at PE grounds
Electrical: Electrical	Good repair deficiencies: lighting fixtures or bulbs not functioning properly or missing in C4, D2 (WO# 11429876), D6 (WO# 11429876), E3, F3, G5 (WO# 11429893), H3, H4, I3, K wing men's RR
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Good repair deficiencies: RR/showers used as storage area in E wing boys' RR, TP dispensers empty in K wing men's RR
Safety: Fire Safety, Hazardous Materials	No deficiencies were noted
Structural: Structural Damage, Roofs	No deficiencies were noted
External: Playground/School Grounds, Windows/Doors/Gates/Fences	Good repair deficiency: door access obstructed – objects used as door stop in admin office

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and

- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

California Assessment of Student Performance and Progress/Standardized Testing and Reporting Results for All Students in Science – Three-Year Comparison

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

Each school provides multiple options for parents to participate in the educational process. Opportunities vary from site to site but include parent centers, parent education programs, Parent Teacher Association (PTA), School Site Council (SSC), English Learners Advisory Committee (ELAC), Gifted and Talented Education (GATE) Advisory Committee, African American Parent Advisory Council (AAPAC), homework hotlines, auto-callers, parent conferences, family curricular theme nights,

parent training and education, classroom and playground volunteers, and leadership opportunities for parents. For more information about these and other opportunities, please contact the school.

At the district level, parents can participate in the District Advisory Committee (DAC), District English Learners Advisory Committee (DELAC), District African American Advisory Council (DAAAC), and a variety of short-term, solution-oriented focus groups and advisory committees. Additionally, a Family Resource Center is available from the hours of 8:00 AM -4:30 PM. Goals of the Family Resource Center include increased home/school communication, increased access to district-level parent and family training opportunities, and increased access to family involvement resources for district schools.

School Safety Plan

Date of Last Review/Update: *July 31, 2014*

Date Last Reviewed with Faculty: *August 4, 2014*

Every student and teacher has the right to attend a school free from physical and psychological harm. To help schools achieve these vital goals, the State of California has mandated that each K-12 school develop a comprehensive school safety plan. Reviewed annually, a school's safety plan is the result of a systematic planning process in cooperation with local public safety agencies, community leaders, parents, pupils, teachers, administrators, and other persons interested in the prevention of campus crime and violence. Each school's safety plan addresses the following key areas: preparedness, mitigation and prevention, response and recovery.

In close cooperation with Southern California Schools Risk Management (Joint-Powers Authority), local police and fire departments, the district's Office of Safety and Emergency Management conducts periodic safety inspections of district sites

and provides correction reports to site administrators. A follow-up system is in place to ensure timely compliance and correction of discrepancies.

School sites also conduct scheduled drills for anticipated emergency situations (such as fires, earthquakes and lockdowns) to prepare students, staff, and other stakeholders how to appropriately respond to those emergencies. The district follows California's mandated Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for emergency management. The Office of Safety and Emergency Management is also tasked with coordinating the response and recovery of emergencies or other disasters affecting the SBCUSD.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

*For 2014, only high schools and high school local educational agencies (LEAs) received an AYP Report. Because students in grades 3-8 participated in the Smarter Balanced Field Test during the 2013-14 academic year, the US Department of Education approved a determination waiver for California which exempts elementary schools, middle schools, elementary school districts, and unified school districts from receiving a 2014 AYP Report.

Types of Services Funded (Fiscal Year 2013-14)

The common goal of all categorically funded programs in the San Bernardino City Unified School District (SBCUSD) is to ensure that all students--including English learners, educationally disadvantaged pupils, African American, Hispanic English only, gifted and talented pupils, and pupils with exceptional needs--attain mastery of state and local standards.

The educational program at each site is based on an improvement planning process that includes such members of the school community as the principal, teachers, support staff, parents, and students (at the secondary level). These stakeholders form an organizational unit called the School Site Council (SSC). The SSC develops and annually revises a plan called the Single Plan for Student Achievement (SPSA). The SPSA, based on self-study and collaboration, ensures that all of the resources available to the school are coordinated and focused on providing a high-quality educational program in which all students can achieve success.

Some students have difficulty mastering academic state and local content standards. They may be at risk of not meeting graduation requirements. For these students, categorical program funds are provided. Categorical funds are supplemental educational dollars used for supports that augment the core instructional program and increase the academic success of these students. Categorical funds provide items such as additional personnel time, staff development opportunities, supplemental student materials, and other specialized services, equipment, and supplies.

Categorical programs commonly found at SBCUSD sites are:

- No Child Left Behind Act (NCLB) Title I, Part A

Additionally, categorical programs have been established at the district level to provide important services and instructional support that help increase student success. Categorical funds in this category support District efforts in the areas of:

- Vocational Education Programs (Voc Ed)
- Safe and Drug Free Schools and Communities (SDFSC)
- NCLB Title II, Part A-Improving Teacher Quality
- NCLB Title III, Part A-Language Instruction for English Learners

Some District schools are identified as Program Improvement (PI) schools because they have not met Adequate Yearly Progress (AYP) criteria for two consecutive years. These schools offer parents the option of transferring their eligible students to an available school within the district that has not been identified as a PI school. This option is called Public School Choice. The District covers the cost of transportation.

Schools in their second year of PI identification offer two options to students. In addition to the Public School Choice option described above, these schools offer Supplemental Educational Support Services to students who remain in attendance at the PI school and who qualify based on low socio-economic status as determined by Free and Reduced Lunch eligibility and low achievement as indicated by grades and test scores. Supplemental Educational Support Services provide opportunities for students to receive additional tutoring or academic assistance outside the regular school day from a state approved support provider. The District covers the costs of the Supplemental Educational Support Services, and related transportation costs are the responsibility of the parent or guardian.

Professional Development – Most Recent Three Years

The San Bernardino City Unified School District is committed to hiring the best staff available and to providing ongoing opportunities to support and increase professional practice for educators. Beginning Teacher Support and Assessment (BTSA) support providers, Peer Assistance Review (PAR) consulting teachers, buddy teachers and content specialists work with teachers on a regular basis. Teachers, paraprofessionals, and administrators are all provided opportunities to participate in professional development (PD) programs. An analysis of site academic and behavioral data is used to provide focus to each site's Single Site Plan for Student Achievement and used to guide the creation of the site professional development plan. The site administrators and Professional Development Team (PDT) work together to establish the focus of site professional development that takes place during weekly early release Collaboration Days.

SBCUSD offers a variety of professional development opportunities to support the improvement of instructional practice. Mandatory professional development has been identified through School Board Policy and the English Learner Master Plan. Teachers are required to complete 5 days of English Learner Professional Development and 3 days of Equity and Diversity Training. The goal of all professional development is to increase student proficiency in core subject areas. Targeted support is provided in the areas of culturally relevant instruction, strategies to assist English Learners, essential components of an ELD lesson, implementation of the Common Core State Standards, creating units of study through Rigorous Curriculum Design, building a solid foundation in Algebra, GATE strategies, implementing Positive Behavior Supports and integrating technology into daily instruction.

School sites support the focus of their identified instructional improvements with site-based professional development and job alike learning communities work through issues using work-embedded time. District-wide banked-time (Collaboration Days) provides an opportunity for sites to develop their Professional Learning Communities and levels of collaboration focused on student achievement. New teachers and teacher interns participate in articulated programs of professional development focused on the California Standards for the Teaching Profession. The district BTSA program serves as a credentialing agent under the 2042 Grant.

As schools are implementing the new Common Core State Standards, the San Bernardino City Unified School District has embarked on an ambitious plan to build capacity at the schools by employing a trainer-of-trainers model. Administrators, teachers and community members receive professional development through a variety of methods. We make use of job-embedded time, after-school workshops, off-track/vacation training times, conference attendance, collaboration/coordination with local university programs, online delivery of professional development content and individual mentoring. Opportunities are created for development in curriculum writing, assessment of standards and instructional best practices, including teaching to the appropriate depth of knowledge and disciplinary literacy.

Additionally, Special Education offers a variety of PD opportunities to support the Individual Education Plans (IEPs) of identified students. Professional development is focused around current district, state, and national trends in the area of Special Education. At present, available topics include successful implementation of strategies for students with Autism, curriculum for different disability groups, behavior management, data analysis, social skills, English Language Development (ELD), Behavior Support Plans (BSPs), and legally defensible documents that best support students and meet state requirements.
