Motion was made to approve the supplemental budget appropriation resolution for the Grant Fund for fiscal year 2021 as presented.

**Roll Call Vote:**

Coleman-aye, Patton-aye, Shore-aye, Tomasulo-aye, Van Teylingen-aye.

**Motion Carried.****Director of Business Services' Report**

Rose Belden, Retiring Director of Business Services, presented the following update regarding the Coronavirus Aid, Relief, and Economic Security (CARES) Funds received by Garfield 16:

- In April 2020, the district received approximately \$883,000.00. These funds were utilized for the following: furniture (student desks), cleaning supplies, masks, thermometers, photocopies for online students, school supplies for online courses, cost for certified substitutes, additional work days for staff/administrators for online instruction professional development, and the increased instructional time for March through May 2020 and September through October 2020, to offset the one-time COVID step payments for qualifying staff, and the additional technology necessary for online instruction (Chromebook, hotspots, etc.).
- The district also received the COVID Relief Funds (CRF) K-12 RISK revenue. The state equalization was divided into two payments. The state dictated what a certain amount would be used for of these funds. The first payment is for K-12 RISK, which was earmarked for the Colorado River BOCES assessments for the district's AT RISK students.
- The district received the Safe Schools Re-Opening grant for \$3,425.00. Additional desks for students at Bea Underwood Elementary were purchased with these funds.
- Last spring, the district also received approximately \$160,000.00 from Every Student Succeeds Act (ESSA 1). These funds were utilized for an online mathematics curriculum and staff stipends for online oversight for student's attendance and learning online. One certified staff member at each school was assigned this role.
- The Every Student Succeeds Act (ESSA 2) funds was passed in December by the federal government. The district will receive approximately \$491,000.00. These funds must be expended by September 30, 2023. The guidelines for the use of these funds are unclear at this point. Once the guidelines have been set, the district will determine the best use of these funds. These funds could potentially offset the funds lost due to the decreased number in students. It could also assist with strategies for student loss of learning.

Ms. Belden introduced Nancy Seams who will be replacing Ms. Belden as the Director of Business Services.

A brief discussion was had regarding Ursa's back taxes owed to the district.

**Assistant Superintendent's Report**

Todd Ellis, Assistant Superintendent, commended the administrators for the COVID safety protocols established district-wide and for the unlimited amount of hours being clocked in during the weekends dealing with COVID related quarantines and keeping in-person learning the priority of Garfield 16.

Colorado High Schools Activities Association (CHSAA) – Athletics/Activities Update:

- Mr. Ellis indicated that Sports Season B is now in session. Students were able to commence wrestling practice this week. The first competition is scheduled for the 27<sup>th</sup> of January. There will be 14 weight classes. Only 12 of the weight classes are allowed on the mats and the other two weight classes will be in the stands. There will not be any meets; the events will be operated in dual format. This does increase costs related to this sport.

- The students participating in basketball will be required to wear masks. CHSAA released a statement indicating “no masks, no game.” Garfield County is now in level orange, so the district is allowed to have up to 50 spectators. This does not include 3 coaches, the athletic trainer or doctor, and 12 athletes. A variance has not been received for scorekeepers, score clock, officials, or cheerleaders. Each athlete will be allowed two tickets, potentially three for their guests to attend the event. No visitors will be allowed from the opposing schools; this is a common practice being done statewide. Masks have been ordered for all of Garfield 16’s athletes specially designed for athletics.

Superintendent Ray commended the maintenance/custodial staff who worked diligently to establish the social distancing markers on the spectator stands and prepare the facilities for these events.

**\*BACKGROUND CHECK AND/OR LICENSE PENDING**

Superintendent Ray provided the following:

- The legislative session has commenced. The new members have been added. Since this time, the legislators adjourned, and they will be in recess because of COVID until further notice. It is being recommend that the per pupil funding be

increased by \$44.00 per student. There is a lobbying petition circulating for schools to receive funding on last year's per pupil count or whichever is higher. This would eliminate such a large decrease in funding due to loss of student enrollment. Garfield 16 reported a loss of 149 students in October. The district has gained about a 33% recovery and now is down approximately 100 students. However, the district will not be receiving funding on the returning students.

- A copy of the interest inventory was distributed for information only (*Appendix D*). This interest inventory was utilized to gauge interest in the BiNaxNow Home Testing Kit. The district's school nurse has already attended one session pertaining to the testing kit, and the school nurse will be attending a second session today.
- Interviews will be held this Friday, January 22, 2021, for the Outdoor Education Coordinator position. Three internal candidates will interview for this position.
- The Aspen Community Foundation has donated two preschool busses. They are classrooms that can be utilized in the community.

A brief discussion was held with questions being addressed regarding the learning opportunities for special needs students during this pandemic. Questions were also addressed regarding vaccination for teachers and other staff.

### **Board of Directors Reports/Comments**

President Coleman commended the building principals. President Coleman also thanked Director Patton for her years of service on the Board of Directors.

### **Determination/Input for Future Work Session(s)/Meeting(s)**
