Thanks to a generous donation from the Homer O. Amos estate, every member of the MHS Class of 2018 who is continuing their education by attending a college or university, the military, or attending a career or technical training program received a \$250 **Made in Madeira Scholarship**. Homer Amos was a WW II Veteran and long-time Madeira resident and business owner. His legacy as a proud parent whose sons graduated from Madeira was to have his estate shared with Madeira High School graduates, which it will for years to come.

A Message to the Graduates from the Superintendent:

"Graduating from Madeira High School and being Made in Madeira means something; it means that you have been tested, challenged, and stretched in your abilities in preparation for your next journey, your next set of accomplishments. I would encourage you to follow your dreams and meet that next challenge with confidence - knowing that as a graduating member of the Class of 2018 at Madeira High School you have been well prepared, and now as an alumni member have an expectation to go make a difference in our community and this world!!!

While you may all go your separate ways, remember to give of yourselves as you have at Madeira and know that you have left a legacy worth remembering. If there is one "take away" or one thing that I hope you remember, it is this - I hope that you find as you leave your high school years that Life is about finding joy in the journey. You will certainly have ups and downs in the coming days but remember to always be working on who you are and what you can do to make those around you better. A good friend and 1974 graduate of Madeira High School Tom Walter who built the Athletic Center during your time here said it best, "Remember who you are and where you came from." Madeira is proud of all that you have become and we know that you will represent this high school and this community well because you were Made in Madeira."

- Kenji Matsudo
