## 2013-2014 School Accountability Report Card

*Published in 2014-2015*

### San Bernardino City Unified School District

Dr. Dale Marsden, Superintendent • (909) 381-1100 • dale.marsden@sbcusd.com • www.sbcusd.com

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.
- SARCs for schools in the San Bernardino City Unified School District are available on the district's web site at <http://www.sbcusd.com>. Hard copies are available upon request from each school or from the district's Communications Department.

## About This School

### School Description and Mission Statement

Pacific High School is one of five traditional comprehensive high schools in the San Bernardino City Unified School District (SBCUSD) in San Bernardino, California. Located south of Perris Hill Park in the northeastern section of the city, the 46 acre campus boasts a spectacular view of Perris Hill and the San Bernardino mountains.

Pacific has two vice principals, one academic vice principal, one principal, and 90 teachers and support staff that serve a culturally diverse population of approximately 1,400 students. The school provides an enriching learning environment through a full range of academic and extracurricular activities in college prep, honors, and advanced placement classes; athletics; art; music; drama; and numerous organizations and clubs.

Pacific High School is broken up into four smaller learning communities (SLCs - Pathways) -- School of Engineering, School of Medicine, School of Digital Design and Productions, and School of Landscape and Design. Students are assigned to each SLC based on career interest. Each SLC-Pathway has a vice principal who oversees and a specific set of teachers who monitor students and facilitate the learning. In addition, various intensive instruction classes and after school tutoring are available to assist students struggling with coursework and to prepare students to attend a four-year college or university. Pacific High School is dedicated to providing each student with the opportunity to acquire the knowledge and skills necessary to achieve personal, educational and career goals.

### Student Enrollment by Grade Level (School Year 2013-14)

Grade Level	Number of Students	Grade Level	Number of Students
Grade 9	365	Grade 12	495
Grade 10	344	Total Enrollment	1,588
Grade 11	383		

### Student Enrollment by Group (School Year 2013-14)

Group	Percent of Total Enrollment	Group	Percent of Total Enrollment
Black or African American	16.1	White	6.7
American Indian or Alaska Native	0.4	Two or More Races	0.1
Asian	2.0	Socioeconomically Disadvantaged	97.1
Filipino	0.4	English Learners	19.0
Hispanic or Latino	73.6	Students with Disabilities	15.4
Native Hawaiian or Pacific Islander	0.6		

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## Teacher Credentials

Teacher	School			District
	2012-13	2013-14	2014-15	2014-15
With Full Credential	117	81	71	1,868
Without Full Credential	1	2	1	34
Teaching Outside Subject Area of Competence	0	0	1	6

## Teacher Misassignments and Vacant Teacher Positions

Indicator	2012-13	2013-14	2014-15
Misassignments of Teachers of English Learners	1	0	1
Total Teacher Misassignments	0	0	4
Vacant Teacher Positions	0	3	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. "Total Teacher Misassignments" includes the number of "Misassignments of Teachers of English Learners."

## Core Academic Courses Taught by NCLB Compliant Teachers (School Year 2013-14)

Location of Classes	Percent of Classes in Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	96.3	3.7
All Schools in District	83.5	16.5
High-Poverty Schools in District	83.5	16.5
Low-Poverty Schools in District	N/A	N/A

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

## Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2014-15)

**Year and month in which data were collected:** August 2014

High school textbooks adopted by our local Board of Education are standards-based and are rigorously reviewed by San Bernardino City Unified School District (SBCUSD) textbook adoption committees to assure that the selection will meet the unique needs of SBCUSD. The textbooks selected are usually adopted for an eight year cycle. Since the release of the California approved instructional materials in January of 2014, the SBCUSD has been working through the adoption process and procedures. New mathematics instructional materials should be available for our students and teachers for the 2015-2016 school year. The chart below lists the core curriculum area, the title and publisher of the materials, and the year the materials were adopted by the SBCUSD Board of Education.

Textbooks and teacher resource kits that include supplementary materials meet the needs of all learners, with materials and activities appropriate for English language learners, advanced learners, at-risk students and special needs students. It has been the practice of the Board of Education to purchase textbooks for each student in to use in class and to take home. Prior to the purchase of materials for the upcoming school year, an inventory is completed so that sufficient materials are available for the new school year. An inventory is completed for each classroom and reported to the principal. This inventory was completed in March/April of 2014 to prepare for the 2014-15 school year.

### English

The 2002/2003 language arts textbook adoption materials include Prentice Hall's *Timeless Voices, Timeless Themes* for a comprehensive 6-12 English/Language Arts program, and Hampton Brown's *Edge* for English Language Development. Each unit is aligned to the Reading/Language Arts Framework content standards. Units are structured using a pre-teach, teach, assess, and extend model. Supplementary consumable workbooks are replaced annually to meet the needs of each school. The district's reading intervention programs include the use of Scholastic's *READ 180* for students needing support with vocabulary, comprehension and reading fluency and *SRA Reach* for students with more intensive literacy needs.

The textbooks available for each course are listed in the table below.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	% of Students Lacking Own Assigned Copy
English/Language Arts	<i>Timeless Voices, Timeless Themes</i> Prentice Hall (2002)  <i>Expository Reading and Writing Course</i> California State University (2008)	No	0.0
English Language Development-1, 2, and 3	<i>Edge</i> Hampton Brown (2008)	No	0.0
English Language Development-Early Advanced and Advanced	<i>Edge</i> Hampton Brown (2008)	No	0.0

### Mathematics

High school math textbooks were adopted in 2008, and new mathematics instructional materials should be available for our students and teachers in the 2015-2016 school year. The textbooks are aligned to the math content standards. Holt, Reinhart & Winston, College Preparatory Mathematics, Glencoe/ McGraw Hill, Prentice Hall, Consortium for the Foundation of Mathematics and W.H. Freeman and Company textbooks adopted by San Bernardino City Unified School District include ancillary materials, which incorporate a variety of instructional strategies to help build conceptual understanding and address the needs of diverse learners. Consumable math textbooks from Holt are replaced on a yearly basis.

The textbooks available for each course are listed in the table below.

### Science

Science textbooks were adopted in 2007 and are aligned to the science content standards. They include multiple instructional strategies designed to assist teachers in providing rigorous science instruction. These strategies help teachers capture student interest, provide bridges across content areas, and contribute to an understanding of the nature of science and the methods of scientific inquiry.

The textbooks available for each course are listed in the table below.

<b>Core Curriculum Area</b>	<b>Textbooks and Instructional Materials/ Year of Adoption</b>	<b>From Most Recent Adoption?</b>	<b>% of Students Lacking Own Assigned Copy</b>

### History-Social Science

History/Social Science textbooks were adopted in 2006. The texts are aligned to the History/Social Science Framework content standards. The content standards unite excellence with equity and challenge teachers to raise student achievement at all levels of schooling. To that end, San Bernardino City Unified School District has developed instructional resource guides and provides training opportunities for each grade level.

The textbooks available for each course are listed in the table below.

<b>Core Curriculum Area</b>	<b>Textbooks and Instructional Materials/ Year of Adoption</b>	<b>From Most Recent Adoption?</b>	<b>% of Students Lacking Own Assigned Copy</b>

### Foreign Language

Foreign Language textbooks were adopted between 2000 and 2003. The textbooks provide the opportunity for students to develop increasing levels of fluency in another language. The textbooks utilize a variety of strategies to encourage learning of the structures, grammar and vocabulary of the language while providing cultural awareness of the native speakers.

The textbooks available for each course are listed in the table below.

#### **School Facility Conditions and Planned Improvements (School Year 2014-15)**

##### General

The district takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses the Facility Inspection Tool (F.I.T.), a survey instrument developed by the State of California Office of Public School

Construction (OPSC). Results of this survey are available from the district’s Maintenance and Operations Department. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with an appropriate learning environment.

Age of School Buildings

Pacific High School has 105 classrooms, a library, an auditorium, a multipurpose room, and an administration office. The campus was built in 1952 and modernized in 1987 and 2013. Five new special education classrooms were built in 2007. The facility strongly supports teaching and learning through its ample classroom and athletic space, and a staff resource room.

Safety

To ensure student safety before, during and after the school day, campus security, teachers, and administrators supervise the school grounds including the cafeteria, quad area, and athletic fields. Signs are posted throughout the campus to indicate all visitors must report to and register in the administration office. All staff and visitors wear appropriate identifying badges.

Maintenance and Repair

Safety concerns are the number one priority of Maintenance and Operations. The District’s Quality Control Technicians are proactive and conduct inspections at school sites on a continual basis. Also, the district staff at each site reports safety issues as they arise. Maintenance and Operations make necessary repairs to keep the schools in good repair and working order. A work order process is used to ensure efficient service and emergency repairs are given the highest priority and work orders are completed in a timely manner. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order, and as of August 21, 2014, none of the eight emergency conditions cited in Education Code 17592.72 exist at this school.

Cleaning Process and Schedule

The District Governing Board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or at the district office.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2013-14 school year, the district budgeted \$2,007,171 for the deferred maintenance program. This represents 0.4% of the district’s general fund.

Deferred Maintenance Projects

<b>Work Scope</b>	<b>Cost</b>
Replace lights	\$550,000
Replace parking lot lights in west parking lot	\$200,000
Replace flooring in cafeteria; child development; health office; 9 offices; security; staff room; library; auditorium; A3; B1, 5-1/2; M2, 3; counselor’s office	\$31,500
Resurface gym floors and side courts	\$7,500
Replace HVAC units for entire site	\$2,750,000
4 ply roofs at H1, 2; PE locker room; B, C, D, E, F, M wings; K1-4; whole site	\$172,000
Repair metal roofs at I1, 2	\$15,000
Replace RR partitions in Y wing B/G	\$6,000

Modernization Projects

No modernization projects are scheduled for this school in the 2014-15 school year.

## New Construction Projects

No new construction projects are scheduled for this school in the 2014-15 school year.

## School Facility Good Repair Status

This table displays the results of SBCUSD's annual inspection on April 8, 2014. All repairs listed were completed by the end of April 2014.

### San Bernardino County Superintendent of Schools (SBCSS) Williams Inspection Results

On an annual basis, representatives from SBCSS conduct Williams visits to school ranked in deciles 1-3 (currently based on the 2012 Academic Performance Index) in San Bernardino County. Visitation requirements include a facilities inspection that is designed to evaluate the school facility's "good repair" status as well as a School Accountability Report Card review in order to validate that the visit findings from the previous year, as well as any remedial action taken or planned, are accurately reported in the School Accountability Report Card.

This table displays the results of the SBCSS Williams Team annual inspection on August 21, 2014. All repairs listed were completed by September 2014.

Item Inspected	Repair Needed and Action Taken or Planned
<b>Systems:</b> Gas Leaks, Mechanical/HVAC, Sewer	No deficiencies were noted
<b>Interior:</b> Interior Surfaces	No deficiencies were noted
<b>Cleanliness:</b> Overall Cleanliness, Pest/Vermin Infestation	No deficiencies were noted
<b>Electrical:</b> Electrical	No deficiencies were noted
<b>Restrooms/Fountains:</b> Restrooms, Sinks/ Fountains	<b>Good repair deficiency:</b> sink/fountain not working properly in gym; soap dispensers damaged, broken or missing in girls' locker room; sink not functioning properly in gym
<b>Safety:</b> Fire Safety, Hazardous Materials	<b>Good repair deficiency:</b> paint peeling, chipping or cracking at handball/tennis courts

<b>Structural:</b> Structural Damage, Roofs	No deficiencies were noted
<b>External:</b> Playground/School Grounds, Windows/Doors/Gates/Fences	No deficiencies were noted

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Career Technical Education Programs (School Year 2013-14)

As a contributing partner in the development of the region's workforce, the San Bernardino City Unified School District offers a wide variety of high quality CTE and ROP courses in 13 of the 15 industry sectors identified by the State of California. Each CTE/ROP course addresses the current job market and is part of a sequence of courses that form Programs of Study (Career Pathways) that link high school and post-secondary programs. The course curriculum is rigorous, relevant, and aligned to the *California Department of Education Career Technical Education Model Curriculum Standards*. In addition, many courses include an internship component offering the benefits of authentic application of knowledge and skills in a real world setting.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement

*This section provides information about opportunities for parents to become involved with school activities.*

Each school provides multiple options for parents to participate in the educational process. Opportunities vary from site to site but include parent centers, parent education programs, Parent Teacher Association (PTA), School Site Council (SSC), English Learners Advisory Committee (ELAC), Gifted and Talented Education (GATE) Advisory Committee, African American Parent Advisory Council (AAPAC), homework hotlines, auto-callers, parent conferences, family curricular theme nights, parent training and education, classroom and playground volunteers, and leadership opportunities for parents. For more information about these and other opportunities, please contact the school.

At the district level, parents can participate in the District Advisory Committee (DAC), District English Learners Advisory Committee (DELAC), District African American Advisory Council (DAAAC), and a variety of short-term, solution-oriented focus groups and advisory committees. Additionally, a Family Resource Center is available from the hours of 8:00 AM -4:30 PM. Goals of the Family Resource Center include increased home/school communication, increased access to district-level parent and family training opportunities, and increased access to family involvement resources for district schools.

## School Safety Plan

Date of Last Review/Update: *July 1, 2014*

Date Last Reviewed with Faculty: *August 31, 2014*

Every student and teacher has the right to attend a school free from physical and psychological harm. To help schools achieve these vital goals, the State of California has mandated that each K-12 school develop a comprehensive school safety plan. Reviewed annually, a school's safety plan is the result of a systematic planning process in cooperation with local public safety agencies, community leaders, parents, pupils, teachers, administrators, and other persons interested in the prevention of campus crime and violence. Each school's safety plan addresses the following key areas: preparedness, mitigation and prevention, response and recovery.

In close cooperation with Southern California Schools Risk Management (Joint-Powers Authority), local police and fire departments, the district's Office of Safety and Emergency Management conducts periodic safety inspections of district sites and provides correction reports to site administrators. A follow-up system is in place to ensure timely compliance and correction of discrepancies.

School sites also conduct scheduled drills for anticipated emergency situations (such as fires, earthquakes and lockdowns) to prepare students, staff, and other stakeholders how to appropriately respond to those emergencies. The district follows California's mandated Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for emergency management. The Office of Safety and Emergency Management is also tasked with coordinating the response and recovery of emergencies or other disasters affecting the SBCUSD.

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

### Adequate Yearly Progress Overall and by Criteria (School Year 2013-14)

AYP Criteria	School	District
Made AYP Overall	No	N/A*
Met Participation Rate - English-Language Arts	Yes	N/A*
Met Participation Rate - Mathematics	Yes	N/A*
Met Percent Proficient - English-Language Arts	No	N/A*
Met Percent Proficient - Mathematics	No	N/A*
Met Graduation Rate	Yes	N/A*

*\*For 2014, only high schools and high school local educational agencies (LEAs) received an AYP Report. Because students in grades 3-8 participated in the Smarter Balanced Field Test during the 2013-14 academic year, the US Department of Education approved a determination waiver for California which exempts elementary schools, middle schools, elementary school districts, and unified school districts from receiving a 2014 AYP Report.*

### Federal Intervention Program (School Year 2014-15)

Indicator	School	District
Program Improvement Status	In PI	In PI
First Year of Program Improvement	1998-1999	2004-2005
Year in Program Improvement*	Year 5	Year 3
Number of Schools Currently in Program Improvement		63
Percent of Schools Currently in Program Improvement		82.9

### Average Class Size and Class Size Distribution (Secondary)

Subject	Avg. Class Size	2011–12 Number of Classes*			Avg. Class Size	2012–13 Number of Classes*			Avg. Class Size	2013–14 Number of Classes*		
		1-22	23-32	33+		1-22	23-32	33+		1-22	23-32	33+

Social Science	23	24	48	0	22	17	47	0	20	25	33	0

\* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

### Academic Counselors and Other Support Staff (School Year 2013-14)

Title	Number of FTE* Assigned to School	Average Number of Students per Academic Counselor
Counselor (Academic, Social/Behavioral, and Career Development)**	6.0	264.7
Library Media Teacher (Librarian)	1.0	
Library Media Services Staff (Paraprofessional)	0.8	
Psychologist	1.0	
Social Worker	0.8	
Nurse	0.4	
Speech/Language/Hearing Specialist	0.0	
Resource Specialist (non-teaching)	4.0	
Other	6.0	

\* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

\*\*Note: All counselors employed by SBCUSD provide services relating to academics, social/behavioral, and career development issues.

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2012-13)

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental/Restricted)	Expenditures Per Pupil (Basic/Unrestricted)	Average Teacher Salary
School Site	\$7,705	\$3,212	\$4,493	\$69,950
District			\$5,071	\$65,791
Percent Difference–School Site and District			-11.4	6.3
State			\$4,690	\$70,720
Percent Difference–School Site and State			-46.8	-1.1

### Types of Services Funded (Fiscal Year 2013-14)

The common goal of all categorically funded programs in the San Bernardino City Unified School District (SBCUSD) is to ensure that all students—including English learners, educationally disadvantaged pupils, African American, Hispanic English only, gifted and talented pupils, and pupils with exceptional needs--attain mastery of state and local standards.

The educational program at each site is based on an improvement planning process that includes such members of the school community as the principal, teachers, support staff, parents, and students (at the secondary level). These stakeholders form an organizational unit called the School Site Council (SSC). The SSC develops and annually revises a plan called the Single Plan for Student Achievement (SPSA). The SPSA, based on self-study and collaboration, ensures that all of

the resources available to the school are coordinated and focused on providing a high-quality educational program in which all students can achieve success.

Some students have difficulty mastering academic state and local content standards. They may be at risk of not meeting graduation requirements. For these students, categorical program funds are provided. Categorical funds are supplemental educational dollars used for supports that augment the core instructional program and increase the academic success of these students. Categorical funds provide items such as additional personnel time, staff development opportunities, supplemental student materials, and other specialized services, equipment, and supplies.

Categorical programs commonly found at SBCUSD sites are:

- No Child Left Behind Act (NCLB) Title I, Part A

Additionally, categorical programs have been established at the district level to provide important services and instructional support that help increase student success. Categorical funds in this category support District efforts in the areas of:

- Vocational Education Programs (Voc Ed)
- Safe and Drug Free Schools and Communities (SDFSC)
- NCLB Title II, Part A-Improving Teacher Quality
- NCLB Title III, Part A-Language Instruction for English Learners

Some District schools are identified as Program Improvement (PI) schools because they have not met Adequate Yearly Progress (AYP) criteria for two consecutive years. These schools offer parents the option of transferring their eligible students to an available school within the district that has not been identified as a PI school. This option is called Public School Choice. The District covers the cost of transportation.

Schools in their second year of PI identification offer two options to students. In addition to the Public School Choice option described above, these schools offer Supplemental Educational Support Services to students who remain in attendance at the PI school and who qualify based on low socio-economic status as determined by Free and Reduced Lunch eligibility and low achievement as indicated by grades and test scores. Supplemental Educational Support Services provide opportunities for students to receive additional tutoring or academic assistance outside the regular school day from a state approved support provider. The District covers the costs of the Supplemental Educational Support Services, and related transportation costs are the responsibility of the parent or guardian.

### **Professional Development – Most Recent Three Years**

The San Bernardino City Unified School District is committed to hiring the best staff available and to providing ongoing opportunities to support and increase professional practice for educators. Beginning Teacher Support and Assessment (BTSA) support providers, Peer Assistance Review (PAR) consulting teachers, buddy teachers and content specialists work with teachers on a regular basis. Teachers, paraprofessionals, and administrators are all provided opportunities to participate in professional development (PD) programs. An analysis of site academic and behavioral data is used to provide focus to each site’s Single Site Plan for Student Achievement and used to guide the creation of the site professional development plan. The site administrators and Professional Development Team (PDT) work together to establish the focus of site professional development that takes place during weekly early release Collaboration Days.

SBCUSD offers a variety of professional development opportunities to support the improvement of instructional practice. Mandatory professional development has been identified through School Board Policy and the English Learner Master Plan. Teachers are required to complete 5 days of English Learner Professional Development and 3 days of Equity and Diversity Training. The goal of all professional development is to increase student proficiency in core subject areas. Targeted support is provided in the areas of culturally relevant instruction, strategies to assist English Learners, essential components of an ELD lesson, implementation of the Common Core State Standards, creating units of study through Rigorous Curriculum Design, building a solid foundation in Algebra, GATE strategies, implementing Positive Behavior Supports and integrating technology into daily instruction.

School sites support the focus of their identified instructional improvements with site-based professional development and job alike learning communities work through issues using work-embedded time. District-wide banked-time (Collaboration Days) provides an opportunity for sites to develop their Professional Learning Communities and levels of collaboration focused on student achievement. New teachers and teacher interns participate in articulated programs of professional development focused on the California Standards for the Teaching Profession. The district BTSA program serves as a credentialing agent under the 2042 Grant.

As schools are implementing the new Common Core State Standards, the San Bernardino City Unified School District has embarked on an ambitious plan to build capacity at the schools by employing a trainer-of-trainers model. Administrators, teachers and community members receive professional development through a variety of methods. We make use of job-embedded time, after-school workshops, off-track/vacation training times, conference attendance, collaboration/coordination with local university programs, online delivery of professional development content and individual mentoring. Opportunities are created for development in curriculum writing, assessment of standards and instructional best practices, including teaching to the appropriate depth of knowledge and disciplinary literacy.

Additionally, Special Education offers a variety of PD opportunities to support the Individual Education Plans (IEPs) of identified students. Professional development is focused around current district, state, and national trends in the area of Special Education. At present, available topics include successful implementation of strategies for students with Autism, curriculum for different disability groups, behavior management, data analysis, social skills, English Language Development (ELD), Behavior Support Plans (BSPs), and legally defensible documents that best support students and meet state requirements.
