

**Orange County Public Schools  
5th Grade Mathematics  
Syllabus and Assessment Schedule**

First Nine Weeks:

**Unit 1: Number and Number Sense: Place Value, Prime, Composite**  
(Instruction 14 days: Test: 9/1)

**Unit 2: Computation and Estimation: Computation of Whole Numbers with Problem Solving** (Instruction 17 days: Test 9/29)

**Unit 3: Computation and Estimation: Order of Operations**  
(Instruction 9 days: Test 10/13)

Second Nine Weeks:

**Unit 4: Number and Number Sense: Fractions and Decimals**  
(Instruction 14 days: Test 11/3)

**Unit 5: Computation and Estimation: Addition, Subtraction, Multiplication of Fractions** (Instruction: 13 days: Test 11/29)

**Unit 6: Computation and Estimation Multiplication and Division of Decimals** (Instruction: 13 days: Test 12/20)

Third Nine Weeks:

**Unit 7: Measurement and Geometry: Metrics, Elapsed Time, Measurement**  
(Instruction: 11 days : Test: 1/20)

**Unit 8: Measurement and Geometry: Geometry Angles, Triangles, Transformations** (Instruction: 14 days : Test: 2/10)

**Unit 9: Measurement and Geometry: Perimeter, Area, Volume**  
(Instruction: 13 days: Test: 3/3)

Fourth Nine Weeks:

**Unit 10: Patterns, Functions, Algebra**  
(Instruction: 13 days: Test: 3/31)

**Unit 11: Probability and Statistics**  
(Instruction: 9 days: Test: 4/21)

**SOL Review 4/24/-510**
