

Students On Governing Boards

The Chimacum Board of Directors recognizes the value of student input and voice for making policy, engaging in advocacy, and representing the community. To foster a strong relationship with students, the Board will annually seat two Student Directors as advisory non-voting members of the Board.

Student Directors on the Board are expected to attend all meetings. The Student Directors will contribute to Board discussion by providing student insight and perspective, serve as liaison for the Associated Student Body, and report to students about the work of the Board and district activities. Student Directors will not attend executive sessions, make motions or hold Board offices.
