

Cabrillo Community Meeting

February 8, 2023

Today's Agenda

- Introductions
- What is a Master Plan and Facility Assessment?
- Process
- District Goals
- Cabrillo Facility Needs
- Next Steps

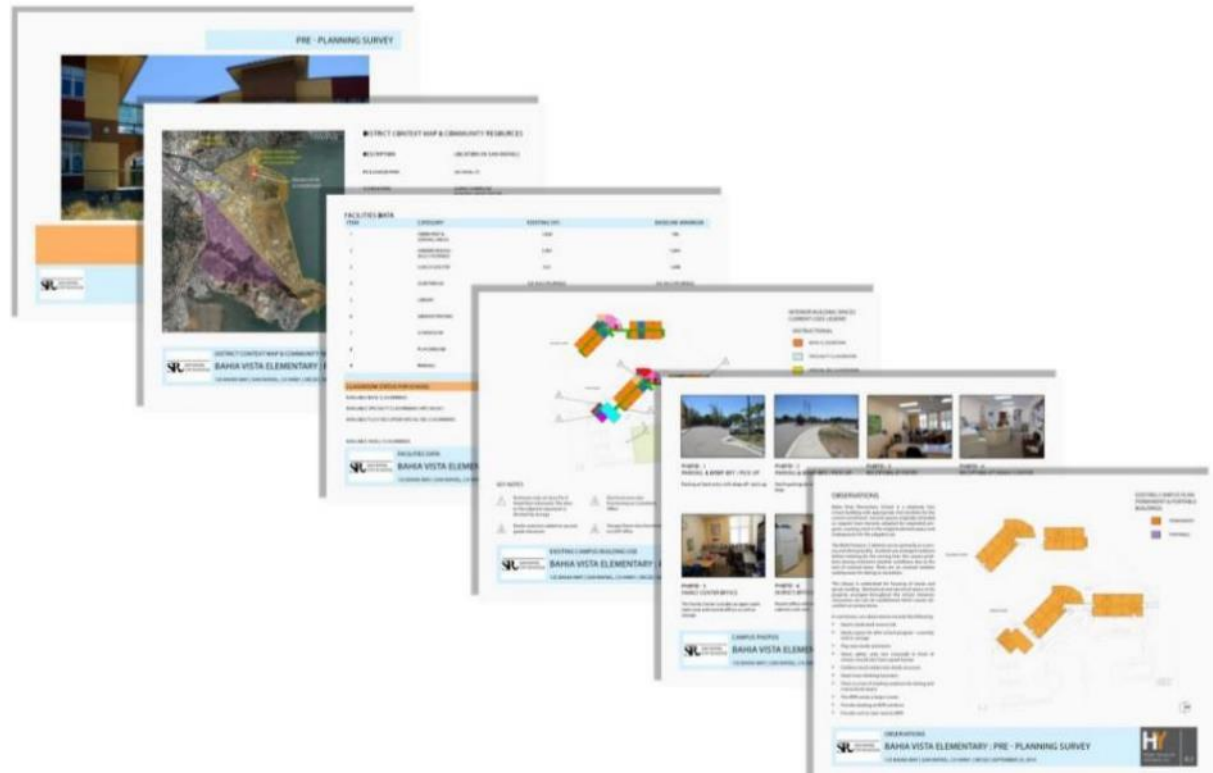

District Facility Planning

- Facilities Condition Assessment

Evaluation of the physical condition and functionality of existing buildings and their assets including building age, design, materials, equipment, utility systems/infrastructure, and health/safety condition

- Why is a Condition Assessment Important?

Provides life-cycle and budget information to maintain facilities, and provides schedule for repair, replacement, and upgrades

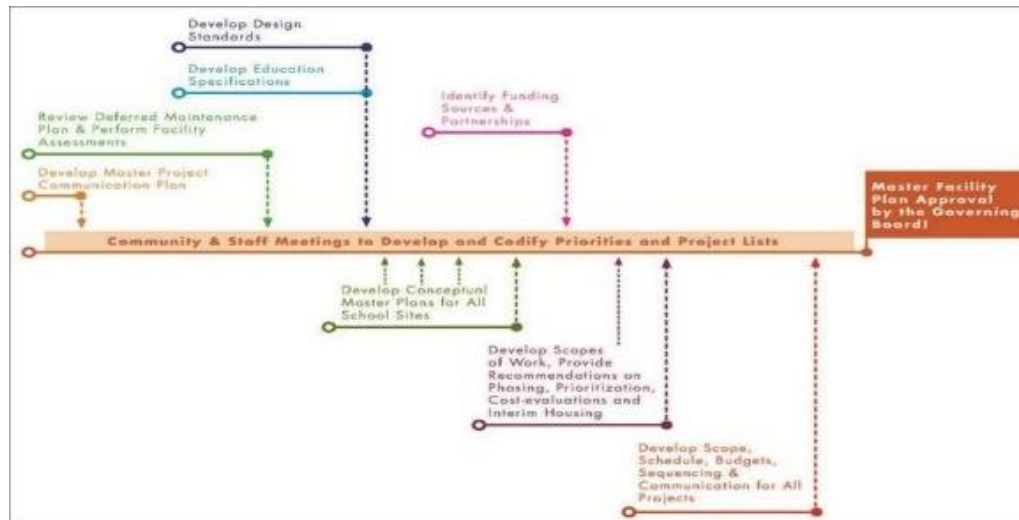

District Master Planning

- What is a Facilities Master Plan?

A comprehensive long-range plan that serves as a guide for capital facility investments

Based on the Facilities Condition Assessment for existing schools, identifies the scope of repairs, modernization, upgrades, and new construction needs to achieve current and future education programs

- Incorporates facility need to accomplish district's strategic vision and goals / plan of future parity among all campuses

Master Plan Process

Fine-Tune
Master Plan

Final Master
Plan

Goals and
Guiding
Principles

Master Plan
Concepts

Program Needs Identified by the District

- Educational support and wellness
- Classroom
- Collaboration spaces
- Special Purpose Classrooms
- Multipurpose Building and Food Service
- Site Areas and Outdoor Education

Educational Support and Wellness Center

Classrooms

Classrooms

Standard Classrooms

Collaboration

Special Purpose Classrooms

Special Purpose Classrooms

Science Classroom

Maker Space

Music

6th grade science rooms are too small

SLI needs bigger footprint
↳ 6th / 7th sides

Conference "facility"

Gym - bleachers

Outdoor shaded area rainy days.

- Sinks in classrooms?

- Offices in admin
- Cafeteria -
- Special Ed - Mod / secure sofa / quiet area - desk area
- Washroom / dryer
- "Bridge" between cafeteria & YAC

- Second bike rack

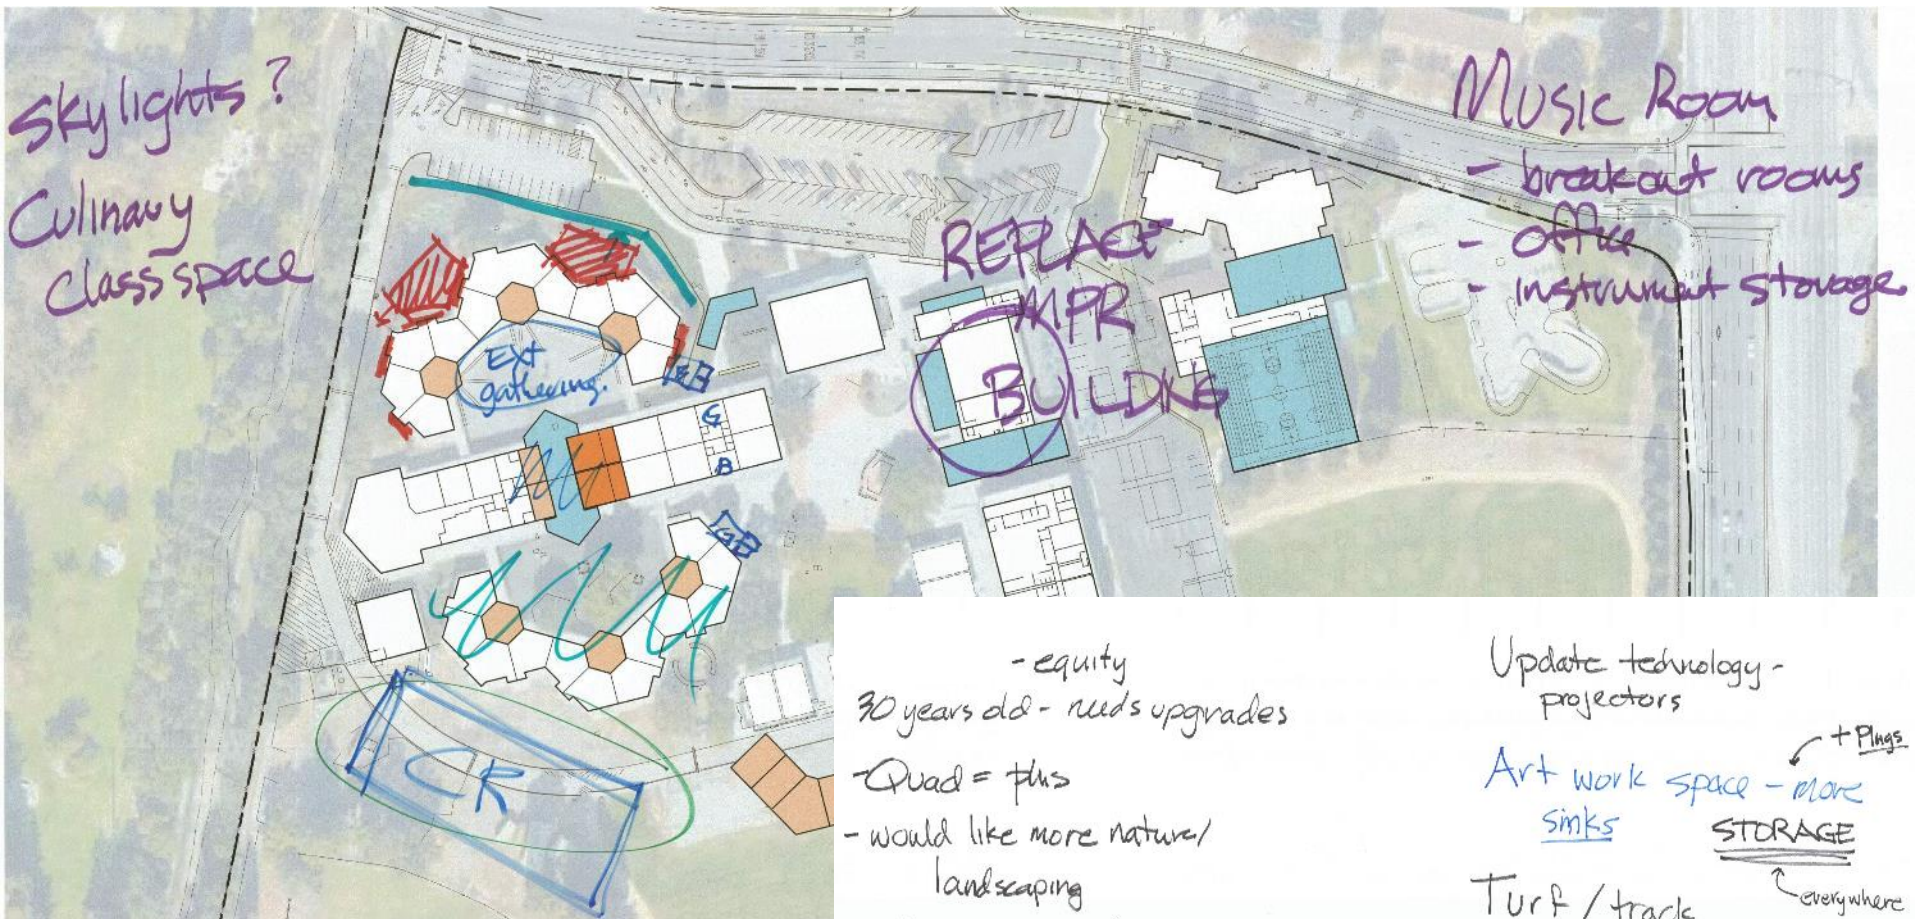

- Speed bumps

- Bus turning space

↳ ADA compliance auto doors

Check electrical power

Concepts reviewed with staff

- equity
30 years old - needs upgrades

- Quad = this
- would like more nature/
landscaping

- Outdoor covered area/
learning spaces

Like:

STEM - innovation center

Culinary — + mod/severe
classroom

Weight room

Yoga / Dance Room

Update technology -
projectors

Art work space - more
sinks STORAGE

Turf / track ^{+ Plugs}
↑ everywhere
↑ all weather

Field

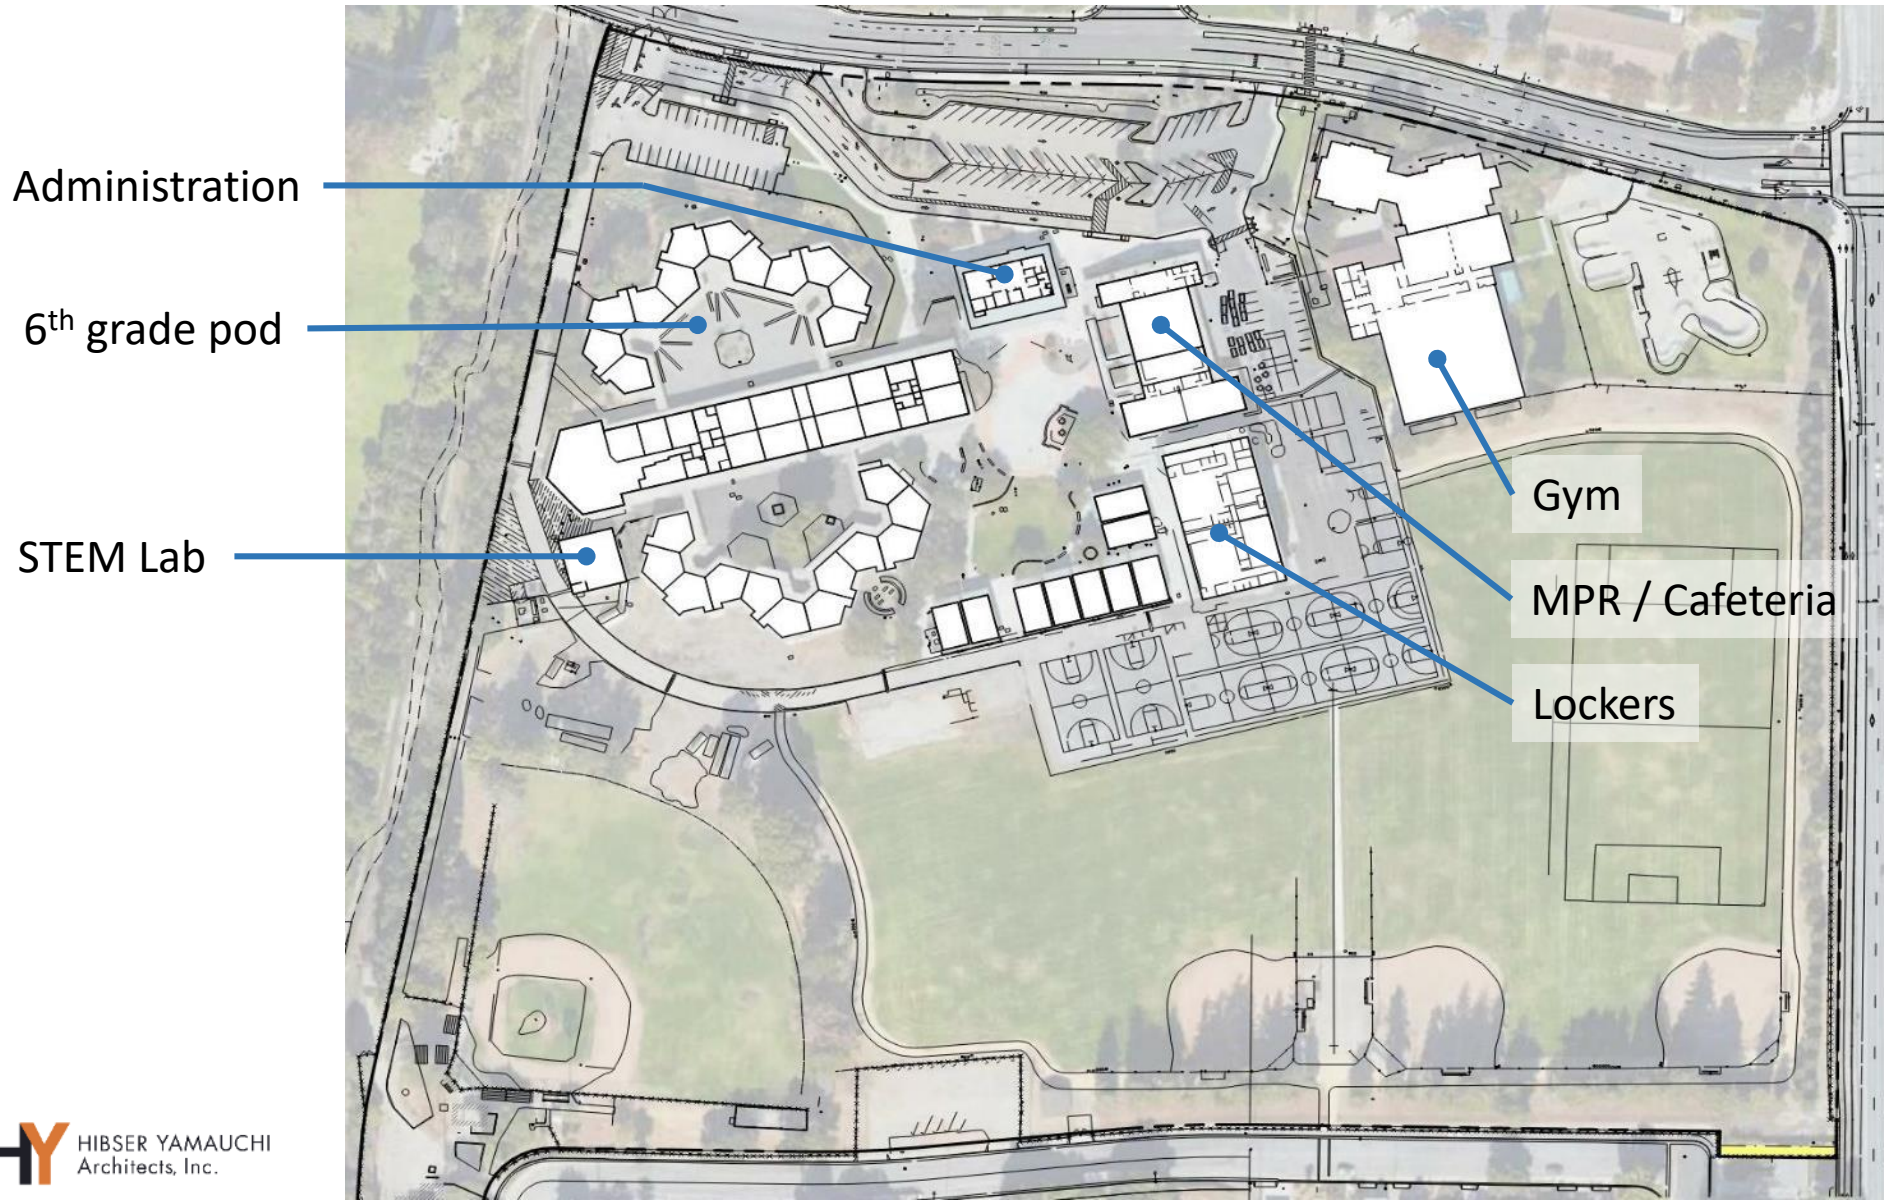

New building to house all needs

Drinking Fountains

Storage space

Flexible furniture

What do you like and what can be improved at Cabrillo?

Discussion

Next Steps

- Further Meetings with School - Develop a Master Plan
 - Finalize / Confirm Master Plan with School
 - Community Update
 - Board Approval
-
