

Director Districts

It is the responsibility of the board of directors to establish the boundaries of the internal director districts of the school district, and to redistrict the director districts as necessary.

Division or Redivision of District into Director Districts

The board of directors, with the assistance of the administration, the educational service district, the state redistricting commission and consultants (e.g., attorneys, demographic experts, etc.) as appropriate, will prepare for the division or redivision of the district into director districts no later than eight months after any of the following:

- A. Receipt of federal decennial census data from the redistricting commission;
- B. Consolidation of the district with one or more other districts into one district;
- C. Transfer of territory to or from the district or dissolution and annexation of the district; or
- D. Approval by a majority of the district's registered voters of a proposition to divide the district into director districts.

The districting or redistricting plan shall be consistent with the criteria and adopted according to the procedure established under law.

Authority under Washington Voting Rights Act

The district will ensure that its voting system does not impair the ability of a protected class or classes, as defined by the Washington Voting Rights Act, to have an equal opportunity to elect candidates of their choice as a result of the dilution or abridgment of the rights of voters who are members of a protected class or classes.

To remedy a potential violation of the Washington Voting Rights Act, the district may change its electoral system, which may include, but is not limited to, implementing director districts.
